<sup>1</sup> The first mention of this gentleman is in 1678, when he was appointed Register under John Fenwick, but in 1681, having purchased some land from the Indians on Raritan River, he removed to

East Jersey, and about 1683 married Margaret, daughter of Deputy Governor Rudyard, of that province, and became a resident of Middletown, in Monmouth county, and died there. In 1686 he was appointed one of the Council of Governor Lord Neill Campbell. It is thought that he came to New Jersey from Staten Island.

*Letter from Daniel Coxe to the Council of Proprietors  
of West Jersey.*

[From Smith's History of New Jersey, pp. 190 and 546.]

**Governor Coxe to the Council of Proprietors of  
West New Jersey. Greeting.**

After Mr. Bylling's decease, (1) his heirs were greatly ignorant of his concerns relating unto West Jersey, and therefore resolved to sell his interest both in government and property; and that they had begun to treat with a person who would probably have made the condition of the proprietors and inhabitants very uneasy: I and another of the chief proprietors having together a very great share of the country, applied ourselves for advice unto the lawyers, being assured by the most eminent that however Byllinge's concessions might in conscience bind him during his life; they were not always obligatory to a purchaser or successor, because said concessions were made before his right of government was granted; we thereupon consulted with several proprietors and others, well wishers to your colony, amongst whom it was agreed and resolved to be for the good of your country, and our own security, that one amongst us should purchase from the heirs of Mr. Byllinge, all his, and their interest in property and government; and because my proportion of land was greater, or that they apprehended me capable of serving them, or to have more money at command, or because they had ever perceived me to be zealous and active to promote the good of the province: I was earnestly

(1) The precise date of Byllinges' death has not been met with. Judge Clement, in his interesting paper "On the West New Jersey Society," read before the Surveyors' Association of West Jersey, gives it as occurring on 16th day of the 11th month, 1681. But Byllinge in 1685 appointed John Skein his deputy and executed an agreement with the Governor of East Jersey September 14th, 1686. (New Jersey Archives 1 p. 520.) It is presumed that he died in the early part of 1687—Mulford's New Jersey, p. 248.—Ed.

pressed and requested to make a purchase of the government and properties annexed thereunto, where-with having complied, that I might demonstrate the disinterestedness of my undertaking; and that I did primarily propose the welfare and benefit of the peo- ple, and prefer it to my private advantage. I did many times proffer Mr. Penn, Mr. Ford and others, who pretend to understand most of your minds, what was for your good, and to be as it were kind of trustees for you: That if they would contrive any meth- od, whereby the government might be legally and severally invested in the proprietors, or people with- out a governor; or if they would find any person more fit to discharge the office of government, or who might prove more acceptable to the people than myself; I was willing to consign or reconvey all my estate, power, authority as I had received it and upon the same condition, not desiring the least advance beyond what they all know I had disbursed; but not finding any proposal to meet with any other return, than an invitation to proceed, and good wishes that I might therein prove successful; and finding that all the proprietors in or near London, whom I could con- vene, were greatly satisfied with my conduct, en- couraging me to expect they would meet with like acceptance from the proprietors and inhabitants of West Jersey: I thereupon thought fit to recommuni- cate unto you the whole transaction of this affair; as likewise what I expect from you the proprietors and inhabitants of West Jersey: and what you may re- ciprocally challenge from me: I do therefore hereby give you to understand, that whereas all the gentle- men of the law, who have been hitherto consulted, do unanimously agree, that the government of the province of West New Jersey, is legally in me as full as Pennsylvania in Mr. Penn, or East Jersey in the proprietors there: I thereupon assumed the title of

governor, and lay claim to the powers and authority thereunto annexed; and I am resolved by the assistance of Almighty God, to exercise the jurisdiction by his royal highness, his last deed or grant unto me conveyed, with all integrity and faithfulness and diligence, for the benefit and welfare of those, over whom divine providence hath constituted me (under our sovereign) superintendent or chief overseer; always preferring publick emolument, before my own private advantage; and may I succeed in my undertakings, well or ill, according as I pursue or violate this resolution and engagement; and I am contented this my declaration be recorded, that it may continually reproach and condemn me if I ever recede therefrom. And whereas Mr. Byllinge, in his former concessions, hath given his consent, and ratified diverse laws in the said grant, stiled fundamentals; the first concerning liberty of conscience, the second, that no person shall be deprived of life, limb, estate, property, privilege, freedom, franchises, without a due trial and judgment, passed by a jury of twelve good and lawful men in the neighbourhood; the person excepting, if he please, against thirty-five, without any reason rendred, and more if he assign a just cause: I hereby declare, that I do in my heart highly approve the said fundamental laws and concessions, and am ready to confirm them; and withall, I do faithfully promise, that to the utmost of my ability, I will cause them to be most inviolably observed, as also those three fundamentals after mentioned. If your assembly shall desire the continuance of them, and that it appears, nothing is therein contained contrary to the laws of England, which extend to our colony; by the breach whereof, we inevitably expose ourselves unto the forfeiture of our charter, which, next to the blessing of God, and protection of our prince, is our greatest comfort and security; and that

you may all become fully satisfied: I do not intend to arrogate unto myself any absolute despotic power, I have thought fit to add, that whereas it is generally acknowledged by all intelligent disinterested persons, the government of England by a sovereign prince, upon weighty considerations of making or repealing laws, levying taxes, consulting with his parliament, is the best of constitutions, and diverse of our English plantations, having in imitation hereof joined with the governor an assembly or parliament: I do hereby declare my full and free approbation of such constitution in your province, and I shall confer upon your assembly, all the powers and privileges consistent with the ends of good government, the redressing grievances, and promoting the peace and prosperity of the province; and I make my request you would with all convenient speed, transmit unto me your proposals, both in order unto the establishing a regular and durable method of convening assemblies, and what power you desire should be intrusted with them: And because assemblies have been hitherto convened only annually, except upon some solemn urgent occasion, it hath been customary for the governor or his deputy, to act in affairs of importance during the recess of assemblies, with the advice of a council, I would desire you to give me to understand, how you expect and desire such council shall be chosen; whether you will acquiesce in the governor's nomination, or whether you desire the assembly should have any share in their election; also in case of succession upon decease or misbehaviour; and whether the council shall be annual, biennial or triennial, or during life; if understanding, faithful and diligent in discharging of their trust: I shall in all these, and any other particulars, which shall manifestly appear to make for publick utility, not only have a great deference for your opinion and advice, but readily

comply with all your just reasonable expectation and requests.—Thus having without reserve or disguise, declared unto you my sentiments concerning government, I proceed to affairs of another nature; but of little less moment: It is the fixed persuasion of diverse intelligent persons, that your province hath deeply suffered, and is stinted in its growth for want of ascertaining its limits, and fixing a boundary between it, East Jersey and New-York; that thereupon a subdivision might be made of the country, into one hundred proprietaries, as was originally agreed, thereby appropriating unto every good purchaser his portion in specialty; I have inclosed an account of my transactions with the proprietors of East Jersey, (1) many of whom being persons before well affected unto me, I have highly disengaged, upon my refusal to comply with their claim, upon the last pretended agreement; all which, and much more, if like occasion should require. I shall readily conflict with, and cheerfully undergo, for the good of our little, yet unto me, dear community, which I shall love, cherish, and endeavour to support and maintain, as if they were members of my own private family: Lastly, I do confirm all those persons who were appointed by Mr. Byllinge, or chosen by the people in their respective places and employments, until I further learn from you the state of your colony, unless by some new advice and very extraordinary motives I should be obliged to make an alteration, which should it happen, you may all rest assured, I shall have a tender regard unto your welfare and satisfaction: And now nothing remains besides our supplicating with united minds, the allwise God, to grant us the wisdom which is pure and peaceable, to enable us methodically to order our affairs with discretion;

that we may act industriously, regularly, cheerfully, in the several stations and employments his divine providence hath allotted us, considering we are one body, and members one of another; that no injury can happen to a part which will not redound in some to the hurt of the whole: For my own particular, I can appeal unto the searcher of hearts, that I do sincerely and primarily design the prosperity of your province, in its peace, security and plenty; and that it may be so settled, as that you may not only live happily during my administration, but that it may not be in the power of any future governor, deriving from me, even to hinder the due execution, much less to repeal those laudable constitutions, which with your advice and assistance I hope to establish: And on your parts, I expect and promise myself a ready compliance with whatsoever shall be proposed for the publick good: That instead of factious and divisions, there be a generous emulation amongst you, who shall promote the welfare of our community: That you be mutually tenderly affectioned one towards the other; and though you may differ in opinions, concerning things of lesser moment, yet continue united in affection, as being servants to the same God, subject to the same prince, and having one common interest; often remembering, that by unanimity and concord, diverse nations have been advanced from contemptible beginnings, unto great wealth and power; whereas by discord, mighty empires have been broken and ruined, without the accession of external force: That the God of peace and love would unite, preserve and prosper you, is the frequent, fervent, and shall continue to be, the constant request, of your most affectionate friend,

*Governor Coxe's Narrative Relating to the Division Line, enclosed in the foregoing.*

I was desired to give a meeting to the proprietors of East-Jersey, where were present, governor Berkeley, lord Campbell, lord Melford, secretary of state for Scotland, mr. Penn, mr. Ward, and six or eight more; they presented me the original of an agreement between the commissioners of both Jersies, in order to run the partition point; and withal a map; whereby it is obvious at the first glance, that above a third part of that land, which was ever accounted to belong to West-Jersey, is allotted to, and comprehended within the limits of East-Jersey: They desired my concurrence to this agreement, as being first in its own nature a most just and equal division or quantity: Secondly, agreed on by commissioners, on both sides: Thirdly, according to mr. Byllinge's instructions, who had empowered his commissioners to make an equal division: I answered in behalf of your colony and of myself, that first, the division was very unjust in its own nature; and secondly, that if it were otherwise; yet I did apprehend, they, who made the agreement, were not legally or sufficiently empowered.

And first, as to the injustice of the division; I declared, I thought they ought to have regard unto the letter of the agreement between sir George Carteret and mr. Edward Byllinge; the line was to run from Little Egg-Harbour, unto the most northerly branch of Delaware river, in forty one degrees forty minutes: They denied there was any such branch; I showed them in their own map, made by mr. George Keith, a river running into Delaware, whose head is near another of Esopus river; they urging that to be a most unconscionable division, and that it would cut off two thirds of their country; that in the map printed from that original, whereon the partition line was drawn, they had a far greater scope of land; I offered them

to calculate the proportion of land in both Jersies, from the map or chart; and upon the division, they should have a like proportion unto what was therein allotted them; which would have been about the third of the whole: They approved not thereof: I proffered lastly, to comply with the second line, which was proposed by our arbitrators, whereby we gave them a large tract of land, wherunto they had no right; which shewed, that we were both willing to come to an agreement, in our demands, moderate, favourable and friendly, in our concessions: I added, that the lands actually in their possession, or sold unto others before the line was agreed to be run, should be annexed unto, and for the future, accounted part of their country; which, according to their own confession, were some of the most rich, beautiful, and pleasant tracts of land in either Jersies: Neither would this please; they insisted upon the agreement, and would either have it performed or sue the bond: I was somewhat perplex'd how to preserve our own right, and secure our friends from harm; but being willing, as I have been, to deny myself any private benefit for publick utility, when they pressed they had either power or not: If power, then all were obliged; if not, they in particular: I answered, they might apprehend themselves to have power, but really had it not; as appears by the protestation of the body of the proprietors and inhabitants of West-Jersey, wherewith the lord Campbell had acquainted me: And they themselves are likewise sensible, that they proceeded not only beyond but contrary to their commission; and as for the bonds, they could not be sued, so long as they did upon no overt-act oppose such agreement; and the very utmost they could require from them, was so much land as came to their share upon a new division, according to the deed of partition, wherunto they had signed. I then proceeded to confute their pretensions from an

equal division, showing there was not the least foot steps for such a claim in the deed of partition: I desired them to consider, that West-Jersey proprietors gave above eighteen thousand pounds for the land, which cost not East-Jersey proprietors much above four thousand pounds, and for many years last past, proprieties of West-Jersey have been valued very little below those of East-Jersey; which was merely upon the account of the opinion all persons; had the proprietors of East-Jersey, themselves not excepted, that our part exceeded theirs at least two-thirds in quantity of land: I was my self almost two years, owner of an intire propriety in East-Jersey, and continually heard their complaints; nor did I ever hear any mention of a right to an equal division, as to quantity of land, only valuing themselves upon the goodness of their land, and conveniency of harbours; which were open all the winter. And as for the pretension, that mr. Byllinge gave commission for an equal division; we could produce hundreds of witnesses, that his great argument unto all purchasers, was, that West-Jersey was three times as large as East, and equal I am a witness, that he intended only equitable according to the agreement or deed of partition; which diverse can testify. But I added withal, that if he had given a commission, I thought it not valid, without the consent and concurrence of the major part of the proprietors; before he sold the land, he might have disposed it at pleasure, and receded from his own rights; but having sold the land, the proprietors were to take charge, they had their due, according to the deed of partition; upon which terms they bought: For mr. Byllinge, when he granted the pretended commission of division, was possessed only of one single propriety, as he confessed unto diverse, having disposed of sev enty, by absolute sale, and mortgaged the other twenty nine for eight thousand pounds; and tho' I was not

willing to suspect any thing of mr. Byllinge; yet let any consider whether it was fit, that an indigent person, when he had sold his land, should have it in his power to give away the moiety, under pretence of a power to adjust the division, for which he might receive a great sum of money, if favourably determined on the behalf of those with whom we contended, And therefore, no division can be accounted just and legal, which hath not the consent and concurrence of the majority of the proprietors: I declared unto them, we had thereupon appointed a general meeting, and we should acquaint them with the result of our consultation, if they complied with our proposal; and that it be likewise assented to by the majority of the proprietors in West-Jersey, it should become a final decision, and be entered in both our records, as upon such occasion is usual; on the contrary, if they would not hearken to a fair and just proposal, wherein we shall recede considerably from our right; we will declare ourselves free, and maintain the line according to the deed, until they can, either by course at common law, or by an appeal unto his majesty, make an alteration: And the owners of about forty proprieties in and about the city, do request all those who are present in West-Jersey, to lay claim unto, and account as your own just right, all that land from Egg-Harbour, to the north branch of Delaware, according to the letter of the agreement in the deed of partition, until the proprietors of East-Jersey have totally abandoned all pretensions unto this last, subtilly contrived, pretended agreement; for if they have recourse to the common law, I am very confident, above two parts of three, will become undoubtedly ours. If they appeal to the king; we have not only confidence in his common justice, and unbiassed respect unto all his subjects, but a particular hope, that his majesty will remember the time and manner, and other circumstances

of the division; how sir George Carteret assured his highness (he being duke of York) that he chose the least part, because near unto his government of New-York. It is likewise well known, and can be attested by diverse, that sir George Carteret did value his share, tho' by him acknowledged not half so large as the other; yet abundantly preferable, upon the account of its being well settled with a sober and industrious people, which would invite others to come there, Whereas the other was a desart, and so little esteemed for some time, that land in East-Jersey sold ordinarily eight, and often ten times the value which was given for land in West-Jersey: It had the advantage of seven fair towns, inhabited by 3500 people; as appears by a list I have: They well accommodated with corn and flock, able to supply at easy rates, new-comers with corn and cattle; which cost the first settlers of West-Jersey a third more: Besides the neighbourhood of New-York, a place of great trade, where they could be readily supplied with whatsoever cloaths, utensils, &c. they wanted.

I flattered myself with hopes, that Mr. Penn, a person of great ability and interest among the proprietors of New Jersey, and who hath often professed a great kindness for the inhabitants of West-Jersey, would have afforded me some assistance, and moderated at the least the violence of the current, upon the pretended agreement; but he hath frustrated my expectation, by complying with them in all things, and signed with the rest; which I confess was extremely surprizing to me; and will, I doubt not, appear a little strange to divers amongst you: I could not imagine any considerate indifferent person could approve so unreasonable and surreptitious an award: But I perceive, that which most influenced him, is a persuasion that the division ought to be equal in quantity, and is confirmed therein by a passage in Mr. Byllinge's commission for

settling bounds; wherein he uses the word equal; and is persuaded, being herein influenced by Mr. Keith's false map, of which I have sent you a copy, that Mr. Reid's proposal is very fair and an exact equal division of the country. I do not herein charge Mr. Penn with any fault, who I believe acts according to his convictions; but I only acquaint you herewith, that you may understand your own misfortune; for had not Mr. Penn embraced our interest, we should probably have made a more speedy and advantageous agreement; the proprietors being mightily fortified by his countenance and authority, to adhere to the late award, only as a great argument of their moderation and justice: They have made an order signed likewise by Mr. Penn, that if upon a new survey, it appears this agreement give them the greater moiety, they will refund so much as may reduce it to an exact quantity. It was a great defect on your part, to agree upon a division either with New-York or East-Jersey, until you had a most exact survey of the country; they of New York and East Jersey, have in this respect, exercised the highest prudence, knowing the whole country to a little, and thereby have both overreached you. I have seen their draughts, than which nothing can be more exact; but they dare not yet print them, till they have adjusted the affair with you, lest their own maps should rise up witness against them: And considering how curiously and diversely Rariton south, and Passaic river are branched, I judge their country, quantity for quantity, double the value of ours: I never yet saw any maps of West-Jersey, in the least comparable to these of East-Jersey: I have sent you a pattern of one part of their country, tho' they have a draught of every parcel, and ten times more large and particular than this. I do therefore make it my serious advice, and earnest request, that you will, with all speed, cause a very particular map to be made of

your country; I do not mean of every propriety or plantation, but a true account of the length, with a note, if any part of the country be extraordinary barren; where those barrens are, and of what extent: I had almost forgot to tell you a pretty policy of Mr. Keith and John Reid, I suppose by direction from some of their superiors: The draughts they produce for division, are not in the least according to truth, nor according to those they sent their proprietors, whereof I having been two years of East Jersey, have most certain knowledge, and exact copies of their own draughts, to compare them; but in those maps they produce for division, they make our country towards the sea and bay, near double the bigness it really bears, and their own almost half as little as really it is; thence arguing for the reasonableness of addition unto the true line; and indeed that which they pretend an equal division, to say nothing of its exceeding ours, generally speaking in goodness; it is above a fifth part greater in quantity, so that having received upon all hands, so unfair dealings, I declare it unto you all, as my opinion and advice; and if I have any authority among you, I intreat and require, that you treat not with them any further about any accommodation, nor own that pretended to be already made; but stand by the letter of the agreement between sir George Carteret and Mr. Byllinge, viz. That the line be run directly from the east side of Little Egg-Harbour, unto the most northerly branch of Delaware river, in forty one degrees and forty minutes: And I question not, but we shall bring them to more reasonable terms than any they have hitherto proposed; at least no pains nor cost shall be wanting on my part; and I have the concurrence of all our proprietors, Mr. Penn excepted, whom I could any ways meet with or consult: And whereas I am very credibly informed that the proprietors of East-Jersey, have ordered lands to be taken

up in divers places near the new pretended line of partition; that having possession, upon a review that may have a more spacious claim; if any attempt of this nature be made, I do not only protest against it, but request and desire that all the inhabitants of West-Jersey do the same; and at the same time, the surveyor of West-Jersey, or his deputy, do immediately take up in my name, all that land which is westerly of the Mill-Stone and Rariton river, which was not actually in their possession of East-Jersey, at the time of their pretended award between Mr. Emley and Reid: You will better understand my mind by the inclosed map, which is a copy exactly drawn from one of their originals; and we favour them very much in going no further, (for according to strictness, our line runs within three miles of Perth city) and by allowing them that great tract of most excellent land, from thence to the meeting of Millstone and Rariton river. I shall add one thing more, which seemeth to me of the greatest consequence: I beseech you let there be no animosity or indignation, severe censure, or spightful reflections, on those who gave their consent unto the award made by Emley: For my part, I am fully satisfied in the honesty and fairness of their intentions; but the best of men may be overreached by cunning designing persons; forget what's past, and live together as becomes christians, and neighbours and countrymen. As I have taken care that the publick shall not suffer by their act, so I shall likewise endeavour to secure them from any trouble, only they cannot act in conjunction with the rest of the proprietors; concerning which I shall give them particular instructions; in the interim, I remain your most affectionate friend,

of East Jersey in England, relating to the divid-  
ing line between East and West Jersey.*

[From draft in New Jersey Hist. Soc. Library—Papers on West Jersey Line,  
Bundle 6, No. 1.]<sup>1</sup>

To WILLIAM DOCKWRA & COMPANY:

Ye had last inclosed o<sup>r</sup> Surveyor<sup>rs</sup> journall & returne  
of his running the line from Egg harbour so farre as to  
Rariton river conforme to the award wee obtained at  
Doctor Greenlands upon the bond of Arbitration  
entered into by the deputy Govern<sup>rs</sup> of east and west  
Jersey & the Com'ittee of the Councill of each province,  
a Copy of w<sup>ch</sup> bond & award yee have long ere now  
by Lord Neil Campbel

Since the line was run by o<sup>r</sup> Surveyor<sup>r</sup> some of the  
proprietars of west Jersey have purchased land of the  
Indians, within our line, and particularly Thomas  
Budde, and the deputy Governo<sup>r</sup> of this province  
having notice y<sup>t</sup> Thomas Budde had lately passed  
through to New York, to buy some goods for paying  
the indians as the price of the said land within o<sup>r</sup> line,  
resolved. /. cause way-lay him upon his returne, wch  
accordingly was done, and by a warrant directed to  
the Sheriff he was taken up at John Inians, he locked  
himself up two or three days & wold not Surrender  
pretending he was in his own province, and Some  
other west Jersey men came under pretence to visit  
him, but as Seemed to rescue him, wch obliged the  
deputy Governo<sup>r</sup> to order to the Sheriff a Stronger  
guard (and this puttts the Country to trouble and the  
proprietars to expense) After five dayes attendance he  
was brought before the deputy Governo<sup>r</sup> who told him  
he was informed against as a person, who contrary to

<sup>1</sup>The draft from which this was taken is almost illegible from age and peculiar  
chirography. No date is attached to it, but from its contents it is supposed to  
have been written in 1687 or early in 1688. Ed.

o<sup>r</sup> lawes and without our Authority, hadde taken upon him to Conveen our Indians and purchase land within o<sup>r</sup> province. He likewise told him y<sup>t</sup> hade their been nothing else to restrain him than the Publick engagements, y<sup>t</sup> the two governo<sup>rs</sup> of both provinces lay under, viz, y<sup>t</sup> no land Should be purchased near the line, or which Should seeme to be in controversie till all differances were ended touching the line, hadde been enough to deservee.... neither Could he Judge so ill of Governo<sup>r</sup> Skene, as to beleive he hadde the lest hand in it, Considering how but so lately he hadde writ a challenge to Lord neil Campbell (upon misinformation) as taking upon him to break the public faith, which Lord Neil did very handsomly acquitt himselfe off, and made him a.... ? ... y<sup>t</sup> the thing was entirely false, and that the aggreement Should be closely kept upon his part, not doubting the like from them.

The deputy Governo<sup>r</sup> furder Said to Thomas Budde that if he as a probate person took upon him to disturb the peace of a Country, he was highly punishable. He made answer y<sup>t</sup> what he did, was by act of their assembly, And if they did not bear him out the blame be upon them. The deputy Governo<sup>r</sup> demanded a Sight of their act but he declared he hadde it not by him, but hadde left it at home: this he declared before halfe a doson of witnesses. To which our Governo<sup>r</sup> made answer, if he hadde an act of their Assembly for what he did, their Governo<sup>r</sup> must be a Consenter, and if so, he was guilty of a double breach first of the publick faith entred into by the two Governo<sup>rs</sup> and last of his bond of five thousand pounds entred into at Greenlands, for Consenting to purchase any land, within o<sup>r</sup> awarded line.

In fine The deputy Governo<sup>r</sup> took a recognisance of Thomas Budde, for an thousand pounds to appear at o<sup>r</sup> next Court of Com'on right to be held in October next to answer &c:

Also some of West Jersey have forbid the people of Piscataway, to pay their quitt rents, upon pretense y<sup>t</sup> Piscataway is within their province, which doth oblige o<sup>r</sup> governo<sup>r</sup> and Counsell to issue out warrants of distresse to make them pay them

Upon the whole Matter yee See their is an absolute necessity, y<sup>t</sup> this matter touching the deviding line of the two provinces be put to a close seing those of west Jersey have begun to purchase land within our line and undoubtedly within our province, and on the other hand the Governo<sup>r</sup> and Counsel of the province are obligeid to make a legal resistance, and how farre the Consequence may amount to in trouble and expense yee may easily perceive.

If the affair be brought to any judicatory in old England as seemeth most proper if it cannot be otherwise agreed, it seemeth to be very fair on o<sup>r</sup> side, for first, why should not the late agreement hade at greenlands oblige them seing they who made y<sup>t</sup> agreement, were the representatives of their province and hade power given them by the most considerable part of the said province Considering y<sup>t</sup> their Governo<sup>r</sup> represented thirtie proprieties of their whole province. so y<sup>t</sup> wee see not how any thing can shake or Invalidate the Said agreement or otherwise, it is Impossible to make any agreement with them, for with whom can it be be made with all and evry Individual y<sup>t</sup> has the least Share of a propriety ! that seemeth Impossible to gather them together being so scattered in remote parts of the world, or if with the greatest part it is also very difficult for us to find who are the greatest part and besides the lesser part may alledge ye greater has no power to dispose of their property, so y<sup>t</sup> we see not how any ferme agreement can be made with them But Secondly if the said agreement doth not oblige them to stand to the line as was aggred, y<sup>t</sup> the proprietars of east Jersey have a fair

plea to desire of the King or any judicatory it is referred unto an order y<sup>t</sup> an equal division be made of the whole continent in two equal halves in quantity & quality Seeing an equal devision was intended as we judge although these of west Jersey say It was not Intended and in order to the said equal division, yee are disposed to desire y<sup>t</sup> seeing east Jersey along the whole cost hath been truly & carefully Surveyed by the general Surveyors of both provinces, y<sup>t</sup> west Jersey be also surveyed and y<sup>t</sup> some Impartial and Skylful men be ordered to Judge of the equality as to quality of land for they of west Jersey alledge they have more barren land wch yet we think is very doubtfull. And thirdly some other precise bounds needs be appointed for the north end of the two provinces, than what the deed of Partition mentions for as to y<sup>t</sup> bound viz 41 deg: & 40' our Surveyor tells us it is not to be found on any branch of delaware river as the deed mentions, for no branch is in y<sup>t</sup> latitude in the true and proper Sense of a branch, wch is a stream coming out of the river y<sup>t</sup> makes a true branch. but no such can be found in y<sup>t</sup> latitude, or near to it, only the Surveyours found some brooks running into the river but where they Joined to the river was farre from ye latitude. And Indeed it is very disputable & unclear what is delaware river it selfe above the falles for two great streams meet farre beyond the falles northerly, and which of these is delaware river, cannot be easily determined, but rather seemeth Impossible for the name delaware was only given to it as it extended from the falles to the sea. fourthly seeing the deed of Partition is grounded on a false mapp, and a wrong account of the country, as to its Survey, and delaware river it selfe was supposed to have a branch in that latitude, and yet hath none, we Judge y<sup>t</sup> any Judge will Say, the deed of Partition must be wholly laid aside and a new line of devision

ordered to be run if y<sup>t</sup> already run in great part, doe not stand, and if a new line must be run, we are ready to think y<sup>t</sup> by equal devision the new line shall be more favourable to east Jersey than this already agreed & run in part but nothing can be certainly affirmed till west Jersey be surveyed as well as east Jersey.

And whereas these of west Jersey object y<sup>t</sup> this line lately aggred unto cutts them short of their latitude about foure miles at the north end, by running to delaware river about 41 degr: it is answered, and so doth it cutt us off in respect of our bounds with them, if it crosse not ye river and if they can procure it of right y<sup>t</sup> they may run out their full latitude, crossing y<sup>t</sup> called delaware river we shall well allow it, and be sharers (?) in the other side of the line; but that is to be disputed with William Penn. But secondly, the province of west Jersey extending from Cape May is Judged bye estimation to be fourteen miles longer than east Jersey, and is also wider than east Jersey & therefore is still the greater province. It is furder to be Considered y<sup>t</sup> the deputy Govern<sup>r</sup> of west Jersey, in the late agreement at Greenlands did not only represent thouse proprietars of west Jersey in the person of Edward Billings who hade thirtie proprieties belonging to him, but hade power given to him by the late instrument, to lay aside the deed of partition, and with the concurrence of four or five persons of both provinces, to aggree upon a new line as they should see fitt, wch Instrument was signed by Edward Billings for west Jersey and by Robert Barclay for east Jersey. Besides y<sup>t</sup> diverse proprietars of east Jersey are also concerned in west Jersey, as having shares in it. If it happens y<sup>t</sup> these of west Jersey represent to the King or Counsel or any Judicatory in old England the Verdict of two Surveyours to wit Andrew Robeson for west Jersey and Philip Wells for new york and shall alledge y<sup>t</sup> by an aggreement made at new york

by the three Governors of the three provinces, viz new york west & east Jersey, the verdict of any two of the Surveyours should be valid, without or against the Verdict of the third<sup>1</sup>. To this it is answered y<sup>t</sup> George Keith Survey<sup>r</sup> of East Jersey hath given no verdict as yet in the case and as for Philip Walls [Wells] if he has given any verdict for the bounds of west Jersey, and line of partition betwixt west and east Jersey It is easie to prove it void for he went not with the other two Surveyours to little egge harbour, and has no knowledge of the survey of east Jersey from Sandy hook to egg harbour but only by report, and therefore is no fitt person to give a verdict in the case for he reckoned himself only concerned in the line betwixt new york province and east Jersey, and as for the agreement at new york, the latter aggreement and award at Greenlands makes it void as toutching west and east Jersey. But as for the line betwixt new york province and east Jersey, the Verdict of any two of the Surveyours may hold, and they seeme to aggree in it y<sup>t</sup> the line run from 41 degr: on Hudsons river north side northwest by the needle: till it come to delaware river (w<sup>ch</sup> seemeth equal and fair to both provinces) and to the latitude of 41 degr. and fourtie minutes, and whereas it is reported, y<sup>t</sup> Philip Walls [Wells] hath made a late Mapp of the continent of west and east Jersey, and by the line supposed to run from little egg harbour to the mouth of Milstone river (wch is ten miles at least more easterly on Rariton, than the line lately run by agreement) the said Mappe represents west Jersey as the lesser province, we say, that Mapp is very unfair and is grounded upon no true knowledge or Survey of the continent of west and east Jersey, and we desire y<sup>t</sup> no credit be given to it till a just survey be made of all y<sup>t</sup> continent of land

<sup>1</sup> See Vol: I, pp. 517, 518, 520.

lying betwixt little egg harbour and Cape May and Cape May all along delaware river to the falles, to all whch Philip Walls [Wells] is wholly a Stranger and hath no ground but report and conjecture, and it is more probable y<sup>t</sup> west Jersey is larger for quantity of land than east Jersey by the line lately run by aggreement although we will affirme nothing positively without a true survey of the wholl, And though the Surveyor<sup>r</sup> of west Jersey, being a proprietor pleads hard for west Jersey, y<sup>t</sup> the branch of delaware river may be found on a brook y<sup>t</sup> runs into delaware, in ye latitude of 41 deg: 40', y<sup>t</sup> is so easterly, y<sup>t</sup> the line wold run from little egg harbour within 4 or 5 miles of Amboy & so make east Jersey scarce worth the name of a province yet diverse affirme they heard Andrew Robeson<sup>1</sup> and the other 2 Surveyours agreee in theirr opinion, y<sup>t</sup> no stream or run y<sup>t</sup> did goe into delaware river, was to be taken for the branch.

But since They q. gradual writing were chiefly concern yo<sup>r</sup> Land yo<sup>r</sup> stock, servants, very easie. Seer: Regr: & Treas office: Ld Neils assetts gibbons &ca: I shall take them in order as they ly, & j<sup>o</sup> as to yo<sup>r</sup> Land. Mr. D. as my kindnes to you &

<sup>1</sup> Although this letter relates entirely to the private affairs of the parties, yet, the references to the condition of the Province at the time, the mode of living, and other matters throwing light upon the affairs of the settlers, render it admissible into this collection. The lines in italics are those underlined by Mr. Dockwra and to which his notes in the margins refer.—Ed.

q: my Lands yo<sup>r</sup> family is really tender so I have witness'd it in the choice of yo<sup>r</sup> Land: as in the shedule annexed. yo<sup>r</sup> interest indeed was but very inconsiderable when I came here & I think myself very happy in being ane instrument to help repair you, who besides the merit of yo<sup>r</sup> good family have yo<sup>r</sup> self so well deserved at the province hands. As to yo<sup>r</sup> stock of Cattle they are as in the shedule. It is all Increase of Cattle scarce buy hay in Winter. Despose them Debts paid in Cattle. Enough to stock a plantation. q. why not gott in? will stock a plantation, & therefor I shall be of opinion to dispose of them as occasion offers betweeu [this] and the fall. It is the greatest cut throat in the world to medle in any thing touching a plantation if a man is not his own overseer vpon the spot. And therefor I myself being tyed by the foot to attend at Amboy must forbear to form any design Servants eats vp all vnuless a man be ther. for servants eats a man vp if he is not Constantly over ther heads: And lykewise if any Ground ground clear-ed if not kept so is not worth any thinge more than rough is cleared (besides the vast charge of clearing & fensing) if it is not kept in Constant tillage for some years it runs vp in brush & becomes worse then the first clearing & if a man were to sell it p'haps not advance the rate of it a farthing As to yo<sup>r</sup> outstanding debts it is impossible to raise them in money, But shall essay remit my debts as recover-ed to Jones q. if can get bills for re-turns. all means d' . . . . . them with all expedition & as they are recovered shall remit them to Mr Jones. But indeed you will find great loss & difficultie to remitt them to England, but if I can purchase bills upon

*England from any people who settle here, I shall dispose of yo<sup>r</sup> effects to them.* As for yo<sup>r</sup> servants all ther tymes are out (except the glazier, painter & two boyes) & happy it is for you it is so. The painter being a slovenlie idle boy & constantly sicklie & so . . . & drinking idly I sold him his tym last winter for 9 lib ster. he drawes upon his mother & sends a letter of advice, if it is payed its wel, if not, *you loose nothing but a gainer to be quit of him.*

*The glazier* is a great Rascall a great lyar & wold steal the teeth out of a mans head, & therefor will be forced to turn him of at any rate *if I can get his own bond at 10 or 12 lib for the year y'*, he has yet to serve, you are wel quit of him (for none will be bound for him) he is

*so well known. Old Smith I keep doeing jobs vp & down to reimburse what he owes you, & the two boyes are reallie Naughtie boys, great lyars and not honest, you have certainly had the worst luck to servants of any man, I will be forced to dispose of them, y<sup>t</sup> if you have no profit in the Country you may be at as little expense. As for Spybee it had been better you had accepted of the 10 lib. than any thing you can make of him here (his mother wriths that you wold not accept under 15 lib) . . . obligation of Killingworth is only such That if the 10 lib is*

*not payed in England . . . obliges himself That Spybee shall hold acc<sup>t</sup> for what he has wrought dureing the tym, to Wm Dockwra or his order. *John Hanton's Plantation* I wold fain have you to have it. In the first place

N B because it is a good plantation to settle on, & will always be Saleable 2<sup>d</sup> I think I can sett you vpon a way to purchase it viz: if not released the benefit of survivorship, which I keep as a secret, unwilling to start.

N B Then if you purchase R. B  $\frac{1}{8}$  & the other  $\frac{2}{8}$  of Melfort, Perth, Tarbets (now L<sup>d</sup> Neils) & R Burnets. The  $\frac{3}{8}$  &  $\frac{1}{2}$  of Aren Sonmans & the  $\frac{1}{8}$  between G L & Gordons of Cluny will fall into you: so you are master of the whole. But in case you have released the survivor-

ship, yet I have thus transacted w<sup>th</sup> Peter

Peter Sonman Sonmans That you procureing to him  $\frac{2}{8}$  &  $\frac{1}{2}$  in the plantations at Amboy in Exchange he will transfer to you  $\frac{2}{8}$  &  $\frac{1}{2}$  of the plantations at Changeroras.

Now the whole plantation at Amboy is not worth 300

300 lib Amboy lib, & y<sup>t</sup> at Changeroras wel worth 600 lib:

600 Change: It is my opinion if you can do it Conveniently to purchase the rest out & then you have none to deal with but  $\frac{1}{16}$  of G L, & for that  $\frac{1}{16}$  I question not if you transfer to him in exchange  $\frac{1}{16}$  in the farm at Amboy he will procure G L  $\frac{1}{16}$  in the farm at Changeroras. Which farm with yo<sup>r</sup> 1000 acres is richly worth 800 lib

It is now tyme I were thanking mine & my M<sup>rs</sup> Dockwra for her present, and you for wifes present yo<sup>r</sup> Pray pleas to procure M<sup>rs</sup> Gibsons receipt to G. L. y<sup>t</sup>, I may get vp mine I was a great losser in drawing. . . . ; since mine is so ill to be remitted from hence, she owes me I think 1<sup>lb</sup> 6s. for Commission, but it is not worth speaking of. As to what G.

<sup>1</sup> DANIEL COXE, M. D., of London, held a prominent place at Court, being physician to the Queen of Charles II. and also to Queen Anne. His first interest in West Jersey seems to have been acquired in February 1686, by the purchase of five whole shares of the province, from Benjamin Bartlett the son-in-law of Edward Byllinge, and subsequently, by various conveyances obtained the control of the whole, and—Byllinge having died—assumed the government in 1687. He seems to have continued at its head, until the appointment of Andrew Hamilton in 1692, having appointed first Edward Hunloke, and then John Tatham as his deputies, but the latter the assembly of the province rejected, Hunloke continuing in office—Clements Notes and Memoranda. *Grant of the Government of West Jersey<sup>1</sup>, from Daniel Coxe to the West Jersey Society.*

[From West Jersey Records in Secretary of State's office at Trenton, Liber B, page 298.]

Societies' Grant from Daniel Coxe Esquire of the Government<sup>t</sup>: of West New Jersey and Territories Thereof.

THIS INDENTURE made the ffourth day of March in the ffourth yeare of the Reigne of our Soveraigne Lord and Lady William & Mary by the grace of God of England Scotland ffrance & Ireland King & Queene

<sup>1</sup> THIS GRANT seems to have effectually settled the question of the right of Government, which for several years had disturbed the Provinces; the New Jersey Society, thereafter, exercising it as well as the right of Proprietors of the land. The nature of the preceding difficulties will be seen from the following:

Among other "Resolves of the Freeholders of this Province in free Assembly met the 14th Day of the 3d Month, 1683, at an open and free conference" in reference to several Queries, appears the following:—

"1. *Querie.* Whether the purchase at first made was of Land and Government together or not?

"Resolve to which Querie, It is the Resolve of the Assembly (together with the Governor) with a (*Nemine Contradicente*) that the Land and Government of *West New Jersey* were purchased together."\* \* \* \*

"6. *Querie.* Whether an Instrument shall be drawn up, and sent by order of this Assembly to some trusty Friends in *London*, for *Edward Billinge* to sign and Seal, whereby to confirm his first Bargain and Sale he made to the Freeholders of this Province, of Land and Government together, with a Letter of Instruction to those Friends to transact the same Affair, or not?

"Resolve. The Assembly pass it in General as their Resolve in the affirmative (with a *Nemine Contradicente*)."  
\* \* \* \* [Whereupon fourteen prominent individuals in the province were elected to write the "letter of Instruction" to eight Friends designated by name.]

"8. *Querie.* Whether the expedient proposed by Governor Penn be satisfactory, to wit, that if the people chuse *Samuel Jennings*, Governor [he had been appointed Deputy Governor by *Edward Byllyng* in 1681] and if he promise to execute the Place with Fidelity and Diligence according to the Laws, Concessions, and Constitutions of this Province to the best of his skill, it be security sufficient to the people or not?

"Resolve to which Query the Assembly pass'd their Resolve in the affirmative (with a *Nemine Contradicente*) save only one member was dubious therein."  
\* \* \* \*

"*Samuel Jenings*, is by the true Election and Vote of the Assembly chosen Governor of this Province."  
\* \* \* \*

"The Engagement and Promise of *Samuel Jenings* to the General Assembly, &c., upon his Election as Governor of this Province as followeth, (viz.)

"I, *Samuel Jenings*, being duly elected Governor of the Province of West-Jersey, by the General free Assembly thereof sitting at Burlington, the 11th Day of the third Month in the year 1683, do freely and faithfully Promise (according to the

defend's of the ffaith &c And in the yeare of our Lord Christ one Thousand Six hundred nynety & one<sup>1</sup> BE-TWEENE Daniel Coxe of London Esquire Governo<sup>r</sup> & Chiefe Proprietor of the Province of West New Jersey and other adjacent Lands & Territories thereunto annexed in America of the one part and S<sup>r</sup> Thomas Lane of London K<sup>t</sup>, Michael Watts of London Merchant Edmond Harrison of London Merchant Thomas Skinner of Derolisk in the County of Dorsett Esq<sup>r</sup> James S<sup>t</sup> Johns of London Goldsmith Nicholas Hay-ward of London Gen<sup>t</sup> Mordecai Abbott of London Gen<sup>t</sup> Nicholas Battersley of London Merchant Robert Curtis of London Gen<sup>t</sup> John Jurim of London M<sup>r</sup>chant Richard Bromhall of London Gen<sup>t</sup> Robert Michel of London Merchant Charles Michel of London M<sup>r</sup>chant James Boddington Cittizen & Clothworker of London John Gunston of London M<sup>r</sup>chant Arthur Shallet of London M<sup>r</sup>chant John Lamb of London M<sup>r</sup>chant William Wightman of London Gen<sup>t</sup> Joseph Brooksbank Citizen & Haberdasher of London William Thompson of London Merchant Henry Harrington of London Merchant John Love of London M<sup>r</sup>chant Thomas Phipps of London Linnendrap Isaac Cocks of Lon-don M<sup>r</sup>chant Taylor John Sweetable of Lombard Street

*best of my Ability) to act in that Capacity, according to the Laws, Concessions and Constitutions as they are now established in the said Province.*

SAMUEL JENNINGS, Governor.

\* \* \* \* \*

"BE IT HEREBY ENACTED and Resolved by the Proprietors and Freeholders within the Province of *West Jersey* in free Assembly met, that the Matter relating their Demand and Vindication of their right to the Government against *Edward Billing*'s pretence to the same, shall be proceeded in; and first that a Demand to *Edward Billings* for his confirmation of what he hath sold, shall first be made. In Pursuance whereof the Assembly unanimously nominate, elect and chuse Governor *Samuel Jennings* and *Thomas Budd* to negotiate the said affair in *England*, and commissionate and Impower them for the Transacting the same."

[Jennings and Budd proceeded to England (Thomas Olive having been appointed by Jennings Deputy Governor in his place) but what was the result of their negotiation does not appear. In 1685 Bylynge commissioned John Skeene as Deputy Governor, and the Assembly "reserving their just Rights and Privileges" acknowledged his authority]. For y<sup>e</sup> prevencion therefore of all misunderstandings which may otherwise arise upon that acco<sup>t</sup> You are to propose to all the Towns Freeholders and Planters within the said Province who do or have their

Elec'con to pay us any Quit Rent in the Product of the Country That if they or any of them will pay down or secure to your good liking all their arrears owing by them and pay their Rents hereafter to grow due on the Five and Twentieth day of March yearly or within One and Twenty days after in money, To our Receiver General for the time being or his deputy at such place or places as he shall appoint, Such persons shall have for the future an abatement or deduccon after the rate of Ten Pounds per Cent of their Quit Rents they shall so pay in And if the Townes Freehold<sup>r</sup>s and Planters or any of them shall agree to such a Proposall You are to Enter such agreem<sup>t</sup> upon Record in the public Register of Our Province, or to get it passed into an act by the General Assembly as you and the Persons agreeing shall think fitt. And of this you are to give public notice by causing copies of this to be posted in the public places of all the Principal Towns within Our Province as soon as may be after your arrival there And to enter these Instrucc'ons in the Public Register of the Province. Given under the seal of the Province of East New Jersey in London this ninth day of Aprill. Anno Domini 1692.

*Proprietors of East Jersey to the Board of Trade.*

[From N. Y. Col. Docts, Vol. III., p. 838.]

THE PROPRIETORS OF EAST JERSEY having in obedience to your Lordships co'mand met and considered what force they can raise for defence of their Province and how far they can assist New Yorke in case of an invasion do humbly represent to your Lo<sup>pps</sup> That they have sent Instructions to the Governo<sup>r</sup> of their Province to raise the Militia forthwith, to take care that they have good arms and ammunition, to exercise them often, and to be always in a readiness to guard the sea coasts, and other places of the Province exposed to their enemies.

That they will endeavour and have reco'mended it to the Generall Assembly and inhabitants of their Province, that in case New Yorke shall be invaded by the French, such part of the Militia of East Jersey shall be sent to the assistance of New Yorke as can be spared without exposing East Jersey to a descent of the French by sea, to which by its situation upon large

navigable rivers, it lyes very open; but the said Goverour and Proprietors, being advised by their Councell that they have no power by law to compell any of their Militia to march out of the Province of East Jersey: dare not engage for any certain Quota to assist New Yorke, lest they should be answerable for all the ill consequences that may attend the disappointment of such an undertaking.

Basse for various reasons ; and, on the appointment of Andrew Hamilton, in 1699 he returned to England, and came not again to New Jersey until 1703, when he received the appointment of Secretary to Lord Cornbury and partook of the obloquy of his Lordship's administration. The House of Assembly, in 1710, openly accused him to Governor Hamilton of malversation in office, he then being not only Secretary of the Province, but also Clerk of the Council and Prothonotary of the Supreme Court. In 1712, he became Surveyor of the Customs at Burlington. In 1716, he was elected a Representative from Cape May County, of which he was then a resident, and, in 1719, was Attorney General of the Province, indicating the possession of greater popularity. Succeeding documents exhibit very clearly his character and attainments, and his influence for good or ill in the administration of his official duties. His relations to the Baptists appear to have been given up, and during his residence in Burlington, he became much interested in St. Mary's Protestant Episcopal Church. He died in 1735, leaving a widow, two daughters, (*Katherine* and *Anne*), and one son, *Burchfield*. Katherine married Robert Talbot, son of the Rev. John Talbot, the minister of the parish.—East Jersey Under the Prop. Govts., 2d Edt.—Hill's History of the Church in Burlington.—Records of Governor and Council of East Jersey, 1682-1703.

*Instructions to the Deputy Governor of West Jersey.*

[From the New Jersey Col. Docts., Vol. III, p 839.]

Instructions from the Govern<sup>r</sup> and Propriet<sup>rs</sup> of  
West Jersey to their Deputy Governour con-  
cerning the Militia of that Province<sup>1</sup>.

WHEREAS the security of our said Province in this time of war depends next to the Providence of Almighty God upon a well regulated Militia and an union with the neighbour Colonies for their mutual defence against a common enemy in case of an invasion made upon any of them.—

1 You are therefore as soone as these Instructions arrive forthwith to raise the militia of our Province to take care they have good arms and ammunition, and to exercise them often, that they may be expert at the use of their arms, and be ready to march at your summons.

2 That when an invasion of any neighbour Colony shall require assistance from our Province, you shall take care to send a number of our militia proportionable to the assistance sent by any neighbour Colony, and to retain such number of our militia at home as may be sufficient to preserve our own Province in case of a descent made upon it by sea, to which by its scituation upon navigable rivers it lyes much exposed.

3 That when any part of our Militia march into a neighbour Province in case of any invasion you co'mand them yourself, or put them under the immediate command of some other Officers, inhabitants of West Jersey, subject to the Govern<sup>r</sup> of the Province

<sup>1</sup> Similar instructions, *mutatis mutandis* were given by the Proprietors of East Jersey to Colonel Andrew Hamilton, their Governor there.—J. R. B[rodhead.]

into which they shall march: unless their Maj<sup>tis</sup> Govern<sup>r</sup> of New York with his forces should be there.

In such case you are to observe the orders of their Maj<sup>tis</sup> Govern<sup>r</sup> of New York during his stay.

4 You are likewise forthwith to call a Generall Assembly of the said Province to concert such further measures as may be found necessary for the better preservation thereof and in particular to raise a fund for the maintenance of such part of the militia as shall be advised to march into any neighbour Colony where the invasion of our enemies shall require their assistance.

*Solicitor General's Report on the Charter of Connecticut, and on the Grant of New Jersey.*

[From New York Col. Docts, Vol. IV., p. 1.]

May it please your Lordships

In obedience to your Lordships orders of the 8<sup>th</sup> Instant here unto annexed I have considered of the Charter granted to the Gov<sup>r</sup> and Company of Connecticut, and I have also considered of the Grants made to the Proprietors of East and West New Jersey in America and I am humbly of Opinion that notwithstanding any thing in the said Charter or Grants, that there Majesties by virtue of their Prerogative and Sovereignty over those Colonies, which is not granted from the Crown to the Gov<sup>r</sup> and Company, nor to the proprietors by any of the Chart<sup>rs</sup> may appoint Governors for these places with such Powers, and authorities for the Government thereof, and for raising men and furnishing Provisions for the necessary defence of his Subjects and the neighboring Colonies against their Enemies as their Majesties shall in their great wisdom judge reasonable.

And I conceive that the Proprietor of New York may assign his Proprietary in New Jersey which is part of New York to others but cannot by any such Grant or Assignment absolutely sever New Jersey from New York but that still it remains a part thereof and dependent on the Gov<sup>r</sup>m<sup>t</sup> of N: York and lyable to contribute men and provisions for the supp<sup>r</sup> and protect<sup>n</sup> of N: York against any Enemys.

### GOVERNOR HAMILTON

S<sup>r</sup> Wee kindly salute you, haueing this day read yo<sup>r</sup> letter p<sup>r</sup> Cap<sup>t</sup> Phillips w<sup>ch</sup> came via Barbados date at Perth Amboy the 30<sup>th</sup> Septemb: last with another therein enclosed of the same date signed by M<sup>r</sup> Ric<sup>o</sup> Hartshorn by order of the house of Deputies as their Speaker, and by M<sup>r</sup> Gordon by order of the Councell as Deputy Secretary. Wee are well satisfied w<sup>th</sup> the care and conduct you have showed in the asserting our right to y<sup>e</sup> Governm<sup>t</sup> & yo<sup>r</sup> own authority by our Commission an order to y<sup>e</sup> good & quiet settlem<sup>t</sup> of the Province.

And we doubt not but a little time will make it manifest, that all those who haue perform'd their dutyes in a ready complyance w<sup>th</sup> you, haue therein consulted and adheerd to their true interest & the publique good of the whole Province, and those few who haue opposed you will quickly repent & correct their Errors. Our future Actions shall declare that we doe not more designe our own Interest than the reall prosperity of that province ouer w<sup>ch</sup> you preside.

Wee shall gladly receive the best information, how we may be enabled to increase y<sup>e</sup> number of people to etle in the Province & to advance the trade thereof, particularly we desire to know whether a Whale fishery may not be established to good advantage at Egge harbour or Barnagatt and the best measures to be taken for it, wee being well assured that there is a very great resort of that ffish especially (as well as others) vpon o<sup>r</sup> coasts the Oyle & bone being very staple com'odities here,

Pray give our kinde respects to M<sup>r</sup> Hartshorne

Speaker of the Assembly and to all the rest of the members as you haue opportunity, their answer to our letter being very well resented, and wee desire you to acquaint y<sup>m</sup> that wee shall take due care to represent to their Maj<sup>ties</sup> (or cheife Ministers of State their peaceable & dutifull behaviour to them & us vnder yo<sup>r</sup> Government, and particularly of their readynes to comply w<sup>th</sup> their Majesties pleasure to give such assistance to their neighbours ag<sup>t</sup> the comon Enemy (as they are able to doe) in case of any exigency.

The Governm<sup>t</sup> & inhabitants of *New-York*, according to their wonted custom haue very lately by their Agents been solliciting again at Court, for an Annexation of both the Jerseyes to that Province, but have been frustrated in their designe and we little doubt all future attempts of that kinde will meet w<sup>th</sup> no better successe.

Wee are the more easie in this, by our observing ye  
vnity and good correspondence between you & ye  
Representatives of the people, which, together with  
yo<sup>r</sup> experience and prudent managem<sup>t</sup> will free us from  
all apprehensions of being expos'd to danger from any  
just cause of complaint by those of New-York ag<sup>t</sup> yo<sup>r</sup>  
Administration, Wee hope by the next shipp to receive  
an acco<sup>l</sup> of the good effects of your so promiseing an  
Entrance into the Governm<sup>t</sup> & what progresse you  
have made in the particulars recom'ended to yo<sup>r</sup> care  
in our Instructions, And so we bid you heartily  
Farewell.

May it pleas your Exe<sup>ll</sup>l.

In persuance to y<sup>r</sup> Exc<sup>ll</sup>: commands I have been in the Minnissinck Country of which I have kept the following Journall: viz<sup>t</sup>

1694<sup>2</sup> y<sup>e</sup> 3 of Feb: I departed from New Yorke for East New Jersey and came that night att Bergentown where I heired two men and a guide.

y<sup>e</sup> 4<sup>th</sup> Sunday. Morning. I went from Bergen & travilled about ten English miles beyond Haghkingsack to an Indian place called Peckwes.

y<sup>e</sup> 5<sup>th</sup> Monday. From Peckwes North and be West I went about thirty-two miles snowing and rainy wether.

y<sup>e</sup> 6<sup>th</sup> Thusday. I continued my Journey to Magaghkamieck<sup>1</sup> and from thence to within half a days Journy to the Mennissinck

y<sup>e</sup> 7<sup>th</sup> Wendsday. Abount Eleaven a Clock I arrived att the Mennissinck, and there I mett with two of ther Sachems and severall other Indians of whome I inquired after some news, if the French or their Indians had sent for them or been in y<sup>e</sup> Mennissinek Country. Upon w<sup>ch</sup> they answered that noe French nor any of the French Indians were nor had been in the Menmissinck Country nor there abouts and did promise y<sup>t</sup> if y<sup>r</sup> French should hapen to come or y<sup>t</sup> they heard of it that they will forthwith send a mesinger and give y<sup>r</sup> Excellency notice thereof

<sup>1</sup> The Indian name of the river "Neversink" which falls into the Delaware, a little south of Port Jervis, Orange County, New York. -O'Callaghan, from Eager's Orange County.—ED.

Inquireing further after news they told me that six days agoe three Christians and two Shan'wans Indians who went about fifteen months agoe with Arnout Vielle into the Shan'wans Country were passed by the Mennissinck going for Albany to fech powder for Arnout and his Company: and further told them that s<sup>d</sup> Arnout intended to be there w<sup>th</sup> seaven hundred of y<sup>e</sup> said Shan'wans Indians loaden w<sup>th</sup> beavor and peltries att y<sup>e</sup> time y<sup>e</sup> Indian Coarn is about one foute high (which may be in the month of June.)

The necessity we find the proprietors affairs ly

and four children, and established himself at first upon a plantation on Cedar Brook, in the vicinity of what was known, afterward, as Scotch Plains, from having been settled by the countrymen of Mr. Gordon. It now bears the name of Fanwood. Before the close of 1687 his wife and all four of his children died. He had become a proprietor before he left Scotland and soon had assigned to him many important positions. In 1692 he was appointed Deputy Secretary and Register for the Proprietaries, by Wm. Dockwra, their Chief Secretary in London. The same year he was made Clerk of the Court of Common Right, Register of the Court of Chancery and one of a Commission for the trial of small causes at Perth Amboy. In 1693 he was appointed Judge of Probate, and in 1694 made an officer of the Customs at Amboy. The respect and estimation in which he was held by the Proprietors at that time was manifested by his being sent to England in 1695 with the instructions in the text. He remained abroad three years, having with him, it is presumed, *Janet Mudie*, whom he made his second wife before his embarkation. In 1698 he was appointed Attorney General of East Jersey, and in December, 1700, was again invested with the duties of Judge of Probate; a substitute having been appointed during his absence. In 1702 Dockwra having been superseded, Mr. Gordon was appointed to succeed him as Chief Secretary and Register of the Proprietors.

In addition to these and other offices of a local character, he represented Amboy and the County of Middlesex in the Provincial Assembly from 1703 to 1709, part of the time acting as Speaker. He was appointed one of Gov. Hunter's Council in 1709, and at the time of his decease held the same situation under Gov. Burnet. From June, 1710, to March, 1719, he was Receiver General and Treasurer of the Province. His name will be found connected with all the most important events of his time, and he seems to have been unusually worthy of the eulogistic inscription on his tombstone in the church yard of St. Peter's Church at Perth Amboy: whither was transferred, a few years since, from the old public burial place, the tombstone of his first wife. He died April 28th, 1722, in the 70th year of his age, leaving three sons, *Andrew, Thomas* and *John*, and three daughters, *Mary, Euphemia* and *Margaret*.—See Whitehead's Contributions to the Early History of Perth Amboy, &c.—Ed.

<sup>1</sup> The original draft, which is all in the handwriting of Andrew Hamilton, opens with "The confidence we have in your integrity and ability;" which words were erased after the next two corrections were made.

<sup>2</sup> "Affairs" erased and *them* substituted.

<sup>3</sup> "Have" omitted.

Mr Nicols fees & [if the verdict is insisted upon Its only for the prop<sup>rs</sup> to state themselves the appellants and that they join issue with them]<sup>1</sup> *vid.* whether the D. grant to S<sup>r</sup> G. Carteret in July 1674 was good or not tho' after the surrender of these parts by the Dutch upon <sup>[illegible.]</sup>

Ob. If they should represent a hardship put upon them in respect there is a greater quit rent imposed upon them than they were to pay by the patent they had of Coll Nicols

Ans. Besides that that patent is void the Duke from whom he derived his power haveing sold the province several months before that grant. The quit rent of that patent is indefinite & refers only to such Quit rent & services as it should <sup>[illegible.]</sup> be established in other of the Dukes Colonies. Let it then be Considered under what quit rent Staten Island Long island & the Bulk of the Lands in York governm<sup>t</sup> were settled by the same Coll Nicolls after the date of the Eliz. patent it will be found to amount to the  $\frac{1}{2}$ d p<sup>r</sup> acre demanded by the prop<sup>rs</sup>

Ob. If it be objected that there is some town in Long island that pays but a lamb a year quit rent, & several great tracts of Land given by the late gov<sup>r</sup> may be for an Indian arrow or a fat buck.

Ans. There is no reason that they should Cull out any particular place in Long Island to be the Standard but the settlements in general, becaus perhaps those places that payes a fat lamb might have given some valuable Consideration to the gov<sup>r</sup> for the time being which Eliz. never did. Nor is it to be taken as a measure at which Quit rent gov<sup>r</sup> have let land of late which being farr backwards & inconvenient was hardly worth asking for. And therefor the proper adjusting

of the Quit rent of Eliz. Town even according to Nicols patent will be, That upon what quit rent & services soever the Choicest land in York governm't and the most convenient were setled by Nicols at the time or after Eliz. patent, so ought Eliz. Town which is the choise situation & land of East Jersey all things considered.

Que: if Nicolas patent is not void no certain quit rent being specified

To take advise how to repossess the prop<sup>rs</sup> of the Land Coll<sup>t</sup> Townley holds at the point & the house & orchard at Eliz: Town. The last the prop<sup>rs</sup> were cast at a tryall, & the first Judgement passed by default becaus we durst not come to tryall he haveing prein-gadged all the Lawyers.

If Col. Townly plead survivorship in right of Ph: Carteret from St George Carteret whether he must not produce a contract of Survivorship. In short unles Townleys cas be heard at home by a Mandamus, the Prop<sup>rs</sup> will be always cast let their right be ever so clear. That you acquaint the prop<sup>rs</sup> if they come to any composition with the Eliz. Town men They except what lands are already patented within their pretended bounds for the prop<sup>rs</sup> themselves have a great deale there. But Indeed the prop<sup>rs</sup> ought to aggree no otherwise at home but by instructions to their Council of Prop<sup>rs</sup> here otherwise they will be in that disrepute for the future they will not be capable of serving the prop<sup>rs</sup> As to such of the Inhabitants that hold by Ph: Carteret's patents which are without clause of distress Its humbly offered if distress is incident at Common Law, the Stat. of [Queen Elizabeth?] does not take it away which only provides in favours of Chief & Mean Lords that what parcel of land soever the ffeoffor sells the ffeoffee shall hold the same of the chief or mean Lord by the same tenure that ffeoffor held it. And so do all the Inhabitants hold in free & Common

Socage as the Prop<sup>rs</sup> do and if the Prop<sup>rs</sup> may not let it out upon what quit rent they please where is their advantage in purchasing the Province?

To get certain instructions how to recover the rents of those patents where there is no clause of distress and the form of the writs & procedures Que.— whether such of Ph: Carterets patents are not but Estates for life which have the clause (To have & to hold (his heirs or assigns) instead of (and Assigns) And of Consequence a distress to ly the Reversion being in the Donor. And if it should be urged that it was but a mistake of the Clerk, whether the present prop<sup>rs</sup> be obliged to make good that which is supposed to be an error in S<sup>r</sup> George Carteret's Secretary.

There is no other intention in this Quere than if by the form of those patents the prop<sup>rs</sup> cannot distrain that the people may be forced to take new patents. And if the people alleadge one Neglect in the Secretary the prop<sup>rs</sup> may alleadge another that he forgot to put in a clause of distress, & that there may be no reproach thrown upon the prop<sup>rs</sup> acquaint them, That when the people desired that by Act of Assembly the word (or) should be understood as the word (and) It was told them by the gov<sup>r</sup> That he would not by Act of Assembly make that an Estate of Inheritance which the laws of England made but an Estate for life. And tho they had behaved themselves undutifully to the prop<sup>rs</sup> yet when they applyed for new patents and payed their arrears of quit rent They should have it granted them. It is a strange thing its the very form of patents in the original Concessions.

Quae What state the prop<sup>rs</sup> are in & of whom they hold whether they are chief Lords, Mean Lords or ffeofees only to the Duke! Its humbly desired the prop<sup>rs</sup> would give the reading to some points of law sent over.—

Quae. Whether by the Stat. 12 Ch. 2<sup>d</sup> Ch: 24 all the

pleadings upon the Stat. of Quid Emptores be not out of doers since by that Stat. all terms for the future are to be in free & common Soccage. And yet the rents are by that Statute reserved to chief & Mean Lords & the distresses incident thereunto. & if the prop<sup>rs</sup> be either chief or Mean Lords why have they not a right of distress.

Quae: if the assent of the whol Countrey to the government of the prop<sup>rs</sup> & at one time or other most of them have payed some part of their quit rent, if that is not a sufficient seisin of the rent of the whole province.

Quae Whether ejectment can be barr'd by 20 years possession (as pleaded in the case of Jeff Jones<sup>1</sup>) by the 21 of Jas. 1 unles it be a varium Domicilium which cannot be in his case the prop<sup>rs</sup> having the Dukes title to the land before his occupancie

That unles the prop<sup>rs</sup> remove the blemish (?) of the port of Amboy either by bringing Mr Brook to a tryall or by some order of King & Council (but the first is the way that will secure it in all times to come,) The prop<sup>rs</sup> land in the province will be quite unvaluable, & its a chief objection the people makes for not paying their Quit rents. And when the port is releaved the only thing that will make it public or make it beleeved is for the prop<sup>rs</sup> to send over a small vessel with European goods. They will turn to as good an account at Amboy as at York & would encouradge several to set up & trade from here. Upon terms the Inhabitants will consent by act of Assembly to Establish a lasting fund for the support of a government<sup>2</sup> (whom the proprietors shall from time to

<sup>1</sup> This was the interesting case of "*Fullarton vs. Jeffry Jones*," which was decided adversely to Fullarton (representing the Proprietors), "the Jnry being all planters." The case is adverted to in "Elizabethtown Bill in Chancery," pp. 44, 120, 121, and in "Answer" thereto, pp. 29-31.

time appoint) such as the proprietors now allow, and that they will relieve the proprietors of the Charge of public writings such as Commissions civil & Military proclamations &c And that the prop<sup>rs</sup> land befor setling shall not be Taxed as is provided by the Concessions. Then we offer it to the prop<sup>rs</sup> as our opinion that they sell of the quit rents sinse it breeds so great heart burning amonst the Inhabitants and that instruc- tions be sent over to the Council of proprietors to that end. viz for how many years purchase they will sell the Quit rents, for that being known to the people, &, if they like the terms, it will the more readily incline them to comply with what is demanded in this para- graph But the prop<sup>rs</sup> must not set it high or it will discourage them. Twenty years the highest & a power to the Council of prop<sup>rs</sup> even to abate something of occasion as they will raise it if they can.

It is to be remembered when the people do find that by law they can be forced to pay their quit rents they will the more readely buy them off.

If the Inhabitants will not |provide for the support of the Government|<sup>1</sup> Then the prop<sup>rs</sup> are not to blame not to sell the Quit rents. And if by Law they can force the people to pay their Quit rent then they may keep the govern<sup>t</sup> while they think its their interest so to do. And if the people prove obstinat in refusing to support the government & defraying the public charge We are of opinion that the prop<sup>rs</sup> thro it up, upon the best terms with the Crown as they can.

As on the other part When the prop<sup>rs</sup> have releaved the port of the Countrey Support the govern<sup>t</sup> we are of opinion its a right the people may claim that the proprietors keep the governm<sup>t</sup> & defend it—

I have formerly acquainted yo<sup>r</sup> Excell that I had set some young men who had been formerly to Albany to invite others; they now inform me that Captain Matthews is soe much in their good graces that if he come down he is the likelyest man to prevail. <sup>2</sup> DAVID JAMISON was a Scotchman by birth and is first named as Clerk of the Council of New York in 1693, having a salary of £50 per annum. This was during the administration of Governor Fletcher, who is said to have entertained a high opinion of him. His successor, Lord Bellamont, however, displaced Mr. Jamison

on September 28th, 1698, and in a letter to the Lords of Trade announces as a fact that he at one time was condemned to be hung in Scotland, for blasphemy and burning the Bible, his sentence having been commuted into transportation to New York, and to being sold as a servant. The Governor also accused him of being an Atheist and of having two wives. Several years thereafter, however, in 1716, in a charge to the Grand Jury of Burlington County, Jamison introduced so many pertinent extracts from the Old and New Testaments that he was thought to be as much of a theologian as a lawyer. Notwithstanding Lord Bellamont's dislike to him, he found it a difficult matter to supply Mr. Jamison's place, and he was restored to his office for a while. In 1699 he was one of the Vestry of Trinity Church, and in 1704 was appointed by Cornbury one of a Commission to examine Lord Bellamont's accounts. He appears to have been recognized as an able lawyer, and in 1711 was appointed by Governor Hunter Chief Justice of New Jersey, although he continued a resident of New York, and held the office during the whole of Hunter's administration, being considered by him "a man of knowledge and integrity." In 1715 he was recommended by the Governor for the Council of New York, which led the Lords of Trade to communicate to the Governor the "considerable complaints" that had been made against him by Bellamont. Although he did not receive the appointment, he held the office of Attorney General of New York for some years and gave place in 1721 to James Alexander.—N. Y. Colonial Documents. May it please yo<sup>r</sup> Exe<sup>ll</sup> :

Could I make our people as sensible of the hazard Albany lyes under, as I am, and that the weaknesse of that garrison, which they cannot be ignorant [of] may in great probability tempt the enemy to attack the place, as they have Pemaquid, upon the same grounds, I am sure they would find it their interest to run to its defence: but whom have I to work upon but a stiff and an obstinate people who shutt their ears to all reason and become debauched by the ill example of the neighbouring Colonies which they still obtrude to me

Yo<sup>r</sup> Exe<sup>ll</sup> may believe 'twas with great difficulty I obtained what I did, that in case of an invasion they should march to the fronteers and be at liberty to return when the acc'on was over or the enemy retreated; and even to obtain this I was forced to promise them 12<sup>d</sup> a day from Yo<sup>r</sup> Exe<sup>ll</sup>. and pledged my own creditt to procure them 12<sup>d</sup> more at the first sitting of an Assembly, they live so plentifully at home and have so great wages besides severall of our youth gone to the Southern Colonies to be free from detachments, and several as I am told gone aboard Captain Kidd. that there is not a possibility to prevail with them to continue in garrison, and indeed very difficult to effect any thing

I am truly melancholly to see ourselves thus baffled by a handfull of French nor will it ever be otherwise untill the Crowne send a force to root them out of America or put an indisputable command upon every

Colony to furnish a Quota and pay them; for while it rests in the brests of our Assemblyes to raise a fund for the support of the fronteers or neglect it, and in the choice of the people to march or stay at home, Yo<sup>r</sup> Excēll. is not to be told at this time of day what part they'le choose.

*Memorial of Edward Randolph, Secretary, &c., to the  
Commissioners of His Majesty's Customs, on Il  
legal Trade in the Proprieties.*

[From P. R. O., B. T.; Proprieties, Vol. 3, A. 6.]

TO THE HON<sup>BLE</sup>: THE COM<sup>RS</sup> OF HIS MAJESTY'S CUSTOMS.

May it please Your Hon<sup>rs</sup>:

Your Hon<sup>rs</sup> were pleas'd in your presentment of the 17<sup>th</sup> of July past, to the Right Hon<sup>ble</sup> the Lords Com<sup>rs</sup> of his Ma<sup>ties</sup> Treasury to represent, That it hath bin found by Experience, either thro' Remissness or Con-nivance of the Gov<sup>rs</sup> of the Several Colonies & plantac<sup>ns</sup>, which are under distinct proprietys, The Acts of Trade & Navigac<sup>n</sup>on, & Your Hon<sup>rs</sup> Orders & Instrucc<sup>ns</sup> in pursuance thereof, have not bin Observd,

as in other Colonies and plantac'ons, which are under Gov<sup>rs</sup>: Nominated & Appointed by his Ma'tys immediate Commission, & did therefore humbly Move their Lordships, That the respective Gov<sup>rs</sup> of the S<sup>d</sup> Proprieties, may be persons of good Estate & Reputac'on, & otherwise duly qualifyd for the discharge of their Trusts, being by a Claus in the afores'd Act for preventing ffrauds & regulating Abuses in the Plantac'on Trade to be Allowd & Approvd by his Ma'ty, his Heirs & Success<sup>rs</sup>: & Obliged to take the Oaths Enjoynd by That, or by any Other Act, to be taken by the Gov<sup>rs</sup> or Command<sup>rs</sup> in Chife, in Other his Ma'tys Colonies & plantac'ons, before their Entrance into their respective Governm'ts under the like penalties, which his Ma'tys Gov<sup>rs</sup> & Command<sup>rs</sup> in Chief, are by the S<sup>d</sup> Acts lyable too.

Notwithstanding the Owners of the proprieties upon the Continent of America & Islands Adjacent, take no Notice thereof, but Omit to Nominate fitt persons, to be Allowd & Approvd by his Mat'y in Councill before their Entrance on their respective Governm'ts from whence it follows, That, whilst the principles Omit their Obligac'ons at home, it cannot be expected, Their Deputies will doe their Duties in the plantac'ons, So that allth'o pursuant to the S<sup>d</sup> Act, The Officers of the Customs, The Judges & other Officers in the Courts of Admiralty, The Attorneys Gen<sup>ll</sup>: & the Comissions under the Great Seale, for Administtring the Oaths to the respective Gov<sup>rs</sup> in the S<sup>d</sup> Colonies & Plantac'ons, are Appointed and prepard ready for dispatch, nevertheless, the Gov<sup>rs</sup> & other publick Ministers in the proprieties, are continued in their Offices & places & no care taken, to Appoint others in their Stead, tho they Maintain & Support the illegall Traders as much as ever: It cannot therefore be expected, that the frauds & Abuses in the plantac'on Trade, So long practis'd & So often Complain'd of, can be prevented until persons of Good Estates & Reputac'on, & Other-

wise duly qualified for the discharge of their Trusts, be first Allowd & Approvd by his Ma'ty &c: to be the Gov<sup>rs</sup> of those proprieties, according to the S<sup>d</sup> Act, otherwise it is to no purpose, nor will it countervale the Charge, to send over officers & Maintain them, to put the Acts of Trade in Execuc'on, in Virginia & other places, under his Ma'tys immediate Authority, So long as the Governours, for the Proprietors, take upon them, a power to dispence with the open Breach of the Acts of Trade, & thereby keep their ports open to illegall Traders, whilst others are barrd up by oaths & Strict penalties, which must needs Occasion the dreining & Soon depopulating his Ma'tys Own plantac'ons, by the peoples Enjoying an Extraordinary liberty, in a Gen<sup>l</sup>l Trade & Constant benefit, by Pyrates & the Scotch Trade in the proprieties and private Charters.

The Cheife end of Granting those Vast Tracts of Land (now called proprietys) to Noble Men & Others, was doubtless to Encourage the first Undertakers, to plant and Improve them, for the Benefit of the Crown, & to be always Subject & depending on England, & Conformable to the Laws thereof. Great Numbers of people, are now Seated in Some of these proprieties, but have bin long Endeavoring to breake loos & set up for themselves, having no Sort of Regard to the Acts of Trade & discountenancing Appeals from their Courts, to his Ma'ty in Councill. The persons Appointed by the proprietors, to be their Gov<sup>rs</sup> are generally Men, of very indifferent qualificac'ons for parts & Estates: Their Maintainance, is Inconsiderable, which renders their Govern<sup>ts</sup> Precarious also. They have power only (like Civill Magistrates, in petty Corporac'ons in England) to Make, Municipall Laws, with consent of the people, for their quiet & peaceable Government, But are indeed Stewards only & overseers, accountable & allways lyable, to be turned out

at the pleasure of those who employ them: So that it cannot be presumpd, That Gov<sup>rs</sup> made by the proprietors, only as Such are impowered or in any wise concernd to put in Execucion, the Acts of Trade in their Governments, But on the Contrary.

I am humbly of Opynion that twill be Judgd a high Misdemenour, in any of them to attempt it, untill they are first qualified as by the S<sup>d</sup> Act for preventing ffrauds, is direeted: the proprietors themselves have no Such power, nor can have Granted them by their Patents.

I humbly lay before your Hon<sup>rs</sup> an Acct of the present Gov<sup>rs</sup> of the proprieties, & of their Qualificac'ons, in Relation to the Acts of Trade

BAHAMA ISLANDS: m<sup>r</sup> Nicholas Trott is the present Gov<sup>r</sup>; these Islands have been & still are, a common retreat for pyrates & illegall Traders: Cadwallader Jones, the late Gov<sup>r</sup>, under pretence of A power to make all Officers, Made One Boulton, Collector of the Customs: he Enterd & Cleerd Vessels, according as the Gov<sup>r</sup>, & he pleasd. In the year 1693: Thomas Carter Master of the Ship Bridge Town of Barbados, richly laden from Jamaica to London, run the ship willfully aground upon the Islands; the Master & Sailors divided the Money & the best of her loading, the Gov<sup>r</sup> made his Advantage by it; all Appeals lye from their Courts, to the Lords-proprietors in England.

CAROLINA: m<sup>r</sup> John Archdale, a Quaker, is deputed Gov<sup>r</sup> by the Lords proprietors (as I am informed) during his Sons Minority, who is one of the Lords proprietors; the chiefe Town for Trade, is Charles Town, free to all, from all places. They trade to Carasaw from whence the Manufacture of Holland is brought to Charles Town, & carryd by New England men & other illegall Traders, to Pensilvania Boston &c: Returns are made for them in plantacion Com-

modities, which are carryd from Carolina to Carasaw & thence to Holland. About 3 years agoe 70 Pyrates, having run away with a Vessell from Jamaica, came to Charles Town, bringing with them a Vast quantity of Gold from the Red Sea; they were Entertained & had liberty to stay or goe to any other place: the Vessel was Seiz<sup>1</sup> by the Gov<sup>r</sup>; for the proprietors as a Wreck & Sold they have no regard to the Acts of Trade. The present Gov<sup>r</sup>; is a favourer of the illegall Trade, having given his permit to the Mas<sup>r</sup>; of a ffarraigne Vessel to trade takeing no Notice of m<sup>r</sup>; Guerard, Appointed the Collector by your Hon<sup>rs</sup>; Deputac<sup>on</sup> as by a Copy of the Gov<sup>r</sup>; perm<sup>i</sup> N<sup>o</sup>. appears; all appeals are likewise from the Courts in this province, to the Lords proprietors in England.

NORTH CAROLINA, has 60 or 70 Scatterd families, but under no regular Governm<sup>t</sup>; One Jarvis was appointed the Gov<sup>r</sup>; by Coll Ludwell then Gov<sup>r</sup>; of all Carolina, he had no Sallery. The Inlet of Currituck, lies conveniently, for carrying away the Tob<sup>l</sup> made in the Southern parts of Virginia: The Inlett of Roanoake, is frequented, with Small Vessels Trading to & from the West India Islands. Pyrates & runaway Servants, resort to this place from Virginia &c.

PENNNSILVANIA, m<sup>r</sup> W<sup>m</sup> Markham is the present Gov<sup>r</sup>; Sam<sup>ll</sup> Carpenter & Jo<sup>n</sup> Goodson (both Quakers) were Joind in the Government with him, but they refused to Act. The Acts of Trade, (what ever they pretend) are not Observed here: A plain discovery has bin made of Nine Vessells, loaden with Tob<sup>l</sup>: which have from the rear 1690: to the year 95; gone directly from this province to Scotland (besides Gustavus Hamilton the chiefe ffactor for the Scotch Merch<sup>ts</sup>) who last year carryed out of Delaware, 300 hhds of Tob<sup>l</sup>: without Cleering, as allso, other Vessells from the Same place,

went with tob: to Scotland, as Appears by letters from your Hon<sup>rs</sup> Agent in that Kingdome. The Brigantine W<sup>m</sup> & Mary (call'd the New Castle Brigantine) when in August 1694, Shee Cleerd out from Pensilvania for England) W<sup>m</sup> Righton mas<sup>r</sup> & Maurice Trent a Scotchman, An Old transgressor Merchant (One of her Owners lives in London) imported into Pensilvania a great quantity of Scotch Goods, and was Admitted to an Entry in the year 1695: By the Collector in Pensilvania: She was afterwards Seizd in West Jersey by Cap<sup>n</sup> Meech, Appointed by Coll: Nicholson, pursuant to her late Sacred Ma'tys Order in Councill, of the 9th of August 1694: He Seizd allso, another Vessell, called the Mill Everett Johnson Mas<sup>r</sup> from Some port in Norway (as Ime informed) loaden with Wine & European Goods, having no Cleering, from any port in England. The mas<sup>r</sup> confessd himself to be a Dutch man as appears by Cap<sup>n</sup> Meeches Journall N<sup>o</sup>, her Tryall was put of, the Mas<sup>r</sup> being gone to New Yorke, & afterwards Suspended, till further Orders from England. The Gov<sup>r</sup> Entertains Severall pyrates, from the Red & South Seas, who carry on an illegall Trade to Carasaw, & other prohibited places; It appears by a Copy of m<sup>r</sup> Markhams letter to me N<sup>o</sup> that he has but a Small Maintainance, desireing me to make him Colle<sup>r</sup> of the Customs in Pensilvania by which your Hon<sup>rs</sup> may pleas to take Notice, that Gov<sup>r</sup>s under Such Necessities, will be easily tempted to doe & Connive at Unlawfull things. The Charge to Maintain Officers of the Customs in That Province, together with a Vessell of about 40 Tuns, & men Sufficient to Cruise upon the Coast thereof, as by her late Sacred Ma'tys Order in Councill, Coll Nicholson is directed to provide, will amount to above 2000 lb: a year, to prevent the illegall Trade in Pensilvania & the Shipping of tob: brought over land from Maryland to Deleware Bay which notwithstanding will be carryd on, untill there

be Such a Regulac'on in the Governm<sup>t</sup> of That province, as by the S<sup>d</sup> Act for preventing frauds &c: is Enacted. Pensilvania lies in the Center between Maryland & New York, most Commodiously, to carry on all illegall Trade, and that place will Soon become A Staple of all European & Plantac'on Commodities.

EAST & WEST JERSEYS: m<sup>r</sup> Andrew Hamilton, a Scotch man, is the Gov<sup>r</sup> of those Provinces; Appointed by the Proprietors to Leas out their Lands & receive their Quit Rents; He is a great favourer of the Scotch Traders, his Countrymen, & woud not allow of Cap<sup>n</sup> Meeches power, when he had Seizd the Brigantine W<sup>m</sup> & Mary W<sup>m</sup>. Righton Mas<sup>r</sup> the Gov<sup>r</sup> Sate Judge in Court, the Vessell was favoured upon the Mas<sup>rs</sup> Setting forth in his petic'on that the ffrench met him at sea, & took away his Cognets, She is Since gone to Barbados: Patrick Robison a Scotchman, the Secretary & David Loyd, the Attorney Gen<sup>ll</sup> in Pensilvania, went to the Court, in West Jersey, to Defend the Vessell against the Prosecutors for his Ma'ty.

CONNECTICOTT IN NEW ENGLAND, Coll Robt: Trent [Treat] is the present Gov<sup>r</sup> of that Colony granted to the Inhabitants by Charter, to have a Gov<sup>r</sup> Annually Chosen, with Power, to Purchase & Sell Lands: The Inhabitants, are generally husband men & Planters. The Gov<sup>r</sup> permitted a vessel from Holland, under pretence of Wanting Wood and water, to come into New Haven where she Unliverd great parts of her loading, which was carryd to New Yorke, & having taken horses aboard, Saild with the Remainder of her Goods to Barbados. Thomas ffisher, Mas<sup>r</sup> of the Brigantine Adventure of London, imported about December 1691: a very great Cargoe of Scotch goods at New London, in that Colony, they were seizd by m<sup>r</sup> Brenton, the Collec<sup>r</sup> he thought it most Adviseable, to Admit Gustavus Hamilton to a Composition (which he willingly agreed to) than Submit the Cause, to a Tryall, in that Colony,

ROAD ISLAND. Caleb Carr was late Gov<sup>r</sup> of that & providence plantac'on, granted by Charter allso, tis become a free port to illegall Traders, & Pyrates from all places. Tho: Tew A Pyrate, came thither from the Red Sea, in the year 1694 and brought with him £10000: in Gold & Silver, he Shard £12000: for himself & his sloop, the people are Enriched by them. Tis necessary That place, be taken care off & put under a Regular Governm<sup>t</sup> the present pretenders to Govern, being either Quakers or Annabaptists.

PROVINCE OF NEW HAMPSHIRE: m<sup>r</sup> W<sup>m</sup> Patridge, being Nominated by m<sup>r</sup> Sam<sup>ll</sup> Allen the present proprietor, is Allowed of by his Ma'ty & Made the Deputy Gov<sup>r</sup> of That Province.

PROVINCE OF THE MASSACHUSETTS BAY. Tho' his Ma'ty has the Appointing, the Gov<sup>r</sup> of That Province, yet the illegall Trade is carryd on, as much as ever, to Scotland, Holland, ffrance &c: for want of a Govern<sup>r</sup> to Suppress that Trade, & to Support and countenance the Officers of the Customs, in the Execuc'on of their Duties. m<sup>r</sup> W<sup>m</sup> Sloughton, is the Liev<sup>nt</sup> Gov<sup>r</sup> he is a good Schollar, but not bred up to Military Discipline. The country lying open, is exposed to the fury of the ffrrench & Indians, when ever they pleas to Attacq them. They have in their Laws hitherto Made no provision for a Gov<sup>r</sup>s Maintenance, as is done in all Other, his Ma'tys Governm<sup>t</sup>s & was likewise in that Province for their former Gov<sup>r</sup>s on purpose to discourage men of Honor & abilities, to live amongst them; but what ever it Costs, That Country, & the Trade thereof, ought to be taken care off.

Now from what has bin herein humbly Offerd, it cannot reasonably, be imagined that the Proprietors Gov<sup>r</sup>s are persons qualified or fit, to be Entrusted with the Conduet & Execuc'on of the principall powers, reposed by those Acts, only in the Gov<sup>r</sup>s & Command<sup>r</sup>s in Chiefe, in the Plantac'ons, under his Ma'tys imme-

diate Authority; So that if the proprietors & owners of those Lands, refuse to Conform to the Rules & Methods prescribed them, in the S<sup>d</sup> Act for preventing ffrauds &c: Its humbly proposd, that they Should be obliged, to accept of Such Regulac'on in Government, in reference, to Trade, as his Ma'ty Shall think necessary to make; which will in no wise, Invade their Just Rights & proprieties in those Lands, nor hinder them from Employing their agents & ffactors, to take Care & dispose of their Estates, & to receive the Rents & profits arising from them.

The Lord Baltamore, the Proprietor of the Province of Maryland, m<sup>r</sup> Samuell Allen, the Proprietor of the Province of New Hampshire & the Inhabitants in the Province of the Massachusetts Bay, have all their Rights & properties entirely Securd to them, in their respective Proprieties. They have their Agents & Attorneys upon the place, to Manage their affairs with all ffredom tho' att the Same time, the Gov<sup>rs</sup> of all those provinces, are appointed by his Ma'tys immediate Commission.

All which is humbly Submitted by Etc:

*Petition of Elizabeth-town People for Greater Protection from the East Jersey Proprietors.*

[Printed in Grants and Concessions, p. 688.]

TO THE KING'S MOST EXCELLENT MAJESTY.

The humble Petition of the Freeholders Inhabitants and Owners of the Land, of and belonging to ELIZABETH-TOWN, or Township, and other

Lands thereto adjacent, in the Province of EAST NEW-JERSEY in AMERICA, in behalf of themselves and many others.<sup>1</sup>

*Sheweth,*

That his late Majesty King *Charles* the Second, by his Letters Patents bearing Date the 20th Day of *March*, in the Sixteenth Year of his Reign, did give and grant to *James* then Duke of *York*, and his Heirs, the Government and Dominion, as well as Property of and in all those Lands in *America*, lyeing [between] *Connecticut* River, and *Delaware* Bay, (whereof the Provinces of *New York*, and of *East New Jersey*, aforementioned, are Part) with Power to admit who he and his Heirs pleased to inhabit and enjoy Lands there, by virtue of which Grant the said Duke of *York* did in *April* 1664, grant a Commission for the Government of these Places to Col. *Richard Nicholls*, whom he authorized to execute all Powers which were granted to his Royal Highness by the Letters Patents.

That the said Lands in the said Province of *East New-Jersey*, were at the Time of making these Letters Patents, some Part in the actual Possession of the *Dutch*, and other Part in the actual Possession of the Native *Indian's*, and so continued until about the 27th of *August*, 1664, at which Time Part of them were Surrendered by the *Dutch*, to the said Col. *Nicholls*, who in *October* 1664, granted leave to *John Baily*, and others, under whom your Petitioners, or most of them claim their Lands, to Purchase Lands of the Native *Indians*, which they accordingly did, and the Lands claimed by our Petitioners in the said Province, Part of these Lands so purchased by this Licencee, all or most of which Lands so Purchased, were in *December*

<sup>1</sup> No date is attached to this petition as printed, but from some references it contains it is presumed to have been transmitted about 1696.

1664, granted and confirmed to the said *John Baily*, and others, by the said Col. *Nicholls*.

That afterwards the *Dutch* conquered and regained Possession of these Provinces, and upon the Treaty of Peace Surrendered them again to his said late Majesty, who thereupon granted them again, to the said Duke —But the said Purchasers, and those claiming under them, still continued in the Possession of the Lands by them Purchased, and peaceably enjoyed the same, until about *September*, 1693, being near Thirty Years, and during that Time, great Labour and Expence, built, planted and improved the same; and they humbly conceive they ought according to Law, Reason and Justice, still to enjoy the same.

But certain Persons to the Number of about one Hundred, or some other great Number, calling themselves Proprietors of the said Province of *East New Jersey*, do pretend that they have a Title to your Petitioners Lands, by several mesne Conveyances, from and under the Lord *Berkley*, and Sir *George Carteret* (to whom as they pretend the said Duke conveyed the same by Indentures of Lease and Release, dated on or about the 23d and 24th Days of *June*, 1664, before his Royal Highness or any other for him had ever been in Possession of the said Lands, or any Part thereof) and that your Petitioners have no right thereto, altho those under whom they claim, Purchased of the Indians Natives by the Licence of the said Col. *Nicholls*, and for valuable considerations without notice of the said Conveyance to the said Lord *Berkley* and Sir *George Carteret*, (if that could be a legal Conveyance, as your Petitioners are advised it could not be of these Lands) and the said pretended Proprietors do now set up this old pretended Title to your Petitioners Lands, after they have enjoyed the same quietly for many Years, in hopes to reap the benefit of your Petitioners said

Labour, Expence and Improvement, or to force them to pay some large Quit-Rent, or Yearly Payment for the same; and for that Purpose have often urged your Petitioners (who have as aforesaid purchased their Lands, and peaceably enjoyed the same so long) now to take Leases or Grants thereof from the said pretended Proprietors under Yearly Rents.

And the more effectually to accomplish their unjust Designs, and gratify their ambitious Inclinations, the said pretended Proprietors have on pretence only of the said Indentures of Lease and Release, and the mesne Conveyances under the same, pretended to have been made to the said Proprietors, presumed to usurp and take upon them to exercise a Dominion and Government over your Petitioners, and their Lands, and to constitute a pretended Governor, a pretended Court of Justice, and contrary to the Laws and Statutes of your Majesty's Realm of *England*, to appoint Judges who presume without any Commission or Authority derived from your Majesty, to take upon them to try Causes.

And in this pretended Court, and before these pretended Judges of their own making, the said pretended Proprietors did in the Year 1693, bring an Action of Trespass and Ejectment against *Jeffery Jones*, for Part of the said Lands in *Elizabeth-Town*, and the same came on to be tried, and altho upon a full Evidence, the Jury (who were chosen by the said Proprietors, or their Creatures) were notwithstanding so just as to give a Verdict for the said *Jones*; yet the said pretended Judges being either of the Number of the said Proprietors or by them appointed, were so Partial and Arbitrary, as contrary to Law and Justice, to give a Judgment against the said *Jones*, and for the said pretended Proprietors; which unjust Judgment, your Majesty upon Appeal hath in your Princely Justice

been pleased to reverse, altho the said pretended Judges, in hopes to support their said Judgment, did transmit a Writing for a Copy of the Proceedings in the said Cause, which was false, and not according to the Truth of the Proceedings had in the Cause.

That your Petitioners are now destitute of any lawful civil Government over them, having no legal Court of Justice or Judges, that they any Legal Commissions, and the said Usurpers and their pretended Judges being so partial as aforesaid, will by their unjust and arbitrary Proceedings, deprive your Petitioners of what they have justly paid for, are legally intitled to, and with great Pains, Hazard and Expence, have planted, and improved and quietly possessed for many Years, unless assisted by your Majesty, and your Petitioners doubt not but to make out the Legality and Justice of their Titles to any impartial Judges, in or near the Country where the Facts are best known, and where the Witnesses are that can prove them.

Your Petitioners groaning under these and other great Oppressions of the said Usurpers, and in the want of a legal and well established Government, are humble Suitors to your Majesty (the fountain of Justice) that your Majesty would be graciously pleased to take them into your Majesty's Royal Protection and to let them enjoy (in this remote Part of the World) the happy influences of your Majesty's just Government. And for that purpose either to Place them under the Civil Government of your Majesty's Province of *New-York*; (from the *Elizabeth-Town* aforesaid, is but about Twenty Miles distant, and great Part of your Petitioners Lands are much nearer) and to grant to the Court of Justice at *New-York*, a Power to Judge all Causes in the said Province of *East New-Jersey*, or to appoint indifferent Judges to administer Justice between your Petitioners and the said pretended Pro-

pritors, and to admonish the said Usurpers that they presume no more to usurpe your Majesty's Royal Authority of constituting Courts of Justice, and commissionating Judges, and the said pretended Judges no more to presume to Act as a Court of Justice, or otherwise to Order for your poor oppressed Petitioners relief, as to your Majesty in your Princely Wisdom and Goodness shall seem meet.

And your Petitioners as in Duty bound shall ever Pray, &c.

*William Penn's Observations on the Proceedings of Governor Fletcher.*

WHITEHALL, December the 11<sup>th</sup> 1696  
At a Meeting of His Majesty's Commissioners for  
Trade and Plantations.

Present—EARL OF BRIDGEWATER MR BLATHWAYT.  
S<sup>r</sup> PHILIP MEADOWS, MR POLLEXFEN.

[Extract.]

As a Proprietor of East New Jersey, Mr. Penn complained also that the Governoour of New Yorke obliged the ships that came thither with goods from England to pay New York Customs. To which he was answered that Colonel Fletcher was ordered by his instructions to do so: And the necessity of that practice was shown, by the neighbourhood of that Proprietary to the King's Province of New York, which is such that if goods were received there custom free, they may be clandestinely transported into New Yorke to the defrauding of His Majesty's customs there.

He spoke also of the Quota required from the neighbouring Colonies for the defence of New York And said that he conceived the best way of regulating it would be, by stated Deputies from each Province, to meet in one common Assembly: The effecting of which was observed to require one Captain General or Vice Roy to preside But upon these heads he was desired, and he promised to draw up a scheme more fully in writing.

*Memorial of the Proprietors of Several Provinces in America relating to Courts of Admiralty there.*

[From P. R. O. B. T. Proprietors, Vol. 1, A H.]

To The R<sup>t</sup> Hon<sup>ble</sup> the Lords Commiss<sup>r</sup>s of Trade and Plantac'ons.

The Lords Proprietors Agents and others of the Provinces of Carolina Bohama Islands Pensilvania East and West Jersey and Conecticott in America.

Protesting their Loyalty and duty to His Maj<sup>ty</sup> and reserving the benefitt of being heard by themselves in Councill to their Right and Power of Erecting Courts of admiralty in the said Provinces do offer

That there are Severall Clauses in their Respective Grants and Charters which (as they are advised) Import and Imply a Grant of y<sup>e</sup> admirall Jurisdiction and power of Erecting the said Courts and Constituting Judges and Officers thereof in the said Provinces

That the reason why they have not hitherto Erected Such Courts or Constituted Such Officers is that all Suits or Informac'ons upon and for the breach of the acts of navigac'on may as appears by the s<sup>d</sup> acts and particularly by the 15th of K<sup>x</sup> Charls y<sup>e</sup> 2<sup>d</sup> be brought and prosecuted in the Com'on Law Courts and y<sup>t</sup> the Erecting Courts of admiralty would have occasioned Sallaryes and other great and Expensive Charges

That they apprehended there was no necessity of Such Courts unless for the Condemnac'on of prises, few or none of which have bin brought into the said Provinces during this Warr in ord<sup>r</sup> to be there tried and Condemned.

That the s<sup>d</sup> Propriet<sup>r</sup>s are nevertheless willing and ready to Erect Such Courts and constitute such able

Officers as shall be well affected to His Maj<sup>es</sup> Government, carefull of his intrest use their utmost Endeavours to Enforce an Observance of the s<sup>d</sup> acts of navigac'on and zealously prosecute such Vessels & persons as shall be Guilty of the breach of them

All which is Humbly offer'd & Submitted.

*From the Lords of Trade to the Proprietors of East and West Jersey.*

[From P. R. O. B. T., Proprieties, Vol. 25, p. 45.]

To The Proprietors of his Majesty's Colony of East New Jersey in America.<sup>1</sup>

GENTLEMEN

His Majesty having been frequently informed of the little regard which severall of the Colonies concerned have had to the Quota appointed by her late Majesty of Blessed Memory in the year 1694 to be observed during this War for the defence of the Frontiers of the Province of New York in the following proportions Viz.:

	MEN
Connecticut . . . . .	120
Rhode Island & Providence . . . . .	48
Massachusetts . . . . .	350
Maryland . . . . .	160
Virginia . . . . .	240
New York . . . . .	200
Pensilvania . . . . .	80
And any part of the Militia of East & / and West New Jersey not exceeding /	700

<sup>1</sup> The Councill's Letter to West New Jersey was the same only changing the names. These L'res were sent to Mr. Basse.

And his Majesty being at the same time sensible of the necessity of that contribution either in Men or money for the general Security of his Colonies on the continent of America; has commanded us to Signifie unto all those above named, that it is his pleasure they should each of them contribute and pay their respective proportions to the government of New York according to her late Majesty's foresaid Regulation; We therefore particularly recommend it to your care that in relation to the Colony of East New Jersey his Majesties pleasure herein be for the future punctually observed and executed

His Majesty having also been informed by complaints from severall hands of the undue methods practised in some of his Colonies for seduceing the Inhabitants from others, And being sensible how much that practice is contrary to the common Interest of the whole has commanded us to write unto the severall Governors or Governments of each Colony, that they take care that Effectual Laws be made in each of their respective Governments against the receiving and harbouring not only of Deserters, but also of such Fugitives as leave any of his Plantations contrary to the Laws provided for that purpose in each plantation respectively. Which therefore We also now accordingly recommend to Your Observation.

And whereas his Majesty has also received complaints that the Entertainment given to Pyrats in some of his Colonies, and more particularly in those under distinct properties had occasioned many ill minded persons, Seamen, and others to desert their habitations, and apply themselves to such wicked and destructive courses to the great weakening and dis-peopling of the Colonies so abandoned by them, and to the great dishonour of the English Nation; Whereupon he has also required us to write to the Severall Proprietors and Governoours of all his Plantations that

due care be taken for the future that no Pyrats or Sea Robbers be anywhere shelter'd or entertained under the severest penalties ; We are obliged thereupon to require your strictest care, as We doe of others that all manner of discouragement be given in that Province of East New Jersey both to the Rise and progresse of such undertakings, And that upon the discovery thereof the Offenders be punished according to the utmost severity of the Law—We are

Your very Affectionate friends

*Opinion of Sir Cresswell Lewinz, on the liability of  
East Jersey to New York for Customs.*

[From P. R. O. B. T., Vol. I., A 58, No. 2.]

KING CHARLES the 2<sup>d</sup> by Letters Patent Grants to the Duke of York his Heires & assignes all that Tract of Land in America now Called by the severall Names of New York East Jersey & West Jersey w<sup>th</sup> all waters Rivers & harbours to the pr<sup>e</sup>mises belonging And the Goverment thereof according to the Lawes of England And power to admitt p'sons to tread & Traffique unto & w<sup>th</sup> in y<sup>e</sup> Same

The Duke of York Grants those parts Called East Jersey & West Jersey w<sup>th</sup> y<sup>e</sup> Rivers Harbours & other Royalties thereunto belonging, and the Governt of those places and all Other privileges Granted by him to the King A: B: C: D: & their heires & assignes.

These places have Ever Since been Under the Government of the Respective Pp'rs. the Dukes Grantees thereof, & have held Gen<sup>n</sup>! Assemblyes w<sup>ch</sup> are in the Nature of parliaments within themselves & have made use of there Own portes & harbours for Lading & unlading the merchandizes Imported into & Exported from thence.

After the Grant of these places made by the Duke of York the General Assembly of New York have Imposed Seavall Customs Upon Merchandizes Imported & Exported there, in w<sup>ch</sup> Generall Assemblyes the P<sup>r</sup>vinces of East Jersey & West Jersey had the [?no] representatives being esteemed Distinkt Goverments & Independent of New York.

The Collectors and Officers of the Customes of New York Under p'tence or color of an order from the Commissioners of the Customes in England Deny the Inhabitants of East & West Jersey the Use of there Own portes & harbours and fforce em up to New York Unless they will pay the Same Customs in their own portes which are payed at New York.

Qu: whether Customes upon merchandises Imported into & Exported from East & West Jersey can be imposed Otherwayes than by Act of Parliament Or the Gen<sup>n</sup>! Assemblyes of those Collony's.

Answer. These Customes cannot be imposed but by Act of Parliament Or Some Assembly that Actes as a parliament according to the Rules and Goverment of the place.

Qu: whither the Com'issioners of y<sup>e</sup> Customes in England Can Compell the Inhabitants of East & West Jersey to Enter their shipes and unlade their goods at New York or restraine them from Using their own harb'r Unless they will pay the Dutys Imposed by the Assembly of New York where the Inhabitants of East & West Jersey had no representatives nor were Under their Jurisdiction.

Answer. East and West Jersey haveing been devided from New York by the Duke of York Grant also from the Goverment and Ever Sence by Allowances from y<sup>e</sup> Crown Used & Enjoyed a Goverment of there own distinct from y<sup>e</sup> Goverment of the p'vince of New Yorke but had Assemblyes of their own wherein the Make Rules & Orders for themselves as a Distinck p'vince as New York Do for themselves. I Do not See how they can be bound by the Rules of New York or be Obliged by them or the Comissioners of the Customes here to Lade or Unlade theire Goods at New York.

Trusty and Welbeloved, We Greet you well. Whereas notwithstanding the many good Laws made from time to time, for preventing of Frauds in the Plantation Trade, it is manifest that very great abuses have been, and continue still to be practised to the prejudice of the same, Which Abuses must needs arise, either from the insolvency of the Persons who are accepted for Security, or from the remissness or

Letter from M<sup>r</sup> Jerem: Basse about Pirates and Piracies [and the Security demanded of him as Governor of New Jersey.]

London 15 July 1697

S<sup>r</sup>. As I always believe itt to be my duty so itt shall be my constant endeavor to Com'unicate to you any thinge that I beleive may conduce to the honor or interest of his Most Excellent Majesty or of this nation. & I cannot but hope that by a favorable construction of my first attempt in this kind you will

embolden me to Continue my writeinge to you when It may be I may have somethinge of greater Consequence to Offer to your Consideration.

You cannot be unsensible of the dishonor as well as damage that this nation sustaines by the increasinge of Piracies under the banner of England in any part of the World. And as the perticuler depredations of Avery on the coast of India & Arabia togeather with the ill effects thereof hath come under your Coynisance so I beleive you have not been uninformed of the increasinge of Pyrates in those coastes ocationed by the great expectations of Riches to be obtained theare & itt may be by the too much Connivance of those in whose power itt may have been to have suppressed them; the sundry Plantations boath oppon the Maine & in the Islands of America haveinge not a little contributed to the increasinge of this trade sundry vessels suspected to be bound out on this designe haveing in my time sayled from one or another province on the Continent leavinge some of them Wives and families as pledges of their returne behind them & I am advised that four or five vessels are expected to returne with in these few months who have one board men appertaininge to the Provinces of New England New Yorke the Jersies &c. & they will be emboldened thearto by the good entertainement that they have formerly met withal in some of these provinces & their ignorance at preasant of any thinge that may make them Jealeous of being worse entertained now unless any new orders concerninge them to the respective Governors should have reached their eares Which If they have Obtained they will endeavor to prevent the force of by runnингe their vessels into some unfrequented Port & thence dispersing themselves wheare their inclinations lead them to believe they may be most secure in which places itt may be they will Abide till by extravagance haveinge ex-

hausted their stock they are forced to prepare for a New Expedition Which to prevent for the future itt  
beinge in my opinion very much our honnor & interest  
so to doe I would desire Your advice:

What to doe with those that have formerly followed  
this trade and at preasant may be setled in any part of  
the Jarsies & also

What course will be best to take with those that  
heareafter may come in amongst us in order to the  
supressinge of them for the time to come. the gener-  
ality of our people receivinge no small advantage by  
the currencie of their monys I know are not very for-  
ward in their suppression & nead to be engaged to itt  
by an expresse & positive command from that power  
that they dare not be disobedient unto. and I must  
acknowledge the damages I have personally sustained  
by these sort of men haveinge been taken & ill used  
by some of them fills me with a just aversion to them.

I must also begg your advise on some things rela-  
teinge to the Government Of the Jersies that I may  
not through Ignorance offend, but shall leave them to  
another opportunity at Preasant Shall onely desire to  
be informed wheather every person that Is in any  
Place, either of State or trust wheather as Commiss<sup>rs</sup>  
of the Peace Sherifs. &c or wheather Sittinge in the  
Assembly as the peoples representatives are not to  
qualifie themselves by takeinge the Ooaths & Signinge  
the Assotiation as presented by Act of Parliment the  
knowledge of this & the Instructions of the Lords  
Com'issioners of the Counsell of trade relateinge  
theareonto would be of no meane concerne to our  
provinces.

I am sorry the Absence of some of our prinsepal  
proprietors hath hindered me from layinge before them  
the bonds & proposals of Security demanded by the  
Lords Com'issioners of the Counsel of trade which by  
yours of the 8<sup>th</sup> June: I expected to be previous to my

nomination to the Government of the Jarsies. I cannot but acknowledge that ware the things true that are alleged against the proprietarie Colonies & their Governors theare would scene to be some reason for this demand & Yet even then (I would humbly Offer itt as my opinion that) the security that Is the bond of the Governor resideinge & actinge in the saide provinces may be adjudged suffitient, espeatialy for those provinces that the proprietors are pleased to intrust me withall. No person beinge Capable of actinge without his Majestyes aprobation which Indeed seeme to render them almost as much the choise of the crowne as of the proprietors It beinge rationall to suppose that the crown will not approve of any that theare is not good grounds to beleive will to their utmost promote the interest & honnor thearof and indead espetially as to myselfe If I ware so foolish as to act in contradiction to that in which it is beleived the interest of the Crowne doth Consist I see not much probality of my haveinge oportunity so to doe Tobbacos the transportation of which to Holland or Scotland beinge the thinge prinsipaly complained of not groweinge within the boundaries of the Jarsies in a sufficient quantity to supply their owne expence neither can I thinke the Crowne will run any risque in the acceptinge of a personall security from the Governor provided he hath an interest either in the Government or in England that may answer his bonds If forfeited & itt most rationall that If he offends he alone should be punished for his Offences which he will be by incurringe the penaltys of the Acts of Parliament forfeitinge his bond & looseinge of his Government. And In a word I cannot but looke uppon itt as a little to great a Suspition of my probity & zeale to his Majestyes interest to require so great a Caution when those Gentlemen who have adventured to entrust me with the government have also entrusted me

with the management of all their Estate theare which hath Cost them some thousand pounds more than the sum demanded to be given bond for & this without ever demandinge my own much less other security. S<sup>r</sup> I would willingly be so much in the good opineon of this government as to induce them to believe that I shall doe as much nay more that may conduce to its honnor & interest from that pationate desire of its Welfare & a Constant Affection to itt which I have ever accordinge to my ability discovered then I could be induced to by the feares of any penalty or damage. Excuse S<sup>r</sup> What you judge amiss & beleve me to be S<sup>r</sup>

I was in some hopes to have Receved some replie to mine of the 18<sup>th</sup> [15] Inst: & the rather In that I feare the time of my stay in England begins sensibly to shorten.

I am shure none ever went into those Colonies with more steady resolutions vigorously to promote every

thing that may be the advantage or honor of the crowne & shall be extreamely sorry If I am disabled through want of necessary orders from the Right honor<sup>ble</sup> the Lords Comi<sup>t</sup>ioners of the Counsel of Trade Pyracies the great & just complaint of America ought to be discoraged & though I am sensible Who ever attempts it in that manner y<sup>t</sup> I would willingly doe will theareby expose themselves to no meane hazards. Yet am fully resolved to Conforme my selfe to the instructions I hope & desire to Receive from that honorable board in order theareunto.

Letter to Mr. Basse About Pyrats & Piracies.

To M<sup>r</sup> JEREMIAH BASSE.

S<sup>r</sup>

Your Letters to me of the 15<sup>th</sup> and 21<sup>s</sup> Instant have both of them been this day laid before the Lords Comi<sup>t</sup>ioners of the Counsel of Trade and Plantations. And their Lordships upon Consideration thereof being

pleased with the Zeal you Express for the Suppression of Pyrats, and desirous to make use of all the light they can get to assist them in their deliberations how best to attain that end, have Commanded me to desire from you a more particular Explanation of some things which you hint at upon that Subject; Viz<sup>t</sup>: Which of the Provinces are they that you understand to have been most blamable in their Conduct towards Pyrats? What particular Matters of Fact do you know, relating either to the Pyrats themselves or their abettors? who are the Pyrats now Expected to return, and to what particular place. By whom is it that you say you were taken and how did they use you? What methods do you think most proper to be used for the Suppressing of Pyrats? And how is it that you say you are desirous to go about that work? What Court is there in either of the Jersies that can or ever did try Pyrats? And what Law have they there to do it by? Your particular and full Answer to all which heads will be very acceptable to their Lordships.

To the remaining part of your Letter; which concerns the taking of the Oaths and signing the Association, I am not able to give you any better light, than by referring you to the Act of Parliament which relates thereunto; And as for the Bonds or Security to be taken from the Governors of Proprieties, you cannot but have understood by my Letter of the sixth May last That what hath been required by this Board on that subject hath been by his Majesties particular direction, upon the Address of the Lords Spiritual and Temporal in Parliament, And ought not therefore to be taken as anything peculiar to your Self, nor ought you expect that this Board should alter from the Rule which his Majesty has so directed them to observe, I am

LONDON y<sup>e</sup> 26<sup>th</sup> July 1697.

As it cannot but be extreamely satisfactory to me who realy desire the Welfare of the Plantations & their settlement on the bassis of honnor & Justis to find that the Right Honorable the Lords Comis<sup>r</sup>s of Trade & Plantations make itt no meane part of their buisness to inspect into the miscariages that have been amongst them & to direct unto wholesome meanes of removeing them So I shall still looke oppon itt as my duty to contribute my mite If that may afford any light to them in their deliberations. And in order theareunto shall distinctly consider yours of the 22<sup>d</sup> Instant.

As to the first thinge Which of the Provinces &c. I cannot but thinke that Most of the Colonies of America boath on the maine & in the Islands have been somewhat to blame in respect of their conduct towards such persons as have committed thir rapins & piracies super altu mare some of them I believe through Ignorance of their duty others through inability to doe anythinge towards their Suppression & some no doubt blinded by the prospect of gaine & advantage have given to great a countenance to them but those that have been most noted for protection or furnishinge of them whilst I was in the Country ware Rhoad Island New York Carolina & Providence. I must acknowledge that I have known severall perticular persons that have been judged concerned in those

ill designes that have been entertained and settled in the provinces of Jarsie Pensilvania Mariland & Virginia, butt as to those in the Jarsies they have on examination produced as A warrant for our entertaininge a Pass from the Governor of New York which Obstructed any further enquiry by us.

I am informed (& if I err in my informations I hope you will pardon itt) that theare is now out uppon that designe The Kent of about 200 Tuns 18 Guns One Ball late Comand<sup>r</sup> who dieinge Comeinge from Jamaica was succeeded by Thomas Day she is saide to have put into Carolina sould all her loadings att under rates tooke in men and provitions & Is gone privateringe. I suppose you are already informed of Ive & that came into Rhoad Island & thence to New Yorke fitted out againe & carried with him one Want in a brigantien & another Vessell they are saide to have since strengthned themselves by takeing a Vessell belongeing to the Merchants of New Yorke commanded by one Glover. It is reported they have since made some remittances to the owners to make satisfaction for that depredation.

Theare is another Glover that came from Jamaica in a Sloop took a Rich Price from the French afterwards went on the coast of Gunia & is since joyned with the rest on the Coast of Arabia In the whole I have been informed that theare is gon from Boston one, Rhoad Island two New York one Pensilvania one Carolina one, & one from Barbados some others theare are that are run away with Vessels belongeing to the Merchants but are not yet certainlye discovered to be gone thither, one of these rovers was met at the Cape bono Esperansa by the Nassaw homewards bound from India as I was informed by the Mate of her who beinge fearefull least the dutch should make prise of them got leave to putt some chestes of mony one board them which beinge granted he informed me they received

four one boord so ponderous that six men at the tackles could hardly hoist them in he saide then delivered them again att Sea & Learnt from them that they were bound to their rendevouze att the Island S<sup>t</sup> Lawrance or Madagascar.

the persons expected to returne are Ives company all those that sayled from New Yorke & Rhood Island, & it is believed that on the heareinge of the alteration of the government in New Yorke they will endeavor to Conceale themselves in the Jarsies or Pensilvania the Jarsies haveinge no fort to oppose them & not beinge much inhabited in their harbors they recon themselves secure theare some persons I am [have?] ascertained have already been makieng preparations for their reception and entertainement they have also entertained a Notion that the Jarsies not actinge by the King's im'diate Com<sup>s</sup> have not suffitient power to seise them & bringe them to deserved punishment which contributes not a little to their boldness in comeing.

I was taken by a Pyrate after about six howers en-gagement her commander was one Norman ali Vinblin a German he had a ship of 30 guns about 130 men Mixt English Dutch French &c about 20 to the south-ward of Porto Rico & Caried to the West End of Hyspaniola a little to the windward of the Isle de Vaca com'only called the Isle of Ash, theare they unloaded our Vessell & built them fortres on a small key or Island that lay att the bottome of the bay they tooke a Sloope which they manned & sent to cruise betwixt Beata & Altovalla & the Island of Hispanialo for vessels bound to windwards from Jamaica they used us extreamely hard beate us pinched us of Victuals Shut us down in the night to take our Lodgeing on the Watter Casque detained us till they had Carrened their ship & fitted her for sayleinge and then designg on the Coast of Gunia gave us our Liberty.

Some methods in order to their Suppression I have

already formed & cannot but believe that they will prove efectual to that end had I butt power suffitient put them in practis waich could I hope to Obtain by the Recommendation of the Right honorable the Lords Com<sup>r</sup> of the Counsell of Trade I should soone lay before them the scheame of. And Indead shall nead no farther power then the Crownes approbation to the Government & Com'ission of Viceadmiralty to suppress them in all those partes that my Com'ission will reach unto what are without the bounds of the Jarsies must be subdued by other methods.

I doe not know of any courtes in the Jarsies that have suffitient power to trie pyracies itt beinge the declared judgement of M<sup>r</sup> Attorney Generall that we have no Admirall Jurisdiction & pyracies in my opinion not beinge properly to be tried by the Common butt Civill Law & Com'ition of Vice-admiralty I doe not know of any that hitherto have been tried for that fact in either of the two provinces & If they had I feare might have demurred to our power & authority that defect is supplied or at least I hope will be by his majesties commisionateinge Viceadmerals in Every province.

I am very sorry that their Lordships insist so positively on security to be given for the Governors of the proprietary Colonies since I find the proprietors grow still more & more averse to a Compliance with itt & think itt to great a hardship upon them. Certaine I am the want of the Crownes aprobation will prove of very ill Consequence to the plantations & as to my own part almost utterly disable me from either giving due protection to the people or fully punishinge the opposers of our peace and quiet. The Late act of Parliament Obleidgeth all Governors to be aproved by the Crown the people as they have the knowledge of this act so they will expect imediately at the arival of any Governor not oneley that the Proprietors Com-

mission be produced butt that [it] be also certified of the crownes aprobation of the same person as Governor & this before they will Owne any subjection to him.

Some Government & such & one that may have not onely a suffitient power to protect & defend the people in their libertyes & estates butt to repress all injuries & violences committed against them is of absolute necessity the want of it will reduce the provinces into a State of Anarchy the strongest hand or the longest sword will be the best tittle to goods or estates All sortes of Ill practises in such a soyle that is not continualy tended like weeds in an uncultivated garden will soon springe up, & what will not the unsatiable thirst of Gold engage men to attempt when they are Consious that theare is not a suffitient power to take cognizance of & to punish their miscarriages.

The late Act relateing to the plantation trade hath in the Judgement of our Lawyers laide aside the preasant Governor of the Jarsies. The want of aprobation will in a great measure disable me from actinge or at least actinge in such a manner as may tend to the good of the people & honnor of the crowne as may protect the Loyall & industrious subject & punish pirates & other malefactors & how miserable then must the condition of the provinces bee.

I know itt is your opinion that without the King's ap'robation as a due sanction to my commission I cannot securely the tearmes wheareby I must Obtaine that sanction are not in my power to comply withall had the crowne required anything of me as a Caution for my good a bearinge had it demanded any testimony of my ability to govern my corage to maintaine the honnor of Government & not to suffer itt to be affronted by the enimies of it had it required an evidence of Loyalty & sincerity in any thinge though never so dificult that I could personaly have complied with my ready Obedience should have shounre

my willingness to comply, but I must content my selfe with a Constant endeavor in my station to suppress evill & advance good accordinge to the Utmost of my ability & if through a want of power their should be to great an increase of the one or deacrese of the other I hope my conduct will not be to be blamed.

But S<sup>r</sup> I have that Confidence in your zeale for the Generall good of his Majesties Subjects in the plantations that I doe still perswade my selfe you will Contribute your endeavors to obtaine some way or another a supply of this defect of power either to me or to some other person more deserveinge of itt & that either by accomodateinge the tearmes of aprobation so as they may be complied with without a dependance On other persons or else to make up what is defitient in the proprietors commition by one more imediately from the Crowne which would be no matter of difi-  
culty the Power of Admiralty beinge lodged in the crowne & our Commission to act Necessarily pro-  
cedinge from thence, I must begg your pardon for the imperfections of this tedious scribble & hope that you will believe me bee

*State of the Case of the Proprietors of East Jersey,  
submitted to the Lords of Trade.*

{From P. R. O. B. T. Prop., Vol. 1, A 58.]

A MEMORIALL of the State of the Case of the Proprietors of East New Jersey.

KING CHARLES the Second, in y<sup>e</sup> 16<sup>th</sup> & 26<sup>th</sup> yeares of his Reign, did Grant, to the Duke of York, his Heires and Assignes, all that Tract of land, adjacent to New England, and being to y<sup>e</sup> westward of long Island and Manhatus Island, and Bound on the East part, by the main Sea, and part by Hudsons River &c<sup>a</sup>; (which land was then Called Nova Cesaria, or New Jersey).

March 14<sup>th</sup> 1682. The Duke of York Grants and Confirms the Said Province of New Jersey, to James Earl of Perth and others, with all Bayes, Rivers & Waters, ffranchises and Appurtenances, as also the free use of all Bayes, Rivers and Waters leading unto or lying between the Premises for Navigation, free Trade &c<sup>a</sup>; with the Right of Government, which the late King Charles the Second did Confirm as by his Proclamation, hereunto annexed bearing date ye 23<sup>d</sup> of November 1683, does appear.

By which Grants the Proprietors Claime, (and are advised, by their Councill) that they have a Right, and Power of Constituting Ports within ye Said Province.

That they have accordingly Constituted the Port of Perth Amboy, in the Said Province, and that divers Shipps for Severall years come directly to the Said Port, and have there unladed undisturbed.

But the Collector & Officers of New York, have Since presumed to Molest the Said Proprietors, in the free use, and Priviledge, of their Said Port, and pretend to Compell, all Shipps Bound to East Jersey, to come to New York, and Pay a Custome or Impost laid upon Goods there, according to an Act of their Generall Assembly.

And do further Pretend that from time to time Instructions to that purpose have been given to the Severall Governours of New York.

That the Proprietors Conceive neither the Said Act of the Generall Assembly of New York, nor the Said Instructions can binde the Proprietors of East Jersey to Pay Customes, or hinder them from the use of their own Port, as by their Councill they are advised (whose Opinions they have hereunto annexed) for as much as East Jersey is a distinct, and Independant Province from New York, where the Inhabitants of East Jersey have no Representatives.

That the right of Ports, w<sup>ch</sup> the Proprietors are advised is Granted with the Said Province, was what Cheifly induced and Encouraged the Proprietors to adventure & Send over People to Settle there, and that without the Same, they would never have laid out their Estates, in the Purchasing and Improving thereof.

That the disturbing the Said Proprietors in the free use of their Ports in their own Province, is Conceiv'd to be very Arbitrary, and will wholey Ruine the the Trade of the Said Province, Destroy their Property, and will hinder the Exportation, and Consumption of the manufacture of this Kingdome.

That the Commissioners of the Customes, have lately reported to the Lords of the Treasury, that it is Necessary there Should be in the Said Province Priviledged Ports for the Attendance of the Officers of the Customes in order to the dispatch of buissiness of Shipping both Inwards, and Outwards, and have appointed a Collector at the Said Port of Perth Amboy in the Said Province for that purpose.

The Proprietors therefore do humbly hope. That this Honourable Boord, (to whose Care and Protection his Majestie has Com'mitted, The Security and Improve- ments of Trade, and the Rights and Priviledges of the Respective Colonyes abroad,) will not Suffer the Province of East Jersey to be deprived of their Right.

And for as much as the Earl of Bellamont, and the Governour of East Jersey are both ready to Embark, it is humbly Prayed that this Boord will be pleased to Expedite their Report to the Lords Justices in Coun- cill for Preservation of their Properties, and Immunityes before their Departure.

*Gentlemen*

The Lords Com'ssioners of the Councill of Trade and Plantations having been required by the Lords Justices to examine into and Report their opinion upon a Petition of the Proprietors of East New Jersey in America, wherein they claim a Right to constitute Ports in that Province, and pray that the Earl of Bellemont may be prohibited to disturb their Priviledges of Trade in their Port of Perth Amboy: And the said Propriet<sup>rs</sup> having produced to their Lordships, as the Ground of their said Rights and Priviledges, the late Duke of York's Conveyance of that Countrey to the Earl of Perth and others, dated the 14<sup>th</sup> of March 1682, together with a Copy of K: Ch: the Second's Grant to the said Duke of York of a larger Tract of Land in America, wherein the said Province of East New Jersey is included; Their Lordships after the carefull perusal of the said Conveyance and Grant, have directed them to wait upon you therewithal: and have thereupon Com'anded me to desire your Opinion

1. What a Port is; And by what means any place in his Majes<sup>ts</sup> Plantations in America may become a Port.

2. Whether by K. Ch: y<sup>e</sup> 2<sup>d</sup>'s Patent to y<sup>e</sup> Duke of

York, Power was given to the said Duke to constitute a Port or Ports in any of the Territories granted to him.

3. Whether the Duke of York by his Conveyance to the Lord Berkley and S<sup>r</sup> George Carteret did or could convey the Right of constituting Ports in any of the Lands thereby conveyed.

4. Whether upon the Division which the said Lord Berkley and S<sup>r</sup> Geo: Carteret afterwards made of the Lands conveyed to them, they could convey any such Power or Right to the respective Proprietors to whom they sold their several shares.

5. Supposing the Territories of East & West New Jersey, now divided from New York, were formerly united with it under one Government, and that the City of N. York was then the Port for that whole Province so United, Whether upon seperating of East New Jersey from New York, by the said Duke of York's Conveyance to the Earl of Perth and others, there be any right conveyed to them or their assigns, of constituting a Port at Perth Amboy or elsewhere at their pleasure.

6. Whether upon any further Divisions that may hereafter be made of the said Province by the said Proprietors, each of the Severall Assignees will also have a Right of Constituting a Port or Ports in each of their Divisions. I am &c

We have Received Several of yours, which we would sooner have answered, but Could not give any Certain advice about the Weighty affairs of our Province, which we are now with the utmost diligence Pursuing and have very Great Reason to hope that the issue shall be to our Content.

We have been Obliged (against our Inclination) to dismiss Coll: Hamilton from the Government, Because of a late Act of Parliament disabling all Scotsmen to serve in places of Publick Trust or Profit, and Obliging all Proprietors of Colonies to Present their Respective Governors to the King for his approbation, so we have appointed our Friend Jeremiah Bass, to succeed Coll: Hamilton in Government, whom we have also presented to the King, and he is by him Owned and approved of. He will give you a further account of our Proceedings for the good and Welfare of the Province and we desire that Each of you in your Respective Stations, to act according to your several Capacities for Promoting the Interest of the said Province. Assuring you that we shall not here be wanting on our Parts.

*Answer of Attorney General and Solicitor General,  
to the Euquiries of the Lords of Trade.*

{From P. R. O. B. T. Proprieties, Vol. 2, B. 1.]

The Att<sup>ny</sup> & Soll<sup>r</sup> Gen<sup>ls</sup> answer to y<sup>e</sup> Queries sent them the 6<sup>th</sup> Inst relating to ports in East New Jersey.

1<sup>st</sup> We are humbly of opinion that a Port in our Law is understood to be a place appointed for the lading and unlading of Goods and Merchandise, for the better Collecting his Majesties Customes & other Duties, And that Such Ports (by an Act made the 25<sup>th</sup> Car 2<sup>d</sup> Chap<sup>t</sup>: 7<sup>th</sup> For better Securing y<sup>e</sup> Plantac<sup>n</sup> on Trade) are to be appointed in the plantac<sup>n</sup>ons by the Commissioners of the Customes in England by and under the authority and directions of the Lord Treasurer or Com<sup>m</sup>issioners of the Treasury, in the

respective plantations, for the Collecting Such Customes as are due to his Majestie in those plantac'ons.

2<sup>ly</sup> That the aforesaid power of appointing ports granted to the Commissioners of the Customes by the Said Act, was not granted to the Duke of York by the said Letters patents

3<sup>ly</sup> The Duke of York's Grant to the Lord Berkley and S<sup>r</sup> George Carteret, could not convey any such power because he had no Such power granted to him by the Crowne.

The 4<sup>th</sup> 5<sup>th</sup> & 6<sup>th</sup> queries are answeured before in the Answears to the former queries: for if the Duke of York had not such a power granted to him (as we conceive he had not,) Then his Assignees nor any deriving under them Cannot have such a power.

*Representation from the Lords of Trade to the Lords Justices, against the right of the Proprietors of East Jersey to establish Ports.*

[From P. R. O. B. T. Proprietors, Vol. 25, p. 176.]

TO THEIR EXCELLENCIES Y<sup>E</sup> L<sup>D</sup>S JUSTICES.

May it please your Excellencies.

In Obedience to your Excell<sup>ys</sup> order in Council dated y<sup>e</sup> 23<sup>rd</sup> of the last Month, that we should Examine the matter of a Petition of the Proprietors of East New Jersey thereunto annexed, and Report to your Excell<sup>y</sup> how we find the same, with our Opinion thereupon; We humbly represent to your Excellencies.

That the said Petitioners having set forth their Title to the said Province, togeth<sup>r</sup> with all Rivers, Bays, Harbours, Waters &c leading unto the same, for the free use of Navigation, free Trade and Commerce, as grounded upon a Grant from the late King James, dated the 14<sup>th</sup> of March 1682, Tho in reality he were then only Duke of York, and derived his Title therunto from a preceding Grant from the then King Charles the Second; they do im'dately in the next words insert the Priviledge of Ports, as a property purchased by them, and as if it had been expressly before mentioned, tho it be not. And thereupon they proceed to complain of their Rights and Properties being invaded by the Govern<sup>t</sup> of New York in compelling their Ships to go up to New York, and denying them the benefit of a Port at Perth Amboy Whereupon they pray for remedy

That in order to Our Information in this whole Matter, we have perused not only the fore mentioned Deed of y<sup>e</sup> said Duke of York, but a Copy also (which they produced to Us) of the fore mentioned Grant of King Charles the second, for a large Tract of Land, in which

the Province of East New Jersey is included, and which Grant of King Charles the Second is recited in the foresaid Deed of the said Duke of York, as the ground and foundation thereof; But not having found in either of the Said Writings any mention of the Priviledge of constituting Ports in the Province of East New Jersey; We then directed the said Proprietors to attend his Majesties attorney & Solicitor Generall therewithall, And we thereupon propounded to his Majesty's said Attorney and Solicitor Generall the following Queries Vizt

1<sup>o</sup>. What a Port is; and by what means any Place in his Maj<sup>ts</sup> Plantations in America may become a Port.

2. Whether by King Charles the Second's Patent to the Duke of York, Power was given to the said Duke, to constitute a Port or Ports in any of the Territories Granted to him.

3. Whether the Duke of York by his Conveyance to the Lord Berkley & S<sup>r</sup> George Carteret, did or could convey the Right of constituting Ports in any of the Lands thereby conveyed.

4. Whether upon the Division which the said Lord Berkley and S<sup>r</sup> George Carteret afterwards made of the Lands conveyed to them, they could convey any such power or right to the respective Proprietors to whom they told their Several Shares.

5. Supposing the Territories of East and West New Jersey, now divided from New York were formerly united with it under one Government, and that the Citty of New York was then the Port for that whole Province so United; Whether upon Separating of East New Jersey from New York, by the s<sup>d</sup> Duke of York's conveyance to the Earle of Perth and others, there be any right convey'd to them, or their Assigues, of constitut<sup>z</sup> a Port at Perth Amboy or elsewhere at their Pleasure.

6. Whether upon any further Divisions that may hereafter be made of the said Province, by the said Proprietors, each of the Severall Assignees, will also have a Right of constituting a Port or Ports in each of their Divisions?

Unto which Queries we received from his Majesties Atturney and Sollicitor Generall the following Answers Vizt

" 1<sup>st</sup> We are humbly of Opinion That a Port in Our  
" Law is understood to be a place appointed for the  
" lading and unlading of Goods and Merchandizes, for  
" the better Collecting his Majesties Customes and  
" other duties; and that such Ports (by an Act made  
" the 25<sup>th</sup> Carl. 2<sup>d</sup> Chapter 7<sup>th</sup> For better Securing the  
" Plantation Trade) are to be appointed in the Plantations  
" by the Commission<sup>rs</sup> of the Customs in England  
" land by & under the authority and directions of the  
" Treasurer or Commissioners of the Treasury in the  
" respective Plantations, for the Collecting Such Customes  
" as are due to his Majesty in those Plantations.

" 2. That the aforesaid power of appointing Ports  
" granted to the Com<sup>is</sup><sup>rs</sup> of the Customes by the said  
" Act was not granted to the Duke of York by the said  
" Letters Patent.

" 3. The Duke of York's grant to the Lord Berkley  
" and S<sup>r</sup> George Carteret, could not convey any such  
" Power, because he had no such power granted to  
" him by the Crown.

" The 4<sup>th</sup> 5 & 6 Queries are answered before in the  
" Answers to the former Queries: For if the Duke of  
" York had not Such a Power granted to him (as we  
" conceive he had not) Then his Assignees or any de-  
" riving und<sup>r</sup> them can't have such a power.

Upon this it appearing evident to Us that the said Proprietors have no manner of Right or power to constitute Ports either in East or West New Jersey from

the late King Charles the second, the then Duke of York or any other person deriving authority from either of them; But that a Power of Constituting such Ports in any of his Majesties Plantations is vested by Act of Parliament in the Commissioners of his Majesties Customes, under the direction of the Lords Commission<sup>rs</sup> of his Majesties Treasury; We humbly offer to your Excellencies in Order to a determination upon the Expediency of the thing, these following considerations viz:

That before the Separation of the Jerseys from the Province of New York, the City of New York was the Comon Port for both

That it is in no place (that we know of) either in England or elsewhere, usual to have two Ports independent on each other in one and the same River or within the same Capes or outlet into the sea, such a practice being manifestly lyable to great inconveniences.

That Perth Amboy lies on one side of the mouth of the same River w<sup>ch</sup> runs by the City of New York, (that River being divided in the Mouth of it by an Island called Staten Island) and is within the same Capes.

That upon the Separation of the Jerseys from the Province of New York the Magistrats of that City & Govern<sup>rs</sup> of that Province have Several times complained of the prejudice arising or apprehended to arise from thence unto that Province, Particularly the loss of their Trade; Consequently the loss of their Inhabitants; and the great diminution if not entire loss of his Majesties Customes there.

That in our humble Opinion, if the Proprietors of East new Jersey Should be allowed a free Port (either at Perth Amboy or else where in that Province) their Trade lying up the Same River and into the same Country, amongst the same Indians, as that used by

the Inhabitants of New York, all the forementioned consequences would evidently follow

And that in consequence of these and such like considerations, we conceive it hath come to pass, that the most that ever has been granted (that we can find) unto the said Proprietors, has been by an Order of the late King James dated the 14<sup>th</sup> of August 1687. whereby the then Gouvernour of New York was requir'd untill further Order; to permit Ships to goe directly to Perth in East new Jersey; Tho' that also upon Condition only, That Officers to be appointed by the said Gov<sup>r</sup> or the Receiver Generall of New York should be there permitted peaceably & quietly to receive and Collect for his Majesties use, the same Customes and Imposts as are usually paid at N: York.

But the Constant Instruction which hath been always given to the Gouvernours of New York upon that Subject both before and since, has been in the following form, which carrying with it the reason of the thing, We humbly crave leave here to insert viz<sup>t</sup>

“ AND WHEREAS we are informed y<sup>e</sup> some of y<sup>e</sup> Colonies adjoyning to Our said Province, under Colour of grants from our self or upon some other groundless pretences, endeavour all they can to obstruct the Trade of New York & Albany. Our Will & Pleasure therefore is, That you do not suffer any Inovation within the River of New York nor any goods to pass up the same but what shall have paid the duties at New York to the end the chief benefit of that Trade may be preserved to the Inhabitants and Traders of New York and Albany, the same being agreeable to the Laws of our s<sup>d</sup> Province, and to former practice, as well as necessary for the Collecting of those Customes & other duties w<sup>ch</sup> are to be raised for the support of Our Governm<sup>t</sup> there; And if you find y<sup>e</sup> Inhabitants of E: Jersey have any other way of Trading with the Indians than by

"y<sup>e</sup> s<sup>d</sup> Riv<sup>r</sup> of N: York, you are to use your endeav<sup>rs</sup>  
"to prevent y<sup>e</sup> same, & to give us advice there of  
"w<sup>th</sup> yo<sup>r</sup> opinion w<sup>th</sup> is proper to do therein.

WHEREUPON we humbly crave leave to offer to your Excellencies this one further consideration viz<sup>t</sup> That the Province of New York being the Frontier of all his Majesties Territories in those parts, the most exposed to the French and their Indians, and upon that account the said Province having been obliged during all the late War to be at a very great charge for the maintaining of his Majesties Forces there, with very little assistance from any of their Neighbours, We are humbly of Opinion that it is reasonable all priviledges of this kind which do not infringe the Rights of others, Should as much as possible be preserved unto the said Province of New York.

All which never the less  
is most humbly submitted.

*Authority to George Willocks from the Proprietors  
of both East and West Jersey, to receive Quit  
Rents.*

[From Grants and Concessions, p. 214.]

Proprietors to George Willocks.<sup>1</sup> A power to receive Quit Rents, also to sell them under certain restrictions.

THIS INDENTURE made the *first Day of December*, in the 9th Year of the Reign of our Sovereign Lord WILLIAM the Third, of *England, &c. King, Anno Domini 1697.* Between *William Penu, Thomas Hart, Thomas Barker, Walter Benthal, Joseph Ormston, Joseph Wright, Peter Sonmans, William Dockwra, Thomas Cooper, Clement Plumstead, David Lyell, Archibald Campbel, Esq; Walter Riddel, Sir Thomas Lane, Paul Dockminique, Robert Mitchel, John*

<sup>1</sup> originally of Scotland, having inherited the proprietary right of his brother, James Willocks, "Doctor of Medicine in Kenmay," came to the province in 1684, bringing with him two servants; but after a few years he returned to England, and nothing is heard of him until his return clothed with the authority vested in him by this commission, and in charge of a vessel and cargo to be disposed of for the benefit of the proprietors. Soon after his arrival he was appointed Chief Ranger, the duties of which office are not definitely known, and also one of the Commissioners for the Court of Small Causes. He made Amboy, at first, his place of residence, but afterward removed to Monmouth County, where he married Mrs. Winder, the widow of Samuel Winder, and daughter of Deputy Gov-Rudyard. In 1701, having been appointed Deputy Surveyor under John Reid, he again made Amboy his place of residence, and with some intermissions,—being styled of "Elizabethtown" in 1711; of "Philadelphia," in 1724, and of London, in 1726;—he continued to reside there until his death in 1729. The possession of considerable business ability may account for the various stations to which he was appointed, but there is nothing to indicate that any very exalted opinion of him was entertained by his fellow citizens. Influenced by his wife, he left considerable property to St. Peter's Church, Perth Amboy, and a tablet to their joint memories was erected in the church some years since. Mr. Willocks left no children. The bulk of his property went to a nephew and niece, George Leslie, and Anna, wife of John Ritchie, who removed to the province in consequence. See Contributions to the history of Perth Amboy and the Surrounding Country—pp. 80-84.—ED.

ecutors and Administrators accordingly; and that the said Proprietors their Heirs, Executors, Administrators, and Assigns, shall and will Ratify and Confirm whatsoever the said *George Willocks* shall do by virtue of the Authorities, and in persuance of the Instructions hereby given him; and shall and will indemnify him, his Heirs, Executors and Administrators, from all such Expenses, Losses and Damages, which he, they, or any of them, shall or may sustain, suffer, or be put unto, for or by reason of any non performance of the Premises by the said Proprietors: And the said *George Willocks*, for himself, his Heirs, Executors, and Administrators, doth Covenant and Agree, to and with the said Proprietors, their Heirs, Executors and Administrators, that he the said *George Willocks*, shall and will truly and faithfully pursue the Instructions hereunder Written, and perform the Trust hereby reposed in him, according to the best of his Judgment, and the true intent and meaning of these Presents. (Extract.)

Since your Lord<sup>ps</sup> departure from hence, the proprietors of East and West New Jersey having been very pressing for the priviledge of Ports in those Countries. We have been oblidged to enquire carefully into their pretended right thereunto, and to lay our opinion before His Maj<sup>ty</sup> that they have no such rights, and that it is not convenient it should be granted to them; upon which His Maj<sup>ty</sup> having been pleased to give directions accordingly, and a copy of our representation being inserted in the order of Council made thereupon, we send you herewith all a copy of the said order, that you may understand the reasons of that determination, and take care that the rights and priviledges of the province of New York be not infringed.

Another thing prejudicall to his Ma<sup>tie</sup> that I have observed is the illegal tradeing to Corasee, & Madagascor w<sup>ch</sup> his Excell<sup>y</sup> I p<sup>r</sup>ceive takes all due Methods to Discourage: I am of the Opinion that a Small Fortification placed at Sandy Hooke, with tenn or twelve men, one of w<sup>ch</sup> ought as a Weighter to bee put on board every vessell bound up y<sup>e</sup> Bay, & Sent down p<sup>r</sup> the next: wold doe better Service for this end, & the preventing Smugling then the more chargable maintenance of a Man of Warr: I have comuni-cated this to Esq<sup>r</sup> Randolph the Surveyor Gen<sup>ll</sup> who Seems much to approve of it, I must also begg leave to remind you y<sup>t</sup> in Order to end the various Controversies between ye Provinces about the imposeing of Rates & duties on goods exported & imported: it might not be amiss to bring all to an equall Levell by an Act of Parliam<sup>t</sup> & I have just cause to believe no other means can prove effectual, the Severall Assemblies being very hardly brought to such a Complyance, & it being the only Method to reduce the trade of the severall Provinces to a greater degree of Eqallity S<sup>r</sup> I can-not but hope y<sup>t</sup> you will excuse what is amiss & if in anything I may bee capable of Serving his Ma<sup>tie</sup> that you will be pleas'd not to be unmindfull of

In my letter of the eighth of January last I gave your Lordships an account of my arrival at Barbadoes.

On the ninth of March I left that Island and on the second of April I landed at the City of New York, and entered on the Govern<sup>t</sup> \* \* \* \* \*

I presume your Lords<sup>pp's</sup> will likewise thinke it worth your serious consideration that the Govern<sup>t</sup> of the Jerseys have obtained leave to make two Ports for trade in their Govern<sub>t</sub> which will be a destruction to the Trade of the City and province of New York, who have established laws, for Customs by which a considerable revenue is raised to support the Govern<sup>t</sup> but if the said ports of the Jersies are permitted to lade and unlade ships free from such impositions, all Merchants will resort thither, being but twenty miles distance, which will be the ruine of this the King's Govern<sup>t</sup> which is the Bulwark, defence, and support of His Maj<sup>ties</sup> neighboring provinces, and the laws of this province that exacts customes & imports of goods do expire this next year, and I fear it will be difficult if not impossible to get them revived, or that the people will be willing to lay that Clog on their trade which the Jersies will be freed from, so that a revenue which well managed may advance six thousand pounds or £7000 pr annum will fall and nothing be left to support the Government.

I would not permit proclamations to be printed in this City establishing Perth Amboy and Burlington to be free ports: until I made your Lordships acquainted with this matter, and received His Maj<sup>ties</sup> further

pleasure about it; I am assured that the Assembly of this province at their meeting will fully represent this matter to your Lordships, to be laid before his Maj<sup>ty</sup> with all the fatal inconveniences that attend it<sup>1</sup>

<sup>2</sup> LEWIS MORRIS, whose name for so long a time is found connected more or less intimately with every important event affecting the government of the Province of New Jersey, was born in 1671 at Morrisania in New York. His first entrance into public life was in 1692, when only twenty-one years of age, being appointed one of Governor Hamilton's Council and a Judge of the Court of Common Right. He soon exercised great influence in public affairs, his legal attainments and great sagacity particularly qualifying him to become a wise counsellor to those in authority, until he became, himself, the Governor. Jeremiah Basse arriving to assume the government of the province in 1698 with the concurrence of only ten Proprietaries, instead of sixteen, Mr. Morris ranged himself with the opposition, and in consequence he was arrested and imprisoned by virtue of the instrument given in the text. Future references to him in these volumes will throw light upon his career, and see "Papers of Lewis Morris, Governor of the Province of New Jersey from 1738 to 1746," forming Vol. 4 of the Collections of the New Jersey Historical Society.—Ed.

*Proclamation of the Earl of Bellomont, against the establishment of Ports in New Jersey.*

[From P. R. O. B. T. New York, Vol. 4, C. 17.]

Proclamation by the Earle of Bellomont for maintaining y<sup>e</sup> Port of New York in its privileges against the Jarzies:

BY HIS EXCELLENCY

Richard Earl of Bellomont, Captain General and Governour in Chief of His Majesties Province of New York, and Territories depending thereon in America, and Vice Admiral of the same, &c.

A PROCLAMATION.

Whereas the Proprietors of East-New-Jersey have been very pressing with the Right Honourable, the Lords Commissioners for Trade and Plantations, to have the Priviledge of a Port at Perth-Amboy within the said Collony of New-Jarsey, ascertaining that they have a Right thereunto by virtue of a Grant they obtained from the late King James, dated the 14<sup>th</sup> of March 1682, though in reality he was then only Duke of York, and derived his Title thereunto from a preceeding Grant from his Royal Brother King Charles the Second; and have thereupon complained, that their Rights and Properties have been invaded by the Government of New York, in compelling their Ships to go up to New-York and denying of them the benefit of a Port at Perth-Amboy. Which Complaint having been taken into the Consideration of the said Right Honourable, the Lords Commissioners for Trade and Plantations, who, with the Advice of his Majesties Attorney and Sollicitor General, gave unto His Majesty their humble Opinion, That by an Act of

Parliament made in the 25<sup>th</sup> year of King Charles the second, Cap. 7, entituled, An Act for the better securing the Plantation Trade, That all ports are to be appointed in the Plantations by the Commissioners of the Customs of England, by and under the Authority and Direction of the Lord Treasurer, or Commissioners of the Treasury in the respective Plantations, for the collecting such Customs as are due to his Majesty in these Plantations. And that the aforesaid Power of appointing Ports, granted to the Commissioners of the Customs by the said Act, was not granted to the Duke of York by the said Letters Patents; and also the said Duke of York's Grant to the Lord Berkley and Sir George Carteret could not convey any such power, because he had no such power granted to him by the Crown. Whereupon it appeareth evident, That the said Proprietors have no manner of Right or Power to constitute ports either in East or West New Jarsey, from the late King Charles the second, the then Duke of York, or any other person deriving Authority from either of them, but that a Power of constituting such ports in any of his Majesties Plantations, is vested by Act of Parliament in the Commissioners of His Majesties Customs, under the Directions of the Lords Commissioners of his Majesty's Treasury.

And the said Right Honourable, the Lords Commissioners of Trade and Plantations were further humbly of Opinion, That all priviledges should, as much as possible, be preserved unto the Province of New-York. Which his Majesty was most graciously pleased to Approve; and thereupon was pleased to dismiss the said Petition of the Proprietors of East New-Jarsey and to order, That there be not any Innovation within the River of New York, nor any Goods to pass up the same, but what shall have paid the Duties at New-York, to the end the benefit of that Trade may be preserved to the Inhabitants and Traders of New York

and Albany, the same being agreeable to the Laws of his Majesties said Province, and to former Practice, as well as necessary for the collecting of those Customs and other Duties which are to be raised for the support of his Majesties Government in his said Province.

And whereas I am Informed, That notwithstanding of the Declaration of His Majesties Royal Will and pleasure in the premises, the proprietors and other the Inhabitants of the said East New-Jarsey, do contrary thereunto, endeavour to settle and establish a port at Perth-Amboy, to the great Obstruction and Decay of the Trade and Revenue of this His Majesties Province. I have therefore thought fit, by and with the Advice and Consent of His Majesties Council, strictly to charge and command His Majesties Collector and Receiver General of this His Majesties province of New York, and all Custom-House-Officers under him, and all other person and persons whom these presents may or can concern, that all and every of them in their respective places and Circumstances, do take effectual care that no Ship or Vessel be suffered or permitted to go unto Perth-Amboy, or unto any other Port or place within the said East-New-Jarsey with any Goods or Merchandise whereon any Duties or Customs do arise by virtue of the Laws of England and this province, without their first coming and entring the same in his Majesties Custom-House at New York, and paying there the aforesaid Duties established by the Laws, as aforesaid. And if any Ship or Vessel shall, contrary hereunto, go into any port or Harbour in the said New-Jarsey, then his Majesties Collector and Receiver General, or any Officer appointed by him, shall seize and stop the same until discharged by due course of Law. And all Persons are hereby strictly Charged and Commanded to take Notice hereof accordingly, as they will answer the contrary at their Peril.

Given at Fort William Henry the Twenty Fourth Day of May, 1698, and in the Tenth Year of the Reign of Our Sovereign Lord, WILLIAM the Third, by the Grace of God, of England, Scotland, France and Ireland, King, Defender of the Faith, &c.

BELLOMONT.

*My Lords [Extract]*

\* \* \* \* \* I have refused to permit Proclamations to be printed in this City by the Gov<sup>r</sup> of the Jerseys publishing that Perth Amboy and Burlington are free ports, because I find that the laws of this Province do raise a considerable Revenue for the support of this Govern<sup>t</sup> from Customs on Goods, which the ports in the Jerseys will be free from, and the port of Amboy being but twenty mile from this, The Merchants will all transport themselves thither, and carry away all the trade to the destruction of this Govern<sup>t</sup> I thought this affair of so great consequence, that I have likewise given this account thereof to the Lords of the Councill of Trade, that I may have His Maj<sup>ts</sup> pleasure therein for my direction. \* \* \* \*

Perth Amboy in East Jersey and Burlington in West

*Deposition of John Elston, one of Every's Crew,  
taken before the Governor of the Jerseys.*

[From P. R. O. B. T., New York, No. 4, D. 4.]

John Elston's Affidavit May 27<sup>th</sup> 1698. Referred  
to in the Earle of Bellom<sup>ts</sup> lett<sup>r</sup> of ye<sup>e</sup> 1<sup>st</sup> of  
July, 1698.

PERTH AMBOY, May 27<sup>th</sup> 1698

John Elston aged about 20 yeares Declares that  
about the yeare 1692 being in London shiped himself  
with the Lieutenant of Capt Gibson (Averry being then  
Cheife Mate) they proceeded on the Voyage to the  
Groyne where (upon some Disorders amongst the  
Seamen for want of theire pay) they Runn away  
with the said ship turning said Capt Gibson into a  
Pinnace after they were under saile with others of the  
said Capt Gibsons officers. This said Elston being then  
asleep knew nothing of said Action, till Comeing upon  
Decke found the Ship under Saile, and then supposed  
said ship was Goeing for England Capt Gibson being  
sick they tooke him out of the Cabbin, and as above  
sent him ashore. Saies that the first Land they made  
was the Cape de Verd Islands stopping at one of them  
Called the Isle of May, that there was 3 shipps there  
supposed Bound for Barbados ffrom thence proceeded  
to the Coast of Guinea touching at the Gold Coast and  
several other places, which he does not Remember;  
that Dureing the time of theire being on the Coast  
they tooke two shipps Danes and Swedes Laden with  
Goods for the Guinea trade takeing as many men out  
of them as were willing to saile with them turning the  
Rest on shore on the Island of . . . .  
Belonging to the Portuguese and turning the shippes  
a Drift, that in the Acc'on they had a Dispute with

said shippes for about halfe an hour looseing one man  
namely Thomas . . . . they Creaned their ship on  
the Coast at the Island of . . . from thence they  
went for the Cape of Good hope but stopped not there  
but at the Island Madagascar arriving at the Port of  
. . . in said Island where they tooke in provisions  
and water, ffrom thence, we went for the Islands of  
Johanna and Comaro where they went on shore and  
traded with the Indians who Informed them that there  
was theire [three ?] ships on the other side of said Island  
two of which appeared in sight and both came within  
the space of two Gunns shott which made us to sigh and  
Run from thence we Directed our Course for the  
Bight Stopping a very little space at a Portugese  
Island, not Goeing ashore nor within a Gunns shott  
yett the ffort fired one or two Gunns towards us, from  
thence to the aforesaid Islands of Johanna and Comero  
to heare what newes the aforesaid ships had Brought  
and where we had left one of ships Comp<sup>a</sup> (sicke of the  
Dry Belly Ake) from thence we sayled for the Cape  
that makes the Gulph of Arabia on the Redd Sea  
where we Gott in fresh provisions as Goates &c<sup>a</sup> the  
Inhabitants being very Civill to us that about two  
dayes afterwards sayleing along shore, we came to an  
Arabian Mosque, to which our Company blew [drew?] up,  
from thence to the Entrance of the Redd Sea, where  
we came to an Anchor waiting for ships and Juncks  
Comeing from Mova, that we lay there about a fort-  
night or 3 weeks without takeing any purchasse. That  
in the time of our soe lying and Continueing amongst  
said Islands, we sent our Pinnace up to Mova, and at  
her Returne they brought us word that the fleet was  
Ready to saile as I heard, for the next night after the  
ffleet sayled and passed us undiscovered. The Day  
following we saw a small vessel or Junck without of  
the Port of Mova which Caused us to weigh Anchor  
and Chased her about an hour then tooke her with our

Pinnace. That at this time there was added to our Company 4 or 5 sayle more we tooke the Master of said small Vessel and some of his men and examined them, whether the ffleet was sayled or not. Theire Answer was that they sayled the night before, we tooke nothing out of her but some Locus and provisions and such Greene Trade keeping the Master of the Vessell on Board for a Pilott, and his Vessell following us. We made the best of our way after the afore-said ffleet as Did the Rest of our Consorts, but there was but one of them that Could Keep us Company. When we came into the Bay of Bengall, and finding that we had out Run the ffleet. We hawled up all our sayles and lay by. A Little before Day a ship Came by us within about a Pistoll shott after which we made sayle and after Day fired at her, whome we tooke being a ship of about six hundred Tunns a slight ship haveing only their Money on board the Quantity Reputed to be about (or more then) Twenty thousand pounds Wee kept her in Company about 24 hours takeing out what we thought proper for our own use, and then lett her Goe. We proceeded further in to the Bay. Capt: . . . . Wake Master of a small Barke of about 80 Tunns with 8 or 10 Gunns supposed one that came from New Yorke within said Bay, we Discovered theire sayle supposeing them to be Dutch-men of Warr we stood away from them fireing a Gun to Leeward letting them know that we were freinds. Standing out of the Bay aforesaid wee mett with another Ship which we fought about an hour and a halfe, she being about sixteen hundred Tunns fforty or ffifty Gunns mounted and others in hold. That we had then in Company the aforesaid Capt: Wake, and Capt Tew's Sloop Burthen about 70 Tunns 6 or 8 Gunns who Both Assisted us in the Engagement, on our part we had one or two men wounded we Entred her and kept her about twenty-four hours That we

Esteemed her worth about two hundred thousand pounds the said John Elston was not aboard of the ship, but as he heard there was some women on board of her: The next place we went to was further on the Coast of India where we bought fresh provision Rack &c<sup>a</sup> and from thence touched at a ffrench Island neare Madagascar where we took in more fresh provisions from thence we Directed our Course to the West Indies touching at some other Islands but tooke no other purchase, at last Arrived at providence one of the Bahama Islands where the Governo<sup>r</sup> gave us leave to Come in for which we gave him a Considerable sume of money, but what Quantity Cannot say. That the ship was Delivered to the Governo<sup>r</sup> to take Care of her to the use of the owners, but before they came away she Drove ashore and was lost. Capt: Every with about 16 of his men bought a Sloop, and as he believed went for England the Rest of the men Dispersed themselves as they thought fitt. The persons that Came with the aforesaid John Elston as he Remembers namely John Baker, Edward Lacy, William Merrick, the Boatswaine Doctor and some others who went a shore at ffishers Island. That the persons above menc'oned were Assisting and Acting at the takeing of both the shipps in the Bay aforesaid of Bengall That the aforesaid William at the Groyne belonged to the Ship Dove and Came on Board the ship Charles alias ffrancis with Several others from other ships there and Came with us to the Island of Providence and from thence by way of ffishers Island to East Jersey.

*My Lord,*

I noe sooner received the Precept Signed by m<sup>r</sup> Tudor for the delivery of the two prisoners for pyracy and Dep<sup>r</sup>dition super altum mare but I Imediately Convened the Councill of the Provence, it being the first writt of this kind that ever came into this Province. I found them unanimous in their opinion that p<sup>r</sup>cepts from the Admiralty board on Admiralty affairs ought to be obeyed, but withall they Judged it highly Reasonable that the Com'on, [ ? ] should be recorded in this province to which they give obedience they otherwise Acting by an Implicite faith, Your Lordships Commission of Vice Admirall Superceding the pretentions the Proprietors had to that Right (they are Informed by . . . of the like Usage in other cases) ought to bee published in every provence where it takes place together with those other Comm'ons by which y<sup>e</sup> Court is held, These my Lord were the Reasons that Induced me to stop a p<sup>r</sup>cept ready drawne to the Sherriff for the Delivery of the prisoners to your Marsh<sup>ll</sup> not thinking it Safe to act by my own opinion & knowledge of your L'dship<sup>s</sup> Authority Contrary to the Generall adjudg'ment of my Councill untill I receive farther Orders together with a publication of your L'dships and the Judge Admirall Commissions, which I could wish were in as little time as possible the Expence of the Country

I have Communicated yours of the 17<sup>th</sup> of Instant to the Gentlemen of the Coucill of this Province who Joyne with me in opinion that your disobeying the p<sup>r</sup>cept of his Majesty's Court of Admiralty of New York is a high Contempt of his Majesties Authority, & that your Councill's opinion Cannot Justify you in it, who acknowledge in your letter to be fully aprized of the said authority which you acknowledged to Coll. *Reasons of the Attorney General of New York, why  
Perth Amboy should not be a Free Port.*

[From N. Y. Col. Doc'ts., Vol. IV., p 382.]

To His Excellency the Right Honourable the Earl  
of Bellomont.

*May it Please your Lordship.*

In the yeare 1664 King Charles grants to the Duke of York all the lands betwixt Connecticut and Delaware River. In the same yeare the Duke of York grants all the lands betwixt Hudson's River and Delaware River to S<sup>r</sup> George Carteret and John Lord Barclay.

Sir George Carteret appoints in the year 1665 [Philip] Carteret, his Governour to settle East New Jersey part of the said grant.

In the year 1672 the Dutch take this Province and the East and West Jerseys. In the year 1774 S<sup>r</sup> Edmund Andros by articles of peace receives this province from the Dutch with orders to deliver unto his Royall Highness the Duke of Yorke who had a new grant for the same from King Charles the Second.

The Duke of York gives a new grant to Sir George Carteret for East New Jersey in the said year 1674, another to John Lord Barclay.

Sir Edmund Andros confirms all things done by the Dutch: New Yorke made a free port: Sir Edm<sup>d</sup> Andros confirms the duties laid by the Dutch upon trade, takes of in the year 1675 the Burgers pack or Excise at New York, but exacts the other duties. In 1676 Colonel Carteret pretends to clear a sloop at [for?] Carolina, was obstructed by S<sup>r</sup> Edmund Andros.

In the year 1678 put a duty of twenty shillings p<sup>r</sup> hogshead upon rumm.

In the year 1679, Governour Carteret declares that all vessels that will come and trade to East New Jersey shall be free.

One M<sup>r</sup> Hooper orders a Ketch from Barbadoes to goe thither upon that proclamation: the Ketch was brought up to New Yorke and made to enter here & pay the dutys before she could carry her rumm to New Jersey. In the same year S<sup>r</sup> Edmund Andros seized upon the Governour and Government, calls an Assembly there, comes to no conclusion. In the year 1681 the executors of S<sup>r</sup> George Carteret sell East Jersey the purchasers send over Thomas Rudyard, Samuell Groom to be Governours, they erect a town at Amboy, pretend to great priviledges, make some settlements there, but brings noe shipping further than Staten Island, where they were permitted to convey household goooods.

In the time of Colonel Dongan a ship goes to Amboy without reporting at New York, was afterwards brought hither and permitted to load from this port. Complaint was made home thereupon and the King ordered they might have a port at Amboy upon condition that his collector at New York should appoint

. . . and take security that all ships that should come and load or unload at Amboy should pay the duties arising to His Majesty in New York; upon which terms they accepted a Collector, and was accordingly sworn to execute that office. And in this state continued untill the time of the happy Revolution. Since which time there hath been noe pretensions unto a freedome of a port until now.

Reasons humbly offered why Amboy ought not to be a free Port:

Imprimis the Province of New York hath a revenue established upon the trade to and from the Province by which his Majesty is enabled to defray the charge of his government, which cannot be duely paid if

Amboy be admitted a free port, because the scituation of Amboy is nearest to Sandy Hook where ships enter from the sea and if they can goe twelve miles to a Port and be free from all duties, they will never come twenty-four miles to pay considerable duties, so that the revenue will certainly fall.

If it should be permitted to be a free Port albeit they have officers appointed by the Custom house, yet they are not able to avoid the abuses that will be committed against the Act of Trade, because the inhabitants of that Province will always preferr their private gaine to the generall good of the Nation of England, and there being no force of government to suppress such unlawfull dealing, it will become (by being a free Port) a nursery to all the unlawfull trade of America: because at New-York who hath a strong garrison and Ships of War to attend, yet it is with great difficulty that the said unlawfull trade is suppressed, and if not by your Lordships strict diligence, would fall into great disorder and confusion.

It is also against the policy of England; for Hudson's River is the same with the River of Thames; for altho' there is not so great a breadth between the East and West side of Hudson River as there is between the mouth of the River of Thames, yet there is no other Port appointed in the said River butt the City of London, and from the same reason the greatest distance between Amboy and Yorke not exceeding thirty miles, all the inhabitants of New Jersey cannot exceed by a moderate computation twelve thousand [hundred] families, who lay upon themselves a considerable burthen for the supporting the King's government, and therefore more reasonable that New York should be the port, as London is to the River of Thames, then that Amboy should be a port, and not only destroy so great a revenue to the King, but also force the inhabitants of this Province, who depend upon trade to

repare where they may live more easy and by that means weaken the strength of so usefull a Province to his Majesty. And by maintaining the port of New Yorke there can be no greater violence done to the subject then there is in the river of Thames, but being found more for the King and Nation's service that London should be the port then any other place in the River of Thames (tho there be many convenient places for ports on both sides the river) yet it would be in prejudice of the improvements of London; and soe debarred. And by the same motive the lesser ought to yield to the greater, being in like manner the more for the King's service and interest that 200 yield to 5000, and four or five saile of vessels come to Yorke and pay duties then that the navigation of 100 sail that come to New York should goe to Amboy & loose not only the trade of the Province but the revenue that depends thereon. Many more arguments can be offered but this in the meantime for your Lordships present information is humbly submitted by

May it please your Lordship  
Your Lordships most obedient  
and most faithfull servant

MY LORDS.

In my last of the 25<sup>th</sup> of May I gave your Lordships an account of my receipt of His Maj<sup>ts</sup> orders in rela-

tion to the Port of New Yorke and the Jerseys and send your Lord<sup>ps</sup> the Proclam<sup>tn</sup> I published thereon; but I finde since my proclamation Coll: Bass published a Counter proclam<sup>tn</sup> in the Jersey's which I now send you; he likewise hath wrot several letters to me on that subject, much disputing my orders and ascerting the right of the Port of Perth Amboy; but he hath since been with me and seen the Kings orders, and I thought he was so well satisfied that there would be no dispute but that the Jerseys should submitt to the Court of Admiralty of New Yorke: and soon after a ship was seized there by Mr. Randolph and tryed in the Court of Admiralty here, but sometime since two Pirates of Every<sup>r</sup>s crew being seized in the Jerseys a precept issued out of the Court of Admiralty here to demand them and to bring them prisoners thither. On this Coll: Bass called his Council and they were unanimous not to deliver, until the Commission for the Court of Admiralty was published and recorded in the Jerseys as appears by Coll: Bass his letter now sent of the 17 June last. On the receipt of this I call His Maj<sup>tys</sup> Councill, and by their advice sent a command to Coll: Bass (which I now likewise sent you) with which Coll: Bass being startled, he ventured without the consent of his Councill to send me the two prisoners supposed to be Every<sup>r</sup>s crew. I herewith send their examinations taken before Coll: Bass. I can find no evidence here against them, so that they would be cleared on a tryall here, and I have no instructions to send them for England so that I must admitt them to bail. One of them is not now above nineteen years old, his name is John Alston, was about 12 or 13 years old and was a boy in the ship when Every run away with her, and as he said forced him away too for a cabin boy, that he had no share with the rest, but a small part which they voluntarily gave them, that he acted no ill thing with his owne hand, and could not avoid being in the ship,

being forced away: his account appeared to me probable, and inclines me to represent this circumstance to your Lord<sup>ps</sup>s that if you think fitt he may be represented as an object of His Maj<sup>ys</sup> mercy, he is not named in the Proclamation.      \*      \*      \*      \*

My Lords—I am with respect—Your Lord<sup>ps</sup>s  
most humble and faithful servant

MY LORDS

\* \* P. S. I had omitted to acquaint your Lord<sup>ps</sup>s that a precept issued out of the Court of Admiralty of New Yorke, to take two supposed Pirates out of the custody of the Gov<sup>t</sup> of Jerseys, but he by advice of the Council (as he said) did not obey it on pretence that my commission of Vice Admirall (which as yet I have not) was not published and recorded in the Jerseys, nor the other Commissions of that Court. But I sent him a commanding letter, which he obeyed, and sent the Prisoners, as your Lord<sup>ps</sup>s will perceive by the letters which shall be laid before your Lord<sup>ps</sup>s by the Agent.

Coll<sup>s</sup> Cortlandt Did inform the board that this Day  
the Governo<sup>r</sup> of the Jerseys Accompanied Stephen  
Jerom Master of the Ship Dispatch and Demanded  
Clearings for Amboy, in order to Unload Goods with-  
out paying the Duty, and upon Argument Tendred to  
give Security in £1000 to abide by all at Westminster-

shall be Cast in his Maj'ties Courts.

The Governo<sup>r</sup> of the Jerseys and Mr. Willock were  
called in, and his Excellencies proclamation read to  
which the Governo<sup>r</sup> of the Jerseys did answer that they  
Did not Claime theire right to a Port from the Duke  
of Yorks Grant but from the Act of Parliament of the  
25<sup>th</sup> King Charles the Second Chapter the Seventh.  
Amboy being Established a Port by the Comissioners  
of the Customes, under the Directions of the Lords of  
the Treasury, That My Lords Proclamation could not  
Oblige them to part with their Right whereof they  
were possessed, unlesse they Did understand, that it  
was Destroyed by the same power that Gave it, That  
it was unreasonable and Contrary to the Law of the  
Province of New York to levy money upon his Maj'ties

Free Subjects of East Jersey, by virtue of the Acts of Assembly of this Province, while the Subjects of East Jersey had no person to Represent them in those Assemblies.

That the Master had Signed Bills of Loading to Deliver Goods at Amboy, and that the Commissioners of the Customs had signed to Cocketts of that Town.— That the Councill of the Jerseys were Resolved to protect any Ships Coming thither and to Repell force by force, but to prevent force and violence they Doe tender to Give Security as Coll<sup>o</sup> Cortlandt Did already Inform.

The Governo<sup>r</sup> of the Jerseys Gave in Copies of Mr. Cokers Comission to be Collector of the Jerseys; King Charles the second's Proclamation, King William's Letter to the proprietors of East Jersey, the Com<sup>rs</sup> of the Customes Report upon the Proprietors petition, and the order of the Comissioners of the Customs to Mr. Randolph about a port at Perth Amboy. It is the opinion of the Council, that a Copy of these Minutes, and other papers be sent up to his Excellency.

To the Right Honourable the Lords Commissioners of the Council of Trade.

[Extract.]

MY LORDS

\* \* \* \* \*

Your Lordships formerly sent me orders to maintein the priviledges of this port against Perth Amboy in East Jersey: upon which I issued a Proclamation signifying his Majesty's order in Councill thereupon; and Colonel Basse, Governor of the Jerseys setting forth a counter proclamation, I sent for him and shewed him the Orders your Lordships had sent me, and that in the presence of the Attorney Generall; yet this man has since had the impudence and folly to deny that he ever saw my orders and pretends he will by force main-tain the port of Perth Amboy. When I was at Albany he appeared before my Lieutenant Governor and the

Councill and controverted the right that place had to be a port and produced severall coppies of papers (but not one original) to prove that the Lords of the Treasury & Commissioners of the Customes allowed it a Port. My Lieutenant Governour's letter to me at Albany, and the minutes of Councill will inform your Lordships of this matter, they are (No 6) and with them are bound up coppies of all Colonel Basse's papers, which he produced before my Lieutenant Governor and Councill, as evidences of Perth Amboy being allowed a Port. I must not forget to acquaint your Lordships that when I shewed Colonel Basse the orders you sent me, he urging the validity of those papers, I now come from mentioning, and that the Act of Parliament of the 25<sup>th</sup> Car. the 2<sup>d</sup> gave the sole power of constituting Ports to the Lords of the Treasury and under them to the Commissioners of the Customes; I told him if he could produce an authentick originall order from the Lords of the Treasury or the Commissioners of the Customes, erecting Perth Amboy into a Port, I would pay that defference to their orders as not to disturb any ships going in there, provided security were given that all goods landed there should afterwards pay the duty claimed by the port of New York in case upon my writing to the Ministers in England the matters should again be determined in favour of the port of New York: and I remember I argued with Colonel Basse the impossibility of the King's making such an order in Councill without the concurrence of some of the Lords of the Treasury, who as members of the Privy Council would have sett his Majesty right if the matter had been wholly under the direction of their Lordships of the Treasury by that clause in the Act of Parliament. Besides I told him it could not be imagined that such eminent lawyers as my Lord Chancellour and Lord Chief Justice of England would sitt at Councill and not inform his Majesty that

such an order was against law, were it really soe. To shew what little respect Colonel Basse paid to the orders of the government I send your Lordships an affidavit made by M<sup>r</sup> Hungerford who together with Colonel Cortlandt is appointed to execute the office of Collector and Receiver Generall in M<sup>r</sup> Brookes his stead, which is bound up with the above said paper \* \*

I conclude with much respect, My Lords

I communicated the letter which you were pleased to write me, dated in Aprill last, to the Lords Commissioners of the Councell of Trade and Plantations: upon which their Lordps have command<sup>d</sup> me to Acquaint you, that your advices are very Acceptable to them, and to desire the continuance thereof. The Method which you say you have proposed to M<sup>r</sup> Randolph for preventing Smuggling and illegal Trade, will I suppose come under the Consideration of the Commissioners of the Customes, to whose province it particularly belongs.

What you write about equalizing the Duties on Commodities in the Severall plantations by an Act of Parliament here is a Matter of great weight upon which I presume not to make any Judgement. But as I know that the Suppression of Pirats and the discouragement of them in the Plantations, either by preventing their fitting out from thence or apprehending and punishing those that return thither, is absolutely necessary not only in respect of England, but for all honest Men even in the plantations themselves, I cannot therefore but commend the Zeal you have many times expressed in that matter, and remain confident that you will omit nothing in your power that may contribute to so good a Work, whether it be by intelligence and advices hither or by the care full Execution of what is required from you in the place of your residence there I heartily wish you all manner of happiness in the Post where you are placed, And am &c

Mr. Basse the Governoour of the Jerseys in contempt of the orders your Lordships formerly sent me, loaded the ship Hester at Perth Amboy in East Jersey and was sending her on a voyage; on notice whereof I sent M<sup>r</sup> Hungerford one of the present Collectors, and one

of my Lieutenants with forty soldiers and seized and brought the ship away. I have since offered to restore the ship provided Basse would have her cleared at this Port, but he refusing so to do we are going to have her tried. The whole proceeding about the said ship is contained in the papers herewith sent (No. 1) viz<sup>t</sup> two minutes of Council and two letters, one whereof writ by Mr. Cozens, Clerk of the Council to Basse, by order of myself and Council, and Basse's answer to that letter. M<sup>r</sup> Basse sent me word he had positive orders from the Proprietors not to yield upon no account to any orders I had received, and he threatens to try in Westminster Hall whether Perth Amboy be a port or no, and to sue me for damages for bringing away the ship Hester.<sup>1</sup> She is a leaky ship of about 120 tun and her loading is 28,000 barrel staves. Now that I speak of the Jerseys it will be proper to acquaint your Lordships that I have not yet complied with his Majesty's instruction which orders my regulating the Militia of the Jerseys, because there is no civill government there, for Basse having not the King's approbation, as the Act of Parliament of the seventh & eighth of the King obliges all governours of Plantations to have, the people do not own Basse's authority, and for fear they should call it more publickly in question, he dares not call an Assembly. Besides 'tis said he has been formerly in very mean circumstances in that country, and his carriage now is very foolish, which makes him contemptible to the people.

Sir:

The Lords Commissioners of the Council of Trade and plantations having been lately informed by the Earle of Bellomont from New York of some opposition made by M<sup>r</sup> Bass Governor of the Jersy's, to his Majesties Order in Councill of the Twenty fifth of Novemb<sup>r</sup> 1697; relating to a Port at Perth Amboy; they have commanded me to send you the following papers for the information of the Commissioners of his Majesties Customs in that matter Viz.

seizure that he endeavoured to make there in pursuance of his Majesty's forsaid Order in Councill and the Earl of Bellomonts proclamation upon it. Dated the 18<sup>th</sup> September 1698.

Unto which I am commanded to add that their Lordships observing that M<sup>r</sup> Bass now waves the former pretence of a Right derived from the Duke of York and builds chiefly upon the commissions granted by the Commissioners of his Majesties customes to their Officers at Perth Amboy from whence he seems to infer either a direct Establishment or at least Tacit Supposition of a Right to a Port in that place by vertue of the act of Parliament of the 25<sup>th</sup> Ch: 2<sup>d</sup>. They are desirous to know if the Commissioners of the Customes have received the like Informations from the Earl of Bellmont about this Business and what Order they have taken therein; Or if they had not received So full Information before, Their lordships desire they would now please to consider the Papers I send You, and let them know their thoughts thereupon; Because it seems much for his Majesties Interest, and of great importance to the province of New York, and consequently to the Security of his Majesties other plantations in America, (of which New York is the most considerable frontier) that his Majesties forsaid Order in Council and the Instruction constantly given to all the Governors of New York upon that Subject, be punctually observed.

Their Lordships observing also that the Earl of Bellmont in his Letter of the First of July last makes mention of a vessel Seized by M<sup>r</sup> Randolph in the Jerseys and afterwards Tryed in the Court of Ad<sup>rty</sup> of New York, they desire you would let them know the Subject and Success of that Tryall, I am &c:

There is another Act in the 7<sup>th</sup> and 8<sup>th</sup> Year of his present Ma<sup>ts</sup> Reign for preventing Frauds and Regulating Abuses in the Plantac'on Trade which for the better execution the Severall Acts of Parliament relating thereunto doth provide That the Lords Comm<sup>rs</sup> of the Treasury and Comm<sup>rs</sup> of the customes in England for ye time being Shall and may con-stitute and appoint Such and So many Officers of the Customes in any City, Town, River, Port, Harbour, or Creek of or belonging to any of the Islands Tracts of Land and Proprieties when and as often as to them Shall seem needfull Pursuant to which Law (not men-cioned by the R<sup>t</sup> Hon<sup>ble</sup> the Lords Com<sup>rs</sup> of the Councill of Trade in their Representation to Their Excellencies the Lords Justices of the 27 of October 1697) Your Lords'ps were pleased by Your Warrant of the 20<sup>th</sup> of November 1696 to approve of a Collector at Perth Amboy in East Jersey and another at Bridlington in West Jersey which Constitution in those places was proposed with others to Your Lordship's from the Opinion of the Surveyor Generall of the Customes in his Majesties Plantacions. That it would be a Reasonable Accommodation to the Traders in those Provinces as well for the Security of the Revenue as for the more Effectual Observance of the Severall Acts relating to the Plantac'on Trade to which Purpose the Officers have Instructions from this Board to Collect the Rates and Duties Imposed by the aforesaid Act in the 25 Yeare of the Reign of King Charles ye Second upon Tobacco and other Plantation Comodities therein Enum-merated which shall be Shipt or Loaden from thence for any other of his Ma<sup>ts</sup> Plantac'ons.—as also to inspect the like Com'odities which shall be Laden in ships bound directly to this Kingdom And to attend the De-

livery of all European Goods brought from home and prevent the Importation thereof from other places and likewise to take Care That all Goods be Imported and Exported in Ships Qualified according to Law which are the Chiefe Matters those Officers are charged with Nor was Establishment of a Collector at Perth Amboy any wages intended (nor can it in our humble Opinion be understood) to exempt those inhabitants of New Jersey from the Payment of any Dutyes they were before chargeable with to the Government of New York and are wholly different from those which the Collector of the Customes is charged with at Perth Amboy and are not under Our Direction as may appear from Our Report to Your Lords'ps of 31 August 1697 upon this Subject Copy whereof is hereunto annexed

TO THE KINGS MOST EXCELLENT MA<sup>TY</sup>  
The humble Petition of the Proprietors of the  
Province of East New Jersey in America.

*Humbly Sheweth*

THAT the Earle of Bellomont Your Ma<sup>ys</sup> Governor of New York in America in November last, Commanded Thirty or Forty Armed Men to Seize the Ship Hester, then Riding at Anchor within the Harbor of Perth Amboy in East Jersey (ready to sail with the product of that Country to the Maderas) and to carry the said Ship up to New York, where his Excellency caused an Information to be fil'd, in Order to her Condemnation, for not Entring and clearing at that Port.<sup>1</sup>

The Governor did Inform this Board that yesterday in the afternoon Capt. Mathews & Mr. Hungerford with between fifty and Sixty men in Arms did come from New York & by Surprise forcibly entr'd the Ship Hester & forcibiy detain'd her, and also forcibly do keep & retain Capt Richard Wise Com'ander of the s'd Ship & all the Seamen & Mariners (to her belonging) prisoners aboard the Said

That the Earl of Bellomont Justifies his Proceedings by vertue of your Ma<sup>tys</sup> Order in Councill made the twenty fifth day of November 1697, in Confirmation of a Report of the R<sup>t</sup> Hono<sup>ble</sup> the Councill of Trade, wherein ther Lo<sup>pp</sup>s declare their Opinion that your Petitioners have no Grant of any Port in East Jersey, And that the Allowance of such a Port will be Detrimentall to New Yorke.

That the said Report is grounded upon Severall mis- Informations of matters of Fact, and the Proprietors had no Notice of the said Report or of your Ma<sup>tys</sup> confirmation of it, till the same were published by the Earl of Bellomont in America, whereby yo<sup>r</sup> Pet<sup>rs</sup> lost all opportunity of asserting their Right of Entring and Clearing Ships in East Jersey.

That your Pet<sup>rs</sup> are advised by Eminent Councell that they have an undoubted Right of Entring and Clearing Ships immediately at East Jersey, and if they are deprived of a Common benefit of a Port (enjoyed by all other English Colonies) that fertile Country will be Deserted by the Inhabitants and return to a Wilderness, and your Pet<sup>rs</sup> Estates there (which have lost them great Summs of Mony to purchase and Improve) will be totally lost.

That to obviate all objections which have been or can reasonably be made by the Inhabitants of New York against a Port in East Jersey, your Pet<sup>rs</sup> will oblige themselves to procure an Act of Assembly of that Province for Imposing the same Dutys upon Goods,

It is the positive & unanimous Opinion of this Board that there be no force to re-take the Said Ship Hester." At a subsequent meeting December 12th the following was recorded "It is the positive and unanimous Opinion of this Board, the Governor do not medle or concern any further with the Ship Hester any manner or way, in Compliyance with the Govern'r or Governm't of New York."—Records of Governor and Council 1682—1703 pp 201, 202.—Ed.

Your Pet<sup>rs</sup> therefore most humbly pray that your Ma<sup>ty</sup> will be graciously pleased to permitt the free use of the Port of Perth Amboy, upon their procuring such Act of Assembly for Imposing the like Customs as aforesaid, Or that (for yo<sup>r</sup> Pet<sup>rs</sup> vindication against the clamor of the Inhabitants of East Jersey, upon this occasion) your Ma<sup>ty</sup> will direct Your Attorney Generall, to Consent to a Tryall at Barr in West Minister Hall, upon a faign'd Issue, whereby yo<sup>r</sup> Pet<sup>rs</sup> claim may receive a Judicall Determination.

*Andrew Hamilton to Secretary Popple, relative to the action of the Lords of Trade on his appointment as Governor of New Jersey.*

[From P. R. O. B. T., Proprieties No. 1, B. 59.]

Lr'e from M<sup>r</sup> Andrew Hamilton to y<sup>e</sup> Sec<sup>ry</sup> desiring a speedy Report upon the Petic'on & Meml<sup>l</sup> of of y<sup>e</sup> Jersies ab<sup>t</sup> his being appointed Gov<sup>r</sup>

Being inform'd that their Ld'ps have been taken up with multiplicity of affairs, I was unwilling to interrupt their Ld'ps with any motion of mine.

But now for the Season of the year disposing those concerned in Shipping bound to New York & Boston, to dispatch them speedily, & the latest to sail 14 dayes hence, puts me under a necessity to remind their Ld'ps of the petition & Memorial of the Proprietors of the Jerseys concerning me, which lyes before the Board.

The State also of the Post in America which is under my care,<sup>1</sup> doth call for my speedy repair thither, The Acts of Assembly of those Colonies which ascertain the Rates upon letters being near expired, & will not be easily renewed without my personall application.

I humbly therefor move their Ld'ps by you Sr that a Report may be made against next Council day if it may suit with their Ld'ps convenience

*Memorial of the Proprietors of East Jersey to the  
Lords of Trade, in relation to the seizure of the  
ship Hester, & their claim to free ports.*

[P. R. O. B. T., Proprieties, Vol. 3, C<sup>1</sup>.]

TO THE RIGHT HON<sup>BLE</sup> THE LORDS OF THE COUNCILL OF  
TRADE AND PLANTATIONS.

The Humble Memorial of the Proprietors of East  
New Jersey in America.

THE said Proprietors having lately presented their humble Petic'on to his Majesty in Councell, since referred to, and lying before your Lordshippes, wherein

<sup>1</sup> Col. Hamilton, at that time, was Postmaster General for New Jersey and some of the other colonies. See Vol. I., p 509, Note.—Ed.

they complain of the Governor of *New-Yorke* his seizure of the Shipp *Hester* within the Harbour of *Perth-Amboy* in East Jersey, which his Excellency Justifyes by virtue of his Majesties Order in Councill made in Confirmation of a Report from Yo<sup>r</sup> Lordp<sup>s</sup> declaring Your Opinion that the Proprietors have no Grant of any Port in East-Jersey; And the Proprietors having in their said Petition sett forth that Your Lordp<sup>s</sup> Report was grounded upon Severall misinformations given your Lordp<sup>s</sup> of matters of Fact; They humbly crave leave to Explain themselves therein.

Whereas Your Lordshipps in that Report declare that the Prop'tors have no manner of right or power to constitute ports in East Jersey from K: Charles 2<sup>d</sup>, the Duke of Yorke, or any other person deriving Authority from either of them, They humbly Declare that the right claimed by them is but the Com'on & Naturall Right of coming into & going out of that Province with Shipps for the necessary Support of the Inhabittants(A priviledge which every other Collony of America doth enjoy to this day.)

And that no Customes being payable there for any Goods Imported from Europe thither, or for the product of that Collony to Europe, the West Indies or elsewhere, They conceive and are advised they have power to Import and Export such Goods from any part of that Province without Interruption, And for the Enumerated Goods of the growth of the Plantations and Transported from one Plantation to another upon which a duty is Imposed by the Statute of the 25 of K: Ch: 2<sup>d</sup> The Proprietors insist that the Comm<sup>rs</sup> of the Customes under the Direction of the Lords Comm<sup>rs</sup> of the Trea'ry had Constituted *Perth Amboy* a Port for that purpose before Yo<sup>r</sup> Lordp<sup>s</sup> late Report, which the Proprietors are willing shall be the Port for Importing & Exporting all Goods whatsoever to and from the said Collony.

That the separation of the Jerseys from New Yorke (being in the year 1664) was before the Statute that Impowered the Com<sup>r</sup>s of the Customes to Constitute Ports in America, or before any Customes were payable at New York; so, That as the people were under no limitation from England of Using the most convenient Harbours in their Collony for Importation & Exportation; New York cannot pretend that by the separation of the Jerseys any Revenue or Customes are lopp'd off which were formerly payed out of those Provinces to the Province or Port of New York.

And whereas Yo<sup>r</sup> Lord<sup>pp's</sup> in Yo<sup>r</sup> said Report sett forth that New York and Perth Amboy lye within the same Capes & River, and that it is not usuall to admitt of two Independant Ports within the same River, The Proprietors humbly insist that Yo<sup>r</sup> Lord<sup>pp's</sup> are misinformed in that particular, for tho' Virginia and Maryland lye within the same Capes & River they have different Ports, and every Creek is permitted to be so; and the same is practised in New England. And tho' the entrance from the Sea to New York and Perth Amboy be through the same Channell close by Sandy-Hooke because of Shoals and Banks that lye along to Nassau or Long Island, yet being once within the said Channell the courses flowings & Ebbings, are different, for New York lying North from Sandy Hook upon Hudsons River, and Perth Amboy lying West upon Rariton River, (as will appear by the Mapp) if Ships bound for Perth Amboy must first enter at New Yorke they will be subject to the Inconveniences following.

They must first goe down again to Sandy Hook before they can fall into the Channell of Rariton-River, and are subject to be driven to Sea as often Pilots have been, conveying Shippes down to Sandy Hook, one instance whereof is now in England; The Pilot in 8<sup>br</sup> or 9<sup>br</sup> last conveying down the Kings Shipp the Fuoy to Sandy Hooke, a Gale Sprung up that the Cap<sup>t</sup> could

not put him ashore and was forced to bring him to England.

If a Ship bound outward from Perth Amboy with the product of that Colony shall be obliged to clear at New York She may be blown off in going round, and so is seizable in any of the Kings Ports for want of Coquets.

A Northerly Wind is a fair wind to goe to Sea from Perth Amboy but blows quite down Hudsons River, that Shipps with that wind cannot come at New York & so lose a fair wind:

In the wintertime Shipps can goe to Sea from Perth-Amboy, once in two or three Tides, but it is impossible to goe to New York, because of the running Ice in that River, and therefore must lose their Season till the Winter is over.

East Jersey affords great store of Horses fitt to be Transported to the West Indies, They are never put aboard till the Wind offers fair to goe to Sea; And should Vessels loaded with Horses be obliged to Clear at New York, they may lose the Wind that might carry them to Sea, and be the loss of their Voyage, besides many inconveniences too tedious to trouble Your Lordshipps with.

The Proprietors hoping Yo<sup>r</sup> Lord<sup>ps</sup> are satisfied they intended no disrespect to your Lord<sup>ps</sup> by that Allegation in their Petition, They humbly represent to yo<sup>r</sup> Lord<sup>ps</sup> that the Chief design of their present Petition, is to take away the principall Objection made by Yo<sup>r</sup> Lord<sup>rs</sup> against a Free Port in East-Jersey, viz<sup>t</sup> the Detriment it will bring to New York, and therefore the Proprietors made the proposall, and will still undertake to perform it, of obtaining an Act of Assembly for the same duties at Perth Amboy, as are and shall be paid at New York.

And though they have further pray'd that a Tryall at Bar may be granted for a finall decision of their

Right. The Proprietors doe only thereby intend, that if their proposall of obtaining the like Customes be not accepted, to be vindicated against the clamours of the Inhabittants upon that Occasion, who unless the Case receive a Judiciall Determination have and will Impute the want of a Free Port wholly to the Proprietors remissness of Asserting their Right in a due course of Law.

The Proprietors therefore humbly pray Yo<sup>r</sup> Lord<sup>ps</sup>s Consideration of the Premises, and that Yo<sup>r</sup> Lordships will admitt them to a hearing, before Yo<sup>r</sup> Lord<sup>ps</sup>s make any Report upon their last Petition

*Memorial of the Proprietors of East Jersey to the  
Lords of Trade, asking for a speedy report upon  
their petitions.*

[From P. R. O. B. T., Proprietors, Vol. 3, C 4.]

Mem<sup>l</sup> of the Proprietors of East New Jersey  
about a Port at Perth Amboy.

THE PROPRIETORS having (at the last time they attended Yo<sup>r</sup> Lord<sup>ps</sup>s) suggested, that the allowing a Port in East Jersey upon the conditions then propos'd would be no Detriment But rather an Advantage to New York, doe now in Obedience to Yo<sup>r</sup> Lord<sup>ps</sup>s Commands humbly offer the following reasons for it.

1<sup>st</sup> The people of both Provinces being under Equall Taxes of Importation & Exportation, the Merchants or Inhabitants of New-York will not be tempted to remove from New-Yorke (w<sup>ch</sup> is a place well setled & abounding with all Conveniency's for Trade) to East Jersey, which has yet few Buildings & not capable of Receiving them till they have spent a great deal of time & money to make the necessary provisions for Trade.

2<sup>ly</sup> Most if not all the Improveable Lands of New Yorke are already taken up & setled, whereby that Province is now as well peopled as it is like to be for many Years; And will therefore return under the same Difficulty's both for Men & Money in time of any future Warr, as they were in the last Warr, and England will still be under a necessity of Supplying them with Men & Money on such Occasions.

3<sup>ly</sup> But if East Jersey have a Port, that Country (w<sup>ch</sup> has a great deal of Fertile Land lying vacant) will soon be peopled from the remoter Barren Collony's, And capable of Furnishing Men and Money in case of any Invasion from the French or Indians. The only Reason which has yet Cramp't that Country from Increasing in people, being the incapacity of Importing thither what they want, & Exporting from thence the product of their Labours:

4<sup>ly</sup> The Moyety of the Customes arising at East Jersey being paid and applyed to the Support of the Frontieers of New Yorke, that Province will be eased of such part of their present charge, or at least England will be discharg'd from that Expence of Men and Money which it is now forced to be at for that purpose.

5<sup>ly</sup> Whereas it has been Objected that East Jersey was once a part of New York & Contributed to that Revenue in proportion to the Customes that arise upon Goods consumed by the Inhabitants of that Province; If they shall be now permitted to supply themselves

by their own Importation then the Customes of New Yorke will proportionally Decrease.

IN ANSWER to which, The Proprietors offer to put themselves under the same Customes with New York, And will pay in, to the Treasury of New-York, Yearly for the support of the Frontieers as much as the Custome of Goods consum'd in East Jersey has amounted to in any Year since the disjoyning of that province from New-York, if their Lordshipps shall be inclinable to accept of that Offer rather than a Moyety of the Customes arising at East Jersey.

THE PROPRIETORS are much surpriz'd at the Objection Yo<sup>r</sup> Lord<sup>pp's</sup> make to their Right of Goverment, which they enjoy'd dureing y<sup>e</sup> Reign of the late King Charles 2<sup>d</sup> not only by an uninterrupted allowance of it, But by a Particular Declaration recognizing their Authority and Commanding the Inhabittants to obey them, And by the late King James, and since by his present Majesty.

#### THEIR TYPLE TO IT, IS THIS.

King Charles the Second by Letters Pattent granted the powers of Goverment of East Jersey to the Duke of Yorke.

THE DUKE OF YORKE in 1682 granted all the same powers of Goverment to the Proprietors as appears by the Grant now produced to Yo<sup>r</sup> Lordshipps, which King Charles 2<sup>d</sup> back'd with the Declaration above mentioned.

THE PROPRIETORS enjoyed it accordingly, and though in the Commission Granted to *Coll. Fletcher* late Governor of New York the Jerseys were at first incerted, Yet upon the Petition of Dr Cox then chief proprietor of West-Jersey and a hearing at the Councell Board, after a long Debate by Councell, wherein the Absigneableness of Goverment was particularly

discuss'd It was Ordered that the Jerseys should be struck out of Coll. Fletchers Commission, and they were struck out accordingly.

The proprietors humbly pray Your Lord<sup>pps</sup> Consideration of the premises and that Yo<sup>r</sup> Lord<sup>pps</sup> will be pleased to make a speedy Report upon their Petitions referred to Your Lordshipp.

Sir,

The Lords Commissioners for Trade and Plantations having taken into consideration the Petition of the Proprietors of East-New-Jersey in America (refer'd unto them by his Majesty's Order in Council of the 9<sup>th</sup> of March last) relating to a Port at Perth Amboy, in which they pray that for their Vindication against the Clamours of the Inhabitants of East-New-Jersey on that occasion His Majesty's Attorney General be directed to consent to a Tryal at Bar in Westminster Hall on a feign'd Issue, whereby their Claim may receive a Judicial Determination, And their Lordships having likewise considered the further Memorials that have been laid before the said Proprietors, or by your-

self in their behalf, in pursuance of his Majesty's said Order of Reference; They have commanded me to acquaint you (for the Information of the said Proprietors) that they intend to offer to his Mat<sup>r</sup> in Council, on Thursday next that such a Tyrall be had at the Bar in Westminster Hall, whereby the said Claim together with the Right of Government of the Province of East-New-Jersey, upon which the same is grounded, may accordingly receive a Judicial Determination.

TO THE KING'S MOST EXCELLENT MAJESTY.

May it Please Your Majesty.

*In Obedience to Your Majesty's Order in Council of the 9<sup>th</sup> of March last upon a petition of the Proprietors of East-New-Jersey in America, relating to a Port at Perth Amboy: We have considered their said Petition with what they have further offered to Us upon that Subject; and finding no reason to alter our former Opinion represented to their Excellencies the Lords Justices the 27<sup>th</sup> of Octob. 1697 That the granting them the priviledge of that Port would be extremely prejudicial to Your Majesty's province of New Yorke; But observing that in the close of their said Petition they pray, That in case Your Majesty should not permit them the free use of the said Port of Perth Amboy upon the Terms by them proposed, Your Majesty*

would be pleased for their Vindication against the clamours of the Inhabitants of East New Jersey upon this occasion, to direct Your Attorney Generall to consent to a Tryal at Bar in Westminster Hall upon a feigned Issue, whereby their claim to the s<sup>d</sup> port may receive a Judicial Determination, We thereupon most humbly offer to Your Majesty, That such a Tryal at Bar be had in Westminster Hall, whereby the Proprietor's said Claim; together with the Right of Government of the said Provincee, may receive a Determination.

*That* the Proprietors having by Y<sup>r</sup> Lord<sup>pps</sup> command Received Notice from M<sup>r</sup>. Popple of Y<sup>r</sup> Lord<sup>pps</sup> intention to offer Yo<sup>r</sup> Opinion to his Maj<sup>ty</sup> that a Tryall at Barr be had in Westminster Hall, for bringing their Claim

of a Port in East-Jersey, together with the Right of Government of that Province, upon which (Yo<sup>r</sup> Lord<sup>pp's</sup> conceive) their said Claim is Grounded, to a Judiciall Determination, Doe humbly crave leave to Represent to Represent to Yo<sup>r</sup> Lordshippes.

That their proposall to have such a Tryall of their Claim to a Port was intended only as their last resort to Justify themselves against the Clamours of the Inhabitants, but their principall Design & Desire in the Petic'on was & is to avoid all Controversy with his Maj<sup>y</sup> And to remove the Objection made by New-York in putting the Trade of East Jersey under the same Duties of Importation & Exportation and therefore they humbly pray that Yo<sup>r</sup> Lord<sup>pp's</sup> will together [with] Yo<sup>r</sup> Report lay before his Maj<sup>y</sup> their Memorialls delivered to Yo<sup>r</sup> Lord<sup>pp's</sup> upon this Occasion.

*That* the Proprietors made no offer to try their Right of Government in such feigned Issue, and are advised their right to a Port doth not depend upon their Right of Government, And the Law having prescrib'd a proper Method of trying the Right to Royall Franchises, claimed by Subjects—The Proprietors conceive they cannot without Injustice to themselves and the Inhabitants of that country, Submitt their Right of Government to be part of such an Issue,—Nor can the Omission of it be any prejudice to his Ma<sup>ty</sup> since if the right of a Port should depend upon the right of Government his Maj<sup>y</sup> will have the benefitt of that Point in evidence at the Tryall, as much as if it were part of the Issue it selfe.—

[From P. R. O. B. T., among West Indies, Vol. 383.]

By y<sup>e</sup>Hon<sup>ble</sup> Jeremiah Basse Esq<sup>r</sup> Gov<sup>r</sup> of his Majesties Provinces of East & West Jersies.

A PROCLAMATION.

WHEREAS by a Letter from White Hall dated y<sup>e</sup> 2<sup>d</sup> of January last past directed to me from y<sup>e</sup> Hon<sup>ble</sup> James Vernon Esq<sup>r</sup> one of his Majesties principal Secretaries of State, I am given to understand that severall Shippes of force have been fitted out in Scotland, with design, (as some of y<sup>e</sup> Adventurers therein have declared) to settle themselves in some part of America, and that the Enterprise hath bin laid and Contrived, & is now effectuallly carried on by Projectors and Undertakers without their Acquainting of his Majesty with their Intentions; So that his Majesty cannot but look upon such an undertaking to tend to y<sup>e</sup> Breach of Peace with his ffriend & Ally y<sup>e</sup> King of Spain, & to Militate against y<sup>e</sup> Treaties his Majesty hath entered into with that Crown, & of dangerous consequence also to his Majesties Colonies in y<sup>e</sup> West Indies;

These are therefore in his Majesties name, & in pursuance of his Majesties Commands signified to me in y<sup>e</sup> said Letter strictly to prohibit & forbid all & every his Majesties Subjects, & others Inhabiting within this Gov<sup>rnm<sup>t</sup></sup> to hold any Correspondence or to give any Assistance, Aid, or Reliefe whatsoever to any of said Shippes, or to any Person, or Persons concerned therein while they are engaged in y<sup>e</sup> afores<sup>d</sup> Enterprise; or to Transport, or carry, or cause, or suffer to be Transported, or carried any Armes Ammunition, Provisions

or other necessaries whatsoever out of this Province either in their own Vessells, or in any other Shipps, or vessels for y<sup>e</sup> use of y<sup>e</sup> said Shipps, or Persons, or any of them, as they do tender his Majesties Pleasure & Service, and will answer y<sup>e</sup> Contrary at their Peril.

[From P. R. O. B. T., Proprieties, Vol 6, D 28.]

Worthy Gentl.

The Representatives of this Province of East New Jersey, haveing made an address to Jeremiah Bass Wherein as we are informed, they Tell him he has Spent his Estate in Endeavouring the good of the Province, and they hope he will long continue theire Governour; with much more the like fullsome fflat-teries. Wee think it our duty to Informe Your Hon<sup>rs</sup>; That address was made and Passed, by A Number of his own Creatures in the house, and that it is Very Farr, from being the Sentiments of the Generallity of y<sup>e</sup> Province, that he has Spent any money for their good; and as farr from their desires, that he may continue their govern<sup>r</sup> for instead of Keeping up the hon<sup>r</sup> of Governm<sup>t</sup> as was his duty, he has upon all Occasions basely Prossitated it; Which to Instance were but to recount all his Acts of Governm<sup>t</sup> Wherein it was Possible for him So to do. Wee owe the Unhappy circum-  
stances Our Port lies under to his Cowardize and

Sloath; who when he knew of a Force, comeing to take the Ship Hester, an houre before their arrivall, took no care to prevent her being Surprized and when he had Force Enough to Retake her; being Earnestly desired by them to head'em himselfe, or to Comic'onate Some other; he refused & Trembling left them. the Ship Lay two days before the Town of Perth Amboy; the Souldiers ridiculeing the Governm<sup>t</sup> of the Jerseys; Calling for their Govern<sup>r</sup> all their Continued Insults, he no other ways resented, then by desiring Them not to be angry, and Presenting their Cap<sup>m</sup> with Brandy and oy<sup>r</sup> Provisions and drinking the Earl of Bellomonts health to them. were the Ill Effects of these Proceedings, our only Sufferings; We might P<sup>r</sup>haps, have been Patient under our Pressures; but as meanness of Spiritt, is Seldome Unaccompanied with other Vices So are we no less oweing to his Malice, then his Folly for our hurt, Our Rights and Priviledges, are by him invaded in the highest degree; and in lieu of the Free Electing Representatives, we are Forc't to Submitt, to the Arbitrary Will of himselfe, and his Councill; by whose advice (Tho unminuted) he took the Writt from the Constable, the people being met to Elect, Pretending informality in it, and because one of his own Faction could not be Chosen, he appointed the Election two days after; tho the same methods were at first took, as ever had been Since East Jersey has been a Province, and he has not only Stuck, by advice of his Councill, to Violate Our Libertys, and Privilidges, but Likewise Your Positive Instrucc'ons remaining upon the Publick Records, Which by his Commic'on he is tied Up to Obey. One Instance Shall Serve Viz<sup>t</sup> Instrucc'on S<sup>th</sup> To Lay no Tax upon uncultivated Land, &c. The Proceedings of the last Assembly, Will Sufficiently Informe Yo<sup>r</sup> Hon<sup>r</sup>s, That no Govern<sup>r</sup> has had a Councill, that could better Suite and Answer his Sinister designes then That of Mr. Basses.

These things Much hono<sup>d</sup> we thought fitt to let you know that you may take Such Prudent Measures, as may be most Conducive for your owne and Our good.

Pirates.*

L're from Coll Quary to y<sup>e</sup> Board, ab<sup>t</sup> Pirates arrived in Pennsylvania & other places.<sup>1</sup>

*Right Hon<sup>ble</sup>*

June 1<sup>st</sup> 1699

The Inclos'd is a Coppie of my last since w<sup>ch</sup> there is arrived into this Governm<sup>t</sup> about 60 Pirates in a Ship directly from Malligasco, they are part of Kids Gang about 20 of them have quitted y<sup>e</sup> Ship & are Landed in this Governm<sup>t</sup> about 16 more of them are Landed at Cape May in y<sup>e</sup> Governm<sup>t</sup> of West Jersey, the rest of them are still on board the Ship w<sup>ch</sup> lies at Anchor near y<sup>e</sup> Cape of this Governm<sup>t</sup> waiteing for Sloops from New-Yorke to unload her. She is very rich Ship all hur Loading is rich East India Baile Goods to a very great vallue, besides abundance of money y<sup>e</sup> Cap<sup>t</sup> of the Ship is one Shelly of New Yorke & the Ship belong to merchants of that place, the Goods are all purchased from the Pyrats at Malligasco which pernitious trade is y<sup>t</sup> w<sup>ch</sup> gives encouragem<sup>t</sup> to y<sup>e</sup> Pirats to continue in those parts haveing a Market for all the Goods they Plunder & Robb in the Red Sea & severall other parts of East India; I had yerly notice of their arrival & went down the River. I quickly Seased two of these Pirats & Convey'd them safe to Burlington Goale in y<sup>e</sup> Province of West Jersey where they will be secure, had I brought them to this Governm<sup>t</sup> I could not expect but that they would have been set at liberty as several of

<sup>1</sup> As recorded, this and the two succeeding letters are preceded by abstracts, in which, under different headings, designated by the letters of the alphabet, the subjects treated of are briefly pointed out. These abstracts it has not been thought necessary to print.—Ed.

y<sup>e</sup> Pirats of Averys Crew ware; as soon as ever I had Lodged them two men in y<sup>e</sup> Goale: I went in pursute of two more of those Rogues & followed them so close y<sup>t</sup> I Lodged them in Philadelph<sup>a</sup> went Immediately to y<sup>e</sup> Lieutenant Gover<sup>r</sup>. Markham. I gave his hon<sup>r</sup> a p'ticuler acco<sup>t</sup> of these Pirates I told him how many was Lodged in this Government & that p'ticularly there was two of them in this Town w<sup>ch</sup> I would Immediately apprehend in case he would order y<sup>e</sup> Constables to assist me w<sup>ch</sup> he did & accordingly I went & seased them & Lodged them safe in the Goale, how Long they will be kept there I know not I likewise discover'd their mony & Goods w<sup>ch</sup> he hath taken into his hands. I did on behalfe of the Lds of the Admiralty desire that y<sup>e</sup> Pirates Goods might be Lodged in the posession & Jurisdiction of ye Admiralty it being granted by the Crowne to ye Lord high Admiral of England, but he refus'd it, nor would he so much as let me take an acco<sup>t</sup> of the money & Goods, though I secur'd both it & and the Pirats w<sup>th</sup>out any trouble of y<sup>e</sup> Goverm<sup>t</sup> I tould him w<sup>ch</sup> way all the rest of y<sup>e</sup> Rogues might be Secur'd & w<sup>th</sup> all propos'd to him that if he would press one of the Vessells that then lay before the Town & raise me forty men I would Immediately Seize the Ship & bring hur & all in her up to y<sup>e</sup> Town or forffit my life, but all I said would not prevaile w<sup>th</sup> him, its a very miserable thing to live under a Goverm<sup>t</sup> Consisting of upwards of Seven thousand men capable to bear Arms where there is no Militia or any other means to defend the Kings Subjects or serve his Majestie let the occasion be never so great. I have sent express to y<sup>e</sup> Gover<sup>rs</sup> of Virginia & Maryland and also to all y<sup>e</sup> Gover<sup>rs</sup> to the Northwards, the Gover<sup>r</sup> of the Jerseys is very ready & active on this occation he hath provided a Sloop & hath man'd & fited hur very well & is now going to Cape May in order to secure the Pirats y<sup>t</sup> are landed there. I goe Downe w<sup>th</sup> him y<sup>e</sup> next Tide part

of the way, I hope to give yo<sup>r</sup> Ldships a good acco<sup>t</sup> of what is don there in few days; I have in my hands 2000 peeces of eight w<sup>ch</sup> I took from the two first Pirates that I Seazed & Lodged in Burlington Goale. I desir'd to know yo<sup>r</sup> Ldships ord'r about it. I have been at Charge in hireing of Boats & Shallop's & paying y<sup>e</sup> men in order to y<sup>e</sup> Seazeing the Piratts w<sup>ch</sup> I hope to be reimburst out of the Effects in my hands, no man can serve yo<sup>r</sup> L'dships so efectually in giving y<sup>e</sup> true acco<sup>t</sup> of the Piratts mony & Goods as my selfe so that if yo<sup>r</sup> Ldships please to give me yo<sup>r</sup> order of a Power Ile take care that there be no fraud or abuse so Don to those y<sup>t</sup> have y<sup>e</sup> Right to y<sup>e</sup> Piratts mony & Goods of all the Piratts y<sup>t</sup> shall be Seazed in these Neighbouring Governm<sup>t</sup>s. I have so often troubl'd yo<sup>r</sup> Ldships with Letters giveing an acco<sup>t</sup> of y<sup>e</sup> Contempts & affronts y<sup>t</sup> are put upon his Majesty & his authority in this Governm<sup>t</sup> & also of the Admiralty Comission in opposition to w<sup>ch</sup> they have set up a Court of Admiralty of theirs, for y<sup>e</sup> Seazeing trying Ships but haveing never Rec<sup>d</sup> any order or direction from yo<sup>r</sup> Ldships or y<sup>e</sup> favour of a Line in answer I am not willing to trouble you more on y<sup>t</sup> Subject; only will take the freedom to mind y<sup>r</sup> L'dships y<sup>t</sup> all y<sup>e</sup> Gentlemen that are Concern'd for the Kings interest & Service in this Governm<sup>t</sup> are very uneasy not only upon the acco<sup>t</sup> of their being affronted & threaten'd by those in y<sup>r</sup> Governm<sup>t</sup>, but to find there is no notice taken of their complaints in England w<sup>ch</sup> Confirm's what y<sup>e</sup> Quakers here say of M<sup>r</sup> Penns haveing so great an Intrest at Court y<sup>t</sup> no complaints can be heard against the Governm<sup>t</sup> let them act never so Illegal or Extravagant as for my own part I am easy enough for should this place be allowed to be a free Port I shall receive as much advantage in point of Trade as any man here but I doe assure yo<sup>r</sup> L'dsp's this y<sup>t</sup> if some speedy Course be not taken it will be impossible to get men to serve

the King here, especially in what relates to the Admiralty there being no Sallerys allow'd to any of them. I have often Writt to yo<sup>r</sup> Ldships on this and severall other Subjects to w<sup>ca</sup> I humbly begg the fav<sup>r</sup> of an answer w<sup>ch</sup> may be a Guide to me for the future & to render me the more Capable of his Majestie's Service & yo<sup>r</sup> Ldships w<sup>ch</sup> is the earnest desire of

Since my writing the enclosed I have by the assistance of Coll Bass Gov<sup>r</sup> of the Jerseys apprehended 4 more of the pyrats at Cape May & might have w<sup>th</sup> ease secured all the rest of them and the ship too, had this Governm<sup>t</sup> given mee the least ayde or Assistance, but they woud not or soe much as issue out a Proclama-

1 ROBERT QUARY was Governor of South Carolina in 1684 and 1690, and at one period, intervening, was Secretary of the Province. He afterwards was Judge of the Admiralty in New York and Pennsylvania, and was a member of the council of five of the Colonies at the same time. From the character of his communications to the authorities in England, it is evident that he was an emissary of the Government, charged with the duty of reporting the condition of the respective colonies he visited. While apparently honest in his aims, he was not always wise in his selection of sources of information, and consequently was led sometimes to imbibe erroneous impressions respecting the action of individuals, leading to unexpected difficulties between the officials in England and their subordinates in the colonies. Quary died about 1712.—Ed.

tion; but on the contrary the people of this Governm<sup>t</sup> have entertained the pyratts, convey'd them from place to place, furnished them w<sup>th</sup> provision & liquors, & given them intelligence & sheltered them from justice: & now the greatest part of them are conveyed away in boats to rhood Island. all those persons that I have employed in searching for & apprehending these pyratts are abused and affronted & called Enemys of the Countrey, for disturbing and hindring honest men (as they are pleased to call the pyrats) from bringing their money & settling amongst them. Yo<sup>r</sup> Ld<sup>pp</sup>s were pleased to send to this Governm<sup>t</sup> a Copy of an Act formerly past in Jamaica relating to Pyrats & Privateers & all ayders & abettors of them w<sup>th</sup> yo<sup>r</sup> Ld<sup>pp</sup>s recommended to bee past into an act here, itt lay asleepe till about 3 weekes agoe, when they thought M<sup>r</sup> Penn might make good use of itt in England to abuse yo<sup>r</sup> Ld<sup>pp</sup>s w<sup>th</sup> itt if possible, but I am sure when yo<sup>r</sup> Ld<sup>pp</sup>s consid<sup>r</sup>g the act (a copy of w<sup>ch</sup> is herein inclosed) you will find itt all of a peice w<sup>th</sup> their former Act, & to bee a true representation of themselves a fayre shew outwardly but nothing but fraud & deceit within And now w<sup>th</sup> yo<sup>r</sup> Ld<sup>pp</sup>s favour I will make some remarks upon this meretorius act of theirs—1<sup>st</sup> the Jamaica Act hath made itt felony for any of the Kings subjects in an hostile manner to serve under any forreigne prince ag<sup>t</sup> any other prince in Amity with his Majesty w<sup>th</sup>out Lycence, but this Act of theirs hath made noe such provision tho' all the roguery that hath been comittid by those Sort of men in the West Indies hath been under colour of forreign Comissions. 2<sup>dly</sup>—the Jamaica Act makes all such to bee accessarys & confederates that shall knowingly entertaine harbour conceale trade or hold correspondence w<sup>th</sup> any p'rson or p'rsons that shall bee deemed or adjudged to bee privateers or pyratts &c. but the Act of this Governm<sup>t</sup> hath taken care to leave out the word (deemed) soe that now

by their construction of this Act the principall must bee first convict<sup>d</sup> & judged before there can bee any accessarys, & that this is their true intent & meaning appears upon my complaining ag<sup>t</sup> a great number of men that have been confederates w<sup>th</sup> these pyrats, all the answer I can have is, that they doe not know them to bee pyrats' till they are convict & judged such: Soe that all that soe very necessary a clause is by their act made ineffectuall. 3<sup>ly</sup> by the Jamaica Act all com'ission officers are impowred upon notice of any privateers or pyrats that are in any place to raise & levy such a number of well armed men, as they shall think needfull for the apprehending &c but the Act of this Governm<sup>t</sup> impowers the Justices Sheriffs & Constables to call to their Assistance such a number of men as they shall thinck needfull &c but not one word of armed men or arms, if the Quaker Justices Sheriffs & Constables w<sup>th</sup> those of their friends whom they shall call to their Assistance can preach the pyrats into a submission to the Kings Authority, itt is well, if not they may goe about their business; As for Com'ission Officers they did very well to leave them out of their Act, since there is neither Militia nor one Com'ission Officer in the Governm<sup>t</sup>. 4<sup>ly</sup> by the Jamaica Act in case the pyrats &c shall make resistance or refuse to yield obedience to his Majestys Authority itt shall be lawfull to kill & destroy such p'rson and persons & all p'rsons that shall resist by fyring upon any of the com'anded party shall be adjudged as felons without benefit of Clergy, but all & every part of this soe necessary a clause is altogether left out of this Act made here. 5<sup>ly</sup> the Jamaica Act provides that in case any p'rson shall refuse to appeare att such place as shall bee appointed with his arms well fixed & amunition, & being there shall refuse to obey his Commission Officer such person shall bee lyable to such fines or corporall punishment as by a Regimentall Court Marshall shall

bee thought fitt, but by the Act of this Governm<sup>t</sup> there is noe care taken for their appearing w<sup>th</sup> armes or ammunition, & in case they refuse to appeare att all, they are only fined 5<sup>ld</sup> w<sup>th</sup> they very well know will never bee recovered of any for that cause in their Courts. 6<sup>lry</sup> They have by their act taken care to impower the persons that they doe associate w<sup>th</sup> the Judge of the Admiralty; but have made no provision to impower him; Soe that if hee hath noe power to try pyracy without their act, that gives him none & my Com'ission from L'ds of the Admiralty gives mee no such power; but may it please your Ld'pps that w<sup>ch</sup> most sticks w<sup>th</sup> mee is, how I can w<sup>th</sup> safety according to Law conscience or reason sitt & judge the lives of the King's subjects when all the Judges in the Com'ission & on the bench besides myselfe are men that will not take the Oaths of Allegiance &c to his Maj<sup>ty</sup> or take the Oath of a Judge to give judgment indifferently betwixt the King & his subjects, or how can I give judgment for takeing the life of a Subject on the verdict of a jury not sworne, or on the Evidence of witnesses not sworne & this is what hath been practiced here. I am sure noe man liveing is more zealous to serve his Majesty in all things w<sup>th</sup>in my power, but I hope yo<sup>r</sup> Ld'pps will excuse mee if I joyne not w<sup>th</sup> them in this arbitrary illegal & arbitrary way of judging mens lives. I hope yo<sup>r</sup> Ld'ps will give some speedy orders & directions in this matter either by sending a Com'ission under the great Seale or by ordring the pyrats to bee sent for England (w<sup>ch</sup> in my opinion will bee much the better & easier way) for those 2 Pyrats that are in the Goale of this Governm<sup>t</sup> must bee tryed by this defective law or not at all & by judges & jurys not qualifiyd for the other 6 that are in the Goale of the West Jerseys they cannot bee tryed there, being noe Act of that nature past there as yett. I will trouble yo<sup>r</sup> Ld'ps noe further w<sup>th</sup> a Com'ent on that false deceiptfull Act, w<sup>ch</sup> serves

their turne well enough to make a noyse & if possible to abuse his Majesty, they have now sent itt home in great tryumph to Mr Penn, who knows how to make use of itt to serve his ends; the generallity of the people here that are not of the Government exclaimed ag<sup>t</sup> them, to see them pass an Act but 3 weekes agoe & now that there is soe good an occasion offered to putt itt in execution that they will take noe notice of itt, but act quite contrary to itt. I am confident yo<sup>r</sup> Ld<sup>r</sup>pps will never find them act here in anything relating to the Kings interest but after this false deceitfull rate I am sure it will be impossible for them to impose on yo<sup>r</sup> Ld<sup>r</sup>pps wisdom, whatever they may fancy, and wee are not out of hopes, since that the wisedom of the Parliament hath not thought fitt to qualifie or permitt Quakers to give Evidence in any criminall cause, or come on any jurys, or beare any office or place of profitte in ye Government they will in their due time extend their Charity & consider the Unhappy circumstances of this place, & make the like provisions for Us Especially if recommended to them by yo<sup>r</sup> Lordships

I am Yo<sup>r</sup> Lordships

Since my writting this Capt<sup>n</sup> Kidd is come into this Bay hee hath beene here aboute ten dayes hee sends his boats ashore to the Hore Kills in this Governm<sup>t</sup> where he is supplyed with what hee wants & the People frequently goe on board him hee is in a Sloope with about 40 men with a vast treasure I hope the express w<sup>ch</sup> I sent to his Excell<sup>y</sup> Governo<sup>r</sup> Nicholson will be time enough to send aboute the man of Warr to come up with Kidd, the messenger I sent to the Gover<sup>r</sup> of Maryland came very seasonable. hee hath secured some

of the Pyrats and is in search of the rest. Cap<sup>tn</sup> Shelley that brought all these Pyrats from Madegascar after hee had Landed and Secured all the Goods & mon'y, run the Shipe ashore neere New Yorke and then the merchants conserned went to the Governor and Informed against theire Shipe. the Pyrats that I brought to this Governm<sup>t</sup> have the Liberty to confine themselves to a taverne w<sup>ch</sup> is what I expected, the six other Pyrats that are in the Governm<sup>t</sup> of West Jersey are at Liberty, for the Quakers there will not suffer the Governo<sup>r</sup> to send them to Goale. L're from Mr Basse Gov'r of y<sup>e</sup> Jerseys abt Pirates  
and Illegal Traders.

Burlington Y<sup>e</sup> 9<sup>th</sup> June 1699

I Rece'd yours dated some time in August last but not beinge with my papers Remember not the perticular date. I am sorry I have received no directions from your honorable board about the two pirates by me secured in East Jersie, but afterwards bayled by his Excellencie the Earl of Bellomont whose confes-sions with the inventory of their estates were boath transmitted you by severall Conveyances many months since they boath belonged to Auery & one of them I find to be principally concerned in some of the horidest vilanies that those pirates ware Guilty of.

I am now to acquaint you that on the 29<sup>th</sup> of May last Capt Shelly in a Ship called the Nassau that aboutt some months since went out from New Yorke for the Island of S<sup>t</sup> Laurance arived at Cape May in this Gov-ernment & that eveninge put on board of one Graven-rate [!] a Sloope beloningeinge to New Yorke eight pirates that haveinge committed severall hostilitys in the Indias and made their Voyage returned in him. he also lande [landed?] at Cape May fourteene Men passengers from the aforesaide Island eight of Which with their effects escaped away before I obtained any notis of their arivall which was not until the 1<sup>st</sup> Instant & then haveinge an acc. of their endeavors to escape by a Letter from Col Quary Judge of the Admiralty I Im-mediately manned out a Sloope & in person went

downe to Cape May tooke four of the persons suspected of pyracie who confess that have been on the Coast of India & have taken severall prises theare two more of them ware taken with their efects on the River and are now committed to the Jaile of Burlington in their Chestes are about seaven thousaud eight hundred Rix dollars & Venetians. about thirty pound of melted Silver a parcell of Arabian & Christian Gold, some neck-lases of Amber & Corrall sundry peaces of India silkes which are all secured untill some course be taken with the prisoners. What the other four may be possessed of I cannot yet informe you they not beinge arived at Burlington but shall transmit boath their examinations & inventorys to You p<sup>r</sup> the first oportunity I find by them that theare are some hundreds of men On the Island of S<sup>t</sup> Laurance that haveinge by Robery gained considerable sums are now desireous of Returninge to spend their ill gotten goods. Since the Arival of Shelly I am credibly informed Capt Kid in a large sloop with about sixty hands hath been seene & speake with betwixt the two Capes of Delaware I had a sight of the sloop when I was downe but found he sayled to swift for me to speake with otherwise should have ventured to have Reduced him to submision but indeed I cannot but complaine that I am too much discoraged & Chequed in my zeale for the Common good & his Majestys servis in that I have nothinge beyond a Proprietary Commission to support me & even them persons semeinge to desert me for no other reason alledged that ear I could yet hear of then those that are but of so many instances of my faithfulness to the interest of the crowne Viz<sup>t</sup> My discountenancinge the Scoch & pirates in their illegall trades.

On our Assembly in East Jersie we passed the act Called the Jamaica Act against Privaters & Pyrates the pest & bane of trade against whom no lawes can be to severe Which I shall also take care shall be dili-

gently put into execution. It met with no meane oposition from the Scotch Gentlemen who amongst us are growne to a very great hight from the prospect of a Gentleman of their own Nations filleinge the seat of Government in these provinces by his Majestyes aprobation & and the succes that their Countrymen meet withall in their settlement of the Island Gorda or Golden Island called by them by the name of Caledonia I cannot see but that the English interest & trade must of nessecity fall if some speedy course be not taken for their spopeinge [?] of their Groath the principall traders in East West Jersie & Pensilvania are Scotch who some of them have publiquely asserted that his Majesty dare not interrupt them in their settlement of Golden Island least It should make a breach betwixt the two nations publiquely (contrary to a Proclamation set out by express order from his Majesty holdeinge correspondence with them incorageinge the Inhabitants of these Colonies to goe thither boath to trade & settle on the proposals made them by the Councill of those now resideinge in Calidonia I cannot but beg of you to give your selfe the liberty of thinkeinge whaether these things give not some grounds to fear that in time the evill may be so universall to be esily remedied the trade of England to these Colonies Wholy discouraged & that of the Scoch nation advanced. If the sweates of profit be once tasted by our Inhabitants by giveinge the least encoragement to this trade it will Not be suppressed without extraordinary expense & diligence And I cannot but offer itt as my humble opinion that no way will prove more effectuall then a totall exclusion of them from any share in the government of these plantations I cannot but begg your pardon for my teadousness & Remaine

<sup>1</sup> The Lords of Trade, in transmitting a copy of this letter to the Lords Justices, under date of Aug. 10th, commenting upon its contents, observe:— “The foresaid Shelley is one of the four former-mentioned ships fitted out from New York in June, 1698, and his cargo outwards, according to an extract of the Books of Entries there, transmitted to us by the Earl of Bellomont, seems to be but of very small and inconsiderable value; but the returns mentioned in the same letter, and especially the freight for twenty-nine men (which seems to be the number brought by him to America, after the landing of forty-six others in India) viz.: 12,000 pieces of Eight, and 3,000 Lion dollars for their passage, are exceeding great, and must needs

*May it Please your Hon<sup>r</sup>s*

In mine to Your hon<sup>r</sup>s the 10<sup>th</sup> of December I gave Your hon<sup>r</sup>s an Account of the Carrying away of the Ship hester to York and the generall discouragement Wee have mett with here (Since that Time) in matter of Trade; I am now to inform Your hon<sup>r</sup>s That the Ship Nassaw Capt Shelly Commander lately come from Madagascar, & since run a ground on Long Island Shoare near York, Landed some goods in this Province of which having Informac'on Saturday the 24<sup>th</sup> Instant I went and obtained a Warrant from a Justice of Peace and took with me a Constable in Order to search the house where the goods lay in the Town of Woodbridge The Master of the house abused the Constable & denyed my Authority & refused to lett the Constable break open the Door to search, which he would not suffer him to do. I immediately gott a Warrant from

be computed in the whole to be of many thousand pounds, Which evidently proves the nature of that trade in which such exorbitant advantages are made.'

"That Captain Burgess named in the said letter is another of the four fore-mentioned ships." "That Mr. Stephen Delaney, to whom the said letter is directed, is one of the merchants concerned in the ship Fortune. Capt. Thos. Morton, Commander, mentioned in our foresaid Representation, as seized by the Earl of Bellomont with great difficulty, for the like illegal trade, after that the greatest part of her cargo had been privately conveyed away and so appears to be a person used to those practices." [They notice also the receipt of the two foregoing letters from Colonel Quary and comment upon them and say] "were also informed by the said Colonel Quary that there is no act in force in West New Jersey by which those seized in that Province can be tryed and punished there. We humbly offer unto your Excellencies that all the pirates which have been seized or may be seized in Pennsylvania and West New Jersey be sent hither, together with the evidences upon which they have been seized, and which may be of any use for their conviction here, that so they may be tryed and punished according to law." New York Col. Docs. IV., pp 542-544—ED

the same Justice to secure the Master of the house Mathew Moore but he refused to go before the Justice, to answer his Contempt neither could I persuade the Constable he had power to break open the Door, till I had obtained a third warrant for that purpose, and till the Justices of Peace came themselves to see it done, where I found and seized twelve small Bales or Baggs of Calicoes and Muslins and secured them in a Chamber in the house of M<sup>r</sup> Richard Powell att Woodbridge and lay there in the same Chamber and sent to Amboy for a Waggon to carry them away, which came Early Monday Morning. People being so precise here that they will upon no Consideration suffer a Waggon to Travell on the Sabbath day. On Monday about one or two in the Morning, The house & Chamber where I lay was broke open by about Twenty persons disguised armed with Clubs, Pallizadoes & other Weapons of a prodigious biggness, myself threatned my Life, and the goods forcibly carried away; I have not neglected to make all possible Search & Inquiry, but to no purpose, for the people here are all Lawless & have no respect to Government or the Kings Authority but publickly affront the Magistrates, & those who endeavour to Execute the Law.

I must further informe Your Hon<sup>ts</sup> that no Officer can act here without immediate power from Your Hon<sup>ts</sup> & it is arrived to that pass, That Wee cannot have a Constable or other Officer to assist in anything for his Ma<sup>s</sup> Service; all or the greatest part of the people do not think themselves oblidged to obey Our Gov<sup>r</sup> (he as they say) not having the Kings Approbac'on though the Councill shewed me a Letter directed to them from the Proprietors, wherein they asserted that they had presented him to his Ma<sup>y</sup> and that he was accordingly approved of, and look upon me as sent without power to abuse them, The Extent of this Province is great, & it is not in the power of one Officer to manage the

whole business, when prohibited goods are Landed att several places att one time near forty miles asunder, and the people joyne together to conceal them.

Those who have rescued the Goods shall not faile of a due prosecution.

Your Hon<sup>rs</sup> may understand by the List herewith sent how small the Trade is, occasioned meerly by the Disputes and Uncertaintys abt our port.

Some Ships are dayly expected from Madagascar and I have settled the best Intelligence possible against their Arrivall and had I sufficient Power & Authority from Your Honours, I could Act with more safety, and Command that Assistance which is now denied me. They looking upon a Deputac'on from the Surv<sup>r</sup> Generall (and upon himself) to signifie nothing in the meantime I shall pursue my duty, and do all things which by my Office are required from me for his Ma<sup>t</sup>s Interest, and towards the Discovery of illegall Trade now very ripe [ripe?] in these Parts. The want of a Custom house here is of great disadvantage and if wee are a Port it will be necessary to have one, otherwise nothing can be secured from the bold Attempts of those People who contemn and bid Defiance to Authority and do not stick to break open the Goale and rescue the Offenders from thence (as they have lately done) att their Pleasure All w<sup>ch</sup> is most humbly submitted to Your Hon<sup>rs</sup> by

Your honours most humble Servant

As to the Magistrates. They have been very ready and willing to assist me, but some late Disturbances have made the People regardless of all Law and Authority.

*Memorial of the Proprietors of East Jersey to the  
Lords of Trade, relative to a surrender of their  
Government.*

[From Grants and Concessions, p 588.]

To the Right Honourable the Lords of the Council  
of Trade and Foreign Plantations.

*The Memorial of the Proprietors of the Province of  
East New-Jersey, in America.*

THE Proprietors having in all their Applications to this Honourable Board, shewed an Aversion to have any Controversy with his Majesty, as by their several Expedients in their Memorials laid before your Lordships may appear; and considering how often the near Neighflorhood of *East-Jersey* to *New-York*, (the most important Frontier belonging to the Crown of *England* in North-America) has been urged upon them, to induce them to a Resignation of their Government; they do hereby declare themselves ready to surrender the same to his Majesty; altho' the Government was the chiefest Motive of purchasing the said Province, which they did by the Opinion and advice of eminent Council learned in the Law, upon the Credit of which and the Confirmation by King CHARLES the Second, of the Title to the Grantees, their Heirs and Assigns, as absolute Proprietors and Governor's, (as by his Proclamation hereunto annexed does appear) they have buried great part of their Estates in building and planting the Country, and at their own Expense maintained the Government for many Years past, as well before his Majesty's happy Accession to the Crown as ever since, and have not received any returns whatsoever for all their Labour and Cost to this Day. In Consideration of the Premisses the Proprietors do with humble Confidence rely on his Majesty's Justice and Goodness to confirm to the Proprietors and Planters respectively,

the following Rights and Privileges, to render them (at least) as easy under his Majesty's Government, as when under the Proprietors, toward which they presume to enumerate the following Particulars, viz.:

I. That his Majesty will be graciously pleased to confirm to them the Soil and Lands of the said Province and the Quit-rents reserved upon the Grants made or to be made to any Planters or others.

II. That upon the Annexation of the Government of the said Province to that of *New York*, the Port of *Perth Amboy*, may be established for entering Ships and Importing goods there, and Exporting goods from thence, without being obliged to enter their Ships at any other Place, paying the same or like Custom to his Majesty as are or shall from Time to Time be payable at *New-York*.

III. To have free Liberty to Trade with any Indians or other Inhabitants of America, without Interruption, and the Proprietors to have the sole Privilege (as always hath been practiced) of purchasing from the Indians, all such Lands lying within East Jersey, as yet remain unpurchased from them.

IV. All necessary officers and Courts of Justice for Administration of Justice, in Cases Criminal and Civil, to be appointed and held in *East Jersey*, in the same manner as is practised within the Government of *New-York*, and that the Inhabitants may not be obliged to go to *New-York* or be impleaded there for any criminal or civil matter arising within *East-Jersey* nor be compelled to serve upon Juries or in any ministerial office within the Province of *New-York*.

V. That a Superior Court be held twice a year at *Perth-Amboy*, before whom Writs of Error or Appeals (in the Nature of Writs of Error) from other Courts within the Province may be brought and determined.

VI. That the publick Register and all Records relating to the said Province may be kept at *Perth-Amboy*, and not removed to any other Place; and that the Con-

stituting of the Secretary and Register and the Surveyor General of the said Province of *East New-Jersey*, remain in the Proprietors.

VII. That the same Number of Counties be continued in *East-Jersey*, as there are at present, and by the same Names, and that each County in *East-Jersey* may choose and send as many Representatives to the General Assembly to be held for *New-York* and *East-Jersey*, as are or shall be chosen by any County in *New-York*, and if any more Counties shall be here after created or appointed in *New-York*, as many may be created and appointed in *East-Jersey*.

VII. That a Proportionable Number of the Inhabitants of *East-Jersey*, may be appointed to be of the Governor's Council at all General Assembly's and to have Votes therein.

IX. That the Twenty four Proprietors may be Lords of the Soil, and hold Courts for the Lands in the Proprietaryships, and appoint all Officers that relate thereto.

X. No Person or Persons whatsoever to be molested or deprived of any civil Right or Privilege, or rendered incapable of holding any Office or Employment in the Government because of their religious Principles, the Province being planted by Protestant People of divers Perswasions, to whom that Liberty was an original Encouragement.

XI. That all Wills of Persons dying within *East-Jersey*, and Letters of Administration of Estates lying there, may be made and granted by the chief Judge of *East-Jersey* for the Time being, who is to reside there, and a Register thereof kept at *Perth-Amboy*.

XII. That the Proprietors still have their Power continued to grant Markets and Fairs in the said Province.

XIII. Lastly, All Lands, Goods and Chattles of Traitors, Felons, Felons of themselves, Deodands, Fugitives, Persons outlawed and put in exigent, Waifs,

Estrays, Treasure Trove, Mines and Minerals, Royal Mines, Wrecks, Royal Fish, that shall be forfeited, found or taken within *East-Jersey*, only the Inhabitants thereof, within the Seas adjacent, to remain to the Proprietors, with all other Privileges and Advantages, as amply as in the Grant and Confirmation to them of the *Fourteenth of March 1682*.

And because many of the Proprietors of *East-Jersey*, are also Proprietors of *West-Jersey*

It is humbly desired that Colonel *Andrew Hamilton* may be despatched by this Board to the Government of *West-Jersey*, his presence being much wanted there, for the Convenience of his Majesty's Subjects in that Province.

Signed by Order and on behalf of the Proprietors

*Lords of Trade to the Earl of Bellomont on New Jersey Matters.*

[From New York Col. Docts., Vol. IV, p. 546.]

To the Right Honourable the Earl of Bellomont  
Captain Generall & Governor in Cheif &c. Or  
to the Commander in Cheif of Majesty's Province  
of New Yorke, for the time being.

*My Lord* [Extract.]

\* \* \* \* We told you in our letter of the 5th of January last the reason of our suspending awhile any report about the Proprietors of East New Jersey's pretended right to a port at Perth Amboy; and shall now explain to you a little more fully how that matter stands. The Proprietors of that Province thinking it seems they might have some advantage by complain-

ing of your Lordship's seizure of the Ship Hester, petitioned his Majesty upon that subject, which petition of theirs being read in Council of the 9<sup>th</sup> of March last was by his Majesty referred unto our consideration; and we therefore send you here enclosed a copy of it with the Order of Council thereupon. Whilst we had that matter under consideration, those Proprietors laid before us also other memorials in which they offered some conditions, in order to compromise the dispute; but such as we did no ways think it fit for his Majesty's service to accept of. And therefore upon the 18<sup>th</sup> of April last we laid before his Majesty another Representation upon that subject. By that you will perceive the use we made of their proposal of a tryal about the Port of Perth Amboy, by bringing their right of government in to the same question: a matter in which they are very tender, as being sensible of the weakness of their title. And we therefore thought it best to joyn both together. Thereupon after long delays and after haveing in vain indeavoured in the name of the Proprietors of West New Jersey (who are for the most part the same persons) to draw us into a snare by desiring our opinions for the approbation of M<sup>r</sup> Hamilton to be Governor of West New Jersey, that so allowance of the one, might have been an argument for the other because their title to both is one and the same; they have in the end laid before us certain proposalls for the surrender of East New Jersey upon certain conditions. But we have not yet thorowly considered the same. However there appearing to us several obvious exceptions against what they propose, and great difficulties in settling the matter to their satisfaction and without prejudice to his Majesty's right and to the interest of the Province of New Yorke; we are apt to think that business may hang yet some time longer in suspence. And therefore we send you here inclosed the copy of their said proposalls and desire your observations there-

upon, how far any of them will be advantageous or disadvantageous to the Province of New Yorke. But in the meanwhile we can offer to your Lordship no other rule for your conduct towards those Provinces both of East and West New Jersey than what his Majesty has already given you.

In your letter of the first of July 1698 beginning with the dispute you had with M<sup>r</sup> Bass about the Jerseys, you mention two pirates sent for from thence, which for want of proof against them you had admitted to bail; and two others that you had sent for from Connecticut and Rhode Island; upon which you desire directions what to doe with them, and more particularly whether to send them or others in the like case to England or no, especially when you have not evidence there sufficient to convict them. This we have in part answered already by our letter of the 25<sup>th</sup> of October last, and we now further add that we can conceive nothing more proper to be done in order to their conviction, than by threats and promises to some that are apparently guilty, to induce them to give evidence against their accomplices. But as for sending or not sending them home (upon which we cannot of ourselves make any determination) we expect shortly some order of the Lords Justices in Council upon a Representation that we laid before them the 10<sup>th</sup> of this month on occasion of some pirates set on shoare in Pennsylvania and West New Jersey by a New York ship called the Nassau, commanded by one Shelly; which business we hope will in the end produce some regulation for the conduct of all his Majesty's Governors in the Plantations in the like cases    \*    \*    \*    \*

*Memorial of the Proprietors of East Jersey to the  
Lords of Trade, insisting upon a clause in their  
new charter, establishing Perth Amboy as a Port  
of Entry.*

[From Grants and Concessions, p 597.]

TO THE RIGHT HONOURABLE THE LORDS OF THE COUNCILL OF TRADE AND FOREIGN PLANTATIONS.

The humble Memorial of the Proprietors of the Province of East New-Jersey in America.

The Proprietors in all their Applications to your Lordships, and particularly in their last Proposals, having expressed a great readiness of complying with his Majesty's Pleasure in relation to their Government, so as their Properties might be preserved to them by such Commissions of his Majesty's Part as are necessary to that End, are surprized at the dubious Answer returned by your Lordship's to the Second Article of their Proposals concerning the Establishment of a Port at *Perth Amboy*, for entering Ships and importing

Goods there, and exporting Goods from thence, without being obliged to enter their Ships at any other Place; For the principal objection that has been always made to the allowance of a Port in *East-Jersey*, arising from the non Payment of Customs there, and the detriment accruing to the Trade of *New-York* by reason thereof, the Proprietors conceived that by submitting to pay the same Customs as are paid at *New-York*, they had effectually answered that Objection, and prevented all others, and that they being his Majesty's Subjects, and equally entitled to his Favour and Protection with the Inhabitants of *New-York*, might under the Payment of such Duties freely enjoy those Conveniences for Trade, which God and Nature have allotted to their Colony, and they have purchased with their Money, and which has not been denied to any other *American* Plantations, tho' paying no Custom, but permitted as a natural Right.

The Proprietors therefore crave leave (in pursuance of that Sincerity and Plainness wherewith they have all along addressed to your Lordships on this Occasion) to declare, that the obtaining a Port to be continued for ever was their main inducement to consent to a Surrender of their Government; and therefore they insist, that in the new Charter to be granted to them by his Majesty, there be an express Clause inserted, whereby *Perth-Amboy*, shall be established a Port for ever for entering all Ships, coming into and going from *East-Jersey*, for importing and exporting Goods, and that such Port shall not be forfeited or taken away for any misdemeanour whatsoever, but only the Persons guilty of the misdemeanour shall be accountable and punishable for it.

This is the only Thing that can make the Province of any value to the Proprietors, or give them hopes of re-imbursing their Purchase-Money and other Expenses in Improvements; and if your Lordships think

it too great a Privilege for them, who have been faithful Subjects to his Majesty, and contributed to the Defence of the Frontiers during the late War in America, more than they were able to bear; the Proprietors cannot be accessory to their own Ruin by a voluntary Surrender but must endeavor to vindicate their Right in a legal manner, and seek redress by such other Measures as they shall be advised to, and are consistent with their Duty to his Majesty.

The Proprietors do further crave leave to mention, that if their desire of a Port is once granted, they do not foresee any great difficulty to adjust with your Lordships the other Articles mentioned in their Memorial.

Signed on the behalf of the said Proprietors and by their Order

*Petition of Messrs. Basse and Lofting to the House  
of Commons, relating to the Ship Hester.*

[From N. Y. Col. Doc'ts., Vol. IV., p 605.]

TO THE HONORABLE THE KNIGHTS, CITIZENS AND  
BURGESSES IN PARLIAMENT ASSEMBLED.

The humble Petition of Jeremiah Basse Esq. and  
John Lofting Merchant.

*Sheweth*

That your Petitioners in 1697 being owners and  
freighters of the Ship Hester, burthen 150 tunns, sent

the said ship laden with the product and manafactures of this Kingdome to the Province of East Jersey in America, where she arrived on the 20<sup>th</sup> day of March 1698, and was duly entered at Perth Amboy a port appointed by the Commissioners of His Majestys Customs in England under the Directions of the Lords Commissioners of His Majesty's Treasury for the delivery of European Goods within that Colony.

That the cargoe being there unladen and disposed of the said ship continued in the same port till November then next following, when she being refitted, victualled and laden by your Petitioners with Pipe staves and Provisions ready to sail for the Island of Maderas, and seamens wages paid; Richard Earle of Bellomont then and now Governor of New York in America, usurping an Arbitrary power over His Majesty's Subjects of East Jersey, which is independent and no part of the Province of New Yorke, sent down fifty armed men to Perth Amboy to seize the said ship, who forcibly entred on board, desperately wounded several of the Mariners and carried her up to New Yorke, where he caused an Information to be exhibited in the Mayor's Court of New Yorke, and the said ship to be condemned and sold at £315 New Yorke money, for not entring at New Yorke, the goods she imported to East Jersey, and for not paying the duties imposed on such goods by an Act of Assembly of New Yorke, though no duties are payable for goods imported to East Jersey, nor is East Jersey subject to the laws made by the Assembly of New Yorke. By which illegal proceedings your Petitioners are not only deprived of the said ship, then worth above twelve hundred pounds sterlinc, but of the Cargoe then on board amounting to a further considerable value, and can obtain no satisfaction at New Yorke from the Earle of Bellomont, nor from the Officers and Soldiers who executed his orders, by reason of his Interest and

Authority there as Governor, and his protection of those Instruments of his oppression.

That your Petitioner Jeremiah Basse being lately Governor of East Jersey seized there John Elston and William Merrick who confessed themselves of Every the Pirates crew, who your Petitioner as it was his duty, refused to bayle. But the said Earle of Bellomont by a pretended Admiralty power forced them out of your said petitioners hands, and set them at liberty upon insufficient bayle, to the great hazard and danger of your Petitioner and the said Merrick has since made his escape.

Your Petitioners therefore most humbly pray this honourable House to take the premisses into their gracious consideration, and to give them such relief therein as to their Justice and wisdome shall seem meet. And your Petitioners shall ever pray &c.

*Whereupon* it was ordered that the high Sheriff of the County doe take the Body of the s<sup>d</sup> Sam<sup>ll</sup> Carter into his Custody for his Insolency and contempt aforesaid And the P'sident and Justices are vnamously of opinion (not one dissenting) that this matter (being a violence and Irruption of the Laws and soe high a Contempt and so Impudent Behaviour to the dignity and Authority of the Court then sitting, which may if not timely prevented turn to a Convulsion in Govermt to the Ruine of the Collony) ought to be Represented to the Honour<sup>bile</sup> the Govern<sup>t</sup> and Council of this Province that such care may be taken by them as they in their prudence shall think fitt, that the Dignity of

*Unknown Friend.*

In answer to thyne of 20<sup>th</sup> y<sup>e</sup> last month, please to take w<sup>t</sup> follows<sup>2</sup> [I need not transcribe y<sup>e</sup> ques. to y<sup>e</sup> first I say I am humbly of opinion that if every quere is not answered he'll think they are puzzling questions, pardon me s<sup>r</sup> if I offer my own & beg you to improve them & thro them into your own Mold.

1st The prop<sup>rs</sup> being strangers to the Method of obtaining approbations G<sup>r</sup> B.<sup>3</sup> pretending to know it, They committed the management of that affair to him, who reported to those that he was approved as the Law directs & as an evidence of it produced the Dedimus Potestatem, w<sup>ch</sup> he called his Commission of approbation but they afterwards discovered that he had overated his interests & hopes, & are therefore excusable if they told the prop<sup>tr</sup> he was approved, believing he would not have been so positive to his own hurt and theirs.

2d The want of an approbation doth not unquallyfy a man to be a Gov<sup>r</sup> but only lays him under a penalty if (neglecting to pnrsue the means of obtaining it), he act without it, for otherwise the act of Parl gives the King a Negative, there needing no more to break the prop<sup>rs</sup> commission or any other of the like nature, than for the King to refuse to approve, let the person be

<sup>1</sup> is first mentioned  
as one of Gov.  
Hamilton's Coun-  
cil in 1700. In  
1718 he was one

of the Aldermen of Perth Amboy.

<sup>2</sup> At this point in the original Wm. Penn's handwriting gives place to that of Andrew Hamilton, which continues to and includes his signature when Penn's writing is resumed.—EDITOR OF PENNA. ARCHIVES.

Penn merely transmits to his "unknown friend" an opinion previously received from Governor Hamilton.—ED.

never so well qualified w<sup>ch</sup> the Act could never intend, Besides if an approbation were indispensablie necessary there lyes a Quo Warranto against the prop<sup>rs</sup> Charter, & the Kings not useing it, as an argument it is not indispensablie necessary, the tryall he offers them being upon an other Topic viz. whether governm<sup>t</sup> is assignable, for it would not be on the foot of the approbation all means haveing been used to obtain it and the L<sup>s</sup> of trade granting an allowance to A. H.<sup>1</sup> to act till the tryall was issued and it cannot be charged as a crime on them or him w<sup>t</sup> y<sup>e</sup> Ld<sup>s</sup> refused to grant.

3d This depends upon the forms for if the prop<sup>rs</sup> Commission be good without an approbation Gr<sup>r</sup> B. superseded A. H.

4th And this also answers the 9<sup>th</sup>

5th It is certainly the Kings busines not the peoples to dispute the powers of the prop<sup>rs</sup> Commission or inquire into the qualifications of a Gov<sup>r</sup>. They know the prop<sup>rs</sup> did not set up a governm<sup>t</sup> at their own hands but were authorized by King Charles & the Inhabitants Commanded to yield their obedience to them as absolute gov<sup>r</sup>, and the King only is Judge when its proper to recall that order, Nor have they any colour to appoint a Gov<sup>r</sup> either by any grant from the Crown, or by the neglect of the prop<sup>rs</sup> of appointing none.

6th We are not to be wiser in matters of State than our Superiors. The Kings Counsel learned in the Law have resolved it some years agoe in tne negative, that the Natives of Scotland are not disabled and all the succeeding parl<sup>ts</sup> have acquiesced in that opinion. Besides the people might easily imagine that if A. H. were disabled on that head, a Quo Warranto lyes and that is the prop<sup>rs</sup> business to mind.

S<sup>r</sup> pardon this freedom. We have an assembly to sit in East Jersey, next week & I set out hence on Monday some time of the day. If your Letter to Mr. Leo.<sup>2</sup>

is sent me betwixt now and then it will come in best season & I'll take care of the delivery. Our Assembly breaks up to day.

*Remonstrance of the Inhabitants of East Jersey to the King, against the acts of the Proprietors, and asking for the appointment of a competent Governor.*

The Remonstrance and Humble Petition of your

Province of East New-Jersey in America.<sup>1</sup>

*Humbly Sheweth.*

That Whereas your M<sup>A</sup>T<sup>Y</sup>s humble Petitioners did Remove and Settle themselves into the said Province of East New Jersey, and by Virtue of a Licence from the Hono<sup>ble</sup> Coll: Richard Nicholls Governour of the said Province under his then Royal Highness the Duke of Yorke, to purchase Lands of the Native Pagans, did according to the said Licence, Purchase Lands of the said Natives at their own Proper Coasts and Charges: And Whereas since his said Royall Highness did sell and Transfer all his Right and Interest to the said Province of East New Jersey to certain Proprietors; by whose Licence severall other your M<sup>A</sup>T<sup>Y</sup>s Loyall Subjects have also since purchased Lands at their own proper Costs and Charges of the Native Pagans of the same Place, whereby they humbly Conceive they have Acquired and Gain'd a Right and Property to the said Lands so purchased; Yet notwithstanding your M<sup>A</sup>T<sup>Y</sup>s Loyall Subjects are molested Disturbed, and Dispossessed of their said Lands, by the

said Proprietors or their Agents, who under pretence and Colour of having bought the Government with the Soile, have distrained from, and Ejected severall Persons for and under pretence of Quitt Rent and Lords Rent, whereby your Mat<sup>ys</sup> Liege Subjects have been sued and put to great Trouble and Charges, and have been Compelled to Answer to vexatious Actions and after they have defended their own Rights and obtained Judgement in their favour, could not have their Charges as according to Law they ought to have, but have been forced to sitt down under the loss of severall Hundreds of Pounds sustained by their unjust Molestations.

And further notwithstanding your Mat<sup>ys</sup> Liege Subjects have Purchased their Lands at their own Proper Costs and Charges, by Virtue of the aforesaid Licences; Yet the said Proprietors, Gov<sup>rs</sup> or Agents without any pretended Process of Law have given and Granted Great part of the said Lands by Pattent to severall of the s<sup>d</sup> Proprietors and others as to them seemed fitt.

And notwithstanding their Pretence to Government, Yet they left us from the latter end of June 1689, till about the latter end of August 1692, without any Government, and that too in time of Actual War; so that had the Enemy made a Descent upon Us, wee were without any Military officers to Command or Give Directions, in Order to Our Defence, or Magistrates to put the Laws in Execution, and dureing the whole time the said Proprietors have Governed this your Mat<sup>ys</sup> Province, they have never taken Care to preserve or Defend us from the Native Pagans or other Enimys, by sending or Providing any Arms, Ammunition or Stores, but rather have provoked and Incensed the said Natives to make Warr upon Us by Surveying & Pattenting their Lands, contrary to their Liking without purchaseing the same from them, or making any Satisfaction in Consideration thereof And sometimes when

the said Natives have sold & Disposed their Lands as to them seemed meet, they the said Proprietors have disposed of the same to others or else forced them who had the Property in it, to Purchase it of them, upon their own terms, which the said Natives have highly Resented and often complained of and (may justly be feared) waite only for an opportunity to Revenge it upon the Inhabitants of this your Ma<sup>ys</sup> Province.

And further to manifest the Illegall and Arbitrary proceedings of the said Proprietors in Contempt of y<sup>r</sup> Ma<sup>ys</sup> Laws and against their own knowledge signified in a Letter by them (to the Councill here in East New Jersey) wherein they say as followeth: We have been obliged against our Inclinations to Dismiss Coll: Hamilton from the Government, because of a late Act of Parliament disabling all Scotch Men to serve in places of Publick Trust or Profit, And obliging all Proprietors of Collonies to present their respective Governours to the King for his Approbation, So Wee have Appointed our ffriend Jeremiah Basse to Succeed Coll: Hamilton in Government, whom Wee have also presented to the King and he is by him owned and approved off.

Notwithstanding which Letter they have Superceeded the said Jeremiah Basse, (whom they wrote was approved by your Ma<sup>ys</sup>) and have Commissionated the said Coll: Hamilton again without your M<sup>ys</sup> Royall Approbation, altho' Removed before by them as a Person disabled by Law, Who now by Vertue of their the said Proprietors Commission only, would Impose himself upon Us as Governour. And when in Government before Superceded by the aforesaid Basse, was by them continued about a Year after the twenty fifth of March (1697) without taking the Oath Injoynd by Law. And doth now presume to Exercise Government not having Legally taken the said Oath or having your Ma<sup>ys</sup> Royal Approbation, The said Proprietors of East

New Jersey have also, in Contempt of your Ma<sup>ys</sup> known Laws Commissionated a Native of Scotland to be Secretary and Attorney General of this your Ma<sup>ys</sup> Province (being both Places of the greatest Trust next the Governour) and one of the Same Nation to be Clerke of the Supream Court of this your Ma<sup>ys</sup> Province, Which may be of Ill Consequence in Relation to the Act of Trade and Navigation, and to the great Hindrance of Your Ma<sup>ys</sup> Loyall Subjects (the Power of Government being Cheifly in the Hands of Natives of Scotland) from Informing against any Illegall or Fraudulent Trading by Scotchmen or others in this Province.

Wee your Ma<sup>ys</sup> Loyall Subjects Labouring under these and many other Greivances and oppressions by the Proprietors of this your Ma<sup>ys</sup> Province of East New Jersey, Do in most humble manner Lay Ourselves before Your Ma<sup>y</sup> (the Fountain of Justice) Humbly Implorefing your Ma<sup>y</sup> will be Graciously Pleased according to your Princely Wisdome to take into Consideration Our Evill Circumstances Under the Present Proprietors, (if the Right of Government is Invested in them) and that your Ma<sup>y</sup> will be Graciously Pleased to give your Royall Orders to the said Proprietors, That with your Ma<sup>ys</sup> Royall approbation they Commissionate for Governour A fitt Person Quallified according to Law; Who as an Indifferent Judge may decide the Controversseys Arising between the Proprietors and the Inhabitants of this your Ma<sup>ys</sup> Province; And settle all the Differences which at present they Labour under.

Yours of the 6<sup>th</sup> Aprill Last come to our hands itt  
heing the first we received from you for w<sup>ch</sup> we thanke  
you but could have wished you had sent us a more cer-  
taine acco<sup>t</sup> of the Settlement of the Government which  
never so much as now wants to be settled. Since the

departure of M<sup>r</sup> Slater Col Hamilton hath put M<sup>r</sup> Morris<sup>1</sup> into Commission of his Councill & Justice believing him to be the onely man that can make the province Submit to him as Governor without the King's aprobation & in Order to Effect itt they turned out an Englishman who was Sherif & put in a Scotchman who they thought would Obey them without Reserve & itt is saide Morris hath given out that he will carrie his point in makeing the people submit to Coll Hamiltons Goverment or he will Embrue the province in Blood in order to which they seised oppon several persons intending to force them to Give security for their good behavior which one of them Refused and so Continued in the Sherifs Custody this the people tooke Greaviously itt being Harvest time & they had given outt warrants to seise Richard Salter & Others & the Sherif had like to have taken him w<sup>ch</sup> some of his neighbors understanding went & met the Sherif banged him broake his head and sent him packing uppon which as we are informed the people Resolved to meeete on Friday the 19th July in order to goe & featch home him that was in the Sherifs hands uppon the which Morris & Leonard dispatched an Express for Coll Hamilton who imediately came to them & they pressed about men & came on the 19<sup>th</sup> July in Armes to Middle Towne & came to the Ordinary And theare Inquired for the said Salter & one Bray. And then marched of the people of Middletown ware Assembled to the number of aboutt an hundred but without armes onely Stickes yet had itt not been for the persuasions of some much in the peoples favor theare would have been broaken heads if not further mischeife the saide Justices had perswaded the person in the Sherifs hand to give security for the good behavior the day before this meeeting In this posture things stand in this

You may Remember how you left the afaires of Government in this province we are Sorry to Informe you that they doe not Continue in so gooda Condition we were in hopes things would have Rested quiet ontill we had heard how his Majesty had been pleased to dispose of us & that all people would have Endeavored to keepe the peace ontill such time, but contrary to all Expectation Col Hamilton hath put in M<sup>r</sup> Morris pres-

<sup>1</sup> *Andrew Bowne* as President of the Council had been left by Basse in the exercise of the chief authority, but his title thereto was questioned, and hence his hostility to the administration of Hamilton who succeeded Basse.

*Richard Hartshorne* was of Mon-  
mouth County and came to the Province from

London in September, 1699. He was a Quaker by profession, of good reputation and benevolent disposition, and soon rose to distinction among the people of the Province. He was one of the Commission appointed in 1676 to lay out West Jersey. See Vol. 1, p 220. East Jersey under the Prop. Gov'ts, 2d Edit, pp 46, 56, 189, 198 &c. 207, 219, 232 &c. ident of the Councill & ordered him by what means he could to Subdue all that oppose his authority & Settle the country in his Obedience oppon which Commission & orders M<sup>r</sup> Morris hath undertaken the worke & threatned that he would Obtain his end (which is to settle Col Hamilton in the Government Notwithstanding he is in no wayes qualified for Governor) or he would Embrue the Country in Blood Complaints ware made to Col Hamilton and Captain Leonard against the saide Morris but they were so farr from disowning such inhumane actions that they on the contrary rather justified & ridiculed itt. But it went further then words for just as harvest began Morris & others gave warrants to an Indigent Sherif to Apprehend severall men in Monmoth County who in their owne just defence beate the saide pretended Sherif to the Shedding of blood on boath sides Col Hamilton who resides cheifly att Burlington was sent to immediately who came & raised betwixt fourty & fifty men & armed them and marched from Shrewsbury to Middle towne, to meete the Country who opposed him with one hundred & Seaventy men butt without armes he when he came up to them asked for two men but they not being theare he withdrew his men without further harme butt swore biterly he would have them if above ground left orders with his friend Morris not to disperse ontill he had got them and then returned to Burlington the Ambition & folly of Morris being known to the people of Monmoth they sent to advise with their neighberring Countys Middlesex & Essex what was best & most convenient to be done who generaly advised to secure themselves & oppose Morris & the rest that assert & would endeavour to set up Col. Hamiltons arbitrary & illegal power & withall have promised assistance if ocation requires Justice Bishop & Dennis utterly disowns their procedings & say they never was att Councill butt once since Hamilton came

and then gave no such advise to make disturbance in the Country but that all might remaine quite ontill we heard further from England we feare what may be event of these things you know how hot headed Morris & Leonard are & itt may be feared their pride & mallis may cause great trouble if not prevented. It is the generall resolution of the Country that if they make future disturbance to apprehend Hamilton Morris & Leonard & secure them ontill his Majesties pleasure shall be known concerning them in the meantime the Country desires some care may be taken of them & that some other person may be appointed to keepe the peace ontill his Majestie shall be pleased to send over a Governor or otherwise settle this province at preasant we are in great Confusion their worked instruments have been so buissie in harraseing of some & haleing others to prisson who have shounen their dislike to their arbitrary prosedings And the Country on the other hand are Riseing by whole townes against them Resolving to putt a Stop to their arbitrary precedings although itt be with the hazard of their lives & fortunes Theise Officers of theirs are so bold as to attempt the drinkeing of Kinge James health Others have given out very suspitious words which makes the Generality of our thinkeing men be of opinion that itt is not for the Kings interest that any of these men should be in Offices we expect you will improve this to the best advantadge for the good of the Country.

[Extract.]

*My Lords*

\* \* \* \* Mr. Bass has had great good fortune in his tryal, upon the account of my seizing the ship Hester at Perth-Amboy in East Jersey, to have recovered such great damages of the King. The ship was sold by inch of Candle and there was no sort of partiality shewed by me in that matter as Bass has most falsely told the world, in a printed paper he dispersed last Session of Parliament, among the members of the House of Commons, neither did I get a shilling directly or indirectly by the sale of that ship after condemnation; but all the mony she sold for was applied to the payment of the Masters and saylers wages. That ship at the time of her seizure was much out of repair, and had no sort of merchandize on board her but 28,000 pipe staves, which were all sold by one Wooley, who

was Basses Agent, to Collonel de Peyster. Bass was reckoned to be happy in my seizing that ship, by all people here that knew his circumstances. The discourse was among the merchants here that he had imbezzled his brother in law, Mr. John Loftnings cargo, which that ship brought from England, valued at £800, and by that means M<sup>r</sup> Lofting became bankrupt. The ship lay at Amboy near a year before Bass could freight her, and then neither was he able to freight her otherwise than with a poultry loading of pipe staves, which at £3.00 per 1,000, which is the common price, New York mony too, is but £98 this mony, and not much more than £70 sterling. So that with what conscience such extravagant damages were awarded for that ship and her loading of pipe staves, is more proper for your Lordships inquiry than mine.

A most violent storm that happen'd here the 29<sup>th</sup> [?] of Nov<sup>r</sup> at night drove all the vessels in this harbor from their Anchors and damnified most of them, and this ship among others which carries my packets, and delayed here a week longer from sailing; which gives me the opportunity of sending your Lordships Collonel de Peysters affidavit, sworn before the Mayor of this City with the seal of the City affixed to it; which will satisfy your Lordships of the many falsities alledg'd (and for ought I know sworn) about the value of the ship Hester and of her pretended Cargo. Collonel D'Peyster is a very honest upright man, and Bass on whose credit that tryal about the Ship was chiefly engaged into by the Proprietors of the Jerseys, is a known profligate fellow and remarkable for lying.

I am with respect

My Lords

Your Lordships most humble  
and obedient servant

*Answer of the Proprietors of East Jersey, to the Remoustrance of the Inhabitants referred to them.*

To THE RIGHT HON<sup>BLE</sup> THE LORDS COMMISS<sup>RS</sup> FOR  
TRADE & PLANTATIONS.

The Answer of the Propriet<sup>rs</sup> of East New Jersey in America to the Remonstrance and Petition lately prsented to his Maj<sup>y</sup> in the name of the Inhabitants of that Province.<sup>1</sup>

*The Propriet<sup>rs</sup> humbly acknowledgeing yo<sup>r</sup> Lordships fav<sup>r</sup> and Justice, in allowing them a Copy of y<sup>t</sup> Accusation against them, and time for makeing their*

defence to it, and reserving to themselves the benefit of a further defence after they shall have transmitted this Remonstrance to, and received an Answer from the Govern<sup>r</sup> of that Province; for present Answer to the same, in Obedience to your Lordships Com'ands, they say, and humbly hope to satisfye Yo<sup>r</sup> Lordships, that this Complaint is not sent from the whole body, or any Considerable Number of ye Inhabitants there, but from a few factions and Mutinous people, impatient of any Government; and doth not proceed from any just cause administred by the Propriet<sup>rs</sup> or their Govern<sup>rs</sup> or Agents, but from a designe of these men to deprive the Proprietors of their Right to the Soyle and Quit-Rents of the Province derived to them by Grants from the Kings of England, and purchased by them with great sumes of money; and to strip his Maj<sup>ty</sup> of his Regall Right to that and other Plantations and to render them independent of the Crowne.

*In order* to justify which Assertion, ye Propriet<sup>rs</sup> crave leave to premise to yo<sup>r</sup> Lordships, that by the Law of Nations Kings and Princes have a Right to all Savage Country's either *Conquered* or discovered by *their Subjects*, and to dispose of them at their pleasure.

*In pursuance* of which Right the American Country's (whereof East New Jersey is part) being first discovered by the English in the Raigne of King Henry 7<sup>th</sup> and afterwards more fully in the Raigne of Queen Elizabeth, have ever since, by Virtue of Letters Patents from that Queen, and the Succeeding Kings of England, been granted to Planters under small Quit Rents payable to the Crowne, or Its Grantees. *And* though the Kings of England and their Grantees have permitted, and sometime Encouraged the Planters to purchase the Soyle from the Indians, (which they doe for trifles) yet that method was not used of necessity, or for defect of sufficient title in the Crown, or Its' Grantees; but merely to avoid wars with the Savage

Natives, who were formerly more Numerous there than the English, and with a prospect to bring them over by such Gentle Usage to the Christian ffaith. neither is this method of purchasing from the Indians Universally practised in all his Majestys Plantations, and not at all in those of Virginia and Maryland, the Planters there sitting downe by Vertue of the Govern<sup>rs</sup> Warrant only, without the Leave, or Consent of the Natives.

*The Proprietors* acknowledge that the late King James who when Duke of York, was the first Grantee of this Province from King Charles the Second, and the Lord Berkley S<sup>r</sup> George Carteret and the present Proprietors Claiming under him, have for the reasons above mentioned generally, by themselves, or by Licens<sup>g</sup> y<sup>e</sup> Planters to doe soe, purchase the Soyle from the Indians, and afterward confirmed the same Lands to the Planters by Patents or Grants from the Propriet<sup>rs</sup> under small Quit Rents. This was the method of granting Lands within this province from the first planting It, and the Grantees usually paid their Rents till some of the Planters broached and advanced an Opinion, *that the Kings Right to the American Countrys discover'd by English Subjects was only Notionall and Arbitrary, and, that the Indian Natives are the Absolute Independent Owners and have the sole disposall of them,* In Consequence of which Opinion some of the Pet<sup>rs</sup> who after their Purchase from the Indians took Patents of the same Lands from the Proprietors for the time being, now refuse to pay their Quit Rents, and others of them who have lately made purchases from the Indians, refuse to take Patents from the Proprietors, If this Notion receive Encouragement, and prevail, the proprietors are advised that all pretences of the Crown to, and their Grants of the American Colonys, have been wholly illusory, and Royall ffrauds; and the Pet<sup>rs</sup> may, and in all probability, will, deny

his Maj<sup>ts</sup> Right to the Government, as well as to the Soyle of those Countrys, & set up a Government of their own, which the Proprietors hope your Lordships will think It worthy yo<sup>r</sup> consideration to prevent.

These matters of fact being promised, & ready to be proved by them, the proprietors humbly conceive that the severall Articles of the Pet<sup>rs</sup> Complaint are pregnant of such a designe, as will appear by a particular examination of them and Answer to them.

To y<sup>e</sup> 1<sup>st</sup> *Besides* the disingenuity of its being a generall Accusation without descending to particular Instances; the Pet<sup>rs</sup> have stated the Case partially, and conceal'd the principall matters upon which the merit of It depends; and therefore the Propriet<sup>rs</sup> to set it in a true light, humbly acquaint your Lordships, that though Coll Richard Nichols was in One Thousand Six hundred Sixty four Govern<sup>r</sup> of this Province under the then Duke of York, he had no power by his Com'ission to grant Land, and if he had such power was determined above five Months before he made any Grant to the Pet<sup>rs</sup> (which was in December One Thousand Six hundred Sixty four) the Duke of York having in the month of June preceding granted this Province to the Lord Berkley and S<sup>r</sup> George Carteret. And y<sup>e</sup> Licenses granted to the Pet<sup>rs</sup> by Coll Nichols then, and by the Propriet<sup>rs</sup> since, were expressly under a Condition to hold the Lands So purchased, of the Propriet<sup>rs</sup> by Patent, and a Certain Rent; and all Claiming under the Licence of Coll Nichols actually took Patents of the same Lands at certain Rents, as by the Records thereof appears, which y<sup>r</sup> Pet<sup>rs</sup> have artfully forborn to mention, and rely wholly on the Indian title. And though the Proprietors might in strictnesse of Law have avoided the Patents granted by Coll Nichols for his want of sufficient Authority to make such Grants; yet the Proprietors Offer'd to confirm those crazy titles and never molested the Pet<sup>rs</sup> in their possession, till they

refusing to pay their Quit Rents, the Propriet<sup>rs</sup> as they were advised was lawfull for them to doe distrain'd upon some of them who had Patents, and brought an Ejectment against one Jones who had noe Patent, nor would take any, and therefore could not be prosecuted in any other manner, in which Action the Jury being all Planters gave a Generall Verdict against the Proprietors Contrary to y<sup>e</sup> direction of the Court, and the consent of the Councill on both sides, who had agreed upon a Speciall Verdict.

To y<sup>e</sup> 2<sup>d</sup> This Article being likewise Generall, the proprietors can make no direct Answer to It, but to Obviate any particular Instance that may be hereafter partially represented to yo<sup>r</sup> Lordships, the Proprietors humbly acquaint yo<sup>r</sup> Lordships, that when the Proprietors or their Agents grant a Licence to purchase Lands of the Indians, they usually Oblige the Grantee to purchase a Certaine Tract agreed upon, and to allow the Purchaser a certain Portion of It to his own use, and take the rest of It to the use of the Proprietors: This was done in the case of one John Royce a great Asserter of the Indians sole Right, and a Ringleader of that faction, He had a Lycence from the Govern<sup>r</sup> to purchase, and by vertue of it did purchase a large Tract of Land from the Indians, containing about Twenty Thousand Acres, and had about Six Thousand Acres of it allowed and granted to him by Patent from the Proprietors at five Pounds Yearly Rent. The Rest of It has since been set out to the use of three of the present Proprietors, and been reputed their particular property for severall Yeares; but now Royse puffed up with y<sup>e</sup> Notion of the Sole Right of the Indians, and of noe Right in the King, and his Grantees, refuses to pay his Quit-Qent for the Lands patented to him, and Under his Indian title Claimes all the Lands he bought of the Indians though soe great a part of it was brought for the use of the Proprietors.

To y<sup>e</sup> 3<sup>d</sup> This Article is particular, but notoriously false, for King James haveing some Months before the late happy Revolution, Seiz'd the Government of this and the neighbouring Provinces, and put them all Under the Com'and of S<sup>r</sup> Edmond Andros, the proprietors durst not Exercise any Government over East Jersey, and S<sup>r</sup> Edmond Andros being upon the first news of the Revolution, imprison'd at Boston, All those American Colonys were in great Confusion for some time, but when the Government of England was setled, and the P*roprietors* restored to their former Right, the Proprietors first appointed John Tatham Esq<sup>r</sup>, and afterward Coll Dudley<sup>y</sup> (now Deputy Govern. of the Isle of Wight) to be Govern<sup>rs</sup> of this province, whom the people Scrupling to Obey, the Proprietors appointed Coll Hamilton to be their Govern<sup>r</sup>; who was Accepted by them, and Administred the Government both Civill and Military severall years to the Generall satisfaction even of the Pet<sup>rs</sup> themselves, The Proprietors insist they ought not to be Answerable for the Vacancy of Government Occasioned by King James his seizure of it, or by the Peoples refusall to Obey M<sup>r</sup> Tatham and M<sup>r</sup> Dudley whom the Proprietors had Commissionated, and if this could be imputed to the Proprietors, the Pet<sup>rs</sup> had shown more Duty to the King, and Lesse Malice to the Proprietors, if they had been Earlier in their Complaint, and not have deferred It for Seven Years after the Offence (If It be one) committed. A Militia has been long established in the province, and Mustered and Exercised four times every Year, and by a Standing Law there every Inhabitant is Obliged to provide himselfe with a Gun well fixed, sufficient Powder and Bullet, Under the Penalty of a fine whensoever he is found without them They confesse they have not provided Arms or Ammunition for this Militia, because y<sup>e</sup> King himselfe doth not provide them for the Militia of England, or of his

own Colony of *New York*. As to the latter part of this Article y<sup>e</sup> Propriet<sup>rs</sup> declare they have some times caused Lands to be Surveyed before they purchased it of the Indians, which is no damage to the Indians but they never pretended to settle any Lands till after the purchase of It, from the Indians; nor did the Indians of their own accord make any Complaint, but have been influenced to doe soe by the Petition<sup>rs</sup> that they may have a Colour to defraud the Propriet<sup>rs</sup> of their Quit-Rents, and bring their title from the Crowne into Contempt.

To y<sup>e</sup> 4<sup>th</sup> *The Propriet<sup>rs</sup>* acknowledging that Coll Hamilton a Native of Scotland being Govern<sup>r</sup> of *East New Jersey*, when an Act of Parliament in the Seventh & Eigth years of his now Majesty's Raign, intituled, *An Act for preventing frauds & Regulateing abuses in the Plantation Trade*, was made, they were by some Expressions in that Act, misled into a belief, that a *Scotchman* was disabled to Execute the Office of Govern<sup>r</sup> and therefore to avoid Committing any Offence against that Act, did Constitute Jeremiah Basse Govern<sup>r</sup> of this Province, who being presented to, and as M<sup>r</sup> Basse informed them, approved of by his Majesty, the Proprietors in confidence thereof, wrote such Account of It to the Inhabitants as is Suggested by this Article; But M<sup>r</sup> Basse haveing noe Instrument in Writing Expressing the Kings Approbation, was opposed in his Administration by many of the Inhabitants, and amongst others, by some of the now Pet<sup>rs</sup> and Coll Hamilton came over to England about his own private affairs. After whose Arrivall the Propriet<sup>rs</sup> having the Opinion of his Majesty's Attorney & Sollicitor Generall of this Kingdome, *that Scotch men were Naturall Born Subjects of England* and not disabled to Execute the Office of Govern<sup>r</sup> and receiving an Addresse from great Numbers of the Inhabitants representing the Abilities and Acceptable-

nesse of Coll Hamilton in that Station, which Mr Basse had left, and returned to England, and praying Coll Hamilton might be restored, the Proprietors Constituted him Govern<sup>r</sup> by a new Commission, & endeav<sup>r</sup>ed to Obtaine an Approbation of him by the King, but his Majesty haveing a little before that time, by advice of Your Lordships, directed a Tryall at Law for deciding the Right of Government, Your Lordships Scrupled to admitt a positive Approbation of him, because it might seem an Owning of the Proprietors Title then in Question; Yet were pleased to declare, that yo<sup>r</sup> Lordships did not intend it as an Inhibition to the Proprietors from Exercising y<sup>e</sup> Government till the Right was determin'd, (being very Sensible that the Country could not Subsist in peace without It) and that Coll Hamilton governing according to the Laws of England, the Proprietors would be safe in Comissionating him, and he in acting under their Comission. This was Communicated by Coll Hamilton at his Arriuall there, to the Inhabitants, who were generally inclin'd to Obey him, but the Pet<sup>t</sup>er<sup>s</sup> entertaining a belief that if the Government be Evicted or taken from the Proprietors, their Interest in the Soyle and Quit-Rents, which are their Civill and personall Rights, must fall with It, laid hold of this want of the Kings Actuall Approbation of Coll Hamilton, Opposed him with Armes, and now Arraign the Proprietors of neglecting to provide for the Government, which themselves have rejected.

*The Proprietors* conceive the latter part of this Article deserves no particular Answer, being fully cleared by the Opinions of the Attorney and Sollicitor Generall; and therefore only offer to your Lordships Consideration, that the Secretary and Attorney Generall of this Province, and the Clerk of the Supream Court mentioned by the Petition<sup>rs</sup> have been many yeares, Inhabitants there, and though they are Scotch-

men by Nation, are Englishmen by their Interest, having embarked their whole Estates in the Prosperity of this Colony.

*The Proprietors* hopeing they have fully answered the Petition<sup>rs</sup> Remonstrance, wherein they humbly Submitt to Yo<sup>r</sup> Lordships Judgment, now crave leave to Acquaint your Lordships, that they and ye Propriet<sup>rs</sup> of *West New Jersey* had before this Complaint arrived Unanimously agreed to Surrender the Government of both Provinces to his Maj<sup>ty</sup>. Under such termes, and Conditions as they are advised are proper, and this Remonstrance now makes necessary, for preservation of their Civil Rights, which proposalls they are ready to deliver to yo<sup>r</sup> Lordships, and doubt not yo<sup>r</sup> Lord<sup>ps</sup> Approbation of them.

Signed by Order & on behalfe of ye Proprietors of the Province of East-New-Jersey. 9<sup>o</sup> x<sup>br</sup> 1700.

*Report of Colonel Roemer to the Earl of Bellomont, on  
the Harbor of New York.*

{From N. Y. Col. Doc'ts., Vol. IV., p 836. Translated from the Dutch.}

*My Lord.*

Pursuant to your Excell<sup>cies</sup> verbal order of the 7<sup>th</sup> of December 1700, to measure the distance across the Narrows and to sound the depth of water there, as well as in a second arm of Hudson's river, called the Coll, between Staten Island and East Jersey, and to ascertain whether any ships and bombketches could come around by Amboy and consequently attack the city of N. York: item, to select a couple of places both at the Narrows and the Coll, where suitable fortifications could be erected, and the enemy thereby be forestalled in his undertakings, I on measuring the same, have found the distance between the heights (*hoof den*) to be one and  $\frac{1}{2}$  mile English in breadth from shore to shore.

In regard to the depth of water, I find across from Long Island to Staten island 4. 4. 4. 4. 4 $\frac{1}{2}$ : 6. 11. 12. 13. 12. 9. 6. 6. and 5 fathoms right under the shore of the aforesaid Staten island. By the second sounding from Staten Island to Long Island  $\frac{3}{4}$  of a mile farther south, where the river is narrowest, I find right under the shore, 5, 6, 12, 14 and 15 fathoms in the deepest part of the channel; this depth then falls off immediately to 6, 2 and  $1\frac{1}{2}$  fathom of water where there is a Bar (*riff*) + which, with a point northerly towards N. York, runs into Long Island and westerly 1-6 part across the Narrows, and S. S. E. towards Sandy Hook runs past Long Island hook where it shoots around E and E by North (*Oen O by N*)

Now for the fortification of the Narrows, I am of opinion that there ought to be, both on Long, and Staten Island, a sufficient Battery with a good Redoubt on each height, inclosed with proper lines of defence communicating with the respective Batteries, and that each be furnished with 30 guns carrying 18a24 lbs ball.

In regard to the other branch of the Hudsons river, called the Coll, between Staten Island and East Jersey, I have sounded it from Amboy up to Tompsons point and Elizabeth town and find from Amboy to the above named points 8, 7, 6, 5, and 4 fathoms of water, it then become shallow with a very crooked Channel +<sup>"</sup> having no more than 11a12 feet of water at spring tide, so that a ship can indeed come up as far as Tompson's point aforesaid, but with difficulty, because the river runs narrow and crooked. In order now, to hinder the approach of any vessel, I am of opinion that it can be effected by the erection of a battery on Schutter's island 12 or 13 miles from New York; with this, it is impossible for any ship, sloop or boat to run up or down.

I consider myself bound particularly to submit to your Excell<sup>ey</sup> the great importance of Sandy Hook, and entertain that opinion, because reason and the Rules of War agree, that an enemy must always be kept as far off as can possibly be done, that a good block house and other fortification ought to be erected on the aforesaid Hook, as they would be very useful there, the channel and entrance being very narrow, and vessels on that account must pass immediately under this Hook, whilst the East banks lie sheer by and over the Hook running up to the North and East, and it is therefore very dangerous. For these reasons a good Blockhouse and Fort of 50 guns might answer, and prevent any enemy coming by water into my bosom, and oblige him to stand out to sea on a dangerous coast.

Further and lastly, an inclosed battery of 12 or 13 guns ought to be erected at the narrowest part of Hell-gate, to prevent the entrance of an enemy at that point also.

All this being done, I am persuaded an enemy will bethink himself a hundred times before he will undertake any attack on New York.

The Proprietors have right to the Soyle, but not to the Governm of those Provinces, The Quakers are now contesting for Coll Hamilton their present Govern<sup>r</sup> tho' not allowed off by his Maties Orders in Coun-cell, as the Law directs; The Countrey is too large, and the Inhabitants too few to be continued a Separate Governm! therefore East Jersey ought to be annexed to N: Yorke, and West Jersey to Pensilvania, and the three lower Countyes which will make a considerable and usefull Governm<sup>t</sup>

About 4 years ago the Swift Frigott being Drove out of Virginia by Storm and comeing aShoar upon the Sands in that Province the Inhabitants Robb'd her, and Fired Great Gunns into her and Disabled her from Getting off. The Chief Offender was Banished onely. Tis a place which Receives Pirates, runaways, and illegal Traders.

They inrich themselves by their continued breach of the Acts of Trade, Some Of the Members of ye Council being illegal Traders, sitt Judges in ye Courts upon Tryall of Seizures for his Ma'tie, and do likewise deny Appeals to his Ma'tie in Councill, to those who are impow'red, and directed to prosecute them.

They have likewise Turn'd out M<sup>r</sup> Byfield a man zealous for haveing the Acts of Trade duly executed, who by Commission under the Great Seal of y<sup>e</sup> Admiralty was Judge of the Court of Admiralty in That Province. And made M<sup>r</sup> Waite Winthrop (a small Practitioner in Physick) to be Judge of That Court Tho' in no Sort qualifyed for y<sup>e</sup> Office instead of M<sup>r</sup> Byfield against whom they had nothing to Object. Some of the First Pirates I ever heard of in the Northern Plantations were sett out from Boston who brought in a Great deal of Riches from the Spanish Plantations

PROVINCE OF NEW HAMPSHIRE. M<sup>r</sup> William Partidge the present Lieut<sup>t</sup> Governour, and Severall of the Inhabitants of that Province are Notorious, illegall Traders.

*My Lords* (Extract)

\* \* \* \* \* We think it our duty further humbly to represent to your Lordships the ill state of the Jerseys, who by the Proprietors directions are under the administration of Coll: Andrew Hamilton, who when he was, formerly in that post did always influence the people of the Jerseys to be convinced of their dutys to be assistant to the frontiers at Albany during the coarse of the late warr, and was careful of remitting deserters from his Majesty's Companys here: yet by the licentiousness of that people he cannot contain them within the decent and necessary boundaries of government, by which those Provinces are like to fall into disorder and confusion. We do therefore humbly offer whether it be not for his Majesty's

service that his Majesty would be pleased to put those Provinces under such regularities that the publick peace may be restored and his Majesty's government of New York may have the assistance of the magistracy of the Jerseys to remand deserters and fellows that may shelter themselves there, which often happens, &, by the convulsion of that people, not in Coll. Hamilton's the Governour's power to remedy it. \* \* \* \* \*

*Petition of Governor and Council of East Jersey to the King, asking that the authority of Gov. Hamilton might be upheld.*

[From P. R. O. B. T. Proprietors, Vol. 6, G 29.]

PETITION OF Y<sup>E</sup> GOV<sup>R</sup> & COUNCIL of East New Jersey  
to his Mat<sup>y</sup> abt y<sup>e</sup> Disorders there May 1701

TO THE KINGS MOST EXCELLENT MAJESTY.

THE HUMBLE PETITION of the Governour and Council of Your Majesties Province of East New Jersey in America.

*Most Humbly Sheweth*

That whereas in January 169<sup>9</sup> The Proprietors of Yo<sup>r</sup> Mat<sup>ies</sup> said Province did Petition yo<sup>r</sup> Mat<sup>ie</sup> to approve their Choice of Andrew Hamilton Esq<sup>r</sup> to be Governour thereof, Which Petition was read and referred by

Yo<sup>r</sup> Ma<sup>tie</sup> in Council to the Right Hono<sup>blic</sup> the Lords of Trade and Plantations to consider and to report to Y<sup>r</sup> Ma<sup>tie</sup> what they conceived proper for Yo<sup>r</sup> Ma<sup>tie</sup> to do therein

In obedience to which Order in Council, and to another of the Ninth of March thereafter, Upon a Petition of the said Proprietors concerning Their Right to a Port at Perth-Amboy, Their Lord<sup>ps</sup> by a Representation to Yo<sup>r</sup> Ma<sup>tie</sup> in Council, most humbly offered to Yo<sup>r</sup> Ma<sup>tie</sup> That a Tryal be had at Barr in Westminster Hall. Whereby the Proprietors claim to Ports and Right to Governm<sup>t</sup> of the said Province might receive a determination Which Representation Yo<sup>r</sup> Ma<sup>tie</sup> in Council was pleased to Approve, upon the 20<sup>th</sup> of April, and to Order that it be referred to Yo<sup>r</sup> Ma<sup>ties</sup> Attorney General, to consider and report, in what manner what was proposed by the said Representation might be best put in Execution.

Yo<sup>r</sup> Petitioner Hamilton waited upon the Council of Trade and Humbly moved, That seeing by the said Representation their Lordshipps seemed to Hesitate upon the Validity of the Powers of Governm<sup>t</sup> granted by King Charles the second to His Royall Highnesse, and by His Royal Highnesse to the Proprietors. He might be directed by their Lordshipps, how to Guide himself being unwilling to Act, under any Commission, which their Lordsh<sup>pp</sup>s should judge unwarrantable.

Their Lordships by S<sup>r</sup> Philip Meadows were pleased to signifie to said Hamilton, That tho' They questioned the Validity of the Powers of that Grant, and therefore thought it not fitt to Advise Yo<sup>r</sup> Maj<sup>tie</sup> to grant the Approbation Petitioned for being a Recognizeing the Prop<sup>rs</sup> Title, and thereby giveing away what they accounted Yo<sup>r</sup> Maj<sup>ties</sup> Right, Yet that they did not thereby intend to inhibitt the Prop<sup>rs</sup> of acting further in the Governm<sup>t</sup> But that if yo<sup>r</sup> petitioner Hamilton, Governed himself by the Laws of England; The Prop<sup>rs</sup>

would find wherewithall to Justifie themselves in Commissionating him, and yo<sup>r</sup> petitioner in acting under it, untill Their Right to Governm<sup>t</sup> were Vacated by a Judicial determination or that yo<sup>r</sup> Maj<sup>ies</sup> Pleasure should be further knowne therein

Yo<sup>r</sup> Petitioner Hamilton arriveing in said Province in Decemb<sup>r</sup> 1699 Published the Proprietors Commission, and after haveing taken the Oaths, appointed by Acts of Parliam<sup>t</sup> Entred upon the Administrac<sup>on</sup> of the Governm<sup>t</sup>

But so it is. That neither the Approbation being granted, nor no Instrument sent over to Command the Inhabitants to continue in their obedience to the Governm<sup>t</sup> under the Administrac<sup>on</sup> of the Prop<sup>rs</sup> until their Right to it had received a Tryal at Barr Yo<sup>r</sup> Ma<sup>tie</sup> was pleased to Order, or until Yo<sup>r</sup> Ma<sup>ties</sup> Pleasure was further knowne. The Licentious part of the people, who look on all Governm<sup>t</sup> to be a Yoke, and being encouraged in their Seditious principles, by Letters from England, from their Agent, whom they have sent over to Extenuate their Crimes, That Yo<sup>r</sup> Petitioner Hamilton was rejected by Yo<sup>r</sup> Ma<sup>tie</sup> for Governo<sup>r</sup> And that the Council of Trade had declared all Acts of Governm<sup>t</sup> by him done, or any under him to be Null & void, have gladly laid hold of this as colour enough to cutt in pieces the Reins of Governm<sup>t</sup> and run yo<sup>r</sup> people into Anarchy and confusion.

And as at several times before, They have assaulted Yo<sup>r</sup> Ma<sup>ties</sup> Justices, when in the Solemnyty of yo<sup>r</sup> Courts of Judicature, and thereby stop't the Curr<sup>t</sup> of Law, So upon the 25<sup>th</sup> of March last, At a Court of Sessions held in the Usuall place at Middletowne in the County of Monmouth and Province aforesaid, Where was present Yo<sup>r</sup> Petitioner Hamilton in Conjunction with yo<sup>r</sup> Ma<sup>ties</sup> Justices to take the Examination of a certain pirate belonging to Kidds-Crew, named Moses Butterworth, pursuant to Yo<sup>r</sup> Maj<sup>ies</sup> Strict Command;

And while the pirate was under Examination, Those Libertines on purpose to hinder the Courts proceeding in that Affair, sent in one of their Number to beat a Drumm and others of them Rushed into Rescue the Pirate, and accordingly carried him from the Barr.

To hinder the Rescue and suppress the Riotters, Yo<sup>r</sup> Mat<sup>t<sub>ies</sub></sup> Justices, believing it their duty, to assist the Sheriffe and Constables in the Execution of their Offices (in which one of the Rescuers was wounded) were Surrounded by the Riotters in great numbers in Arms, having (appearingly) on purpose appointed the same day to be a Training day, on which the Court was to sitt, and their destruction by them most insolently threatened, (which had been most certainly Executed had the Wounded died upon the Spott) and were confined by them ffour dayes, till they thought him past hazard, to the great dishonour of Yo<sup>r</sup> Maj<sup>t<sub>ie</sub></sup> in the abuse of yo<sup>r</sup> Ministers.

And as those people could have no manner of colourable Pretext for attempting the dissolution of the Governm<sup>t</sup> for want of sufficient Information, being often told, that the not obtaining the Approbation was from a Reason of State, and no Neglect of the Proprietor<sup>s</sup> that it was Yo<sup>r</sup> Maj<sup>t<sub>ie</sub></sup> not that they that was Judge of the Validity of the Proprietors Commission and that as it is never to be supposed Yo<sup>r</sup> Maj<sup>t<sub>ie</sub></sup> the Common ffather of yo<sup>r</sup> people would for want of Governm<sup>t</sup> suffer them to run into disorder and Confusion, So it ought to be to them an invincible argument of Yo<sup>r</sup> Maj<sup>t<sub>ies</sub></sup> allowing the Administration to be still in the Prop<sup>r<sub>s</sub></sup> untill the Tryal at Barr be issued, or Yo<sup>r</sup> Maj<sup>t<sub>ies</sub></sup> Pleasure therein further knowne

As yo<sup>r</sup> Maj<sup>t<sub>ies</sub></sup> most humble Petitioners will never be wanting to do what in them lies to preserve yo<sup>r</sup> Maj<sup>t<sub>ies</sub></sup> peace, and Order of Governm<sup>t</sup> among Yo<sup>r</sup> Subjects of this Province untill yo<sup>r</sup> Maj<sup>t<sub>ie</sub></sup> shall be pleased to committ that Trust to better hands, So least the necessary

means to effect it, may run the Province into blood,  
unlesse a Speedy remedy be applyed

*They most humbly pray*

*That Yo<sup>r</sup> Maj<sup>ie</sup> would be graciously pleased to command the Inhabitants to yield their Obedience to the Proprietors commission until the Tryal at Barr be had, or yo<sup>r</sup> Ma<sup>ties</sup> pleasure thereupon be further knowne*

And your Petitioners as in duty bound shall ever  
pray

to the Lords Justices asking for the approval of  
Andrew Hamilton as Governor.*

TO THEIR EXCELENCIES THE LORDS JUSTICES OF  
ENGLAND.

The Humble Petition of the Proprietors of the  
Provinces of *East and West New Jersey* in  
America.

*Showeth*

That your Petitioners, as they were advised by their Council, being legally entitled to the Government of those Provinces, by virtue of several Grants from the late King JAMES, when Duke of York, the Declaration of the late King CHARLES the Second, under the Great Seal of *England*, and of several Acts of State and Orders of Council, admitting their right, have for many years appointed Governor's there, and particularly Colonel *Andrew Hamilton*, who administered the Government to the great Service of the Crown and Universal Satisfaction of the Inhabitants, until the Act of Parliament passed in the seventh and eight Years of his present Majesty's Reign, entitled *An Act for preventing Frauds and regulating abuses in the Plantation Trade*.

Upon which Laws some doubt arising, whether a Native of *Scotland* (as Colonel *Hamilton* is) were capable of being a Governor of the Plantation, your Petitioners for avoiding any Colour of Offence against that Act of Parliament appointed one *Jeremiah Basse*, Governor of those Provinces; but the Lords of the

Committee of Trade and Plantations, making then some Scruple concerning your Petitioners Right of Government, Mr. *Basse* had not such a formal Approbation of his Majesty, as that Act directs; and though your Petitioners even at the same Time honoured with Instructions from the then Lords Justices, and Lords Commissioners of the Treasury, for their Governor's Conduct, which were produced and published by Mr. *Basse*, as a Testimony of his being nominated Governor, with the knowledge and implicite Consent of his Majesty and his Ministers of State, yet for want of an Express Approbation in Writing, the Inhabitants refused to obey him, and he returned to *England*.

Whereupon your Petitioners who had been informed of the Opinions of his Majesty's late Attorney and present Sollicitor General, that a Native of *Scotland*, was not disabled to execute any office in the Plantations, were reduced to reappoint the said Colonel *Hamilton* (then in *England*) Governor of these Provinces, whom your Petitioners presented to the Lords of the Committee of Trade and Plantations, humbly remonstrating to them the necessity of sending a Governor for Preservation of the Publick Peace, and praying their Lordships Reccommendation of him, for his Majesty's Approbation, but their Lordships having resolved to controvert your Petitioners Right of Government by a tryal at Law, declared they could not consent to such an Approbation without prejudice to His Majesty's Right; yet in regard of the necessity of the People's being under some Government till the Right was determined, their Lordships delivered their Opinions, that Colonel *Hamilton*, acting according to the Laws of *England*, your Petitioners might be safe in commissionating him, and he in executing their Commission, under the security of which Approbation Colonel *Hamilton* went over, and re-assumed the Government of those Provinces; but some factious and turbulent

Persons impatient of any Government, oppose his Administration, because he is not approved of by an Order of Council, according to the express Letter of the Act of Parliament, and have made so great Divisions and Confusions there, that the publick peace is daily violated, and the publick Justice obstructed.

That your Petitioners have agreed and are ready to surrender all their Right of Government to his Majesty upon such Terms and Conditions as are requisite for Preservation of their Properties and civil Interests, and which they humbly hope will be allowed to them.

Your Petitioners therefore most humbly pray, that for the Preservation of the publick Peace of these Provinces, your Excellencies will be graciously pleased immediately to approve of Colonel *Hamilton* to be Governor of the Provinces of *East* and *West Jersey*, until the Terms of Surrender can be adjusted.

And your Petitioners shall ever Pray,

*Petition of the Council and House of Representatives  
of West Jersey to the King, asking for the confirmation  
of Andrew Hamilton as Governor.*

[From P. R. O. B. T., Proprieties, Vol. 6, G. 29.]

TO OUR MOST GRACIOUS SOVEREIGNE WILLIAM THE  
THIRD KING OF ENGLAND &c.

THE HUMBLE PETITION of the Provincial Councill  
and House of Representatives of the Province  
of West New Jersey in General Assembly  
Mett at Burlington the 12<sup>th</sup> day of May Anno  
Dni 1701.

*Most humbly Sheweth*

That the Preservation of the Kings Peace, among  
his Subjects, being very dear to Him. We though a  
small part of that Great Body, ffly to him for the In-  
fluences of his Power, and Goodnesse to so good an  
End.

In order to it do therefore most humbly Represent.  
That the Governm<sup>t</sup> of this Province by the evil En-  
deavours of one Joshua Barkstead and others now or  
lately in England is much disordered by their Letters  
to some Inhabitants disaffected, who industriously  
Publish the same. Which We are assured will to-  
gether with this be produced in Evidence that Colonel  
*Andrew Hamilton* our present worthy Governo<sup>r</sup> whom  
the Proprietors in England, Petitioned the King to  
approve, was rejected by the Court, and not in the  
least owned as such; But quite contrary wondering  
that he dare presume to take upon him the Governm<sup>t</sup>  
declaring that all Acts of Governm<sup>t</sup> by him done, or

any under him are null and void. And that Brother (meaning Jeremiah Basse) would suddenly be over with them as Governo<sup>r</sup> for the King, or Surveyor General, of the Customs in America.

*And tho' the long Experience, the Inhabitants have had of the Justice and Veracity of Col<sup>d</sup> Hamilton, ought to have influenced a Belief of what he related to Us, upon his first comeing over, that the King had been Petitioned to approve the Proprietors choice of him for Governo<sup>r</sup>. And that altho' the Council of Trade to whom the Petition was referred did not see fit to advise the King to grant the Approbation Petitioned for, Yet that at the same time, by the mouth of S<sup>r</sup> Philip Meadows. They were pleased to signifie to him That if he governed himself, according to y<sup>e</sup> Laws of England. The Proprieto<sup>rs</sup> would find wherewithall to Justifie themselves in Commissionating him, and him for acting under it, till the King's pleasure should be further known therein. Yet no Instrument being sent over to Command in the mean time, the obedience of the Inhabitants under the present Administrac<sup>on</sup>. The giddy & factious part of the People lay hold on the above Letters to justifie their breaking in pieces the whole fframe of Governm<sup>t</sup> and running yo<sup>r</sup> people into disorder & confusion. And as it is impossible for people to live happy without Governm<sup>t</sup> So those moderate and necessary Taxes laid on the Province for Supporting thereof, w<sup>ch</sup> in former times have been alwaies duly complied with, are now refused to be paid by that part of the People, who impudently affirm. That y<sup>e</sup> Province was without Law or Legal Authority, And have threatened high against those Officers that would attempt to Levy it*

The Governour and Justices of the peace Knowing it their absolute duty to preserve as much as in them lies the Order of Governm<sup>t</sup> And haveing in order to it, took up some of these seditions and disorderly persons,

who refused to find security for the good Behaviour. Men who industriously endeavoured the dissolution of the whole fframe of Governm<sup>t</sup> giveing it out That for want of the Approbation the Governo<sup>r</sup> here was no Governo<sup>r</sup> and the Province without Law tho' they very well knew, what stepp had been made to obtain y<sup>e</sup> Approbation. And that the not obtaining it was by no Neglect of the Proprietors but from a Reason of State And as an Instance that those Letters and Persons debauch'd the people into a belief that no Act of Governm<sup>t</sup> could be done under the present Administrac<sup>n</sup>. About three or four score of the disorderly people came to y<sup>e</sup> Town of Burlington in the Province afores<sup>d</sup> the Eighteenth day of March last past in a Tumultuary and Riotous manner (takeing advantage of the Governo<sup>r</sup> being unprovided to Suppresse them because many of the Inhabitants of that Towne are such whose Religious Perswasions will not suffer them to bear Armes) and forcibly broke open the Prison and rescued two Persons who were under confinem<sup>t</sup> for refuseing to find Sureties for their good behaviour And were known to be very active in rayseing and continuing our Troubles in the Governm<sup>t</sup> And since such enormities may grow to be of dangerous consequence if not timely p'vented.

We therefore Humbly pray, That the King will be graciously pleased to rebuke the Insolency of those Ill men, and Command their Obedience to the p'sent Governm<sup>t</sup> that We may be quiet and safe as all Loyall and Peaceable *Subjects* desire to be till his Royal pleasure be further knowne concerning us. And (if it may be with decency exprest) We begg leave to say That nothing can lay the good People of this Province under a greater and more lasting Obligation then to remaine under the Care and Administrac<sup>n</sup> of our p'sent worthy Governo<sup>r</sup> of whom We have had long Experience, and have no cause to doubt but he will al-

waies acquit himself with Honour to his *Prince* and Justice Prudence & Integrity to y<sup>e</sup> People, Which neverthelesse is most humbly Submitted

*And Yo<sup>r</sup> Petitioners* (as in duty bound) shall ever pray &c

*Address of the Inhabitants of West Jersey, asking to be taken under the King's immediate government*

To his Sacred Maj<sup>ty</sup> Our Sovereign W<sup>m</sup> the Third

&c<sup>a</sup>.

*The humble addresse of your Maj<sup>ys</sup> most humble & Loyall Subjects Freeholders and Inhabilants in the Colony of West New Jersey in America.*

*In all humility sheweth.*

That whereas your Maj<sup>ys</sup> most humble & Loyall subjects have for many years inhabited in your Maj<sup>ys</sup> s<sup>d</sup> Colony of West Jersey where with great hazards,

Toyls & fatigues, We have been endeavouring y<sup>e</sup> maintenance of Our selves and poor Families, and according to our bounden Duty at all times (since your gracious Ma<sup>tys</sup> accession to the Crowne) have w<sup>th</sup> all cheerfulness manifested Our Loyalty to y<sup>r</sup> Maj<sup>y</sup> tho' under a Proprietary Governo<sup>r</sup> where We have long been harassed by the arbitrary proceedings of those who have held the Reins of Government over us, and are now grown so headstrong and insolent, y<sup>t</sup> they would submit to no authority unless they could sway them to their own particular interests as hath been plainly evidenced by their behaviors under y<sup>e</sup> late administration of Jeremy Basse Esq in the Government of said Colony wherein it might be thought incredible (especially for a People who have profest themselves innocents) to relate not only their continued Affronts & insufferable provocations, both towards himself, and those who by Commission under him endeavoured the conservation of the Peace, according to your Maj<sup>tys</sup> Laws & their incumbent Duty; yet such were y<sup>e</sup> inveteracy of that sort of people, that notwithstanding all the Candid endeavours of said Coll Basse in his administration of the Government here, when the Magistrates who were by him commissionated appeared at the Court house to hold a Court for the keeping your Maj<sup>tys</sup> Peace, they were not only kept out of the said Court house, but also with violence sett upon, assaulted, beat and some wounded, by a riotous number of Quakers, and others their adherents (as by a Copy of the Record thereof made and in the hands of the said late Gov<sup>r</sup> appears) upon complaint whereof the said late Gov<sup>r</sup> Bass went in person to the Place & in opposition to him the Quakers with many others by their means, with Colfers Drums & Arms, were gathered together, who with high menaces declared their cruell intentions if he came there, whereupon the said late Governor having information thereof, called

sev<sup>n</sup> Sober Persons to go along with him as a Guard to defend him from their Violence, and Came to the Court house door where the afores<sup>d</sup> Riotous Crew were gatherd together but had then hid their Arms, but instead thereof many of them had furnished themselves w<sup>th</sup> formidable Clubs to oppose the s<sup>d</sup> Coll Bass and hinder<sup>r</sup> his entring into the Court house which they kept lock't up and refused upon his peaceable demand to open the door, whereupon at his Order it was forced open and the heads of the same Rioters at the same Court presented, since which time the said Coll Bass being superceeded by a Commission to Coll Hamilton, the same Rioters instead of being called to Justice are many of them advanced some of them being chosen of the Gov<sup>rs</sup> Councill, Assembly Men, and others made Justices, and all Offices in their hands, so as those who peaceably Submitted to the preceding Government were greatly menaced & some presented and sued at their Courts for their due discharge of their duty & of late under their present administration, the Representatives having lessened the Countryes number thereof to y<sup>e</sup> one half, have laid a prodigious Tax (w<sup>th</sup> respect to our present indigencies) which tho' they call moderate yet it's so high, as there has never been the like since this was a Colony, & the Inhabitants mostly suppose; the summ it will amount to is not at this time in the Province, neither do the Inhabitants know what use they intend it for, save only some of them have given it out that they would raise a Summe of money to wage Law w<sup>th</sup> your Maj<sup>ty</sup> for the Governm<sup>t</sup>, which they would make us pay. We therefor humbly conceiving that assemblies here can make no Law, or lay Taxes upon y<sup>r</sup> Maj<sup>ties</sup> Loyall Subjects which the Gov<sup>r</sup> can give a sanction to, unless he had obtained y<sup>r</sup> Maj<sup>ties</sup> Royall approbation as Gov<sup>r</sup>, whereupon (altho' We peaceably acquiesce and are submissive to the Gov<sup>rs</sup> administaation in all things relating to y<sup>e</sup> keep-

ing your Maj<sup>ts</sup> Peace) yet humbly conceive they have not power to take away y<sup>r</sup> Countries former Privileges, or impose such heavy Taxes upon Us, and altho' we farr exceed the Quakers Parties in Numbers, yet by their close contrivances at their pretended monthly, Quarterly & yearly religious meetings, they outdo us in Elections, by giving out to others who are simple, and also as covetously inclined as themselves, that if they Vote not ag<sup>t</sup> Us, & get an assembly of their own choice, We shall bring in the Black Coats or Preists (as they call them) & a Militia (which indeed We have not but lye naked to all enemies) by means of which Reports, they carry Votes ag<sup>t</sup> Us, yet nevertheless the Countrey finding they would not admit of the number of Representatives which by Law has been appointed, We your Maj<sup>ts</sup> humble Suppliants were also elected to make up the former number & accordingly met the other Part of the Representatives at the time and Place appointed, but were refused & rejected from offering Our advice with them, which we proposed for the Peace and tranquility of the Colony, So that We Still lye naked & open to all their unseasonable impositions, which tho' We have been long Sufferers under, We should like poor Issacers have still bowed Our backs to bear, rather than to have presumed at this Juncture to crowd Our Complaints into your Maj<sup>ts</sup> audience amongst the weighty affairs that lye before your Maj<sup>w</sup> had We not been informed that the other part of the Representatives (who Lord it over us,) are sending an Address to your Maj<sup>y</sup> the purport whereof We being Strangers to. We have therefore humbly conceived it an incumbent duty upon Us on the behalf of Our Selves & y<sup>r</sup> freeholders & Inhabitants of this Colony, by whom We are also elected their Representatives, humbly to prostrate this Our Ad-dresse at the foot of your Sacred Maj<sup>y</sup>

And humbly implore y<sup>r</sup> Maj<sup>y</sup> to take Us into your

gracious protection, that We may be under Such Gov<sup>r</sup>: as shall more immedately act under your Maj<sup>tys</sup> Commission which we hope will calm and Screen us your Maj<sup>tys</sup> humble and Loyall Subjects, from the Rage & Insolencies of those who otherwise will never be satisfied without trampling upon Us.

That the great and glorious God who of his wonderfull Goodness & mercy hath sett you over his Great People will preserve your sacred Maj<sup>ty</sup> from the wicked contrivances, of all those who shall endeavour to oppose y<sup>r</sup> Maj<sup>ty</sup> in the great worke w<sup>ch</sup> lyes before You is and shall be the fervent & Constant Prayers of Us who crave leave to subscribe Our Selves your Maj<sup>tys</sup> most humble Suppliants

*Gentlemen*

Wee the Members of the Provinciall councill for the Province of East New Jersie as we are not a little Surpris'd to hear of A Comission arriv'd for cap<sup>t</sup> Bowne to be Govern<sup>r</sup> to tear open againe the wounds of the Province that were allmost clos'd up, so receiving Information y<sup>t</sup> the only use Intended to be made of this comission was to Supersede Coll<sup>o</sup> Hamiltons And then to throw up the Other and thereby to Lodge the Government in the People when all your powers in y<sup>e</sup> Province were dismist for this reason and the other Reasons assignd in Our Proclamation of which we Send a copye we were of Councill to Coll<sup>o</sup> Hamilton not to Surrender the Government to Prevent the trick intended upon you, and as we have been Inform'd So severall of our selves have been Eare witnesses to y<sup>e</sup> truth of w<sup>t</sup> was said for no Sooner had he Publisht his comission but the heads of his partie told some of us that they did not Vallue capt<sup>t</sup> bownes comission of A farthing and that it answered their Intention if it Supersed Coll<sup>o</sup> Hamiltons.

We have cause to Suppose you have been deceiv'd by some Insinuations of Salter, y<sup>t</sup> you have made so false a step which may prove of Verry dangerouse Consequence to Youre Owne Interests as well as to y<sup>e</sup> Inhabitants. It is verry strange to us y<sup>t</sup> you suffer yourselves to be thus Influenced by such sort of people both to y<sup>e</sup> hurt of y<sup>e</sup> common weale of y<sup>e</sup> province and youre owne reputations in the Eyes of the thinking part of the people both in this Province and in all the Neighbourhood around and it will alwaies be so if you take measures from any but men of known Probitie A character that person has no right to.

We Intreat you put the Dispute betwixt the King and you as to matters of Governmen<sup>t</sup> to an End that y<sup>e</sup> Convultions of y<sup>e</sup> Province May Cease, if there be an appearance of wars abroad its high time there were Peace at home

*Petition of the inhabitants of East Jersey, asking to be taken under the government of the King, should the Proprietors not appoint a suitable person as Governuor.*

[From P. R. O. B. T. Proprieties. Vol. 6, No. G. 23.]

TO THE KINGS MOST EXCELLENT MAJESTY.

THE HUMBLE PET<sup>ON</sup> Your Maj<sup>ts</sup> Loyall Subjects inhabiting in your Maj<sup>ts</sup> Province of East New Jersey in America.

*Humbly Sheweth.*

THAT M<sup>r</sup> Jeremiah Basse was sent over by the Proprietors of this Your Maj<sup>ts</sup> Province In the year 1697 with a Commission from them to govern the said Province, whose Authority was by many opposed, for that (as it was alleged) he wanted our Maj<sup>ts</sup> Royall approbation as by Act of Parliament is required, whereupon very great disturbances have arisen amongst the Inhabitants of this Your Maj<sup>ts</sup> Province.

That the Councill here did give an account to the said Proprietors, of those disturbances & at the same time did advise and assure them that no Gov<sup>r</sup> by them commissionated would satisfy the People here without Your Maj<sup>ts</sup> Royall approbation.

That yet notwithstanding (in contempt of your Maj<sup>ts</sup> known Laws and against the advice of the Councill aforesaid) They the said Prop<sup>rs</sup> have sent over Colonell Andrew Hamilton (in the year 169<sup>7</sup>) to govern the s<sup>d</sup> Province by virtue of a commission from themselves only, not having your Maj<sup>ts</sup> Royall approbation, who has thereupon assumed the Government; and by force of arms holds Courts to the great terrour of your Maj<sup>ts</sup> good Subjects; and has pressed Sundry Persons

to his assistance therein, some of whom he has imprisoned, and fined for no other cause but for refusing Obedience to his Illegall Authority commanding them to take up Arms against their peaceable Neighbours.

WE Your Maj<sup>ts</sup> Loyall Subjects labouring under these and many other grievances and oppressions by the Proprietor of this your Maj<sup>ts</sup> Province of East New Jersey, do in most humble manner lay ourselves prostrate before your Maj<sup>ty</sup> (the fountain of Justice) humbly imploring your Maj<sup>ty</sup> will be graciously pleased, according to your Princely Wisdome, to take into consideration Our evill circumstances under the present Prop<sup>rs</sup> And that Your Maj<sup>ty</sup> will be graciously pleased to give Your Royall Command to the said Prop<sup>rs</sup> (if the Right of Government is invested in them) that with Your Maj<sup>ts</sup> Royall approbation they commissionate for Gov<sup>r</sup> a fitt Person, qualifyed according to Law, who as an indifferent Judge may decide the Controversies, arising between the Prop<sup>rs</sup> and the Inhabitants of this Your Maj<sup>ts</sup> Province, and settle all the differences which at present they labour under, or if otherwise Your Maj<sup>ty</sup> be graciously pleased to take the Government immediately into Your Maj<sup>ts</sup> own hands, We humbly pray (if it may be for your Maj<sup>ts</sup> Service) That East and West New Jersey's may be one distinct Government

And Your Pet<sup>rs</sup> as in duty bound shall ever Pray

*Letter from Lewis Morris to the Lords of Trade in relation to the disorders in New Jersey.*

[From P. R. O. B. T., Proprieties. Vol. 6, G. 28.]

Mem! from M<sup>r</sup> Lewis Morris lately come from y<sup>e</sup> Jerseys, relating to y<sup>e</sup> Disorders in those Provinces.

TO THE RIGHT HON<sup>BLE</sup> THE LORDS COMMISS<sup>RS</sup> FOR TRADE  
& FORREIGN PLANTATIONS

MY LORDS.

In Obedience to your L<sup>ps</sup> comands, I have perus'd the Petic'ons of East and West Jersie, & the better to Enable Your L<sup>ps</sup>, to Judge of y<sup>e</sup> hardships y<sup>e</sup> Petic'on's lye under, I take Leave to Lay before your L<sup>ps</sup>, y<sup>e</sup> State of those two Provinces, but more particularly, of East Jersie, w<sup>ch</sup> is as follows.

M<sup>r</sup> Basse ariv'd y<sup>e</sup> last of March 1698, and some time in Aprill, aply'd himselfe to y<sup>e</sup> then Governor (Hamilton) and Councill, Producing a Comission, from y<sup>e</sup> Proprietors (of East Jersie), for Governour of that Province, but not Producing an Approbation. As was Expected, the Governour told him, y<sup>t</sup> though he was assur'd y<sup>e</sup> Proprietors, had given what authority they had, to M<sup>r</sup> Basse and had thereby Sup'seded him, yet he did not thinke, M<sup>r</sup> Basse without y<sup>e</sup> Kings Aprobation, was sufficiently authoris'd to Enter upon y<sup>e</sup> Government, however, he left that matter with y<sup>e</sup> Councill, who adjourn'd for a day or two, & at y<sup>e</sup> time appointed, part of them met Againe, (some of which are in y<sup>e</sup> number of the Petic'ners) and notwithstanding that Barr; acknowledg'd him their Governour, & twelve daies after swore him, and Was themselves sworne by him.

On the Eleventh day of May, he held y<sup>e</sup> Supream Court of y<sup>t</sup> Province, & there, one of y<sup>e</sup> Late Councill, did Publiquely demand of Him by what Authority He tooke on Him y<sup>e</sup> government of his Majesties Subjects? who replied by the Kings, and ordered that Person to be Seiz'd, and y<sup>e</sup> Court. (Some of y<sup>e</sup> members of which; Are now Some of y<sup>e</sup> Petic'onders) fin'd him fiftie Pounds, and comitted him to y<sup>e</sup> Sheriffs Custody.

On y<sup>e</sup> [ ] day of [ ] Capt<sup>n</sup> Peter Mathews, by order of y<sup>e</sup> Govern<sup>t</sup> of New Yorke, did seize in y<sup>e</sup> River, before y<sup>e</sup> city of Perth Amboy, a ship called the Hester, about y<sup>e</sup> Vallue of £600-Pounds, upon w<sup>ch</sup> Some time after, M<sup>r</sup> Basse, Sumon'd an Assembly, & on y<sup>e</sup> 13<sup>th</sup> day of March 1698,<sup>1</sup> Pass'd Several acts, among which Was one; for y<sup>e</sup> Raising y<sup>e</sup> sum of Six hundred Seaventie & five Pounds, Entituled, an Act for Redressing a force of Our Neighbour Province.

This act was so displeasing to y<sup>e</sup> Greatest part of y<sup>e</sup> country; that they did in Severall Towns, resolve not to pay it, unlesse fore't to it, & y<sup>e</sup> Several Towns, having met, (by Warrants from y<sup>e</sup> Justices of the Peace) did write to y<sup>e</sup> Proprietors, of East New Jersie which Letter N<sup>o</sup> (1) Lyes before your L<sup>ps</sup>:<sup>2</sup>

M<sup>r</sup> Basse and Councill, finding y<sup>t</sup> the afforesaid Act, wanted Some Necessary Amendments, without which it was Judg'd Impracticable to raise the money, resolv'd to wait till y<sup>e</sup> next Session of Assembly; who met acording to Adjournment, and Aply'd themselves, to make those amendments requisite; but finding the country (on one side) to murmur, & resolve not to put the money, & M<sup>r</sup> Basses deputy Governour & councell (on y<sup>e</sup> other side) Insist Violently on it; the greatest part of the deputies left y<sup>e</sup> House, without a Quorum to act; & that Assembly dissolv'd of course, and Every

thing was Quiet till y<sup>e</sup> Arivall of Coll<sup>o</sup> Hamilton, who arriv'd in y<sup>e</sup> month of december 1699, & Product a commission from y<sup>e</sup> Proprietors of East Jersie, appointing him, to be their Governour of that Province. He also told us, your L<sup>ps</sup> refus'd him an Aprobation, because it would be A recognising, y<sup>e</sup> Proprietors rights to Goverment, but did not thereby Intend to Inhibit him, from Governing, & provided he acted in y<sup>t</sup> Station, agreeably to y<sup>e</sup> Laws of England, and y<sup>e</sup> Laws of that Province, not repugnant unto them, He was Justifiable.

M<sup>r</sup> Basses Councell did acknowledge y<sup>t</sup> he deriv'd His power, from y<sup>e</sup> Same persons y<sup>t</sup> commissionated M<sup>r</sup> Basse that his comission was good; & promis't to pay an Obedience to it; and accordingly, all but foure continued their former stations, in y<sup>e</sup> Goverment, & three of those foure, Coll<sup>o</sup> Hamilton by repeated solicitations, desired to continue in their former Stations allso, but they alleg'd they were fflatigued w<sup>th</sup> the toyles of publique businesse, and desired rest; so that Coll<sup>o</sup> Hamilton was forc't to comissionate others in their stead.

Those men of y<sup>e</sup> former Councell, with Some others of Lesse note (who during M<sup>r</sup> Bass's administrati<sup>n</sup> did Sedulously Inculcate to y<sup>e</sup> People, y<sup>t</sup> although M<sup>r</sup> Basse wanted an Aprobation, he was a Lawfull Governour; & on all occasions asserted his Authority, notwithstanding that defect) whether Vext at being disappointed, of raising the money they wanted, or displeas'd at y<sup>e</sup> Proprietors, for displacing M<sup>r</sup> Basse, sooner than they Expected, did Stir up y<sup>e</sup> Same People, to Opose Coll<sup>o</sup> Hamilton in his Administ<sup>n</sup> because he wanted an Aprobation.

Their Endeavors, had y<sup>r</sup> Effect they Propos'd, as appears by the severall records N<sup>o</sup> (1, 2, 3, 4, 5,) now Laid before y<sup>or</sup> L<sup>ps</sup>, and to Consummate y<sup>e</sup> Worke, so well begun, & Successfully carried on; they did on y<sup>e</sup>

25<sup>th</sup> of March 1701 Rescue a pyrat, one of Kids crue, from y<sup>e</sup> Barr; seise y<sup>e</sup> Govern<sup>r</sup> & Justices, as by Record N<sup>o</sup>: (6) do's more at Large appeare.<sup>1</sup>

On y<sup>e</sup> 7<sup>th</sup> of June 1701 Arriv'd a new comission, from part of the proprietors of East New Jersie, Empowering Cap<sup>tn</sup> Andrew Bowne, (one of the Petic'ners & one of y<sup>e</sup> Councell y<sup>t</sup> did not advise & assure y<sup>e</sup> Proprietors, y<sup>e</sup> no Governour by them Comisionated wo<sup>ld</sup> Satisfye y<sup>e</sup> People, without his Majesties Aprobation, as Appears by y<sup>e</sup> 2<sup>d</sup> paragraph of y<sup>e</sup> Petic'on.) to be Govern<sup>r</sup> of y<sup>t</sup> Province

Coll<sup>o</sup> Hamilton resolves, not to Surrender y<sup>e</sup> Government, unlesse Cap<sup>tn</sup> Bownes Comision, is signed by two thirds of y<sup>t</sup> Proprietors; as by their agreements among themselves, it ought to be. If it be Enquired Into, I feare few of their comissions, has had that Sanction, for they are divided, & five of one party (w<sup>ch</sup> is about one fifth y<sup>e</sup> whole) hatcht this last comision in A corner; & one of that Number, having the keeping of their Publique Seale, affixt it to it, and sent it into America; without y<sup>e</sup> knowledge, & consent, of most of the rest, Som of them being Ignorant of it, untill (to their great Surprise) they heard of it from America.

Att this rate my Lords, we may have new Governours, by Every Ship from England; and none of them, with y<sup>t</sup> Sanction Requisite, even by there owne Constitutions.

Government is prostituted in y<sup>e</sup> Hands of such people. I hope our Present, Unhappy Circumstances, & y<sup>e</sup> Illegality, & Ill consequences, of y<sup>e</sup> Proprietors Procedures, will move your L<sup>ps</sup> to take such methods, as may be for His Majesties honour and our safety

In West Jersie M<sup>r</sup> Basse arriv'd, about y<sup>e</sup> same time he did in East, y<sup>e</sup> Assembly then Sitting, but M<sup>r</sup> Basse

not Producing, His Ma'ties Aprobation, y<sup>e</sup> Assembly Rejected him, & did refuse to act w<sup>th</sup> him, or recognise him as Governour.

M<sup>r</sup> Basse made a Councell, and Some other Magistrates who made Some few Efforts, to assert his Authority, but y<sup>e</sup> Generality of y<sup>e</sup> Country being Against them they had no Effect, but setting y<sup>e</sup> People together by th' Ears. This was the State of that Country till Coll<sup>o</sup> Hamilton ariv'd; the Assembly was then Sitting: Coll<sup>o</sup> Hamilton Produc't y<sup>e</sup> Proprietors Comission: acquainted them what steps had been made, to obtein his Ma'ties Aprobation, & y<sup>t</sup> it could not be Had, during y<sup>e</sup> Present circumstancies of things.

The Assembly, having Experimented y<sup>e</sup> Ill effects of Confusion, and Judging a Lame authority to be better than none, (though they thought Coll<sup>o</sup> Hamiltons, not to be such) did recognise Coll<sup>o</sup> Hamilton; and so did y<sup>e</sup> Country In Generall, till y<sup>e</sup> Assembly (to defray y<sup>e</sup> necessary charges, of y<sup>t</sup> Goverment) Rais'd a Tax: w<sup>ch</sup> so disoblig'd y<sup>t</sup> Party, y<sup>t</sup> adher'd to M<sup>r</sup> Basse, y<sup>t</sup> they made use of y<sup>e</sup> Present occasion; & arguments Against paying of money, meeting generally with favourable Auditors, they gain'd to themselves, a party considerable enough, to disturb y<sup>e</sup> publique Peace: & are got to y<sup>t</sup> Height, y<sup>t</sup> Sometime in March Last, about Eighty of them, Came into y<sup>e</sup> Towne of Burlington, & at noon day broke open the Prison, & tooke away, one Comitted (I suppose) because he would not give security for His good behavior.

I Have Laid before your L<sup>ps</sup> y<sup>e</sup> truth of Fact; & your L<sup>ps</sup> by comparing y<sup>e</sup> names of y<sup>e</sup> Petic'oners of East Jersie, w<sup>th</sup> y<sup>e</sup> Names in y<sup>e</sup> Records of the severall riots, comitted in y<sup>t</sup> Province Will find, those riots to be made by those persons, who are now y<sup>e</sup> Petic'oners; Especially y<sup>t</sup> Remarkable Ryot, or rather Rebellion, comitted on y<sup>e</sup> 25<sup>th</sup> of March, as by Record N<sup>o</sup> (6) appears which I Lay before your Lordships, as a complaint,

& begg those persons may have, an Exemplary punishment.

The Petitioners complain of y<sup>e</sup> Hardships they Lye under; Which are no other, y<sup>n</sup> what theire unwarantable practises, have brought upon y<sup>m</sup>selves and Others; who had they Paid that Submission, was necessary to the Conservation of y<sup>e</sup> Peace, those Provinces had been Happy, and Your Lordships, not Troubled with Their Murmurs.

There is A necessity the Prayer of their Petition be Answer'd, and I presume there is no Expedient, can Settle those goverments but giving A Formall aprobation, to y<sup>e</sup> Proprietors Governour, and Comanding y<sup>a</sup> Peoples obedience, till his Majesties pleasure be ffurther Knowne or comissionating Som person, (to be Governour of those Provinces) under y<sup>e</sup> broad Seale.

Our Present bleeding, and Unhappy circumstances, makes us fit objects of your L<sup>ps</sup> Care, and pittie, I begg that our settlement: May by any means, Speedily be Acomplis't, & y<sup>t</sup> I may be Accounted:

*Memorial of the Proprietors of East and West Jersey,  
submitting their views relative to the Surrender of  
their Governments.*

[From P. R. O. B. T. Proprieties, Vol. 6, G 29-4, and printed in Grants & Concessions, p 599.]

The Humble Memorial of the Proprietors of the Provinces of *East and West New Jersey* in America.

Though the Proprietors are advised by their Council, that their Right to Ports within those respective Provinces was fully asserted, and their past administration of the Government of those Provinces as fully Justified at the late Tryal had in the Court of Kings Bench, between Mr. *Basse* and the Earl of *Bellomont*; they are notwithstanding ready and desirous in Obedience to his Majesty's Pleasure, to surrender all Right of Government there, in humble hope and confidence, that as his Royal Wisdom prompts him to resume the *American* Proprietary Governments into his own more immediate Administration, so his Justness and Goodness will incline him to grant the Proprietors all reasonable Privileges, which are necessary to preserve their civil Rights and the Interests of the Planters, and which are not inconsistent with his Majesty's Service or Royal Authority.

To which they humbly propose and pray.

*First.* That his Majesty will grant and confirm to them, their Lands and Quit-Rents, with such other Liberties, Franchises and Priviledges as were granted to them by the late King JAMES, when Duke of York, or have been granted by his Majesty to other Proprietors of Provinces in *America*, except the Powers of Government.

II. That his Majesty will grant to them the sole Power of purchasing from the Indians, all lands lying within these Provinces, which remain unpurchased from them, and that all other Persons, who have purchased or shall purchase Lands from the Indians, either with or without Licence first had from the Proprietors, and who have not already taken Patents, shall be obliged to take Patents of such Lands from the Proprietors, under a moderate Quit-Rent; and in default thereof, their Title from the Indians to be declared null and void. This the Proprietors humbly conceive will be necessary, as well to vindicate his Majesty's Royal Right, as their own Property under him, because the Planters have lately taken up and promoted an Opinion, that the King's Right to all *American* Countries discovered by *English* Subjects, is only Notional and Arbitrary, and that the *Indian Natives* are the absolute Independent Owners, and have the sole disposal thereof; and some of the Planters, who have made such Purchases of Land from the Indians, refuse to take Patents from the Proprietors, Grantees of the Crown, and others who have taken Patents, refuse to pay the Quit-Rents reserved.

III. That the Inhabitants of both Provinces may have the same Liberty of Trading with the Indians, as the Inhabitants of *New York*, or of any other Plantation in *America*, under his Majesty's immediate Government do or shall enjoy.

IV. That the Port of *Perth-Amboy*, in *East-Jersey*, and the Ports of *Burlington*, and *Cohanzie* in *West-Jersey*, may be established Ports of these respective Provinces for ever; and that no Ships bound to any of these Places shall be obliged to enter at any other Port, nor any Ships to be laden there, shall be obliged to clear at any other Port; and that Officers may be appointed at such Port for collecting the Customs and seeing the Acts of Navigation duly executed.

V. That the Proprietors may appoint Surveyors General and other Officers, for surveying and recording the Surveys of Land granted by and held of them.

VI. That the Proprietors of *East-Jersey*, may hold three Markets in every Week for ever, on Tuesday, Thursday and Saturday, for all manner of Cattle, Goods and Merchandizes at *Perth Amboy*, and four fairs in every year, these to begin the [ ] Monday in the Months of [ . . . . . ] and each Fair to continue six Days; and that the Proprietors of *West-Jersey* may hold the like Number of Markets in every Week, for ever on Monday, Wednesday, and Friday at *Burlington* in *West-Jersey*, and four Fairs in every Year, these to begin the [ ] Monday in the Months of [ . . . . . ] and each Fair to continue Six Days

VII. That *East* and *West-Jersey*, may be erected into one distinct Government, and have one General Assembly for making Laws for the good of both Provinces, to sit alternately at *Perth Amboy* in *East-Jersey*, and *Burlington* in *West-Jersey*; and that such General Assembly may be elected every Year in the Month of [ . . . . . ] and may meet on the first Monday in *October*, and oftener if need be.

VIII. That the General Assembly may consist of Thirty Six Representatives to be chosen in manner following, viz two by the Inhabitants House-holders of the City or Town of *Perth-Amboy* in *East-Jersey*; two by the Inhabitants House-holders of the City or Town of *Burlington* in *West-Jersey*; Sixteen by the Freeholders of *East-Jersey* and Sixteen by the Freeholders of *West-Jersey*; but that no Person shall be capable of being elected a Representative by the said Freeholders, or afterward of sitting in General Assembly, who shall not have one Thousand Acres of Land of an Estate of Freehold in his own Right within the Province, for which he shall be chosen; and that no Freeholder shall

be capable of electing said Representatives, who shall not have one Hundred Acres of Land there in his own Right of an Estate of Free-hold; and that this Number of Representatives shall not be enlarged or diminished, or the manner of electing them altered, otherwise than by Act of General Assembly, and the Approbation of his Majesty, his Heirs and Successors.

IX. That the Governor's Council may consist of Inhabitants of both Provinces whereof an equal Number to be chosen out of each Province.

X. That all necessary Officers and Courts for Administration of Justices in Cases Criminal and Civil, be established in each Province, and that one Supreme Court may be held for both Provinces twice in every year at *Perth-Amboy* in *East-Jersey*, and *Burlington* in *West-Jersey*, alternately; in which Court all Writs of Error or Appeals in the nature of Writs of Error from any other Courts within these Provinces shall be brought and determined; and that this Court may consist of the Governor's Council and the three Capital Judges of each Province (except such of them who pronounced the first Judgment, Sentence or Decree) or of any seven of them, whereof two of the Council, and three Judges for the Time being shall be five, and every Member of the Court who shall be present, shall have an equal vote, saving that where the Court shall be equally divided in their Opinions, the eldest of the Council shall have a decisive Vote.

XI. That no Appeals to the King may lye in Personal Actions, when the Cause of Action is of less Value than *two Hundred Pounds*.

XII. That all Protestants may be exempt from all penal Laws relating to Religion, and may be capable of being of the Governor's Council and of holding any other Publick Office, though they do not conform to the discipline of the Church of *England*, or scruple to take an Oath; and that an Instruction be given to the

Governor for procuring a Law to pass in the General Assembly for substituting some proper Declaration in the Place of an Oath.

XIII. That his Majesty will be pleased to permit the Proprietors to nominate the first Governor.

XIV. That all such further Priviledges, Franchises and Liberties, as upon Consideration shall be found necessary to the good Government and Prosperity of the said Provinces, and increasing the Trade thereof, may be granted to the Proprietors.

*Memorial of the Proprietors of both East and West Jersey, asking for the approval of Andrew Hamilton as Governor until the Surrender of the Government can be perfected.*

[As printed in Grants and Concessions, p 591.]

To their Excellencies the Lords Justices of *England*.  
*The Humble Petition of the Proprietors of the Province of East and West-Jersey in America.*

*Sheweth.*

THAT your Petitioners, as they were advised by their Council, being legally entitled to the Government of those Provinces, by virtue of several Grants from the

late King JAMES, when Duke of *York*, the Declaration of the late King CHARLES the Second, under the Great Seal of *England*, and of several Acts of State and Orders of Council, admitting their right, have for many Years appointed Governor's there, and particularly Colonel *Andrew Hamilton*, who administred the Government to the great Service of the Crown and Universal Satisfaction of the Inhabitants, until an Act of Parliament passed in the seventh and eight Years of his Majesty's Reign, entitled, *An act for preventing Frauds and regulating abuses in the Plantation Trade.*

Upon which Laws some doubt arising, whether a Native of *Scotland*, (as Colonel *Hamilton*, is) were capable of being a Governor of the Plantations, your Petitioners for avoiding any Colour of Offence against the Act of Parliament, appointed one *Jeremiah Basse*, Governor of those Provinces; but the Lords of the Committee of Trade and Plantations, making then some Scruple concerning your Petitioners Right of Government, Mr. *Basse* had not such a formal Approbation of his Majesty, as that Act directs, and though your Petitioners were at the same Time honoured with Instructions from the then Lords Justices, and Lords Commissioners of the Treasury, for their Governor's Conduct, which were produced and published by Mr. *Basse*, as a Testimony of his being nominated Governor, with the Knowledge and implicite Consent of his Majesty and his Ministers of State, yet for want of an Express Approbation in Writing, the Inhabitants refused to obey him, and we returned for *England*.

Whereupon your Petitioners who had been informed of the Opinions of his Majesty's late Attorney and present Sollicitor General, that a Native of *Scotland*, was not disabled to execute any Office in the Plantations, were reduced to reappoint the said Colonel *Hamilton*, (then in *England*) Governor of those Provinces, whom your Petitioners presented to the Lords of the

Committee of Trade and Plantations, humbly remonstrating to them the necessity of sending a Governor for preservation of the Publick Peace, and praying their Lordships Recommendation of him, for his Majesty's Approbation, but their Lordships having resolved to controvert your Petitioners Right of Government by a tryal at Law, declared they could not consent to such an Approbation without prejudice to his Majesty's Right; yet in regard of the necessity of the People's being under some Government, till the Right was determined, the Lordships delivered their Opinions, that Colonel *Hamilton*, acting according to the Laws of *England*, your Petitioners might be safe in commissionating him, and he in executing their Commission, under the security of which Approbation Colonel *Hamilton* went over, and re-assumed the Government of those Provinces; but some factious and turbulent Persons impatient of any Government, oppose his Administration, because he is not approved of by an Order of Council, according to the express Letter of the Act of Parliament, and have made so great Divisions and Confusions there, that the publick Peace is daily violated, and the publick Justice obstructed.

That your Petitioners have agreed and are ready to surrender all their Right of Government to his Majesty, upon such Terms and Conditions as are requisite for Preservation of their Properties and civil Interests, and which they humbly hope will be allowed to them.

Your Petitioners therefore most humbly pray, that for the Preservation of the publick Peace of these Provinces, your Excellencies will be graciously pleased immediately to approve of Colonel *Hamilton* to be Governor of the Provinces of *East and West-Jersey*, until the Terms of Surrender can be adjusted.

And your Petitioners shall ever pray.

an extension of his authority, as will allow of his

[From New York Col. Docs., Vol. IV, p 912.]

To the Lords Commissioners for Trade and Plantations.

The humble memorial of Edward Lord Cornbury.  
*Sheweth.*

That having perused his Commission for the Government of New York, he finds that the command of the Militia in the Jerseys and the Province of Connecticut is placed in him; but he humbly conceives that he shall not be able to serve the King so usefully as he desires to doe in that matter, unless he may have a power (by commission) to nominate the Officers of the Militia in the said Provinces of East and West Jersey and Connecticut, which he imagines may the more easily be granted, because the Militia in all the parts belonging to the British dominions, is by Act of Par-

liament lodged in the King; and without such a power he presumes his command over the said Militia will be but precarious. \* \* \* \* \*

*Lewis Morris to Secretary Popple, relating to the surrender of the Government of the Proprietors of East and West Jersey.*

[From P. R. O. B. T. Proprietors. Vol. 6, G 32.]

Le from Mr Morrice, w<sup>th</sup> a Mem<sup>l</sup> from ye Proprietors of East and West Jersey, relating to ye Surrender of their Title to ye Gov<sup>nt</sup> of those Provinces; With the Names of Persons to be of ye Council of New Jersey.

Sir,

Among the Proprietors Propositions, I think there is but 5 articles, yt can admit of any dispute. Those are the 4<sup>th</sup> 7. 8. 9; and 13<sup>th</sup>. I will by this, give you ye Proprietors Sentiments of them, their reasons for asking them, and how far they are Willing to agree; w<sup>ch</sup> may be of some help to you, in ye Drawing ye report, I understand you are About. The Proprietors thinke, they have an Indisputable right, to ye goverment, as well as to ye soile of those Provinces, ye Government has been verry chargeable to them, and is a feather, they are verry willing to part with; but they will

eather chuse, to stand a tryall in Westminster Hall, or apply themselves to y<sup>e</sup> House of Commons, then they will make a Surrender, even of that same chargeable feather, if their Properties, and civill rights cannot be well asur'd to them, and though their L'pps, and your selfe have Promis't them, that there shall be no Invasion of them, yet, they thinke they shall be great Sufferers, if those articles are not (if not Absolutely, yet) in some measure complyed w<sup>th</sup>. As 1<sup>st</sup> for y<sup>e</sup> 7<sup>th</sup> article, if those two Provinces, be anex't to any other, (at this Juncture) before they can Adjust, their matters in them, and fix their titles, both to their Own land, and to the Persons they have made grants too, they thinke it will be much to their damage, and even if that article, is granted they cannot so well adjust those things, if they have not y<sup>e</sup> 13<sup>th</sup> Complyed w<sup>th</sup>, and Coll<sup>o</sup> Hamilton for their Govern<sup>t</sup>. their affairs at Pressent, are Verry unsettled, and it is morrally Impossible they can fix them, Otherwise then to their great Losse, if they have not some body, that's well aquainted w<sup>th</sup> the Intricacy of them, and that no body in y<sup>e</sup> world is, but Coll<sup>o</sup> Hamilton. Lastly since they are going, to Put themselves on the levell w<sup>th</sup> the people, it will be no small advantage to them, that y<sup>e</sup> People thinke they have Interest Enough, to recomend a Governoour, and it will make them cautious, of Invading their Properties, w<sup>ch</sup> they are Verry Prone to do, as their L'pps are Inform'd by y<sup>e</sup> 2<sup>d</sup> Article.

the 4<sup>th</sup> article, they thinke is absolutely necessary, and they believe, they have a Judgment of Court for it, but they are not desirous of having Ports, under greater advantages than their Neighbours Enjoy, they will aquiesce in Such Reasonable measures, as their Lordships shall please to take. The choyce of the councell, in y<sup>e</sup> 9<sup>th</sup> Article they leave to his Majestie, but they would have them chose Equally out of both Provinces; least in y<sup>e</sup> first assembly, one province may

have an advantage over the Other, and make Some act of Assembly, to Keep the disparity for ever. the Eighth article, is y<sup>e</sup> Limiting y<sup>e</sup> number of Assembly men, their Quallifications, their L'pps may alter the number if they think fit. the Proprietors Judges that number y<sup>e</sup> y<sup>e</sup> fittest, and as to their qualifications, its only modally-different, from y<sup>e</sup> House of Commons in England. the Proprietors, and Severall Persons in that country, have large tracts of Land, and if every body, were admitted (though of Never so little worth) to be Lawmakers, those Persons of best Estate in y<sup>e</sup> Countrie, and y<sup>e</sup> Prop<sup>r</sup>s Interests, would be at y<sup>e</sup> disposall, of y<sup>e</sup> tag, rag, and Rascallity. These S<sup>r</sup> are y<sup>e</sup> Proprietors Reasons, and I hope in youre Opinion, they are good Reasons, as to the method of Granting those things, they leave it to your Lordships.

The pressent circumstances of things, in that Country, requires that there be some thing Speedily done, and if there was an Order sent, commanding an Obedience to Coll<sup>e</sup> Hamilton till matters was adjusted (which I feare will take up some time) it might hinder y<sup>e</sup> Spilling abundance of humane blood. Inclos'd are Some names of Persons for Councillors, and Some Papers w<sup>ch</sup> came from Jersie, if there is any other particular, relating to y<sup>t</sup> Country, w<sup>ch</sup> you think fit to be apris'd of. If I can do it, you man command.

S<sup>r</sup>

Your Most Obedient Servant

TO THE RIGHT HON<sup>BLE</sup> THE LORDS COMMISSIONERS FOR  
TRADE & FOREINE PLANTATIONS,

THE HUMBLE MEMORIALL of the Greatest part of y<sup>e</sup>  
Proprietors of the Provinces of East and West  
Jersie.

*May it Please your Lps.*

We are humbly of opinion, y<sup>t</sup> the right to y<sup>e</sup> gover-  
ment of the Provinces, of East and West Jersie (untill  
we do make a Surrender of it, or untill we are disposest  
of it by due course of Law) is Lodg'd in us, and as we  
are Willing to part w<sup>t</sup> this right, and put those gover-  
ments, under his Majesties more imediate Administra-  
c'on; and to that End Have presented our Humble  
memoriall, to their Excelle's; the Lords Justices (w<sup>t</sup>  
is by them refer'd to your Lps) conteining such condi-  
tions, as we are Willing to make this Surrend<sup>r</sup> upon  
w<sup>t</sup> we presume are no other, then Such as will Secure  
to us Our civill Rights; and to y<sup>e</sup> Inhabitants of those  
Provinces, Such priveledges as is necessary they should  
Enjoy; and Which we Humbly hope, your Lordships  
will advise His Majestic to grant: And more Especial-  
ly the thirteenth article of y<sup>e</sup> said memoriall, with-  
out w<sup>t</sup> we thinke our properties cannot well be  
seured; and without which in Our Opinion, we cannot  
be safe in making A Surrender.

We do therefore most Humbly Propose and Pray, y<sup>t</sup>  
Coll<sup>r</sup> Andrew Hamilton (in whom we have an Entire  
confidence y<sup>t</sup> he will put in Execution y<sup>e</sup> Acts of Navi-  
gation, and Sedulously act on y<sup>t</sup> behalfe of His Majes-  
tie, in pursuance of such Instructions as he shall from  
time to time Receive) may be Goverour of that  
Province He having during his past Administration,

behav'd himselfe As became a good man; Administering Justice Equally to the Inhabitants, and discharging the trust by us repos'd in Him, with faithfullnesse and Truth; and on all occasions procuring what assistance he could, of Men and money to the frontiers during the Last Warr w<sup>th</sup> France.

We begg your L<sup>ps</sup> further to consider, that this is not onely the desire of (by far) y<sup>e</sup> major Part of y<sup>e</sup> Proprietors, here in England, but of all y<sup>e</sup> proprietors in America, and y<sup>e</sup> whole province of West Jersey, and of 5-6<sup>ths</sup> of East; and that it is Opos'd by none but M<sup>r</sup> Dockwra, and A small number of the meaner sort, who Sides w<sup>th</sup> one Bowne, who we can by no means Admitt to be Govern<sup>r</sup>, unlesse we designe to have our Interests in that Country totaly ruin'd, as your L<sup>ps</sup> will percieve, by A protest made in y<sup>t</sup> country, and Sundry depositions taken there, and are ready to be produc<sup>t</sup> before your Lordships.

We alsono Intreat your L<sup>ps</sup>, to look upon coll<sup>o</sup> Hamilton as an Indifferent Person, and that there is no other reason to think him byas't to A party, then to think all the Magistrates in the world so, who Endeavour to punish those who breake y<sup>e</sup> Laws; Opose their Authority; and Obstruct y<sup>e</sup> Publique Justice.

It is rare to find in any human Societie, an agreement of all y<sup>e</sup> members; we are (by farr) y<sup>e</sup> majority, y<sup>t</sup> Pray that Coll<sup>o</sup> Hamilton may be continued, Govern<sup>r</sup> of y<sup>t</sup> Province, and we humbly hope our desires may be complied with.

TO THE RIGHT HONOR<sup>BLE</sup> THE LORDS COMMISS<sup>RS</sup> OF

THE HUMBLE Memorial of J Bass on the behalfe of  
His Majesties Province of East Jersie.

*May itt please Your Lordshps.*

Being Informed that some few of the Proprietors of the Jersies have made some proposals of surrendring their Pretentions to that Government vnto his Majesty, & have also petitioned for the Aprobation of their late Governor Hamilton but not being aquainted with the termes of their Surrender or the contents of the saide petition I must humbly move on the behalfe of the saide Inhabitants least theare should be any thing thearin that may be derogotary to their just rights & interests that your Lordships would be pleased to Order Me Coppys boath of the saide Pretended Articles of Surrender & Petition that I may advice with Councill on the same & that your Lordships would be pleased to Allow me time if theare should appeare any thing contrary to the Interests of the Inhabitants to give in Reasons against either the saide Articles or Petition. This my Lords I am the rather Induced to Request of your Lordships in that I am advised by Council Learned in the Law That these Pretended proprietors of the Jersies have no Legal Title to the saide Government of the Jersies.

*Because.* The Grant of Government from King Charles the Second to James Duke of Yorke &c of the Jersies togeather with a much larger tract of Land was a personal trust & not by law Assignable to any others. The Grant from the saide James Duke of Yorke &c to the the Proprietors of the Jersies of the saide Government ought to have passed to them All the whole extent of the land Mentioned in the Original Grant from Kinge Charles the Second & not have devided the same into Three distinct & independent Goverments as by the pretended grants to the Proprietors their Heirs & Assigns is apparant.

If the saide powers of Government May be Legaly boath Assigned & Divided The saide pretended Proprietors have no legal right to dispose of the same They being butt some part of those Gentlemen Grantees of the said Government & conveyed to them Joyntly with several Others who are not aquainted with much less consenting to the saide pretended articles of Surrender, from which reasons and many more to tedious to trouble your Lordships with the recital of I am ad-vised that the said Proprietors ought not to pretend to the nomination of any person to Your Lordships as Governor of the saide Provin<sup>rs</sup> much Less the saide Andrew Hamilton Esq<sup>r</sup> who Not being a native borne Subject of England Ierland nor the Plantations is by Council Learned in the Law Deme'd to be vnqualified for the said trust by the Act made in the Seaventh & Eighth years of his majesty for the Regulation of the plantation trade *In that* The Governors of any of the Provinces have not onely the Comisionating the Naval Oficers to take care of the Plantation trade butt Have also the Heareing & determining of all Causes by Ap-peale from any of the Lower Courts whearin the breaches of the saide Acts of trade & plantations are more perticularly complained of & tried: & the saide Act doth Expressly provide That all places of Trust in

the Courts of Law or what Relats to the Treasurie in the saide Islands shall from the makeing this Act be in the hands of the Native borne Subjcts of England Ireland or the saide Islands, so that Not onely this clause but the whole designe & end of the Act being to Keepe the trade of the Plantations intirely in a dependance on England & the great cause of makeing itt being the Continued complaints of an Illegall trade Carried on by Scotchmen to Scotland Holland Curasoe &c & connived att by Such as vare in Authority an Instance wheareof I am informed was given by Edward Randolph Esq<sup>r</sup> Survey<sup>r</sup> Gen<sup>ll</sup> of his Majestys Customs &c in this very Gentlemans open countenancing & abetting on William Righton in bringing Scotch goods &c into the provinces of the Jersies of which he was att that time Governor. I would humbly intreat your Lordships that I may be heard by my selfe & councill before your Lordships doe make any finall Report on the Articles or Petition of the saide Proprietors.

*Lords of Trade to the Lords Justices, relating to the  
Surrender of the Governments of East & West  
Jersey by the Proprietors.*

[From P. R. O. B. T., Proprietors, Vol. 27, p 244.]

TO THEIR EXCELLENCIES THE LORDS JUSTICES

May it please your Excellencies:

In obedience to your Excellencies Commands signified to Us by M<sup>r</sup> Yard, upon severall Papers laid before your Excellencies relating to the State of his Majesties Provinces of East and West New Jersey in America.

We have considered all the said Papers togeather

with others of the like nature that were already in our hands, and having like wise heard what the Proprietors and others had to offer. We thereupon most humbly report to your Excellencies

That these Countrys which are now known by the name of East and West New Jersey were granted, together with Severall other Territories by King Charles the Second by Letters Patents bearing date the 12<sup>th</sup> day of March 1664 to the then Duke of York, his heirs and assigns. Together with full and absolute power and authority to him, his Heirs, Deputies, Agents, Commissioners & Assignes, to Correct, punish, pardon, govern and rule all such persons as did then or should at any time thereafter reside within the said Territories according to such Laws, Orders, Ordinances, Directions and Instructions as by the said Duke of York or his Assigns should be Established, and with Several other Clauses relating to the Governt and defence of the same.

That the said Duke of York did thereupon grant, carry & Assign the said Provinces (by the name of Nova Caesaria or New Jersey) to John Lord Berkley and S<sup>r</sup> George Carteret their Heirs and Assignes, w<sup>th</sup> all and every the Appurtenances thereto belonging, in as full & ample manner as the same were granted to him by the foresaid Letters Patents of King Charles the 2<sup>d</sup>.

That his said Majesty King Charles the second by other Letters Patents, Dated the 29<sup>th</sup> of June 1674, did again grant and convey to the said Duke of York, all the said Lands and Territories in the same maner as before expressed; And that Severall Subdivisions and Sales having in the mean while been made by the said Lord Berkeley, S<sup>r</sup> George Carteret and others claiming under them He the said Duke of Yorke did by Indenture dated the Sixth day of August 1680, Grant and Confirm the Province of West New Jersey, with all

the Appurtenances thereto belonging to Edward Byllinge of Westminster Gent in whom the Title thereunto then was, and to his heirs & Assignes for ever, and did in the like manner by Indenture dated the 14<sup>th</sup> day of March, 1682, grant and confirm the Province of East New Jersey with all the appurtenances thereto belonging to James Earle of Perth, William Penn Esq<sup>r</sup> and Several other persons in whom the Title to the Same then was, and to their Heirs and Assignes for ever. And by each of the said Indentures did like wise give grant and assign unto the aforesaid respective Grantees or Assignees, all and every such and the same Pow<sup>rs</sup> Authorities, Jurisdictions, Governm<sup>ts</sup> and other matters & things whatsoever, which by the fore mentioned respective Letters Patents or either of them were granted or intended to be granted, to be exercised by him the said Duke of Yorke, his Heirs, Assignes, Deputies, Officers or Agents.

That the present Proprietors who derive their respective Titles to their Several Shares and proportions of the soyle of those Provinces by Several mean Conveyances from and under the fore mentioned Grants to Edward Byllinge & to the Earl of Perth and other persons to whom the Duke of York had immediately conveyed the same, doe in like manner and by virtue of diverse such mean Conveyances, claim the same Powers and Rights of Government as were granted by King Charles the Second to the Duke of Yorke and by him to others according to the Tenour of the foresaid Indentures.

That nevertheless we do not find that any sufficient form of Government has ever been settled in those Provinces either by the Duke of York or by those claiming under him as afores<sup>d</sup>. But that many inconveniences and disorders having arisen from their pretence of right to Govern, The Propriet<sup>rs</sup> of East New Jersey did Surrender their said pretended Right to the

late King James, in the Month of April 1688, which was accordingly accepted by him.

That since his Majestys Accession to the Crown, the Proprietors both of East and West New Jersey have continued to challenge the same Right as before, and did in the year 1697 apply themselves to Us in order to their obtaining his Majesties approbation of the person whom they desired to have constituted Governor of the said Provinces; But at the same time refused to enter into Security to his Majesty pursuant to the address of the Right Hon<sup>ble</sup> y<sup>c</sup>. House of Lords of the 18<sup>th</sup> of March 1696, that the person so presented by them the said Proprietors should duly observe and put in Execution the Acts of Trade; Yet Nevertheless proceeded, from time to time, to Commissionate whom they thought fit, to be Govern<sup>r</sup> of those Provinces without his Majesties Approbation according to what is required by the late Act for Preventing Frauds and regulating abuses in the Plantation Trade.

That in this manner having Formerly Commissionated Collonel Andrew Hamilton, Afterwards M<sup>r</sup> Jeremiah Bass; Then again Superseding their Commission to M<sup>r</sup>s Bass and renewing or confirming that to Collonel Hamilton; And even Since that also Some of them having Sent another Commission to one Captain Andrew Bown. The Inhabitants Sensible of the defects and Insufficiency of all those Commissions, for want of his Majesties Authority, have upon Several occasions Some of them opposed one of those Governors, Some another, according as Interest, friendship or Faction have inclined them.

That the Inhabitants of East New Jersey in a Petition to his Majesty the last Year, complained of Several grievances then lay under by the neglect or mismanagement of the Proprietors of that Province or their Agents; As particularly that from the latter end of June 1689 till about the latter end of Aug<sup>st</sup> 1692 (which

was a time of Actual Warr) they had not taken any manner of care about the Government thereof; So that there having been neither Magistrates Established to put the Laws in Execut<sup>n</sup> nor Military Officers to command or give directions in Order to the defence of the Province, they were exposed to any Insults that might have been made upon them by an Enemy. Unto which they also added, that during the whole time the said Proprietors have Govern'd or pretended to govern that Province, they have never taken care to preserve or defend the Same from the Indians or other Enemies, by Sending or providing any Arms, Ammunition or Stores as they ought to have done; And the said Inhabitants thereupon humbly prayed his Majesty would be pleased to Commissionate Some fit person qualified according to Law, to be Gov<sup>r</sup> over them.

That it has been represented to us by Several Letters, Memorials and other Papers, as well from the Inhabitants as Proprietors of both those Provinces that they are at present in confusion and Anarchy and that it is much to be apprehended, least by the heats of the Parties that are amongst them, they should Fall into such Violences, as may endanger the lives of many persons and destroy the Colony.

That the greatest number of the Proprietors of both those Provinces residing in this City, being hereby Sensible of the Necessity of His Majesties Authority for the preserving of Peace and good Order in those Countries, have lately presented a Petition to Your Excellencies; in the preamble whereof tho' they still seem to assert their Title to the Government of the said Provinces, Yet nevertheless in the end declare that they have agreed and are ready to Surrender the same to his Majesty, upon such Terms and Conditions as are requisite for preservation of their Proprieties and Civill Interests; And they thereupon humbly pray, that for the preservation of the publick peace, Your Exellen-

cies would be Graciously pleased immediately to approve Collonel Hamilton to be Governor of both the said Provinces of East and West New Jersey until the Terms of Surrender can be adjusted.

That in a late Memorial presented to your Excellencies (and signed not only by the same persons, but by others likewise, who wou'd not joyn in the Prayer of that Petition) having again prepaced [?] their own pretended right to Government; They do in like manner declare their readiness to Surrender the same. In humble hope and Confidence (as they express themselves) that his Majesty will be pleased to grant them all reasonable privileges which are necessary to preserve their Civill Rights and the Interests of Planters, and which are not inconsistent with his Majesties Service or Royal Authority, after which they proceed to propose, and particularly enlarge upon Several Articles relating to the Method of Settling both the said Provinces and uniting them under one Government.

That the Proprietors of East New Jersey, residing there, have signed and sent over hither, to a Gent, whom they have constituted their Agent and Attorney in that behalf, an absolute and unconditional Surrender of their Right to the Government of that Province so far as the same is in them And so far as they are Capable of doing it for others concerned with them in that Proprietary.

That in relation to the foresaid Articles, We have been Attended by Severall of the Proprietors here, who have further personally declared to Us, that their intention in proposing the same is only to secure their right in such things as are matter of Property, and that they Unanimously desire to Surrender the Government to the King, and Submit the Circumstances thereof to his Majesties Pleasure. But in relation to the fore mentioned Petition, that Collonel Hamilton may at present receive His Majesties approbation to be

Governour of these Provinces, the said Proprietors are so divided amongst themselves, that whereas some seem to insist upon his Approbation as one principal Condition of their Surrender others in the same manner insist up<sup>n</sup> his Exclusion.

Upon all which we humbly Represent to your Excellencies.

That not being satisfied that the fore mentioned Grants from the Duke of Yorke (the only Title upon which the said Proprietors Claim a right to Government) without any direct and immediate Authority from the Crown, were or could be of any validity, to convey that Right (which we have been informed is a power inalienable from a person to whom it is Granted, and not to be Assigned by him unto any other, much less divided, Subdivided and convey'd from one to another, as has been done in the present Case) We did thereupon humbly represent to his Majesty the 18<sup>th</sup> of April 16<sup>9</sup>, that a Tryal might be had in Westminster Hall, upon a feigned issue, whereby their Claim to the right of Government might receive a determination.

That no such determination having yet been made, nor any proceedings (that we know of) had upon the fore mentioned Surrender. But it being generally acknowledged both by the Inhabitants and Proprietors of the fore said Provinces, that the disorder and Confusion they are now fallen into are So great, that the publick Peace and Administration of Justice is interrupted and violated; And that whilst those disorders continue, there neither is nor possibly can be, any due provision made for the guard and defence of that Country, against an Enemy; We are humbly of Opinion, that it is very Expedient for the preservation of those Territories to the Crown of England, and for securing the private Interest of all persons concerned. That his Majesty would be pleased to Constitute a Governour over those Provinces by his immediate Com-

mission; Which together with the Instructions to be also given to the said Governor, may contain such Powers, Authorities and directions, as may be necessary for the Establishing there a regular Constitution of Government, by a Governoour Councill and Generall Assembly, with other Civill & Military Officers, and for securing to the Proprietors and Inhabitants all their Proprieties and Civill Rights in as full and ample manner as the like are enjoyed by any Plantation und<sup>r</sup> Governours appointed by his Majesties immediate Commission; Together with such Clauses and further Provisions as may be thought reasonable in Order to prevent the interfering of that Colony with the interest of his Majesties other Plantations as the Proprietary Governments in America have generally done

And we further humbly offer that Draughts of such a Commission & Instructions may be prepared; And that they may be also shown to y<sup>e</sup> Propriet<sup>rs</sup> of those Provinces, in Order to their acquiescence & the Surrend<sup>r</sup> of their pretended Right to Governm<sup>t</sup> in such manner & form as may be effectual in Law, to the final extinguishing of their pretences. Or in case of their refusal, in Ord<sup>r</sup> to such other proceedings as shall then be thought fit

All w<sup>ch</sup> nevertheless is most humbly Submitted

*Objections to the appointment of Andrew Hamilton as Governor of New Jersey, presented by William Dockwra.*

[From P. R. O. B. T. Proprieties, Vol. 6, G 48.]

Paper of Objections against Coll: Hamiltons being made Governoour of New Jersey, presented to the Board by M<sup>r</sup> Dockwra &c. Dec<sup>r</sup> 16<sup>th</sup> 1701

*The Following Account of Coll: Hamilton & his Proceedings whilst Goverr<sup>r</sup> & Agent in the Provinces*

*of East and West Jersey, is humbly Presented to your Ldpps.*

In the year 1687 Coll Hamilton had a Commission sent from y<sup>e</sup> Committee [by the] Proprietors of East Jersey under the Province Seale in London, By which he was obliged to follow Such orders and Instructions as he should receive from the said Councill of Proprietors in London.

In his Administration under this Commission Instructions and orders were sent from time to time which he was required to put in Execution, But directly contrary to the same, in Breach of the Trust reposed in him, to the great Loss and Dishonour of the Proprietors.

After many Letters of complaint from the Proprietors, he took shipping [for] England. But in his Passage hither was taken by the French, and as [ . . . ] the Proprietors lost all the coppies of those Books and papers which he pretended would have put him in a capacity of giving a better accounte of his Administration and of excuseing himselfe; This Insinuation joyn'd to the Fair promises of [ . . . ] better Administration at his Return to Jersey, and that he would give [ . . . ] satisfaction for his former offences, and the Pitty the Proprietors had of his misfortunes Prevailed with the Proprietors to grant him a new Commission in the year 1692.

Under these [this!] Commission He had repeated orders and Instructions, But notwithstanding all his Promises and the continued Importunity of y<sup>e</sup> Prop[rietary] to have an account of his Former proceedings; He persisted in the [discharge?] of his duty not observing any of their orders, and to this day have never given an account of any One years Transactions in the Province.

The Proprietors of East Jersey Provoked by such

usage joyn'd with the Society of West Jersey: and sent over Coll: Bass in the year 1697 with their Com[mis-sion] of both Provinces, thereby superceeding Coll: Hamiltons [ . . . . ] Commission which his Faction resented in that manner that tho' Coll: Bass received Instructions from this Hon<sup>ble</sup> Board Signed by the Lords Justices and Counter Signed by the Lords of the Treasury having his Dispatches from hence, and Embarking on the same man of Warr with the Earle of Bellomont, and had a Dedimus Protestation under the Broad Seale of England. By which he was Sworne by my Lord Bellomont in New Yorke; notwithstanding all this, they denied his Authority and Publickly affronted the said Governour Bass & Judges in open Court as appears by many Letters and Affidavits.

This Opposition was the first occasion of the Heats and Animos[ities] in those Provinces and laid the Foundation of all those fewds & Com[plications] which continue to this day.

Coll: Hamilton after the Province was sett on Flame by his Incen[diaries] took advantage of those confusions Returned to England; insinuating [him]Selfe in to the Favour of Some of the West Jersey Society (who were Ignorant of his Proceedings under the Commission of the East Jersey Proprietors) and by his relation of the Posture of Affairs induced them to believe that there was no way of Quieting the province But by constituting him Governor Since the Superceeding his Commis-sion gave Rise to the Divisions there.

The West Jersey Society Deluded by this Artifice perswaded some of y<sup>e</sup> East Jersey Proprietors to Joyne with them in giving Coll. Hamilton a New Commis-sion under a pretence that the necessity of affairs required it; at least till they could be better Provided.

The East Jersey Proprietors dreading the event of Intestine Animosities comply'd with the Proposall tho' Coll: Hamilton had formerly so notoriously forfeited

his Reputation with them: Thus by this managem<sup>t</sup> they procured a Majority of proprietors and Sent Coll<sup>n</sup> Hamilton over with their Com'ission and thereby Superceeded that of Coll Bass. But Collonel Hamilton Sensible without the Kings approbation he should meet with Opposition, being the very Argument used by himselfe and adherents against Coll<sup>n</sup> Basses Co'mision, Endeavours were used to obtain the same by Petition to his Majesty, But it was denied. Yet the business Coll<sup>n</sup> Hamilton had to doe for the West Jersey Society was motive sufficient to prevaile with him to act under a Commission of so much less Authority than that of Coll Bass, and which for that Reason he knew would be strenuously controverted there, and has since had all those Dire Effects which the Aversion to that people to a Scotch Governour (promoting a Scotch Interest) gave Just apprehensions would procure.

The East Jersey Proprietors finding they were mistaken in their Remedy, and that this Alteration had occasioned a farr greater disgust in the Province, and that the Inhabitants were resolved never to obey Coll: Hamilton But they themselves under any Power rather then that of a Scotch Governor, did send over their Commission constituting Capt: Andrew Bowne upon the place their present Governour, a quiet man that had been Deputy Governour and well esteemed in the Province: and a Second time Superceeded Coll<sup>n</sup> Hamiltons Commission.

Coll<sup>n</sup> Hamilton believing it Impossible ever to Impose again on the Proprietors, resolved to try the Last Effort, and then Sett up in Opposition to the Proprietors themselves, and tho' by his Commission he was obliged to Surrender the Government on the arrivall and Publishing of a New Comission, under the Seale of the Province, which Commission was So Published. Yet he detained the Provinciall Seale, keeps all the Records, and the Dedimus Prostatum, totally Subverting the Government

This may it please your Lo'pps is but a Short account of Collenell Hamilton, and it's hoped that This with the Petitions & Remonstrances both from East and West Jersey already before this Honorable Board, will So farr lessen him in your Lo'pps Esteeme that he will not be thought worthy of Recommendation for Gouvernour of New Jersey, and since your Lo'pps were pleased to advise ag'st presenting any party man (Coll Hamilton being peculiarly such) It is hoped your Lo'pps will not think it a medium to reconcile the contending partys of both Provinces by presenting him, nor Judge it the most proper method to advance and Encourage an English Colony by advising his Majesty to constitute a Scotch Governor.

The Aversion of the Inhabitants is an Objection of that Importance as is presumed will have weight with y<sup>r</sup> Lo'pps.

For may your Lo'pps be pleased to be further Informed that the Injuries the Inhabitants there, and the Proprietors here have received from Coll: Hamilton are the motives to their Surrender; and they therefore hope that they Shan't draw on themselves that very Evill, they would Endeavour to be freed from; and only beg leave to add, that all those who have suffered by Coll Hamilton can have no hope of Redress Should he be constituted Govrn<sup>r</sup>. For then he will become Both Judge and Party too.

To give yor Lo'pps no further trouble; Tis humbly conceived the Present Apprehension of Warr may require a Gov<sup>r</sup> Skilled in Military affairs. That the Militia may be well moddled and Disciplined, and putt in a Capacity of Opposing Forreign Enemies as well as quieting Intestine Fewds. And therefore tis humbly offer'd to your Lo'pp's Wisdome for the Recommendation to his Majesty of Such a One.

*Letter from Governor Andrew Hamilton to the Proprietors in England.<sup>1</sup>*

From the original among the MSS. of W. A. Whitehead.

From Governor Hamilton.

Perth Amboy, 1st June, 1700.

*Worthy Gentlemen:*—

I am at a great loss for want of advice from you how farr you have concerteid the affair of the surrender. The people here proposeing to themselves that they will be upon the levell with you when the goverment is out of your hands, may purchase lands of the Indians as well as you & may thro vp their patents & hold by their Indian purchase. I say proposeing these advantages to themselves (& there's no beating them out of it) they lay hold on any twigg they think will attain their end. I send for your perusall a copy of a petition that the factious part of the people sent about to get hands to, & I send you my remarks vpon it.<sup>2</sup>

I was in a mistake concerning Mr. Royse, he had an old patent w<sup>ch</sup> contains about 20000 acres,<sup>3</sup> but becaus the stations were uncertain & the boundaries would not meet, he addressed the prop<sup>rs</sup> at home for a new patent, w<sup>ch</sup> he had & contains about 6000 acres, for w<sup>ch</sup> he was to pay £5 a year for the whole instead of the  $\frac{1}{2}$  per acre, and the prop<sup>rs</sup> forgetting to make him surrender his old patent he now claims about 20000 acres by it & so takes away upon Milston River from Mr. Hart, & on the Raritan from Mr. Plumstead & Mr. Barker considerable tracts of land, so that he uses both patents, the old one if he can, and the new one if

<sup>1</sup> Should have been previously inserted.—Ed.

<sup>2</sup> This was probably the petition to be found on page 321.—Ed.

<sup>3</sup> "Being all purchased by him from the Indians" erased.—Ed.

the old fail him; it was a great oversight, he is the ringleader of the troublesome part of the people, & its he that infuses the notion in them of holding by their Indian titles. If they have made any alterations in their petition I know not; but I believe it will be much to the same purpose, but if the King give a Countenance to a factious & a false petition to break your Governm<sup>t</sup> it will introduce ill presidents.

While the people propose to themselves such advantages by the governm<sup>ts</sup> being in the hands of the King, you cannot expect they'll raise money to defend it, nor give any thing wherein they suppose you will share the advantage with them, & therefore if the surrender is not compleated, a tryall will be less expense, & whatever be the issue will vindicat you more than the surrender, for instead of thanking you for the priviledges you obtain, they will reproach you for receding from what they think their due, for instance, you propose that upon the annexation, the same number of Counties continue, & by the same Names, & that as many represent in Generall Assembly a County in E. J. as there shall at N. Y and I perceive the Ld<sup>s</sup> will allow but E. J. to be  $\frac{1}{6}$  of that Assembly, & should you consent to this proportion by Charter the people will curse you, for in York governm<sup>t</sup> two represent a County, wherein E. J. being but  $\frac{1}{6}$  will be less than one to represent a County; & so will they Cavil if the Port be precarious. Indeed I don't well see that their Ld<sup>ps</sup> can retrench them, or a Charter ty them vp to less then a just proportion.<sup>1</sup> I beseech you gentlemen without loss of time bring things to an issue, if they will not advise the King to establish your Port by

<sup>1</sup> These remarks refer to one of the proposals of the proprietaries containing specific provisions to be inserted in the act of surrender, which was submitted to the Lords in July, 1669. It was probably the difficulty that might be expected in pleasing the inhabitants, who were disposed to cavil at whatever they might do, which led to an unconditional surrender. The proposals will be found on page 294 of this volume, and the reply of the Lords in Smith's N. J., p 562.—ED.

patent, & give the people a just proportion in the Assembly you have a handsome retreat. Only this I must caution, you'll be forced to accept of a New Charter to secure your lands if it be allowed by Council learned in the Law that an Indian title be good tho' it is strange to me if it be, for if so, then the King's Grant is of no benefite to the prop<sup>rs</sup> but if you find the people will be forced to hold by their patents, the tryall will best clear you of imputation.

Finding no hopes of raising money, I forbore calling our Assembly till their own was to sit of Course by an Act passed in Mr. Basse's time, w<sup>ch</sup> is to meet yearly by proclamation the 4th Tuesday in May, & the rather becaus the Assembly of West Jersey was to sit on the 12th of the same month, & that the decencie & order of that people might be of good example to them. I accordingly issued out proclamations to meet on the 4th Tuesday in May, & becaus severall towns had not chosen, I issued out writs to them to choose & to meet the s<sup>d</sup> day. They accordingly mett, & on the afternoon of that day the whole house came to me & the Council. Capt. Bowne (as I was beginning to speake,) told me that he was ordered by the Representatives to ask By what authority I called them together. I told him he could very wel have answered that point himself having heard my Commission read upon my arrivall, Mr. Royse asked if I had the approbation as the Act directs, I told him I was as much surprised to hear him ask that question, 1st that he had not scrupled that in Mr. Basse's time, believing that was the King's business to enquire into, not the peoples in w<sup>ch</sup> I told him he was in the right. 2d. For that he had upon my first comeing, heard me relate the several steps had been taken to obtain an approbation, & what obstructed it, but since he was not so just as to inform the Representatives what he knew, that I would, And accordingly I related the whole steps had been made &

why it was not granted, viz<sup>t</sup>., that to break their Ports the Crown had of late questioned the prop<sup>rs</sup> Right to governm<sup>t</sup> looking on it as unaccountable to be a governm<sup>t</sup> & not allowed a Port as all other distinct Colonies in America are. That accordingly the L<sup>ds</sup> of Trade, to whom the prop<sup>rs</sup> petition was Referred, had advised the King to consent to a tryall in West Minister Hall for their Claim to both, w<sup>ch</sup> Report was Confirmed by the King & referred to the Attorney Gen<sup>l</sup> to direct the method of the tryall. That, after the Report, I had applyed to the Council of Trade & told their L<sup>ps</sup> that since they were pleased to scruple the prop<sup>rs</sup> title to Governm<sup>t</sup> I should be unwilling to act under any Comission their L<sup>ps</sup> should account unwarrantable, and thereby either draw my self or the prop<sup>rs</sup> under any Inconveniences I Acquainted the Representatives that (being ordered to withdraw) I was in a short time after called in, That the L<sup>ds</sup> were pleased to tell me that tho' they questioned the prop<sup>rs</sup> Right to Governm<sup>t</sup> yet they did not intend that as an Inhibition to the prop<sup>rs</sup> or a forbidding them to act further untill the tryall betwixt them & the King were issued, or that the terms of the surrender were Concerted, being sensible that people could not be without Governm<sup>t</sup>. And therefore if I acted according to the Laws of Engl'd the prop<sup>rs</sup> would be sufficiently justifiable in Commissioning me, & I safe to act under it, but that the granting an Approbation was a recognizing the prop<sup>rs</sup> title, & by Consequence giveing away what they accounted the King's Right.

I further told the Representatives that all of them were sensible that the prop<sup>rs</sup> did not set up a governm<sup>t</sup> at their own hand, but that the obedience of the Inhabitants was first commanded by King Charles 2d that no King since had absolved them from that ty That the tryall w<sup>ch</sup> the King offers them for their Right to Governm<sup>t</sup> is an argument that he looks on

their Grant to be in force till that tryall is issued, & therefor while it was safe for the prop<sup>rs</sup> to act, it was safe for them to obey, that the want of an approbation was no fault of the prop<sup>rs</sup> for that they had followed the proper Methods for obtaming it, & if the L<sup>ds</sup> refused it, it could not be charged as a crime in the prop<sup>rs</sup> or in me if I acted without it, & that it was the King not the people was judge how farr a person was qualified or unqualified to Act, & the prop<sup>rs</sup> were always ready to answer for that, & it was they run the risque if any was not the Inhabitants.

Notwithstanding Mr. Royse he still insisted that they were not safe to act without an Approbation, w<sup>ch</sup> put me upon the necessity of plain dealing with them, I told them that I was not a stranger to the point they were driveing at, & that the getting the governm<sup>t</sup> out of the prop<sup>rs</sup> hands they accounted the means to obtain it as it was that, not want of an Approbation, was the reason of their pretended scruples, but withall, as they might miss the mark, so they were unmannly & ungratefull to the prop<sup>rs</sup> who had been at so great a charge to maintain the Governm<sup>t</sup> purely to make them easie and would always have thrown it vp when the people had applied to them, That by keeping them a distinct province throughout the Course of the late Warr, they had their purses & their persons in their own disposall, & freed of a Charge of at least 15000£ w<sup>th</sup> their proportion would have amounted to, & tho' their Cariage would ere long make the prop<sup>rs</sup> thro' them off, yet even that Governm<sup>t</sup> to w<sup>cl</sup>. by their own fault they were like to be annexed, they'l use the treason but despise the Traitors.

Thereafter they withdrew, & understanding by some of the Members that they were resolved to raise no money, and fearing they might use the Authority of the Assembly for Countenancing their petition & so might make a better figure at home, that when signed

by a few straggling hands, I was glad of an opportunity of dissolving them, & as luck would have it, with debates among themselves they omitted chuseing a speaker the first day, & that dissolved them a Course. I shall once more only recommend it to you to bring the affair of Governm<sup>t</sup> forthwith to an issue by surrender, or rather by a tryall & then you are free of the expense of a New Charter. I am unwilling to begin the other sheet, & therefore take leave.

Worthy Gentlemen,

Your most faithfull servant

William Dockwra's objections to the appointment  
of Andrew Hamilton as Governor of New Jersey.*

Mem<sup>l</sup> from Mr Morris in answer to Mr Dockwray's complaints ag<sup>st</sup> Coll Hamilton. Rec<sup>d</sup> 31<sup>th</sup> Dec<sup>r</sup> 1701.

To THE RIGHT HON<sup>BLE</sup> THE LORDS COMMISSION<sup>RS</sup> FOR  
TRADE AND FORREIGNE PLANTATIONS.

*My Lords.*

After so much noise and clamour, as was made Against Coll<sup>o</sup> Hamilton, by his unalterable Enemy Mr Dockwra, I did expect a List of Particular charges Against him, of such crimes, and Male Administrations, as ought to have Barrd him his Majesties favour; and the reason I undertooke his defence, was, because to my knowledge, his conduct from the year 1692 till Basses arrivall, was to y<sup>e</sup> generall Satisfaction of the

Inhabitants, and from his second arivall in that collony, in y<sup>e</sup> yeare 1699, untill I Left the Province, Even his Enemies, did not aleage any thing Against him, but his want of Sufficient & lawfull power to comand them, w<sup>ch</sup> if he had (in their opinion) been cloth'd with they had not only then, but would now readily obey, not by force, but Choice.

It is no small Justification, of A Person in the Coll's circumstances, y<sup>t</sup> after A series of allmost (if not quite) ten years administration, his most Inveterate Enemies (who certainly would not omit anything) Cannot find any Perticular, to acuse him of, but Lay to his charge such generalls, as may be aleadg'd against any Governor whatsoever, and may w<sup>th</sup> greater probability be Supos'd falce, then true, and even if true, may not be Criminall.

N<sup>o</sup> A: It is verry possible A governour may omit, to put in Execution those orders and Instructions he receives But its not to be Imagined, A man in his right witts would Act directly contrary to all of them, even the Largenesse of that Accusation, makes it allmost Impossible to be true, and if it were, Such might have been the nature of their Instructions, that it had not been criminall to have disobey'd them (had they been absolutely Enjoyn'd) but the Contrary.

In the yeare 1687 (I thinke) the Late King James, reunited y<sup>e</sup> Province of East Jersie, and some other Proprietary Goverments, to the Crowne; and put them under the administration of S<sup>r</sup> Edmond Andross, who gave Coll<sup>o</sup> Hamilton the chief comand of that Province, in his absence, but not long after, the late Happy revolution hapning, the Severall goverments reasum'd what they thought to be their rights, and Among the rest New Jersie, but was (as all y<sup>e</sup> rest) at that time, in confusion, coll<sup>o</sup> Hamilton therefore thought fit to take Shipping for England, to Accomplish its Speedy Setlement, dnd not (as his acusers Seeme to Insinuate) because of their complaints

In his Voyadge home, he was unhappily taken by A French Ship, where he Lost some Accounts relating to them as their Agent, notwithstanding they were so well satisfied w<sup>th</sup> his former Conduct, that they gave him A commission in the year 1692, & if what his Acusers alleadge were true, and he so faulty as they would paint him to your Lordships they were unwise for so doing.

He return'd to New Jersie, and by Virtue of this new comission tooke the Goverment on him, and his administration was to y<sup>e</sup> greate Service of the Crowne, and universall Satisfaction of the Inhabitants, as his present Accusers do owne in So many words in a Petition to their Excellencys the Lords Justices.

N<sup>o</sup> B: And y<sup>e</sup> Same Persons, in y<sup>t</sup> Petic'on do also acknowledge, y<sup>t</sup> the reason of their appointing Basse, was because they would Avoid any Colour of Offence Against the Act, of Parliament made in the 7<sup>th</sup> and 8<sup>th</sup> yeare of his present Majesties reigne, Entituled: An Act for preventing frauds, and regulating abuses in y<sup>e</sup> Plantation trade, and they write over to Coll<sup>o</sup> Hamilton in New Jersie, thanking him for his past administration, and Asuring him that he Should not have been remov'd by them, had he not been unquallified on y<sup>e</sup> Score of his Nation so it was neither the breach of his duty, nor that they were provokt by his usage, as they falsely aleadge, that Induc't them to remove him, and put Basse in his roome.

What opposition or afronts, Basse met w<sup>th</sup> Coll<sup>o</sup> Hamilton was not concern'd in, but diswaded them. It was from me he receiv'd Some of them, not put on by Coll<sup>o</sup> Hamilton or any body else; I did nothing but what I might Lawfully do, and am ready to Justifie every thing I did (on y<sup>t</sup> Score) when call'd to an Aecount for it.

Bass's Administration was Such, y<sup>t</sup> the Generallity of the country extreamly dislik't it, and writ home to

y<sup>e</sup> Proprietors, complaining of him, upon which they Gave Coll<sup>o</sup> Hamilton a new commission notwithstanding all that they alleadg'd against him, and writ a verry Sharpe letter to Basse & Councill, blaming them for classing the Kings Naturall Subjects, into English and Scotts w<sup>th</sup> all telling them, they had don Coll<sup>o</sup> Hamilton right in reinstating him in that Government, from which by A mistake they had remov'd him.

Captain Bowne that quiet man, w<sup>th</sup> some others Were So Netled at this Letter, which had So Severely Censured their Ill conduct, during Bass's administration, that they would not continue in the Councill, not because they had any aversion to A Scotts man or to Coll<sup>o</sup> Hamilton in Perticular, (who they profest A great respect to) but because the Proprietors had affronted them, as A Letter under captain Bowns hand to Coll<sup>o</sup> Hamilton makes apeare, and All those dire Effects they talke of, proceeded from their aversion to the Proprietors whose Imprudlen Conduct Influenced by M<sup>r</sup> Dockwra) not only gave rise to Our unhappy divisions, but by A Series of repeated follies, added fuell to those flames which rage amongst us w<sup>th</sup> so much fury for that

N<sup>o</sup> C: Small part of the Proprietors who are now Coll<sup>o</sup> Hamiltons Accusers, finding y<sup>t</sup> Captain Bowne and that partie, had so farr resented the Affronts they rece'd from them, as to sacrifice the Publick peace to gratifie their revenge, began now to move in the tother extream, and descending from y<sup>e</sup> Heights of an Arogant and Imperious Stile, to y<sup>e</sup> lownesse of adressing to their Adversaries like humble Supliants: they askt their pardon for their past usage, and Intreated their Assistance for the future, this base and mean truckling, as it rendred them to all Persons y<sup>e</sup> Objects of A just derision. So those they Adress't to turn'd their fury into Scorne and Spurn'd at their Authoritie with an

Equall contempt, & to add A delicacy to their revenge, and render those Proprietors as ridiculous, and despicable, upon record to future Ages, as their Conduct justly deserv'd, they attempted to Prevaile w<sup>th</sup> them, to make Andrew Bowne (the verry Person that headed the faction Against them) their Governour; & chose those two Persons who had publiquely Apeard Against the Government (on all occasions) to negotiate that affaire and by meanes of M<sup>r</sup>. Dockwra's mediation (who as is writt from New Jersie, received A Bribe of one Hundred pounds Sterling) they Succeeded in the Attempt, and Procur'd A Commission for said Bowne, w<sup>th</sup>out ever so much as consulting the rest of the Proprietors, and sent it over w<sup>th</sup> one Salter (A person not of the best reputation) giving him Power (in case Bowne refus'd) Either to take y<sup>e</sup> Goverment himself, or Constitute Such other P'son as he thought fit, An Action (to say no worse of it) Verry unjust and unreasonable.

When this commission arriv'd in Jersie, the Prop<sup>es</sup>s there, finding So few hands to it, judg'd y<sup>t</sup> it was hatch't Privately in A corner, without y<sup>e</sup> Knowledge and conSent of the rest; Enter'd their Protest against it, as a thing Surreptitiously and basely obtain'd; write to y<sup>t</sup> Small part of the Proprietors here, y<sup>t</sup> gave that commission to Bowne, and Expostulate w<sup>th</sup> them about it, & tell them that Six Proprietors in New Jersie, have as much right to constitute A governour, as Six in England & Coll<sup>o</sup> Hamilton whose commission was signed by as many Proprietors, as make up two thirds of the whole, by farr y<sup>e</sup> Majority (w<sup>ch</sup> by the common reason of Mankind, in all Societies concludes y<sup>e</sup> minor will not nor ought not so far betray that trust ropos'd in him by the rest, as to give up the Publique records or Seale, or any way to Part w<sup>th</sup> that Authoritie he is Cloath'd w<sup>th</sup>, till an Authority more Sufficient Apeares to demand it.

This may it Please your Lordships is A short NARATION of Fact, and deffence of Coll<sup>o</sup> Hamilton against his Acusers, and I beg your Lordships wont admit Such generall, and (Possibly) untrue allegations, to Lesson a Person in your L<sup>ps</sup> Esteem, who has so well deserv'd of the Crowne as Coll<sup>o</sup> Hamilton has, & Since y<sup>e</sup> Proprietors have Agreed to Pay the Governour till a Sufficient fund be rais'd in y<sup>e</sup> Country for that End (provided they have the naming of him) its hop't your L<sup>ps</sup> will Judge it reasonable, to oblige them in it; Especially when they name A Person, y<sup>t</sup> will be So generally acceptable to y<sup>e</sup> people, who (Excepting A Small number) have no Aversion to A Scotch man, nor to y<sup>e</sup> Coll<sup>o</sup> in Particular.

The Inhabitants there (I am Sure) and I believe y<sup>e</sup> Proprietors here, have receiv'd no Injury from Coll<sup>o</sup> Hamilton, nor in his Male administration y<sup>e</sup> motive to their Surrender, but because the maintaining their Government is A charge, and no Proffit to them, their authority not Obey'd, the Province in Confusion, and no Prospect of its being otherwise, till its put under his Majesties more Immediat Administration.

A Governour Skill'd in Military affaires, is not Amisse in any of the King's Plantations, at any time, Coll<sup>o</sup> Hamilton is not unskill'd; and to Opose Forreign Enemies, and Quiet Intestine feuds, a whole Regiment So Skil'd will do more Service. The whole is offer'd to: your Lordships, to do as your Lordships in your wisdom Shall thinke fit by:

Servant

*Representation from the Lords of Trade to the King,  
transmitting drafts of a Commission and Instructions  
to the Governor to be appointed over New Jersey.*

[From P. R. O. B. T., Proprieties, Vol. 27, p. 319. Printed from an early certified copy in the Library of the N. J. Hist. Society.]

TO THE KING'S MOST EXCELLENT MAJESTY.

May it Please your Majesty.

Having been directed by their Excellency's the Lords Justices, upon a Representation which We humbly laid before them, concerning the Disorders in Your Majestys Provinces of East and West New Jersey in America, to prepare Draughts of a Commission and Instructions for a Governor to be sent thither by Your Majesty, and to Consult therein the Proprietors of those Provinces, in Order to the Surrender of their pretended right to the Government of the same; We humbly lay before Your Majesty the Draughts, which We have prepared accordingly, with such Clauses as We conceive proper to enable the Governor (for whose Name We have left a Blank) to proceed in Settling a Government in that Country, conformable (as near as the Circumstances of the Inhabitants will permit) to the methods of Government Settled by Your Majestys respective Commissions, in Your other American Plantations, and withal to prevent the interfering of that Colony, with the Interest of those other Plantations.

We have, also, in Pursuance of their Excellency's directions, communicated the said Draughts to Sir Thomas Lane and others, the Principal Proprietors of West New Jersey, and to M<sup>r</sup> William Dockwra, Secretary, and others the principal Proprietors, of East

New Jersey, in behalf of themselves and the rest of the Proprietors of both those Divisions; Which Draughts they have Unanimously approved; And, in Confidence that Your Majesty will be graciously Pleased, accordingly, to Constitute a Governor, over those Countrys, they have declared themselves willing and ready to Surrender all their Right, or pretence of Right, to Government, which they have hitherto claimed.

Whereupon, We humbly represent to Your Majesty that the reducing those Colonies to an Orderly Form of Government, under a Governor Constituted by Your Majestys immediate Commission, will be of great Service to Your Majesty, in preventing illegall Trade, and the Harboiring of Pirates, and will be of good influence, throughout the other Plantations. And We humbly offer that M<sup>r</sup> Attorney General be directed, forthwith, to Prepare a Form of Surrender of their said Right, or Pretence of Right, to Goverment, which may be most effectual to the extinguishing their said Pretensions, and present the same to Your Majesty.—

And Whereas they have desired that the first Governor, to be thus appointed by Your Majesty, may be a person fitly Qualified for that Service, But cannot Agree in the Recommendation of any Particular Person, We humbly propose that, when the Surrender shall be made, Your Majesty would be Pleased to Nominate some Person, wholly unconcern'd in the Factions which have divided the Inhabitants of those Parts. All which, nevertheless, is most humbly Submitted.

<sup>1</sup> The draft of this document was submitted to the King in Council, January 29th, 1701-2, by the Attorney General, as shown by the Order of Councell under that date, and, having been approved, was referred to the Lords of Trade for execution. The draft as reported is of record in the Public Record Office, London, as stated in the above heading, but the death of King William, which occurred early in March, prevented immediate action. It was finally executed on 15th April, 1702 and accepted by Queen Anne on the 17th. (See succeeding document). As the death of the King occasioned some slight changes of phraseology, the document is here given as recorded in the Public Record Office after comparison with, and being corrected by, a certified copy from the rolls of the High Court of Chancery, in the library of the New Jersey Historical Society. Smith's History of New Jersey was also compared with the two records, all three varying in some, although not important, particulars. I must be very imperfect in my acc<sup>t</sup> of Pennsylvania & the Jerseys without you can furnish with the State of this matter, for I have no correspondency with any body in Pennsilvania but yr self and Coll' Quary, for you know the Inhabitants are most Quakers. I know Coll' Quary is gone home arm'd cap-apee of the transactions of Pennsilvania, and I would by no means anticipate what he has to lay before that Hon<sup>ble</sup> board for I believe he has done it ere this, and that would be only troubling their Lordships with a reppition of what he in person will fully satisfye them of, I am more a Stranger to the Affairs of the Jerseys, but they lyeing so adjacent to you, possibly you may furnish me with something materiall to signify to their Lord ships, as likewise if any thing worth observation, has happened in Pennsylvania since Coll' Quary went away, & also desire you will lett me know, to whom M<sup>r</sup> Penn has intrusted his Goverment in his absence it is reported here that Coll' Hamilton is left he is a Gentleman to whom I am an absolute Stranger, therefore I shall say nothing concerning him. *Order of Council, referring to the Lords of Trade a Petition from Peter Sonmans and William Dockwra.*

[From P. R. O. B. T., Proprietors, Vol. 6, 136.]

ORDER OF COUNCIL, upon the Petition of Mr Sonmans & Mr Dockwra relating to a Gov<sup>r</sup> to be appointed by her Majesty for East & West New Jersey.

At the Court of S<sup>t</sup> James's the 14<sup>th</sup> day of May 1702.  
PRESENT.

} L. S. } . THE QUEENS MOST EXCELLENT MA<sup>TY</sup> IN  
\*~\* COUNCILL.

Upon reading this day at the Board the Petition of Peter Sonmans and William Dockwra, for themselves and on behalf of others Proprietors of the Provinces of East and West New Jersey in America, relating to a Governor to be appointed by her Ma<sup>y</sup> for the said Provinces. It is ordered by her Ma<sup>y</sup> in Councill that it be as it is hereby Referred to the Lords Comm<sup>r</sup> of Trade and Plantations to Examine the Allegations of the said Petition, a copy whereof is hereunto annexed, and to Report to this Board a true State of the matter of Fact therein set forth, with their Opinion upon the whole matter.

TO THE QUEENS MOST EXCELL<sup>T</sup> M<sup>A</sup>T<sup>E</sup>  
THE HUMBLE PETIC'ON OF PETER SONMANS and WIL-  
LIAM DOCKWRA for themselves and on the  
behalf of others Proprietors of the Provinces  
of East and West New Jersey in America.

*Sheweth.*

That whereas the Lords Comm<sup>rs</sup> for Trade & Plantations have represented to yo<sup>r</sup> Ma<sup>tie</sup> that the reduceing of the Colonies of EAST and WEST NEW JERSEY to an Orderly form of Government under a Governour constituted by yo<sup>r</sup> Ma<sup>ties</sup> im'ediate Com'ission will be of great Service in preventing illegall Trade, Harbouring of Pyrates &c. and that when a Surrender of the said Government shall be made yo<sup>r</sup> Ma<sup>tie</sup> would be pleased to Nominate some Person wholly unconcerned in the Factions which have divided the Inhabitants of those parts, as by the said Representac'on hereunto annexed does more at large appeare, Yo<sup>r</sup> Pet<sup>rs</sup> in Obedience to yo<sup>r</sup> Ma<sup>tie</sup> *are ready to Surrender<sup>1</sup>* their Right of Government and *are informed* that some of the West Jersey Society and a few others joyning with one Andrew Hamilton and those of his Faction (Notwithstanding the Representation of the said Lords Comm<sup>rs</sup> to your Ma<sup>tie</sup>) have presumed to Petic'on yo<sup>r</sup> Ma<sup>tie</sup> in behalf of the said Andrew Hamilton to be Governour of the said Province, who tho' he was formerly Governour under the Com'ission of the Proprietors of the said Colonies, was by the Proprietors of East Jersey dismissed for his Mismanagements and Male Adminis trac'on, and has been guilty of protecting Scotch Ships and encourageing illegall Trade to the infringement of

<sup>1</sup> In the margin of the document is the following: "Mem'd'm. The Petitioners by a Mem'l to the Board [25th May] desire that these words might be corrected and made *have already surrendered.*"

the Acts of Navigation against whom there are Sundry Petitions & Remonstrances now lying before the Hono<sup>bly</sup> Plantation Board

That the said Andrew Hamilton at this day Setts up in opposition to the pr'sent Governour constituted by the same Authority by which he Acted as Governour in East Jersey and has caused the seizing all Records & detained the Provinciall Seale, thereby Subverting the Government and has brought all into Anarchy & Confusion

Yo<sup>r</sup> Pet<sup>rs</sup> further humbly begg leave to Represent to yo<sup>r</sup> Ma<sup>tie</sup> That as the chief motive to their Surrender was the well Settling those Provinces under yo<sup>r</sup> Ma<sup>ties</sup> more im'ediate Authority, so they humbly conceive it impossible the Differences there can be reconciled if yo<sup>r</sup> Ma<sup>tie</sup> should please to constitute the said Andrew Hamilton Governour; Forasmuch as that neither yo<sup>r</sup> Pet<sup>rs</sup> here, or the Inhabitants there who have opposed the said Andrew Hamilton can reasonably hope for redress of the Injuries they have received from the Male Administrac'on and Injustice of the said Andrew Hamilton if he should be Arm'd with yo<sup>r</sup> Majesty's Comission, whereby he will become both Judge & Party

Yo<sup>r</sup> Pet<sup>rs</sup> therefore most humbly Pray That yo<sup>r</sup> Ma<sup>tie</sup> would be graciously pleased to Constitute Some Person Governour who is wholly unconcern'd in the Divisions and Factions of the said Provinces

And yo<sup>r</sup> Pet<sup>rs</sup> (as in Duty bound) shall ever Pray &c

who was shot by a highwayman in 1683, when passing through Hunterdon Shire on his way from Scotland to London, in company with his wife, Robert Barelay the first Governor, and one other person, as noticed on page 527, volume I. PETER inherited the greater part of his father's estate, and came over to New Jersey as early as 1688, for a brief period, and in 1705 came again with the intention of remaining. He received his education in Leyden, and had held several public offices in England. For some time he was one of the Council and afterward a member of the Assembly from Bergen county. The Proprietors bestowed upon him several important positions, being at different periods Receiver of their Quit-Rents, Ranger of the Forests, Surveyor General &c. Notwithstanding these indications of the good opinion entertained for him by others, he very soon incurred the ill-will of the Assembly and of most of the public, leading to his being dismissed from many of his public offices, among them being the high position of Associate Justice of the Supreme Court, to which he had been appointed by William Pinhorn while filling the executive office prior to the arrival of Governor Hunter. Although dispossessed of his authority as Receiver of the Proprietors' Quit-rents, he persisted in performing the duties of the office until, in 1726, Governor Burnet issued a proclamation pronouncing his conduct illegal and unwarranted. He rendered himself particularly inimical to the Qakers by considering them as prohibited from sitting as jurors and from making affirmations instead of taking oaths; and appears to have enjoyed contentions, preferring to attain his ends by some tortuous, difficult course than by any concessions to others. His unpopularity led him at last to remove to Philadelphia, where he had a son, Peter, practicing physic, and died there in March, 1734.

Mr. Sonmans was twice married; his second wife being Sarah, daughter of John Nevill of Stafford, England, and sister of Judge Samuel Nevill, subsequently of Perth Amboy, whom he married October 17th, 1723. She was left his sole heiress and executrix, and on her death in December, 1735, the settlement of her estate devolved upon her brother, who came to America for the purpose.

the greatest part of the Proprietors of the Province of Nova Caesarea or New Jersey in America relating to a Governour to be appointed by Her Ma<sup>t<sub>e</sub></sup> for that Province, and humbly proposing Collonell Andrews Hamilton as a fitt Person, It is ordered by Her Ma<sup>t<sub>e</sub></sup> in Council, that it be, as is hereby referred to the Lords Comm<sup>r<sub>s</sub></sup> of Trade and Plantations to examine the Allegations of the said Petition, a Copy whereof is herunto annexed, and to Report to the Board as soon as may be a true State of the matter of fact therein sett forth, with their Opinion upon the whole matter.

*Memorial from Wm. Dockwra and Peter Sonmans to the Lords of Trade, transmitting objections to Andrew Hamilton as Governor of New Jersey.*

[From P. R. O. B. T. Proprieties, Vol. 6, I. 38.]

Mem<sup>l</sup> M<sup>r</sup> Dockwra & M<sup>r</sup> Sonmans containing Ob- jections ag<sup>st</sup> Coll Andr<sup>w</sup> Hamilton's being Gov<sup>r</sup> of y<sup>e</sup> Jerseys.

OBJECTIONS AGAINST ANDREW HAMILTON ESQ<sup>R</sup>  
May it please Your Lordships.

That her Ma<sup>tie</sup> in Councill may not be Surprized by

the Artifices of M<sup>r</sup> Penn and some persons, of the West Jersey Society, so as to Nominate Andrew Hamilton to be Governour of the Province of New Jersey; Wee presume to informe Your Lordships that he hath been severall times Complained of in his late Ma<sup>ties</sup> Raigne on the severall heads following, Viz<sup>t</sup>

1<sup>st</sup> As the Incendiary of the Provinces of the then East and West Jerseys, by haveing Sett up a Quaker and Factious party to the great disturbance of the Peace of those provinces, and opposition to the true Loyall English Intrest, and for his Zeale to the Quakers is at present by M<sup>r</sup> Penn's Commission Constituted his deputy Governour in Pensilvania.

2<sup>dly</sup> His Arbitrary and Unjust practices, when Governour, Apparent in many Instances too long to trouble Your Lordships with at present, severall of w<sup>ch</sup> are Lodg'd with your Honors.

3<sup>dly</sup> His Encourageing and protecting Pirates and receiving money for them particularly Merick and Elson, two of Averries Crew, who together with severall others lived under his Government unmolested, till afterwards Seiz'd by his Successor, and by him delivered to the Governour of New Yorke

4<sup>thly</sup> His converting to his own use, money which was raised by the Assemblies of Both Provinces of the Jersies for the Supply of Albany a Frontier of New Yorke.

5<sup>th</sup> His Encourageing Illegall Trade, as is evident by Sundry informations and affidavits from the Country, and for which by the act of 7<sup>o</sup> and 8<sup>o</sup> Gulielmi tertji &c he became liable to forfitt 1000<sup>£</sup>; and rendred Incapable of any Employment &c

6<sup>thly</sup> His exercising Government in the Jersys and Pensilvania, without the Royal Approbation directly contrary to the said act of 7<sup>o</sup> & 8<sup>o</sup> Gulielmi tertiji &c which requires all Governors to be approved by her Ma<sup>tie</sup>

7<sup>thly</sup> There being severall controversies betwixt the

said Andrew Hamilton and divers proprietors and Inhabitants of the Countrey, should he be Constituted Govern<sup>r</sup> those persons who have been Injured by him, cannot hope to obtain Justice, Since he then will become both Judge and Party

8<sup>th</sup> And whereas some persons of the West Jersey Society have taken upon them to Assert, that it is the desire of the greater part of the Propriet<sup>rs</sup> and Inhabitants of both Jerseys that the said Andrew Hamilton may be Constituted Govern<sup>r</sup> and that it was upon that Condition they delivered up the Surrender of the Governm<sup>t</sup> of the said Provinces, Wee humbly crave leave to informe Your Lordships that the said assertion is Utterly untrue, for that all the persons of y<sup>e</sup> society who so Strenuously Sollicit for Andrew Hamilton, and Signed the Petition on his behalfe, make not altogether above one fifth of the Propriet<sup>rs</sup> of West Jersey nor one Sixth part of East Jersey, among the whole West Jersie Society.

9<sup>th</sup> Yet nevertheless and contrary to their promise by their late Agent M<sup>r</sup> Morris, have Clandestinely promoted the said Petic'on, which most of the Propriet<sup>rs</sup> both of East and West Jersey were Wholy Ignorant off; and those few who are Since informed being Surpris'd, take this opportunity to Dissowne: Forasmuch as their Chief motives of Signing the Surrender of the Governm<sup>t</sup> with them was, that the Crowne might nominate a Govern<sup>r</sup> unconcern'd in any party or ffaction whereby they might be freed from the Oppressive Governm<sup>t</sup> of the said Andrew Hamilton and his Faction. They therefore hope and pray that her Ma<sup>tie</sup> will Graciously please to nominate some person to be Gover<sup>r</sup> over y<sup>e</sup> said Province of New Jersey, wholly unconcern'd in the Factions, which have divided the Inhabitants of those parts, According to the humble Opinion of your Honors, contained in the Report made to his late Ma<sup>tie</sup> of Happy Memory.

*Reply of several of the Proprietors of New Jersey, to  
the complaints against Andrew Hamilton, by  
William Dockwra & Peter Sonmans.*

[From P. R. O. B. T. Proprieties, Vol. 6, 141.]

TO THE RIGHT HONORABLE THE LORDS COMMISSIONERS  
FOR FORREIGN TRADE AND PLANTATIONS

A Reply of the Proprietors of East and West New Jersey, to the Articles Exhibited by William Dockwra & Peter Sonmans against Collonel Andrew Hamilton.

To the first Article we answer

1<sup>o</sup> Coll: Hamilton was Governoour of these two Provinces for the Space of nine or Ten years to the good Liking of Prop'rs and people, and all the neighbouring Colonies, without any Complaint against him, neither would he have been Superseded, but from a Belief of his Incapacity to Serve by the Late Act of the 7<sup>th</sup> & 8<sup>th</sup> of King William, and he is so farr from being an Incendiary, that his Mildness and Moderation was the only motive for W<sup>m</sup> Pen to Intrust him with the Government, and those in the abovesaid Province who have (by the Influence of Jer: Basse & W<sup>m</sup> Dockwra, appeared of Late against him, are now So well Satisfied of his moderation and good Conduct, that they have declared their readiness to Submitt to him, if he is Cloathed with a Commission from the Crown

To the Second Article

2<sup>o</sup> We know of no Arbitrary or Illegal proceedings Coll: Hamilton hath been Guilty of, unless they call them Such as were acted in Opposition to the Common Disturbers of the peace of the Government Stirred up by the Influence of M<sup>r</sup> Dockwra and his party, for which he hath often hazarded his Life to preserve the publick peace and quiet of the Provinces.

### To the Third Article

3<sup>o</sup> We are well Informed that in all the time of Coll: Hamiltons Government before he was Superseded by a Commission given to Jer: Basse, not one person in all those Northern Colonies was accused of Pyracy, and Since his Last going over, he hath been Eminent in Discovery & bringing Pyrates to Justice, particularly appeared at a County Court at Middleton in East Jersey upon the Tryall of one, who was by a factious Crew rescued from the Barr, as appeares by Certificates under the provinciall Seall, Lodged by Lewis Morris Esquire before your Lordships.

### To the fourth Article

4<sup>o</sup> We have received many Letters from the Assemblies of Both Provinces with advice of what past there, but never any accusation of that kind and we Conceive the accusation is altogether groundless, Since an affair of that nature could not pass without our having notice of it, and the Gen'll Assembly (who being the givers of the mercy, [money?] are the proper Inspectors into its application) have been So far from taxing him with Such Crime, that at Severall Sessions they have given him Gratuitys for his Publick Service and prudent administration,

### To the fifth Article

5<sup>o</sup> We have heard that one Randolph (a noted Enemy to Coll: Hamilton did Some time agoe Exhibit to the Right Honorable the House of Lords a Complaint and accusation against the Said Colonel and others about Illegal Trade, and we heard he was So farr from making good any Such accusation, that it was Thrown out as Groundless, which we believe to have come under the Notice of this Hono'ble Board, and his now accusers were So farr from accusing him whilst he was here, that they Joyned with us in Application to your Lordships, for his approbation

### To the Sixth Article

6<sup>o</sup> We must Referre our Selves to this Hon<sup>ble</sup> Board,

that when he was presented by the Proprietors for his Late Majestie's Royall approbation, whether it was not your Lordships Opinion, that Since there was a dispute betwixt the Crown and the Proprietors about the Government, your Lordships could not advise his Majesty to give an approbation, Since it wold be a recognizing the Proprietors Title, but that Since Government must be administered, the Proprietors were Safe in giving him a Commission, and he in acting under it till the Dispute was Determined. And we are highly Surprised at the assurance of those two Gentlemen in accusing Coll: Hamilton on this head, Since in the first place they Signed his Commission, after they knew the Grant of an approbation had been declined, and 1<sup>d</sup> [?] They Clandestinely Gave a Commission to one Andrew Bowne, to which W<sup>m</sup> Dockwra (the Proprietors Secretary and one of the 2 Petitioners) affixt the publick Seall, without either the assent of, or Communication to the rest of the Proprietors which Commission they sent over, without So much as presenting him for his Majesties approbation, and Said Bowne hath endeavoured to act by virtue of Such Indirect Commission and by Orders from the two accusers, and we must further acquaint your Lordships that the Proprietors (who were Influenced by those two Gentlemen to sign that Commission) have been So Sensible of their Error, that they have retracted, and Signed a Petition for Collonel Hamilton.

#### To the Seventh Article

7<sup>o</sup> If Coll: Hamilton Should be partiall in the administration of Justice (we conceive the Contrary) he will lye obnoxious to the Censure of the Gen<sup>l</sup> Assembly there, and to Informations that may be Lodged here, but we know of no party that fear his impartiall administration of Justice except W<sup>m</sup> Dockwra one of the two accusers who Stands Charged with Severall articles of high misdemeanours Exhibited against him, as

appears by the Duplicates under the Common Seall of the Province of East Jersey Lately laid before your Lordships, and we conceive it is for the reason only he doth So violently oppose Coll: Hammilton to be Governor

To the Eighth Article

8<sup>e</sup> We presume to acquaint your Lordships in Order to your full and clear understanding of this matter, that the two petitioners, Viz W<sup>m</sup> Dockwra the Secretary and Peter Sonmans are not possest of above two or three 24<sup>th</sup> parts of the Province of East Jersey, whereas almost all the other Proprietors of East Jersey here, and the Proxys of those beyond Sea, have Joyned with the whole West Jersey Society to petition for Coll: Hamilton, being So entirely Satisfyed of his Integrity, ability and good Conduct.

To the 9<sup>th</sup> Article

9<sup>e</sup> The Petition for Coll: Hamilton was So far from being Clandestine that it was Signed by all the Proprietors at a full Generall Court of the West Jersey Society, and by Lewis Morris Esq<sup>r</sup> on the behalf of all the Proprietors residing in East Jersey, who delivered his authority for So doeing to her Majesty in Councill, and by the greater part of the East Jersey Proprietors Living in London, and on the other hand in opposition to this, is obtruded a Petition Signed only by Peter Sonmans and W<sup>m</sup> Dockwra.

The worthy Character of Coll Hamilton: is not (as we presume) unknown to your Lordships, it hath been transmitted from Severall of his Late Majesties Governors in the Neighbouring Colonies, and the Proprietors have always found him faithfull in the Discharge of that Trust reposed in him. And Since it pleased her Majesty (upon the Surrender of the Government) to return this Gracious answer, that She would take it into her Consideration, to appoint Such a Governour as Should be most agreeable to the Proprietors. We

Humbly hope and pray that your Lordships will be pleased to make a Report to her Majesty in Council, that Coll: Andrew Hammilton is the fittest person to Serve her Majesty, and the Proprietors in the Government of East and West New Jersey, now Nova Caesarea

Mem<sup>l</sup> from Coll: Quary ag<sup>t</sup> Coll: Hamilton Gov<sup>r</sup> of West New Jersey.

*Right Hon<sup>ble</sup>:*

My Imploymen<sup>t</sup> under his Maj<sup>ties</sup> in Penselvania and the Jerseys gives mee the advantage of knowing very well the severall Intrist devisions, and distractions of those Govern<sup>ts</sup> what I have to offerr this Hon<sup>ble</sup> Board at present is confined to the Jerrseys The Inhabetants of those Provinces have beeene alwaies devided into two differan<sup>t</sup> factions, the united Intrist of the Quakers being one, and the rest of the Inhabetants the other. Coll: Hamilton was alwaies (tell of Late) of the faction in opposition to the Quakers, but finding that they opposed him in all things that conserned his privatt intrist he thought fitt to change his Party and became the head of the Quakers faction, in w<sup>th</sup> he hath beeene for at Least fourer yeares and is so Zealous an assertor of their cause and intrist that the rest of his Maj<sup>ties</sup> Subjects complain of great oppressions and hardships received from him in favouer of the Quakers.

The heate and distractions of that Govermt is now growne to that height that nothing but his Maj<sup>ties</sup> sending a Prudent Gover<sup>r</sup> alltogather unconserned in theire Quarrels and differances can secure the peace of the County the People haveing Imprisoned him, and as they Generally complaine he hath very much opprest them, so that the prejudice and resentments on both sides is so very high and great that it is impossable to reconcile it.

Coll Hamilton is a man of good Sence & parts but considering the present state of those Provinces and how farr he hath beene actually conserned in all the differances and distractions of the two factions, he is the most unfittest person for that Govermt in the world, that hee is wholy in the Quaker Intrist in opposition to the rest, may appeare by M<sup>r</sup> Penns makeing him his Lieut<sup>t</sup> Gover<sup>r</sup> of Penselvania, altho' he very well knew that he was not Quallefied as the Law requires.

As to what consernes his Incouredging & countenancing Illegal trade it being before my time I must Leave to M<sup>r</sup> Randolphs representation of it. I have only this to add that since hee was appoynted M<sup>r</sup> Penns Lieut<sup>t</sup> Gover<sup>r</sup> hee hath opposed the Authority & Juresdiction of the Admiralty contrary to the Act of the 7<sup>th</sup> & 8<sup>th</sup> of his Late Maj<sup>tie</sup> the p'ticulars of w<sup>ch</sup> Lyes before this hon<sup>able</sup> Board all w<sup>ch</sup> is humbly submitted by

TO THE RIGHT HON<sup>BLE</sup> THE LORDS COMM<sup>RS</sup> FOR TRADE  
*May it please yr' Lords<sup>mpes</sup>*

That during the time of my Survey in the Several Colonys & plantations made in y<sup>e</sup> year 1695: I found in the Bookes of James Williams the Collector of y<sup>e</sup> Customs in y<sup>e</sup> Province of Pennsilvania an Entry, viz: 1695: William Wrighton M<sup>t</sup> of the William & Mary: of London. bound to New Castle in Eng<sup>d</sup> with 180: Hogg<sup>ds</sup> of tobacco aboard: but he went directly to Scotland. Wrighton at his return to pennsilvania imported 30: or 30 Tuns of Scotch Cole from Scotland: & in his way going up with them aboard the Burlington was seized by Cap Thomas Meech Command<sup>r</sup> of a small vessell Sett out by Coll Nicholson Gou<sup>r</sup> of Maryland with power to seize all illegal Traders. Col: Andrew Hamilton then Gov<sup>r</sup> of W: New Jersey denied Meechs power to seize: afterwards Edw<sup>d</sup> Hunlock whom I deputed Coll: of that province seized her but did not prosecute her because Coll Hamilton had upon a petition of Maurice Trent y<sup>e</sup> Owner & with Wrighton the M<sup>t</sup> of y<sup>e</sup> William & Mary Briganteen setting forth that y<sup>e</sup> french tooke their Clerings for the Cole in Liverpool Eng<sup>d</sup>: from them at Sea permitted the Vessel to be apprized: & accepted of their Bond to produce Certificates thereof in a yeares Tyme It appears by Hunlocks letter to me that there was a Bond given by Trent to Wrighton & by the Copy of my letter to Hunlock to prosecute the Bond but I find no reason for

their Giving such a Bond but to gett their vessel free from the prosecution.

About y<sup>e</sup> year 1698. I diputed Coll Basse then the Gov<sup>r</sup> of the Jerseys to demand the Bond of Coll Hamilton & to putt it in Suit. But he told him that if he had the Bond I should not have it nor would he deliver it to any I should order to receive it. which Coll Basse when demanded will make appear.

Coll Hamilton has destroyed a Bond of about 200<sup>£</sup> to the King: which he is certainly accountable for to his Ma<sup>tie</sup> This I certify as farr as I have discovered out of Cap Meech's Journall & other papers relating to the Brigant William & Mary

*Lord Cornbury to the Lords of Trade, giving an account of his proclaiming the Queen in New Jersey.*

[From N. Y. Col. Docs: Vol. IV, p 960.]

To the R<sup>t</sup> Hon<sup>ble</sup> the Lords Commissioners for Trade and Plantations.

*My Lords.*

Your Lordships letter of the 19 of March last (by the care of Coll. Blakiston) came safe to my hands on Wednesday the 17 of this instant June and in it I find a letter from the Lords to her Majesty's most Hon<sup>ble</sup> Privy Council commanding me to proclaim her most sacred Majesty Queen Anne in the Province of New York and East and West New Jersey \* \* \*

On Friday the 19 instant I went over the waters into the Jerseys and went directly for Burlington which is the chief town of West Jersey, but the wayes were so bad I could not get thither till Sunday night late. Coll. Hamilton to whom I had writt from New York met me in East Jersey and conducted me to Burlington

where he had (being Governour of the Jerseys for the Proprietors) assembled the Chief Magistrates and Inhabitants of the Place in order to proclaim her Majesty which was done on munday at eleven a clock, where the people shewed great marks of duty and affection to the Queen. I did intend to have gone immediately to Amboy which is the chief town in East Jersey, to proclaim her Maj<sup>ys</sup> there but the floods have washed away the bridges so that till the waters are fallen, it will be impossible to travell. I hope two or three fair days will make the wayes passable to Amboy, to which place I will repaire the moment it is passable, I do not doubt but we shall have a good appearance there likewise. Coll Hamilton who intends to conduct me hither having sent beforehand to give notice of my coming In the meantime I have taken this opportunity to come twenty miles down the River De La Ware, to see this place where I find a ship Just ready to saile for London. I thought it my duty to take this opportunity to acquaint your Lordps how far I have proceeded in obedience to your commands I shall return this Evening to Burlington and as soon as possible go to Amboy, and from thence to Yorke, from whence I will send your Lordships a farther account in the mean time I remain              My Lords

EDWARD HYDE, LORD VISCOUNT CORNBURY, having been appointed Governor of New York, arrived there on the 3d of May, 1702. Although it seems to have been intended that he should be Governor also of New Jersey, it will be seen, by the doc-

*Lords of Trade to the Queen, recommending that some one not connected with affairs in New Jersey should be appointed Governor..*

[From P. R. O. B. T. Proprieties, Vol. 28, page 63.]

TO THE QUEEN'S MOST EXCELL<sup>T</sup> M<sup>A</sup>T<sup>Y</sup>  
*May it please your Ma<sup>t</sup>y*

In Obedience to your Majesty's Order in Council of the 14<sup>th</sup> of May last, upon the respective Petitions of several Proprietors of New Jersey in America, Some of them proposing Andrew Hamilton Esq. to be appointed your Majesty's Governour of that Province, and the others representing their reasons to the Contrary. We have examined the several Petitions, and heard what the parties whom Wee find very much exasperated against each other, could alledge for or against the said Hamilton. And thereupon We humbly report to your Majesty.

That the Divisions among the Inhabitants as well as the Proprietors of that Country and the Disorders arising from thence and from the want of a due constitution of Government, and of an impartial Governour amongst them, have for some years been so great as to endanger the Lives of several of your Majesty's Subjects and to occasion many other great Mischiefs, particularly the Encouragement of Piracy and illegal Trade.

That from the first Intention and Proposal of Surrendring the Government, and whilst the Proprietors had several Conferences before us on that Subject, One party requesting that the said Hamilton might be excluded from the Government as a person chiefly concerned in the mismanagements and Divisions in that Country. The other Party desiring his Nomina-

ments in the text, that from various causes he was not appointed to that position until the December following, and did not enter upon his duties until August, 1703. Lord Cornbury subsequently (1709) became the Third Earl of Clarendon.

tion as a motive of their Surrender; We did always declare to the said Proprietors that Such Surrender ought to be absolute and unconditioned, and that the Choice of a Governour was to depend Solely upon the Royal Pleasure and Authority of the Crown, wherein they Seem'd to Acquiesce.

We further humbly represent that The said Hamilton, upon his last Return to the Jerseys went from England, and, upon a Deputation from the Proprietors, assumed that Government without the Approbation or allowance of his late Maj<sup>w</sup> in Contempt of the Act of Parliament made in that behalf and without Staying for Our Report upon his Majesty's Order concerning that matter. That by Certificates of the Surveyor General of the Customs in those parts it appears, he he hath<sup>r</sup> favour'd illegal Trade with Scotland and other parts and he has so far incensed one Party of the Proprietors against him, that they will not (according to all appearance) be ever satisfied with his Administration.

And upon the whole matter, in Obedience to your Majesty's Commands We humbly propose as the only method of appeasing the animosities of your Majesty's Subjects in that Colony and of Settling the same, that your Majesty be pleased to appoint some person to be Governour thereof who is wholly unconcerned in those Transactions and Disorders & who being duly qualified may be able to bring both parties to a State of Quiet among themselves, and Submission to your Majesty's Authority, and take Care withall that the Laws of Trade and Navigation be for the future punctually observed.

*Lords of Trade to the Earl of Nottingham., relating to the Council of New Jersey.*

[From New York Col. Docts., Vol. IV, p 965.]

To the R<sup>t</sup> Hon<sup>ble</sup> the Earl of Nottingham.

*My Lord*

We have received your Lordships letter of the 12 of August, signifying that Colonel Jeremiah Bass and Daniel Cox Esq<sup>rs</sup> having been recommended to her Majesty as persons fit to be members both of the Council of New York and New Jersey might be inserted in the instructions preparing for the Lord Cornbury in case we had no objections against it, in answer where unto we take leafe to offer to your Lordship, that as to

New Yorke the divisions of that Province having been very great and we dayly expecting to be informed from my Lord Cornbury how the present state of things are there, and what will be the best method of reconciling the inhabitants we think it most for her Majestys Service that the nomination of councellors be defer'd till we receive such information. To which we add upon this occasion that it has constantly been given as a clause in all instructions to Governours that the members of their respective Councils should be men who have good Estates and we do not hear of any Estates that either M<sup>r</sup> Bass or M<sup>r</sup> Cox has in that Province.

As to the said Persons being of the Councill of New Jersey We have already inserted in the said Lord Cornbury's instructions for that Province the names of 12 persons which were after much contest between the Proprietors of the East and West division agreed to unanimously by both parties, and which was in some measure a condition upon which they have surrender'd. We think it therefore for her Majestys Service to keep to the nomination of those persons and are apprehensive that any alteration at present may renew their former animosities in that Province. As to the number of 12 We are restrained by an order of Council, and whereas to that number Coll Quary is added in New Jersey it is only to enable him the better to Execute his office of Judge of the Admiralty as her Majestys Service may occasionally call him thither He not being from thence reckoned a standing Counsellor in that Province

*Lewis Morris to the Lords of Trade, referring to the difficulties in New Jersey.*

[From P. R. O. B. T. New Jersey, Vol. 1, A 10.]

LETTER from Coll: Morris complaining of ye great Irregularities in New Jersey.

*My Lords*

New Jersie is still without Government, and the receptacle of abundance of rogues, that Cannot be safe anywhere Elce; who dayly repair to this Province as to any Asyle; and so many of the Soldiers from New Yorke, are here Protected, y<sup>t</sup> in a little time who shall be able to Suply that Garrison. I cannot say we suffer all ye miseries of Confusion, but realy a great part of them we do; Our Province being without Law and gospell having neither Judge or Priest.

I lay'd (when In England) before your Lordships Some Records of Severall ryots, or rather Rebellions Committed against that Government there was here, and begg'd there might be some notice taken of them; I must renew the Same Intreaties, because it is for y<sup>e</sup> Publique Service, and must assure your L'pps if those Persons are Suffer'd to Passe w<sup>th</sup> Impunity, her Majesties Govern<sup>r</sup>s, not only here, but in all the Neighbouring plantations, will find y<sup>e</sup> Ill Effects of so Pernicious an Example, the common People never concidering, the true natures and circumstances of things, but blindly copyy, and generally after (and Outdo) the worst Originalls. I dare not determine that the pres-ent Ill circumstances of New Yorke, Jersies, Pennsilvania, y<sup>e</sup> Carolina's and Lucay Islands. are deriv'd from New England; but y<sup>e</sup> transcripts were so Exact,

in most; or all the Circumstances, y<sup>t</sup> I feare they were too much Influenc'd by that worst of Examples.

It is urg'd in defence of the ryoters in our Province y the Prop<sup>s</sup>; had no right to Government, and their Govern<sup>r</sup> without y<sup>e</sup> Kings approbation, had no more Authority than A Private person. All the power then in being, was Lodg'd in the Proprietors governour, whether rightly or no, I wont determine; nor do I think the mob were to be Judges, were it so or not, and Since his Late Majestie did not think fit to Supercede the Proprietors Governour, by any person more Immediatly commission'd from himselfe; it was the peoples duty to sit still and obey, there being no other End in Asserting an Authority than y<sup>e</sup> publique good. And however lame the Proprietors Authority was (though by his Late Majesties direction your Lordships making termes w<sup>th</sup> them, his Late Majestie and Coun-cill, comanding M<sup>r</sup> Attorney Gen<sup>l</sup> to draw a forme of Surrender, of the powers of government, for the Proprietors to Signe, her Present Majesties Acceptance of the Same Surrender, and your Lords<sup>ps</sup> memorall to y<sup>e</sup> Queen, to appoint a governour, now y<sup>e</sup> Proprietors had Surrender'd; be more than tacit Acknowledgements that the powers of Government were Lodg'd in them, and that her Majestie had no right to appoint, till y<sup>t</sup> Surrender was compleated) I say however lame the Proprietors Authority, twas derived from A Grant under the great Seale from the crowne, and dependant on it, y<sup>e</sup> conservation of the peace, Putting in Execution the Laws, and Administering Justice was both a benefit to the People and a service to the King on the Contrary the beating and wounding Sherriffs, Affronting the Courts, driving the Justices of the bench Lay-ing Violent hands on y<sup>e</sup> Governour and Part of his Councill, and Imprisoning them. And all this (excepting three or foure) done by the Verry dreggs and rascallity of the people; was an allmost Ireparable Losse

to y<sup>e</sup> Province, an Affront to y<sup>e</sup> Crowne, and w<sup>t</sup>Ought not to Passe (I speake w<sup>th</sup> Submission) w<sup>th</sup>out A check at least. the making of them sencible of their Errors by force, was a method of conviction forbore not of necessity but choice, not doubting propper notice wou'd be taken of them, by both their Superiors and Ours. I trouble too Long, and am sorry for the Occasion, but to see men of the best figure and Estates in y<sup>e</sup> Province, daily Insulted by crowds of the most necessitous Scoundrells, the scum and dreggs of mankind, is no small temptation to resentment and hope will Incline your, L'ps to Excuse.

My Lords; Your Lordships most  
Humble Servant  
LEWIS MORRIS.

Jersie y<sup>e</sup> 29<sup>th</sup> September 1702:

*Instructions from Queen Anne to Lord Cornbury as Governor of New Jersey.*

[Printed from Smith's New Jersey, p. 230, as approved by Queen Anne August 21<sup>th</sup> 1702. P. R. O. B. T., New Jersey Vol. 1, A 8., Vol. 11, p. 22.]

INSTRUCTIONS for our right trusty and well beloved Edward lord Cornbury, our captain general and governor in chief, in and over our province of Nova Cæsaria, or New Jersey, in America. Given at our Court at St. Jame's, the sixteenth day of November, 1702, in the first year of our reign.<sup>1</sup>

1. WITH these our instructions you will receive our commission under our great seal of England, consti-

<sup>1</sup> Not received by Lord Cornbury until July 29th, 1703. N. Y. Col. Docs. p. 1069.—Ed.

tuting you our captain general and governor in chief of our province of New Jersey.

2. You are with all convenient speed to repair to our said province, and being there arrived, you are to take upon you the execution of the place and trust we have reposed in you, and forthwith to call together the following persons, whom we do by these presents appoint and constitute members of our council in and for that province, viz. Edward Hunloke, Lewis Morris, Andrew Bowne, Samuel Jenings, Thomas Revell, Francis Davenport, William Pinhorne, Samuel Leonard, George Deacon, Samuel Walker, Daniel Leeds, William Sandford, and Robert Quarry, esquires.

3. And you are with all due solemnity, to cause our said commission under our great seal of England, constituting you our captain general and governor in chief as aforesaid, to be read and published at the said meeting of our council, and to cause proclamation to be made in the several most public places of our said province, of your being constituted by us our captain general and governor in chief as aforesaid.

4. Which being done, you shall yourself take, and also administer to each of the members of our said council so appointed by us, the oaths appointed by act of parliament to be taken instead of the oaths of allegiance and supremacy, and the oath mentioned in an act, entitled, *An act to declare the alteration in the oath appointed to be taken by the act*, entitled, *An act for the further security of his majesty's person, and the succession of the crown in the protestant line, and for extinguishing the hopes of the pretended prince of Wales, and all other pretenders, and their open and secret abettors, and for declaring the association to be determined*; as also the test mentioned in an act of parliament made in the twenty fifth year of the reign of king Charles the second, entitled, *An act for preventing dangers which may happen from popish recusants*;

together with an oath for the due execution of your and their places and trusts, as well with regard to the equal and impartial administration of Justice in all causes that shall come before you, as otherwise, and likewise the oath required to be taken by governors of plantations, to do their utmost, that the laws relating to the plantations be observed.

5. You are forthwith to communicate unto our said council, such and so many of these our instructions, wherein their advice and consent are mentioned to be requisite, as likewise all such others from time to time, as you shall find convenient for our service to be imparted to them.

6. And whereas the inhabitants of our said province have of late years been unhappily divided, and by their enmity to each other, our service and their own welfare has been very much obstructed; you are therefore in the execution of our commission, to avoid the engaging yourself in the parties which have been form'd amongst them, and to use such impartiality and moderation to all, as may best conduce to our service, and the good of the colony.

7. You are to permit the members of our said council, to have and enjoy freedom of debate and vote, in all affairs of publick concern, that may be debated in council.

8. And altho' by our commission aforesaid, we have thought fit to direct that any three of our couellors make a quorum, it is nevertheless our will and pleasure, that you do not act with a quorum of less than five members, except in case of necessity.

9. And that we may be always informed of the names and characters of persons fit to supply the vacancies which shall happen in our said council, you are to transmit unto us, by one of our principal secretary's of state, and to our commissioners for trade and plantations, with all convenient speed, the names and

characters of six persons, inhabitants of the eastern division, and six other persons inhabitants of the western division of our said province, whom you shall esteem the best qualified for that trust; and so from time to time when any of them shall die, depart out of our said province, or become otherwise unfit, you are to nominate unto us so many other persons in their stead, that the list of twelve persons fit to supply the said vacancies, viz. six out of the east, and six out of the west division, as aforesaid, may be always compleat.

10. You are from time to time to send to us as aforesaid, and to our commissioners for trade and plantations, the names and qualities of any members by you put into our said council, by the first conveniency after you so doing.

11. And in the choice and nomination of the members of our said council, as also of the principal officers, judges, assistants, justices and sheriffs, you are always to take care that they be men of good life, and well affected to our government, of good estates and abilities, and not necessitous people or much in debt.

12. You are neither to augment nor diminish the number of our said council, as it is hereby established nor to suspend any of the present members thereof without good and sufficient cause: And in case of suspension of any of them, you are to cause your reasons for so doing, together with the charges and proofs against the said persons, and their answers thereto (unless you have some extraordinary reason to the contrary) to be duly entered upon the council books; and you are forthwith to transmit the same, together with your reasons for not entering them upon the council books, (in case you do not enter them) unto us and to our commissioners for trade and plantations as aforesaid.

13. You are to signify our pleasure unto the mem-

bers of our said council, that if any of them shall at any time hereafter absent themselves, and continue absent above the space of two months together from our said province without leave from you, or from our governor or commander in chief of our said province, for the time being, first obtained; or shall remain absent for the space of two years, or the greater part thereof successively, without our leave given them under our royal sign manual; their place or places in our said council, shall immediately thereupon become void, and that we will forthwith appoint others in their stead.

14. And in order to the better consolidating and incorporating the two divisions of East and West New Jersey, into and under one government, our will and pleasure is, that with all convenient speed, you call together one general assembly for the enacting of laws for the joint and mutual good of the whole; and that the said general assembly do sit in the first place at Perth Amboy, in East New-Jersey, and afterwards the same, or other the next general assembly, at Burlington, in West New-Jersey; and that all future general assemblies do set at one or the other of those places alternately, or (in cases of extraordinary necessity) according as you with the advice of our foresaid council, shall think fit to appoint them.

15. And our further will and pleasure is, that the general assembly so to be called, do consist of four and twenty representatives, who are to be chosen in the manner following, viz. two by the inhabitants householders of the city or town of Perth-Amboy, in East New-Jersey; two by the inhabitants householders of the city and town of Burlington in West New-Jersey; ten by the freeholders of East New-Jersey and ten by the freeholders of West New-Jersey; and that no person shall be capable of being elected a representative by the freeholders of either division, or

afterwards of sitting in general assemblies, who shall not have one thousand acres of land, of an estate of freehold, in his own right; within the division for which he shall be chosen; and that no freeholder shall be capable of voting in the election of such representative, who shall not have one hundred acres of land of an estate of freehold in his own right, within the division for which he shall so vote: And that this number of representatives shall not be enlarged or diminished, or the manner of electing them altered, otherwise than by an act or acts of the general assembly there, and confirmed by the approbation of us, our heirs and successors.

16. You are with all convenient speed to cause a collection to be made of all the laws, orders, rules, or such as have hitherto served or been reputed as laws amongst the inhabitants of our said province of Nova-Cæsaria, or New-Jersey, and, together with our aforesaid council and assembly, you are to revise, correct, and amend the same, as may be necessary; and accordingly to enact such and so many of them, as by you with the advice of our said council and assembly, shall be judged proper and conducive to our service, and the welfare of our said province, that they may be transmitted unto us, in authentic form, for our approbation or disallowance.

17. You are to observe in the passing of the said laws, and of all other laws, that the stile enacting the same, be by the governor, council and assembly, and no other.

18. You are also as much as possible to observe, in the passing of all laws, that whatever may be requisite upon each different matter, be accordingly provided for by a different law, without intermixing in one and the same act, such things as have no proper relation to each other; and you are especially to take care that no clause or clauses be inserted in, or annexed to any act,

which shall be foreign to what the title of such respective act imports.

19. You are to transmit authentic copies of the forementioned laws that shall be enacted, and of all laws, statutes, and ordinances, which shall at any time hereafter be made or enacted within our said province, each of them separately, under the publick seal, unto us, and to our said commissioners for trade and plantations, within three months or by the first opportunity after their being enacted, together with duplicates thereof by the next conveyance, upon pain of our high displeasure, and of the forfeiture of that year's salary, wherein you shall at any time, or upon any pretence whatsoever, omit to send over the said laws, statutes and ordinances as aforesaid, within the time above limited, as also of such other penalty as we shall please to inflict. But if it shall happen, that during time of war, no shipping shall come from our said province or other our adjacent or neighbouring plantations, within three months after the making such laws, statutes, and ordinances, whereby the same may be transmitted as aforesaid, then the said laws, statutes and ordinances are to be so transmitted as aforesaid, by the next conveyance after the making thereof whenever it may happen, for our approbation or disallowance of the same.

20. You are to take care, that in all acts or orders to be passed within that our province in any case for levying money or imposing fines and penalties, express mention be made that the same is granted or reserved to us, our heirs or successors, for the publick uses of that our province, and the support of the government thereof, as by the said act or orders shall be directed.

21. And we do particularly require and command, that no money, or value of money whatsoever, be given or granted by an act or order of assembly, to any governor, lieutenant governor, or commander in chief

of our said province, which shall not according to the stile of acts of parliament in England, be mentioned to be given and granted unto us, with the humble desire of such assembly, that the same be applied to the use and behoof of such governor, lieutenant governor or commander in chief, if we shall so think fit; or if we shall not approve of such gift or application, that the said money or value of money, be then disposed of and appropriated to such other uses as in the said act or order shall be mentioned; and that from the time the same shall be raised, it remain in the hands of the receiver of our said province until our royal pleasure shall be known therein.

22. You shall also propose with the said general assembly, and use your utmost endeavours with them, that an act be passed for raising and settling a publick revenue for defraying the necessary charge of the government of our said province, in which provision be particularly made for a competent salary to yourself, as captain general and governor in chief of our said province, and to other our succeeding captain generals, for supporting the dignity of the said office, as likewise due provision for the salaries of the respective members of our council and assembly, and of all other officers necessary for the administration of that government.

23. Whereas it is not reasonable that any of our colonies or plantations should by virtue of any exemptions or other privileges whatsoever, be allowed to seek and pursue their own particular advantages, by methods tending to undermine and prejudice our other colonies and plantations, which have equal title to our royal care; and whereas the trade and welfare of our province of New-York, would be greatly prejudiced, if not intirely ruined, by allowing unto the inhabitants of Nova-Cæsaria, or New-Jersey, any exemption from those charges, which the inhabitants of

New-York are liable to; you are therefore in the settling of a publick revenue as before directed, to propose to the assembly, that such customs, duties and other impositions be laid upon all commodities imported or exported in or out of our said province of Nova-Cæsaria, or New-Jersey, as may equal the charge that is or shall be laid upon the like commodities in our province of New-York.

24. And whereas we are willing in the best manner to provide for the support of the government of our said province, by setting apart sufficient allowances to such as shall be our governor or commander in chief, residing for the time being within the same; our will and pleasure therefore is, that when it shall happen that you shall be absent from the territories of New-Jersey and New-York, of which we have appointed you governor, one full moiety of the salary and of all perquisites and emoluments whatsoever, which would otherwise become due unto you, shall, during the time of your absence from the said territories, be paid and satisfied unto such governor or commander in chief who shall be resident upon the place for the time being, which we do hereby order and allot unto him towards his maintenance, and for the better support of the dignity of that our government.

25. Whereas great prejudice may happen to our service and the security of our said province under your government by your absence from those parts, without a sufficient cause and especial leave from us; for prevention thereof, you are not upon any pretence whatsoever, to come to Europe from your government, without first having obtained leave for so doing. under our signet and sign manual, or by our order in our privy council.

26. You are not to permit any clause whatsoever to be inserted in any law for the levying money, or the value of money, whereby the same shall not be made

liable to be accounted for unto us here in England, and to our high treasurer, or to our commissioners of our treasury for the time being.

27. You are to take care that fair books of accounts of all receipts and payments of all such money be duly kept, and the truth thereof attested upon oath, and that the said books be transmitted every half year or oftner, to our high treasurer, or to our commissioners of our treasury for the time being, and to our commissioners for trade and plantations, and duplicates thereof by the next conveyance; in which books shall be specified every particular sum raised or disposed of, together with the names of the persons to whom any payment shall be made, to the end we may be satisfied of the right and due application of the revenue of our said province.

28. You are not to suffer any publick money whatsoever, to be issued or disposed of otherwise than by warrant under your hand, by and with the advice and consent of our said council; but the assembly may be nevertheless permitted from time to time to view and examine the accounts of money, or value of money disposed of by virtue of laws made by them, which you are to signify unto them as there shall be occasion.

29. And it is our express wish and pleasure, that no law for raising any imposition of wines or other strong liquors, be made to continue for less than one whole year; as also that all laws whatsoever for the good government and support of our said province, be made indefinite, and without limitation of time, except the same be for a temporary end, which shall expire and have its full effect within a certain time.

30. And therefore you shall not re-enact any law which shall have been once enacted there by you except upon very urgent occasions, but in no case more than once without our express consent.

31. You shall not permit any act or order to pass in our said province, whereby the price or value of the current coin within your government, (whether it be foreign or belonging to our dominions) may be altered, without our particular leave or direction for the same.

32. And you are particularly not to pass any law or do any act, settlement, or otherwise, whereby our revenue, after it shall be settled, may be lessened or impaired, without our especial leave or commands therein.

33. You shall not remit any fines or forfeitures whatsoever, above the sum of ten pounds, nor dispose of any escheats, fines or forfeitures whatsoever, until upon signifying unto our high treasurer, or to our commissioners of our treasury for the time being, and to our commissioners for trade and plantations, the nature of the offence and the occasion of such fines, forfeitures, or escheats, with the particular sums or value thereof, (which you are to do with all speed) you shall have received our directions therein; but you may in the mean time suspend the payment of the said fines and forfeitures.

34. You are to require the secretary of our said province, or his deputy for the time being, to furnish you with transcripts of all such acts and publick orders as shall be made from time to time, together with a copy of the journals of the council, to the end the same may be transmitted unto us, and to our commissioners for trade and plantations as above directed, which he is duly to perform, upon pain of incurring the forfeiture of his place.

35. You are also to require from the clerk of the assembly, or other proper officer, transcripts of all the journals and other proceedings of the said assembly, to the end the same may in like manner be transmitted as aforesaid.

36. Our will and pleasure is, that for the better quieting the minds of our good subjects, inhabitants of our said province, and for settling the properties and possessions of all persons concerned therein, either as general proprietors of the soil under the first original grant of the said province, made by the late king Charles the second, to the late duke of York, or as particular purchasers of any parcels of land from the said general proprietors, you shall propose to the general assembly of our said province, the passing of such act or acts, whereby the right and property of the said general proprietors, to the soil of our said province, may be confirmed to them, according to their respective rights and title; together with all such quit-rents as have been reserved, or are or shall become due to the said general proprietors, from the inhabitants of our said province; and all such privileges as are express'd in the conveyances made by the said duke of York, excepting only the right of government, which remains in us: And you are further to take care, that by the said act or acts so to be passed, the particular titles and estates of all the inhabitants of that province and other purchasers claiming under the said general proprietors, be confirmed and settled as of right does appertain, under such obligations as shall tend to the best and speediest improvement or cultivation of the same. **PROVIDED ALWAYS**, that you do not consent to any act or acts, to lay any tax upon lands that lie unprofitable.

37. You shall not permit any other person or persons besides the said general proprietors, or their agents, to purchase any land whatsoever from the Indians within the limits of their grant.

38. You are to permit the surveyors and other persons appointed by the forementioned general proprietors of the soil of that province, for surveying and recording the surveys of land granted by and held of

them, to execute accordingly their respective trusts: And you are likewise to permit, and if need be, aid and assist such other agent or agents, as shall be appointed by the said proprietors for that end, to collect and receive the quit-rents which are or shall be due unto them, from the particular possessors of any parcels or tracts of land from time to time. PROVIDED ALWAYS, that such surveyors, agents or other officers appointed by the said general proprietors, do not only take proper oaths for the due execution and performance of their respective offices or employments, and give good and sufficient security for their so doing, but that they likewise take the oaths appointed by act of parliament to be taken instead of the oaths of allegiance and supremacy, and the oath mentioned in the aforesaid act, entitled, *An act to declare the alteration in the oath appointed to be taken by the act*, entitled, *An act for the further security of his majesty's person and the succession of the crown in the protestant line, and for extinguishing the hopes of the pretended prince of Wales, and all other pretenders, and their open and secret abettors, and for declaring the association to be determined*; as also the forementioned test. And you are more particularly to take care that all lands purchased from the said proprietors, be cultivated and improved by the possessors thereof.

39. You shall transmit unto us, and to our commissioners for trade and plantations, by the first opportunity, a map with the exact description of our whole territory under your government, and of the several plantations that are upon it.

40. You are likewise to send a list of officers employed under your government, together with all publick charges.

41. You shall not displace any of the judges, justices, sheriffs, or other officers or ministers within our said province, without good and sufficient cause to be signi-

fied unto us, and to our said commissioners for trade and plantations; and to prevent arbitrary removal of judges and justices of the peace, you shall not express any limitation of time in the commissions which you are to grant, with the advice and consent of the council of our said province, to persons fit for those employments, nor shall you execute yourself, or by deputy any of the said offices, nor suffer any persons to execute more offices than one by deputy.

42. Whereas we are given to understand, that there are several offices within our said province granted under the great seal of England, and that our service may be very much prejudiced by reason of the absence of the patentees, and by their appointing deputies not fit to officiate in their stead; you are therefore to inspect the said offices, and to inquire into the capacity and behaviour of the persons now exercising them, and to report thereupon to us, and to our commissioners for trade and plantations, what you think fit to be done or altered in relation thereto; and you are upon the misbehaviour of any of the said patentees, or their deputies, to suspend them from the execution of their places, till you shall have represented the whole matter and received our directions therein; but you shall not by colour of any power or authority hereby or otherwise granted or mentioned to be granted unto you, take upon you to give, grant or dispose of any office or place within our said province, which now is or shall be granted under the great seal of England, any further than that you may upon the vacancy of any such office or place, or suspension of any such officer by you as aforesaid, put in any fit person to officiate in the interval till you shall have represented the matter unto us, and to our commissioners for trade and plantations as aforesaid, (which you are to by the first opportunity) and till the said office or place be disposed of by us, our heirs or successors, under the great

seal of England, or that our further directions be given therein.

43. In case any goods, money, or other estate of pirates, or piratically taken, shall be brought in, or found within our said province of Nova-Cæsaria, or New-Jersey, or taken on board any ships or vessels, you are to cause the same to be seized and secured until you shall have given us an account thereof, and received our pleasure concerning the disposal of the same: But in case such goods or any part of them are perishable, the same shall be publickly sold and disposed of, and the produce thereof in like manner secured until our further order.

44. And whereas commissions have been granted unto several persons in our respective plantations in America, for the trying of pirates in those parts pursuant to the act for the more effectual suppression of piracy, and by a commission already sent to our province of New-York, you (as captain general and governor in chief of our said province of New-York) are empowered, together with others therein mentioned, to proceed accordingly in reference to our provinces of New-York, New-Jersey, and Connecticut; our will and pleasure is, that in all matters relating to pirates, you govern yourself according to the intent of the act and commission aforementioned; but whereas accessaries in cases of piracy beyond the seas, are by the same act left to be tried in England, according to the statute of the second of king Henry the eighth, we do hereby further direct and require you to send all such accessaries in cases of piracy in our aforesaid province of Nova-Cæsaria or New-Jersey, with the proper evidences that you may have against them, into England, in order to their being tried here.

45. You shall not erect any court or office of judicature, not before erected or established, without our especial order.

46. You are to transmit unto us and to our commissioners for trade and plantation, with all convenient speed, a particular account of all establishment of jurisdictions, courts, offices, and officers, powers, authorities, fees and priviledges, which shall be granted or settled within the said province, by virtue and in pursuance of our commission and instructions to you our captain general and governor in chief of the same, to the end you may receive our further direction therein.

47. And you are with the advice and consent of our said council, to take especial care to regulate all salaries and fees belonging to places, or paid upon emergencies, that they be within the bounds of moderation, and that no exaction be made on any occasion whatsoever; as also, that tables of all fees be publickly hung up in all places where such fees are to be paid; and you are to transmit copies of all such tables of fees to us, and to our commissioners for trade and plantations as aforesaid.

48. Whereas it is necessary that our rights and dues be preserved and recovered, and that speedy and effectual justice be administered in all cases relating to our revenue; you are to take care, that a court of exchequer be called and do meet at all such times as shall be needful, and you are to inform us and our commissioners for trade and plantations, whether our service may require that a constant court of exchequer be settled and established there.

49. You are to take care that no man's life, member, freehold, or goods be taken away or harmed in our said province, otherwise than by established and known laws, nor repugnant to, but as much as may be, agreeable to the laws of England.

50. You shall administer, or cause to be administered the oaths appointed by act of parliament to be taken instead of the oaths of allegiance and supremacy, and the oath mentioned in the aforesaid act, entitled, *An*

*act to declare the alteration in the oath appointed to be taken by the act, entitled, An act for the further security of his majesty's person, and the succession of the crown in the protestant line, and for extinguishing the hopes of the pretended prince of Wales, and all other pretenders, and their open and secret abettors, and for declaring the association to be determined; as also the forementioned test, to the members and officers of the council and assembly, and to all judges, justices, and all other persons that hold any office or place of trust or profit in the said province, whether by virtue of any patent under our great seal of England, or otherwise, without which you are not to admit any person whatsoever into any publick office, nor suffer those who have been admitted formerly to continue therein.*

51. You are to permit a liberty of conscience to all persons (except papists) so they may be contented with a quiet and peaceable enjoyment of the same, not giving offence or scandal to the government.

52. And whereas we have been informed, that divers of our good subjects inhabiting those parts, do make a religious scruple of swearing, and by reason of their refusing to take an oath in courts of justice and other places, are or may be liable to many inconveniences; our will and pleasure is, that in order to their ease in what they conceive to be matter of conscience, so far as may be consistent with good order and government, you take care, that an act be passed in the general assembly of our said province, to the like effect as that passed here in the seventh and eighth years of his majesty's reign, entitled, *An act, that the solemn affirmation and declaration of the people called Quakers, shall be accepted, instead of an oath in the usual form,* and that the same be transmitted to us, and to our commissioners for trade and plantations as before directed.

53. And whereas we have been further informed, that in the first settlement of the government of our said province, it may so happen, that the number of inhabitants fitly qualified to serve in our council in the general assembly, and in other places of trust or profit there, will be but small; it is therefore our will and pleasure, that such of the said people called quakers, as shall be found capable of any of those places or employments, and accordingly be elected or appointed to serve therein, may upon their taking and signing the declaration of allegiance, to us in the form used by the same people here in England, together with a solemn declaration for true discharge of their respective trusts, be admitted by you into any of the said places or employments.

54. You shall send an account unto us, and to our commissioners for trade and plantations, of the present number of planters and inhabitants, men, women and children, as well masters as servants, free and unfree, and of the slaves in our said province, as also a yearly account of the increase or decrease of them, and how many of them are fit to bear arms in the militia of our said province.

55. You shall cause an account to be kept of all persons born, christened and buried, and you shall yearly send fair abstracts thereof to us, and to our commissioners for trade and plantations as aforesaid.

56. You shall take care, that all planters and christian servants, be well and fitly provided with arms, and that they be listed under good officers, and when and as often as shall be thought fit, mustered and trained, whereby they may be in a better readiness for the defence of our said province under your government; and you are to endeavour to get an act pass'd, (if not already done) for apportioning the number of white servants to be kept by every planter.

57. You are to take especial care, that neither the

frequency, nor unreasonableness of their marches, musters and trainings, be an unnecessary impediment to the affairs of the inhabitants.

58. You shall not, upon any occasion whatsoever, establish, or put in execution, any articles of war, or other law martial, upon any of our subjects, inhabitants of our said province, without the advice and consent of our council there.

59. And whereas there is no power given you by your commission, to execute martial law in time of peace upon soldiers in pay, and that nevertheless it may be necessary that some care be taken for the keeping of good discipline amongst those, that we may at any time think fit to send into our said province, (which may properly be provided for by the legislative power of the same) you are therefore to recommend to the general assembly of our said province, that they prepare such act or law for the punishing of mutiny, desertion and false musters, and for the better preserving of good discipline amongst the said soldiers, as may best answer those ends.

60. And whereas upon complaints that have been made of the irregular proceedings of the captains of some of our ships of war, in the pressing of seamen in several of our plantations; we have thought fit to order, and having given directions to our high admiral accordingly, that when any captain or commander of any of our ships of war, in any of our said plantations shall have occasion for seaman, to serve on board our ships under their command, they do make their application to the governors, and commanders in chief of plantations respectively, to whom as vice admirals, we are pleased to commit the sole power of impressing seaman in any of our plantations in America, or in sight of any of them, you are therefore hereby required upon such application made to you, by any of the commanders of our said ships of war within our

province of Nova-Cæsaria, or New-Jersey, to take care that our said ships of war, be furnished with a number of seaman that may be necessary for our service on board them from time to time.

61. And whereas together with other powers of vice admiralty you will receive authority from our dearest husband prince George of Denmark, our high admiral of England, and of our plantations, upon the refusal or neglect of any captain or commander of any of our ships of war, to execute the written orders he shall receive from you for our service of our province under your government, or upon his negligent or undue execution thereof, to suspend him, such captain or commande from the exercise of his said office of captain or commander, and to commit him into safe custody either on board his own ship or elsewhere, at your discretion, in order to his being brought to answer for such refusal or neglect, by commission either under our great seal of England, or from our high admiral, or our commissioners for executing the office of our high admiral of England for the time being.

62. And whereas you will likewise receive directions from our said dearest husband, as our high admiral of England, and of our plantations, that the captain or commander, so by you suspended, shall during such his suspension and commitment, be succeeded in his said office by such commission or warrant officer of our said ship, appointed by our said high admiral of England, or by our commissioners for executing the office of our high admiral of England for the time being, as by the known practice and discipline of our navy, does and ought to succeed him next as in case of death, sickness, or other ordinary disability happening to the commander of any of our ships of war and not otherwise, you standing also accountable for the truth and importance of the crime and misdemeanor, for which you shall so proceed to the suspending of such

our captain or commander; you are not to exercise the said power of suspending any such captains or commanders of our ships of war, otherwise than by virtue of such commission or authority from our said high admiral; any former custom or usage to the contrary notwithstanding.

63. Whereas it is absolutely necessary, that we be exactly informed of the state of defence of all of our plantations in America, as well in relation to the stores of war that are in each plantation, as to the forts and fortifications there, and what more may be necessary to be built for the defence and security of the same; you are so soon as possible, to prepare an account thereof, with relation to our said province of Nova-Cæsaria, or New-Jersey, in the most particular manner, and you are therein to express the present state of the arms, ammunition, and other stores of war, either in any publick magazines, or in the hands of private persons, together with the state of all places either already fortified, or that you judge necessary to be fortified, for the security of our said province; and you are to transmit the said account to us, and to our commissioners for trade and plantations by the first opportunity, and other like accounts yearly in the same manner.

64. And that we may be the better informed of the trade of our said province, you are to take especial care, that due entries be made in all ports in our said province of all goods and commodities, their species or quantities imported or exported from thence, with the names, burden, and guns of all ships importing and exporting the same, also the names of their commanders, and likewise expressing from and to what places the said ships do come and go, a copy whereof the naval officer is to furnish you with, and you are to transmit the same unto us, or our high treasurer, or our commissioners of our treasury for the time

being, and to our commissioners for trade and plantations quarterly, and duplicates thereof by the next conveyance.

65. And whereas great losses have been sustained by our subjects, trading to our plantations in America, by ships sailing from those parts without convoy, or without the company of other ships, which might protect them from our enemies, by which means many of them have been taken by the French in their return to England; to the end therefore the ships of our subjects may be the better secured in their return home, you are to take care that during this time of war, no ships trading to our province of Nova Cæsaria, or New-Jersey, be permitted to come from thence to England, but in fleets, or under the convoy or protection of some of our ships of war, or at such a time as you shall receive notice from hence, of their meeting such convoys, as may be appointed for the bringing them safe to some of our ports in this kingdom; and in case of any danger, you are to expect directions from hence, what precautions shall be further necessary for their security.

66. You are likewise to examine what rates and duties are charged and payable upon any goods imported or exported within our province of Nova-Cæsaria, or New-Jersey, whether of the growth or manufacture of the said province or otherwise, and to use your best endeavours for the improvement of the trade in those parts.

67. And whereas orders have been given for the commissioning of fit persons to be officers of our admiralty and customs in our several plantations in America; and it is of great importance to the trade of this kingdom, and to the welfare of all our plantations, that illegal trade be every where discouraged. You are therefor to take especial care, that the acts of trade and navigation be duly put in execution; and in order

thereunto, you are to give constant protection and all encouragement to the said officers of our admiralty and customs, in the execution of their respective offices and trusts within our territories under your government.

68. You are from time to time to give an account as before directed, what strength your bordering neighbours have, be they Indians or others, by sea and land, and of the condition of their plantations, and what correspondence you do keep with them.

69. You shall take especial care, that God Almighty be devoutly and duly served throughout your government, the book of common prayer as by law established, read each sunday, and holy-day, and the blessed sacrament administered according to the rites of the church of England.

70. You shall be careful that the churches already built there, be well and orderly kept, and that more be built, as the colony shall by God's blessing be improved; and that besides a competent maintenance to be assigned to the minister of each orthodox church, a convenient house be built at the common charge for each minister, and a competent proportion of land assigned to him, for a glebe and exercise of his industry.

71. And you are to take care, that the parishes be so limited and settled, as you shall find most convenient for the accomplishing this good work.

72. You are not to prefer any minister to any ecclesiastical benefice in that our province, without a certificate from the right reverend father in God the lord bishop of London, of his being conformable to the doctrine and discipline of the church of England, and of a good life and conversation: And if any person already prefer'd to a benefice, shall appear to you to give scandal either by his doctrine or manners, you are to use the best means for the removal of him, and to supply the vacancy in such manner as we have directed.

73. You are to give order, that every orthodox minister within your government, be one of the vestry in his respective parish, and that no vestry be held without him, except in case of sickness, or that after the notice of a vestry summon'd, he omit to come.

74. You are to enquire whether there be any minister within your government, who preaches and administers the sacrament in any orthodox church or chapel, without being in due orders, and to give account thereof to the said lord bishop of London.

75. And to the end the ecclesiastical jurisdiction of the said lord bishop of London, may take place in our said province so far as conveniently may be, we do think fit that you give all countenance and encouragement to the exercise of the same, excepting only the collating to benefices, granting licenses for marriages, and probate of wills, which we have reserved to you our governor and the commander in chief of our said province for the time being.

76. And you are to take especial care, that a table of marriages established by the canons of the church of England, be hung up in every orthodox church, and duly observed, and you are to endeavour to get a law passed in the assembly of our said province, (if not already done) for the strict observation of the said table.

77. You are to take care, that drunkenness and debauchery, swearing and blasphemy, be discountenanced and punished: And for the further discountenance of vice, and encouragement of virtue and good living, (that by such example the infidels may be invited and desire to partake of the christian religion) you are not to admit any person to publick trusts and employments in our said province under your government, whose ill fame and conversation may occasion scandal.

78. You are to suppress the ingrossing of commodi-

ties as tending to the prejudice of that freedom which commerce and trade ought to have, and to settle such orders and regulations therein, with the advice of the council, as may be most conduce to the benefit and improvement of that colony.

79. You are to give all due encouragement and invitation to merchants and others, who shall bring trade unto our said province, or any way contribute to the advantage thereof, and in particular the royal African company of England.

80. And whereas we are willing to recommend unto the said company, that the said province may have a constant and sufficient supply of merchantable Negroes, at moderate rates, in money or commodities; so you are to take especial care, that payment be duly made, and within a competent time according to their agreements.

81. And you are to take care, that there be no trading from our said province to any place in Africa, within the charter of the royal African company, otherwise then prescribed by an act of parliament, entitled, *An act to settle the trade of Africa.*

82. And you are yearly to give unto us, and to our commissioners for trade and plantations, an account of what number of Negroes our said province is yearly supplyed with, and at what rates.

83. You are likewise from time to time, to give unto us, and to our commissioners for trade and plantations as aforesaid, an account of the wants and defects of our said province, what are the chief products thereof, what new improvements are made therein by the industry of the inhabitants or planters, and what further improvements you conceive may be made, or advantages gained by trade, and in what manner we may best advance the same.

84. You are not to grant commissions of marque or reprisals, against any prince or state, or their subjects

in amity with us, to any person whatsoever, without our especial command.

85. Our will and pleasure, that appeals be made in cases of error from the courts in our said province of Nova-Cæsaria, or New-Jersey, unto you and the council there; and in your absence from our said province, to our commander in chief for the time being, and our said council, in civil causes, wherein such of our said council as shall be at that time judges of the court from whence such appeal shall be made to you our governor, and council, or to the commander in chief for the time being, and council as aforesaid, shall not be admitted to vote upon the said appeal, but they may nevertheless be present at the hearing thereof, to give the reasons of the judgment given by them, in the cause wherein such appeal shall be made. PROVIDED NEVERTHELESS, that in all such appeals, the sum or value appealed for exceed one hundred pounds sterling and that security be first duly given by the appellant to answer such charges as shall be awarded in case the first sentence be affirmed.

86. And if either party shall not rest satisfied with the judgment of you, or the commander in chief for the time being, and council as aforesaid; our will and pleasure is, that they may then appeal unto us, in our privy council, provided the sum or value so appealed for unto us, do exceed two hundred pounds sterling, and that such appeal be made within fourteen days after sentence; and that good security be given by the appellant, that he will effectually prosecute the same, and answer the condemnation, as also pay such costs and damages as shall be awarded by us, in case the sentence of you, or the commander in chief for the time being, and council, be affirmed: And provided also, that execution be not suspended by reason of any such appeal to us.

87. You are also to permit appeals to us in council,

in all cases of fines imposed for misdemeanors; provided the fines so imposed, amount to or exceed the value of two hundred pounds, the appellant first giving good security, that he will effectually prosecute the same, and answer the condemnation, if the sentence by which such fine was imposed in our said province of Nova-Cæsaria, or New-Jersey, shall be confirmed.

88. You are for the better administration of justice, to endeavour to get a law passed (if not already done) wherein shall be set the value of the men's estates, either in goods or lands, under which they shall not be capable of serving as jurors.

89. You shall endeavour to get a law pass'd for the restraining of any inhuman severity, which by ill masters or overseers may be used towards their christian servants, and their slaves, and that provision be made therein, that the wilful killing of Indians and Negroes may be punished with death, and that a fit penalty be imposed for the maiming of them.

90. You are also with the assistance of the council and assembly, to find out the best means to facilitate and encourage the conversion of Negroes and Indians, to the christian religion.

91. You are to endeavour with the assistance of the council to provide for the raising of stocks, and building of public work-houses, in convenient places for the employing of poor and indigent people.

92. You are to propose an act to be passed in the assembly, whereby the creditors of persons becoming bankrupts in England, and having estates in our aforesaid province of New-Jersey, may be relieved and satisfied for the debts owing to them.

93. You are to encourage the Indians upon all occasions, so as they may apply themselves to the English trade and nation, rather than to any other of Europe.

94. And whereas the preservation of the northern frontiers of our province of New-York, against the at-

tempts of any enemy by land, is of great importance to the security of our northern plantations on the continent of America, and more especially of our said province of New-Jersey, which lies so near adjoining to our province of New-York, and the charge of erecting and repairing the fortifications, and of maintaining the soldiers necessary for the defence of the same, is too great to be borne by the single province of New York, without contributions from others concerned therein, for which reason, we have upon several occasions, required such contributions to be made, and accordingly settled a quota to regulate the proportions thereof; you are therefore to take further care, to dispose the general assembly of our said province of New Jersey, to the raising of such other supplies, as are or may be necessary for the defence of our province of New-York, according to the signification of our will and pleasure therein, which has already been made to the inhabitants of New-Jersey, or which shall at any time hereafter be made to you our governor, or to the commander in chief of our said province for the time being.

95. And in case of any distress of any of our plantations, you shall upon application of the respective governors to you, assist them with what aid the condition and safety of your government will permit, and more particularly in case our province of New-York, be at any time attacked by an enemy, the assistance you are to contribute towards the defence thereof, whether in men or money, is according to the forementioned quota or repartition, which has already been signified to the inhabitants of our foresaid province under your government, or according to such other regulations as we shall hereafter make in that behalf, and signify to you or the commander in chief of our said province for the time being.

96. And for the greater security of our province of

New-Jersey, you are to appoint fit officers and commanders in the several parts of the country bordering upon the Indians, who upon any invasion may raise men and arms to oppose them, until they shall receive your directions therein.

97. And whereas we have been pleased by our commission to direct, that in case of your death or absence from our said province, and in case there be at that time no person upon the place commissionated or appointed by us to be our lieutenant governor, or commander in chief, the then present council of our said province, shall take upon them the administration of the government, and execute our said commission, and the several powers and authorities therein contained in the manner therein directed; it is nevertheless our express will and pleasure, that in such case the said council shall forbear to pass any acts, but what are immediately necessary for the peace and welfare of our said province, without our particular order for that purpose.

98. You are to take care, that all writs be issued in our name throughout our said province.

98. Forasmuch as great inconveniences may arise by the liberty of printing in our said province, you are to provide by all necessary orders, that no person keep any press for printing, nor that any book, pamphlet or other matters whatsoever be printed without your especial leave and license first obtained.

100. And if anything shall happen that may be of advantage and security to our said province, which is not herein, or by our commission to you provided for, we do hereby allow unto you, with the advice and consent of our council of our said province, to take order for the present therein, giving unto us by one of our principal secretary's of state, and to our commissioners for trade and plantations, speedy notice thereof, that so you may receive our ratification if we shall approve of the same.

101. PROVIDED ALWAYS, that you do not by any colour of any power or authority hereby given you, commence or declare war, without our knowledge and particular commands therein, except it be against Indians, upon emergencies, wherein the consent of our council shall be had, and speedy notice given thereof unto us as aforesaid.

102. And you are upon all occasions to send unto us by one of our principal secretary's of state, and to our commissioners for trade and plantations, a particular account of all your proceedings, and of the condition of affairs within your government.

103. 'And whereas the lords spiritual and temporal in parliament, upon consideration of the great abuses practised in the plantation trade, did by an humble address represent to his late majesty, the great importance it is of, both to this our kingdom and to our plantations in America, that the many good laws which have been made for the government of the said plantations, and particularly the act passed in the seventh and eighth years of his said majesty's reign, *An act for preventing frauds, and regulating abuses in the plantation trade,* be strictly observed. You are therefore to take notice that whereas notwithstanding the many good laws made from time to time, for preventing frauds in the plantation trade, it is nevertheless manifest, that very great abuses have been and continue still to be practised to the prejudice of the same, which abuses must needs arise, either from the insolvency of the persons who are accepted for the security or from the remissness or connivance of such as have been, or are governors in the several plantations, who ought to take care, that those persons who give bond should be duly

prosecuted, in case of non performance; we take the good of our plantations and the improvement of the trade thereof, by a strict and punctual observance of the several laws in force concerning the same, to be of so great importance to the benefit of this our kingdom, and to the advancing of the duties of our customs here, that if we shall be hereafter informed, that at any time there shall be any failure in the due observance of those laws, within our foresaid province of Nova-Cæsaria, or New-Jersey, by any wilful fault or neglect on your part, we shall look upon it as a breach of trust reposed in you by us, which we shall punish with the loss of your place in that government, and such further marks of our displeasure, as we shall judge reasonable to be inflicted upon you, for your offence against us, in a matter of this consequence, that we now so particularly charge you with.

This is as far as my information goes, which I thought myself obliged to inform your Lordships of. *My Lord*

Her Majesty having been pleased to direct us to renew the Orders which have been formerly given to Several Governours and Proprietors of Plantations relating to the Assistance to be by them contributed towards the charge of maintaining and erecting Forts necessary for the Security and Defence of the Province of New York, in the Repartition whereof the sum required to be furnished by the Provinces of East and West Jersey was for each of them Two hundred and Fifty Pounds Sterling, And the said Provinces being now united, and by her Majesty's Commission put

under your Government; But no advance having been hitherto made there towards a Compliance with the Directions which were given by his late Majesty to the Earl of Bellomont dated the 19<sup>th</sup> of January 1700-1; We do here inclose a Copy of his Majesty's said Letter and further signify to your Lordship her Majesty's pleasure that You use your Utmost Endeavours with the Council and Assembly of New Jersey to induce them to an effectual compliance with the Foresaid Directions, in raising and remitting to New York the Sum'e of Five hundred Pounds Sterling as formerly required towards the Charge necessary far the Security of that Province; And your Lordship is thereupon to give us an Account of Your Proceedings and Success in this Service. To the Right Hon<sup>ble</sup> the Lords Commissioners for  
Trade and Plantations.

*My Lords*

On the 3<sup>rd</sup> of April last I received a Packet from your Lordships, with several Proclamations inclosed, directing a publick day of thanksgiving to be observed in England, upon occasion of the great and glorious success of Her Majesty's Armes, and your direction for

observing a day of publick Thanksgiving here in this province and New Jersey. In pursuance of your Lordship's commands, I issued a proclam<sup>m</sup> directing the 15 day of April to be observed throughout this province, which was strictly observed. I likewise wrote to some of the Gentlemen of New Jersey, who have acted as Justices of peace in the time of the proprietary Governm<sup>t</sup>, to take care that a day of thanksgiving should be observed in that province; but I did not think it proper to issue a Proclamation there, because my Commiss<sup>n</sup> for that Govern<sup>t</sup> is not yet come, and I was doubtful whether that people (who are prone enough to throw off all Govern<sup>t</sup>) would obey such a Proclamation knowing that I have not yet received my Commission.<sup>1</sup> It would be very well, if it were come, for at this time they are under no manner of Govern<sup>t</sup> which is a great mischief to this Province, as well as to that; for if any servant here is dissatisyed, or any Soldier has a mind to desert, it is but crossing Hudson's River and they are safe \* \* \*

<sup>1</sup> Lord Cornbury arrived in New York as Governor of that province on May 3d<sup>1</sup> 1702. His Commissions and Instructions, as Governor of New Jersey, were prepared in August of that year, but did not receive Queen Anne's signature until (the Instructions) November 16th and (the Commission) Dec. 5th. They did not reach him until the 29th July, 1703, as stated on Page 506; and not until the 10th August did he start for New Jersey, and enter upon the administration of his duties as Governor of the Province.—Ed.

Right Hon<sup>ble</sup>

\* \* \* That the Jerseys have been for a long time in confusion, having no Government, which makes them all heartily wish my Lord Cornbury's Commission for that province were come, that so they might be settled on a sure foundation, which as yet they never have been. The contests of West Jersey have always been betwixt the Quakers and her Majesty's subjects that are no Quakers. The Quakers though the far less in number have always been supported in the Government against the others over whom they have for many years insisted and tyrranized.

The contest in East Jersey is of a different nature, whether the County shall be a Scotch Settlement or an English Settlement. The Scotch have had for many years the advantage of a Scotch Governor, Colonel Hamilton. But it is the expectation of all that His Excellency My Lord Cornbury will reconcile all these differences—unite all interests, settle 'em on a sure foundation—make 'em all easy and happy; they have all a very great opinion and honour for his Lordshipp, which is a good stepp to that great worke \* \*
